Independent Auditor's Report

To the Administrator of
Tomra of North America, Inc.
401(k) Savings and Profit Sharing Plan
Shelton, Connecticut

Scope and Nature of ERISA Section 103(a)(3)(c) Audit

We have performed an audit of the accompanying financial statements of the Tomra of North America, Inc. 401(k) Savings and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Tomra of North America, Inc. 401(k) Savings and Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025 and 2024 stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tomra of North America, Inc. 401(k) Savings and Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Tomra of North America, Inc. 401(k) Savings and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tomra of North America, Inc. 401(k) Savings and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tomra of North America, Inc. 401(k) Savings and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note A - Description of the Plan

The following description of Tomra of North America, Inc. (the "Company") 401(k) Savings and Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective October 1, 1995 and subsequently amended January 1, 2013. The Plan covers substantially all employees of the Company who have (i) completed six consecutive months of service and (ii) attained age 21 and who are not governed by a collective bargaining agreement under which retirement benefits were the subject of good faith bargaining.

The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 ("ERISA").

The Plan allows affiliated employers to adopt its provisions. The affiliated employers included in the Plan are: (i) TOMRA Mass, LLC, (ii) Upstate TOMRA, LLC, (iii) Tomra NY Recycling, LLC, (iv) Western New York Beverage Industry Collection and Sorting, LP, (v) TOMRA Compaction, LLC, (vi) TOMRA Metro, LLC, (vii) Returnable Services, LLC and (viii) Clean Loop Recycling, LLC.

Administration

The Company is the Plan's named fiduciary and plan administrator. Effective January 1, 2025, the Company has appointed ADP Retirement Trust Services, LLC, replacing Reliance Trust Company as the custodian of the plan and certain officers of the Company to act as the Plan trustees. ADP Retirement Trust Services, LLC holds the Plan's investments and executes investment transactions. The Plan's record keeper is ADP Retirement Services, Inc. ("ADP"). ADP prepares statements for participants, which include amounts of contributions, investment income, disbursements and fair value of investments. ADP also calculates distributions and forfeitures in the event of a participant's termination of employment.

Contributions

Participant's salary reduction election:

The Plan allows each participant to defer up to 70% of their annual qualified compensation. Qualified compensation is defined within the plan document and is subject to Internal Revenue Code ("IRC") restrictions. In accordance with the IRC, participant contributions were limited to $23,500 and $23,000 for plan years ended December 31, 2025 and 2024, and remain subject to periodic adjustments by the Internal Revenue Service ("IRS"). Participants who will reach age 50 by the end of the tax year can make catch-up contributions of up to $7,500 for both plan years ended December 31, 2025 and 2024, respectively. Participants who are age 60 to 63 can make catch-up contributions of up to $11,250 for the plan year 2025. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Note A - Description of the Plan (continued)

Employer matching contribution:
On January 1, 2019, the plan adopted a safe harbor matching contribution for all participants not governed by the collective bargaining equal to 100% of the participant's salary deferral up to the first 3% of the participant's compensation plus 50% the participant's salary deferrals on the next 2% of eligible compensation.

For participants governed by the collective bargaining agreement between the Company and Teamsters Union Local No. 59, an employer matching contribution will be made by the Company equal to 100% of each participant's salary deferral up to $3,000 annually.

Participants direct their contributions into various investment options offered by the Plan. The Company's matching contributions to the Plan for the years ended December 31, 2025 and 2024 were $632,412 and $666,532, respectively.

Employer discretionary contribution:
The Plan also provides for an employer discretionary profit sharing contribution. Participants are eligible if they are employed on the last day of the plan year. Also, any participants that are active at any time during the plan year and retire, die or become totally disabled will be eligible. The Company did not make a discretionary contribution to the Plan for the years ended December 31, 2025 and 2024.

Participant accounts
Each participant's account is credited with the participant's deferrals and the Company's matching contribution and Plan earnings. Plan contributions are participant directed and are invested in one or more investment vehicles available to participants under the Plan. Earnings and losses are determined by individual investment vehicle performance.

Vesting
Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. Vesting in the employer matching contributions and discretionary contributions, plus the associated earnings thereon is based on years of continuous service. A participant becomes 33% vested after two years of service, 66% vested after three years of service, and 100% vested after four years of service. Employer safe harbor contributions are immediately vested.

Investment options
The Plan is participant directed. A daily valuation, multi-fund family program has been implemented with ADP. Under the daily valuation program, participants are able to invest their accounts under a menu of mutual funds and common/collective trusts. Under the daily valuation program a participant may (i) access his or her account value at any time and (ii) direct the investment of his or her existing account and future contributions via the internet at any time among the mutual funds offered under the Plan. Under the program, an automated voice response system allows participants to call in and receive individual account balance information and initiate retirement plan actions such as loan requests, contribution percentage changes, custom PIN requests, statement requests and reallocation of funds.

Note A - Description of the Plan (continued)

Notes receivable from participants
The Plan provides for loans to participants which are repaid through payroll deductions. Loans (i) will bear a reasonable rate of interest, (ii) are secured by the participant's account, (iii) are available to all participants on a reasonable equivalent basis, (iv) are limited to the lesser of (a) 50% of the participant's vested account balance or (b) $50,000 and (v) provide for repayment over a period not to exceed five years unless such loan is used to purchase a primary residence. No loan in an amount less than $500 will be made nor will a loan be made if a prior loan is outstanding. Interest rates range from 4.25% to 9.5% for the years ended December 31, 2025 and 2024.

