INDEPENDENT AUDITORS' REPORT

To the Plan Administrators of
NPRS, Co. 401k Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of NPRS, Co. 401k Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of assets available for benefits (modified cash basis) as of December 31, 2025 and 2024, and the related statements of changes in assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution) .

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 1; and

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or

the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets held for investment purposes (modified cash basis) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records

used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following description of the NPRS, Co. 401k Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution retirement plan covering virtually all employees who have attained the age of 18 and have completed six months of service. Effective February 1, 2024, The Plan was amended to eliminate the six month service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participation in the Plan is open to employees of Novum Pharmaceutical Research Services of Delaware, Inc. (the "Plan Sponsor"), Novum Pharmaceutical Research Services of Pennsylvania, Inc., Novum Pharmaceutical Research Services of Nevada, Inc., Novum Pharmaceutical Research Services of North Dakota, Inc., and Novum Pharmaceutical Research Services Clinical Studies, Inc. (collectively the "Companies").

Basis of Accounting - The Plan's financial statements are prepared on the basis of cash receipts and disbursements with securities investments adjusted to fair value and notes receivable from participants reflected at carrying value, which is a basis of accounting other than U.S. generally accepted accounting principles.

Use of Estimates - The preparation of financial statements in conformity with the modified cash basis of accounting described above requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the dates of the financial statements and the reported amounts of changes in net assets during the reporting periods. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are carried at fair value. The Plan presents net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on these investments, in the statements of changes in assets available for benefits (modified cash basis). Gains and losses on securities sold or redeemed are determined on the basis of specific identification. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date.

Fair Value Measurements - The fair value of financial assets is measured using a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs are not quoted prices in active markets, but they are observable either directly or indirectly.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's mutual fund investments are valued based on published quotations in active markets (Level 1 inputs). There has been no change in the methodology at December 31, 2025 or 2024. This method may produce a fair value calculation that may not be indicative of net realizable values or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting dates.

Notes Receivable from Participants - Participants may borrow up to 50% of their account balance up to a maximum of $50,000. The amount of the loan must be at least $500. Loans accrue interest at a rate equal to the prime rate plus two percentage points at the original loan date and are secured by the participant's account balance; these ranged from 5.25% to 10.5% at December 31, 2025 and 2024. All loans must be repaid in their entirety within five years, unless the purpose of the loan is to purchase a principal residence. In such cases, the loan must be repaid within thirty years. Notes receivable from participants at December 31, 2025 and 2024 include $60,346 and $64,887, respectively, of notes from terminated participants. These amounts will be offset against the final distribution of these participant accounts.

Contributions - Participants may contribute an amount between 1% and 75% of their compensation. These contributions are subject to certain limitations under the Internal Revenue Code. Employee contributions are recorded in the period during which the Companies make payroll deductions from the Plan participants' earnings. Effective August 1, 2025, the Plan was amended to include a 2% pre-tax deferral, as defined by the adoption agreement. If eligible employees who are subject to the automatic enrollment do not submit an automatic enrollment waiver or elect a deferral rate, they are automatically enrolled in the Plan.

Effective May 1, 2024, the Plan Sponsor reinstated the employer match as a flexible discretionary match which the Plan Sponsor is able to modify periodically, and retroactively made employer match contributions dated back to September 2023 through the time the discretionary match was reinstated. The employer match in both 2025 and 2024 was 100% up to 2% of employee deferrals.

Participant Accounts - Each participant's account is credited with the participant's contributions, an allocation of the Companies' contributions and Plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant is entitled is the vested portion of the participant's account.

Investment Options - The Plan invests in mutual funds with participants being given the option of choosing among the funds offered. Participants may elect to have their accounts invested in the options by allocating the contributions evenly among the investment options or by designating specific allocations among the options. Participants may change the allocation of their account balances or contributions at any time.

Payment of Benefits - Benefits are reflected when they have been approved for payment and are paid by the Plan. Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of his or her accounts, or a direct rollover to a qualified IRA. In addition, participants who have a break in service and have an account balance of $5,000 or greater also have the option to receive a monthly annuity distribution or to defer their receipt of payments until they reach age 70½. Those who choose to defer their payments will continue to be invested in the Plan and will continue to direct their investments. All distributions are subject to the provisions of the Adoption Agreement.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. The employer matching contributions vest according to the following schedule:

Years of Service	Vesting Percentage
0 - 2	0%
3 or more	100%

Forfeitures - When a participant withdraws from the Plan prior to becoming fully vested, the nonvested portion of the participant's account related to the Companies' contributions are primarily utilized to reduce the Companies' future contributions. During the years ended December 31, 2025 and 2024, there were forfeitures of $1,489 and $165, respectively.

Administrative Expenses – Either the Companies or the Plan may pay the Plan's expenses as provided by the Adoption Agreement.

Subsequent Events - Management has evaluated subsequent events through October 9, 2026, the date which the financial statements were available to be issued.

2. CERTIFIED FINANCIAL INFORMATION

ADP Retirement Trust Services, LLC and Reliance Trust Company, the trustees of the plan as of December 31, 2025 and 2024, respectively, have certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of assets available for benefits (modified cash basis) as of December 31, 2025 and 2024.
- Net investment income and interest income on notes receivable from participants, as shown in the statements of changes in assets available for benefits (modified cash basis) for the years ended December 31, 2025 and 2024.
- The accompanying schedule of assets held for investment purposes (modified cash basis) as of December 31, 2025.

3. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

4. FEDERAL INCOME TAX STATUS

The Plan operates under an adoption agreement in connection with a non-standardized pre-approved profit sharing plan from ADP, LLC. The Internal Revenue Service has stated in a letter dated October 6, 2020 that the Plan is acceptable for use by employers under IRC Section 401. The Plan has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the Internal Revenue Code. Management believes there is no liability related to uncertain tax positions at December 31, 2025 or 2024. The Plan is no longer subject to tax examinations for tax years before 2022.

5. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Net increase (decrease) in assets available for benefits as reflected on Form 5500	$ (138,944)	$ 184,005

The deemed distributed loans above relate to loans outstanding from participants who are no longer employed by the Company and whose accounts have not yet been distributed from the Plan. These amounts are included in notes receivable from participants in the financial statements, but have been treated as distributions on the Form 5500 (see Note 1).

6. RELATED PARTIES AND PARTIES-IN-INTEREST

ADP Retirement Trust Services, LLC and Reliance Trust Company serve as trustees of the plan as of December 31, 2025 and 2024, respectively, and provide access to certain investment and, accordingly, are considered a parties-in-interest.

Certain administrative functions of the Plan are performed by employees of the Companies. Neither the Companies nor their employees receive compensation from the Plan.