Payment of benefits
Participants' benefits under the Plan are payable to participants, their beneficiaries or their estates upon the termination of employment, normal retirement (age 65), early retirement (age 55), late retirement, disability, financial hardship, or death. Also, distributions are available to participants who attain age 59½ and are 100% vested in the accounts from which distributions are made. Benefits are payable in the form of lump-sum distributions or installment payments. Participants may withdraw their rollover accounts at any time.

Hardship withdrawals
Participants may elect, subject to specific circumstances as defined in the Plan, to receive up to the lesser of 100% of their salary reduction contributions or the amount necessary to meet their financial need.

Forfeitures
Forfeited nonvested accounts totaled $16,122 and $20,758 at December 31, 2025 and 2024, respectively. Forfeited balances of employer matching contributions may be used to (i) pay Plan expenses or (ii) reduce future employer matching contributions. During the years ended December 31, 2025 and 2024, respectively, $5,326 and $5,579 in forfeitures were applied to reduce the employer matching contributions.

Note B - Summary of Significant Accounting Policies

Basis of presentation
The financial statements of the Plan are presented on the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Note B - Summary of Significant Accounting Policies (continued)

Use of estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
The fair value of assets is determined using various methods, which are impacted by a number of factors, including the availability of observable market data over the contractual term of the underlying assets. For some of the Plan's assets, fair value is determined based on directly observable market data or data available for similar assets in similar markets. For other assets, the fair value may be determined based on these inputs as well as other assumptions related to estimates of these assets, such as the creditworthiness of the issuer. Changes in net unrealized appreciation or depreciation are captured in the carrying value of the underlying investments in the Statements of Net Assets Available for Benefits in accordance with US GAAP guidance. Dividends are recorded on the ex-dividend date.

Plan investments in mutual funds are stated at fair value based upon quoted market prices. Shares of common/collective trust funds are valued at net asset value.

Risk and uncertainties
The Plan provides the participants with options of investing in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Notes receivable from participants
Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when earned. No allowance for loan losses has been recorded as of December 31, 2025 and 2024. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Contributions
Employee and employer contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings.

Plan expenses
The Company has elected to charge administrative fees to the Plan's trust and all other expenses are paid by the Company.

Payment of benefits
Benefit payments are recorded when paid.

Note C - Fair Value Measurements

Accounting standards establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described below:

Level 1 Inputs: Valuation based on quoted prices in active markets for identical assets or liabilities that a reporting entity has the ability to access at the measurement date, and where transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 Inputs: Valuation based on inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly. Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, that is markets in which there are few transactions, prices are not current, or prices vary substantially over time.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs: Valuation based on inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2025 and 2024.

Shares of Registered Investment Companies
The Company determined that valuation measurement inputs of these equity securities required no adjustment from quoted prices in the market. As such, the Plan's investments in mutual funds reflect unadjusted quoted prices from active markets. Accordingly, the Company classified these Plan investments within Level 1 of the hierarchy framework.

Note C - Fair Value Measurements (continued)

Common/Collective Trusts

The Plan includes an investment option to participants in the Invesco Stable Asset Fund, a collective investment trust, which invests in fully benefit-responsive investment contracts that are stated at net asset value, which approximates fair value. The redemption frequency for these funds is daily with a one day redemption notice period. There were no unfunded commitments as of December 31, 2025 and 2024.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value on a recurring basis:

	Based on: Quoted Prices in Active Markets (Level 1)	Total

Registered investment companies	$ 37,527,282	$ 37,527,282

Note D - Certified Financial Information (Unaudited)

The plan administrator having determined it is permissible in the circumstances, has elected to have the audit of the Tomra of North America, Inc. Savings and Profit Sharing Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditor not to extend audit procedures to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from ADP Retirement Trust Services, LLC as of and for the year ended December 31, 2025 and from Reliance Trust Company as of and for the year ended December 31, 2024 stating that the certified investment information listed below is complete and accurate:

		2025		2024
Registered investment companies	$	37,527,282	$	32,051,933
Common/collective trusts		1,891,967		2,191,064
Total investments	$	39,419,249	$	34,242,997

		2025		2024
Appreciation in fair value of investments	$	1,784,441	$	2,583,951
Interest and dividends		3,475,151		1,489,918
Other income		459		58
Net investment income	$	5,260,051	$	4,073,927

The Plan's independent auditors did not perform auditing procedures with respect to the above information, except for comparing such information with the related information included in the financial statements and supplemental schedule.

Note E - Related Party Transactions

Participant loans are considered party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. The Plan made payments to ADP, Inc., for third party record keeping services in the amount of $39,475 and $40,426 for plan years ended December 31, 2025 and 2024, respectively. These party-in interest transactions are exempt from the prohibited transaction rules of ERISA.

Note F - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of full termination, partial termination, or the complete discontinuance of contributions by the Company, all amounts credited to the affected participants' combined accounts shall become 100% vested.

Note G - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated October 6, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note H - Subsequent Events

The Plan administrator evaluated subsequent events through October 7, 2026 which is the date the financial statements were available to be issued.
