# INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Plan Administrator
White-Wilson Medical Center Profit Sharing & 401(K) Plan & Trust

**Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**
We have performed audits of the accompanying financial statements of the White-Wilson Medical Center Profit Sharing & 401(K) Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

**Opinion**
In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**
Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditors' Responsibilities for the Audit of the Financial Statements**
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

**Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## 1. DESCRIPTION OF THE PLAN

The following description of the White-Wilson Medical Center Profit Sharing & 401(K) Plan & Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

### General

The Plan is a voluntary defined contribution plan available to all employees of White-Wilson Medical Center, P.A. (the Company). Employees must be aged 21 or older and have completed one year of service (and 1,000 total hours) in order to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### Contributions

Participants may contribute any amount of annual compensation, as defined in the Plan, not to exceed the maximum allowed under Internal Revenue Service (IRS) Code 415(d). Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers), and those who have reached the age of 50 or more during the calendar year may make catch-up contributions to the Plan. The Company contributes to each participant a 401(k) safe harbor contribution of 100% on salary deferrals up to 3% of compensation, then 50% on salary deferrals between 3% to 5% of compensation. The Company may make additional discretionary matching contributions exceeding 6% of compensation. In 2025, there were no discretionary contributions.

### Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (1) the Company's 401(k) safe harbor and discretionary matching contributions, if any, and (2) Plan net earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant contributions, compensation or account balances, as applicable and pursuant to the terms of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

### Vesting

Participants are immediately vested in their contributions, safe harbor contributions made by the Company, and earnings on those contributions. Vesting in the Company's discretionary profit-sharing contributions, however, is based on years of continuous service, as follows:

| | |
|---|---|
| Less than 2 years | 0% |
| 2 years | 20% |
| 3 years | 40% |
| 4 years | 60% |
| 5 years | 80% |
| 6 years | 100% |

**Participant Investment Options**
Participants must direct their salary deferred contributions from several investment options, as made available and determined by the Plan administrator. Those investment options consist of values of interest in registered investment companies and self-managed accounts. Values of interest in registered investment companies are units of participation that the Plan has in the underlying assets of the mutual fund. The self-managed accounts have access to brokerage services provided by Charles Schwab & Co., Inc., allowing the participants to personally direct the investment contributions to various investment options. The securities available for investment in the self-managed account generally consist of stocks, corporate and government bonds, and mutual funds.

**Notes Receivable from Participants**
Effective March 1, 2025, the Plan was amended to permit participant loans. Prior to the amendment, participant loans were not available under the Plan. Under the amended provisions, participants may borrow from their vested account balance in accordance with Internal Revenue Code (IRC) requirements. Loans are limited to two loans outstanding per participant at any given time. The loan amount is allowed at a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the vested balance in the participant's account and bear a reasonable rate of interest as determined by the Plan administrator based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances, ranging between 7.75% and 8.50%. Principal and interest are paid through payroll deductions over time ranging up to five years, except for home loans which may range up to 30 years. As of December 31, 2025 and 2024, notes receivable from participants totaled $192,434 and $0, respectively.

**Payment of Benefits**
On termination of service due to death, disability or retirement, a participant, or their beneficiary, may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution or annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or request rollover to another qualified plan.

**Forfeitures**
Forfeited balances of terminated participants' nonvested accounts are first used to offset the Plan's administrative expenses, then to reduce any nonelective contributions or any Company matching contributions. Forfeiture amounts of $70,727 and $1, respectively, were used to offset the Company's safe harbor matching contribution during 2025 and **2024**. There were unallocated forfeitures of $3,303 and $2,990 for the years ended December 31, 2025 and 2024, respectively.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Presentation**
The financial statements of the Plan have been prepared on the accrual method of accounting.

**Investment Valuation and Income Recognition**
The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The Plan presents, in the statement of changes in net assets available for plan benefits, the net appreciation in the fair value of its investments, which consists of the net change in fair value of the investments held in registered investment companies.

The self-managed accounts are valued at market value as determined by Charles Schwab & Co., Inc. (Broker). Because of the inherent uncertainties in estimated market value, it is reasonably possible that the estimates used will change within the near term. The Plan presents in the statement of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consists of the net change in market value of the self-directed brokerage investments during the year.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income are recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's loss on investments bought and sold, as well as held during the year.

**Use of Estimates**
The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires the Plan administrator to make estimates that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

**Payment of Benefits**
Benefits to participants are recorded when paid.

**Administrative Expenses**
Certain expenses of maintaining the plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of notes receivable from participants and included in administrative expenses and charged directly to the participant’s account.

**Notes Receivable from Participants**
Notes receivable from participants are measured at their unpaid principal. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant’s loan to be in default, the participant’s loan balance is reduced, and a benefit payment is recorded.

**Subsequent Events**
The Company has evaluated events and transactions that occurred between December 31, 2025, and October 6, 2026, which is the date the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

## 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024.

*Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Common collective trust*: Valued upon the NAV as published by the custodian of the fund. The NAV of the common/collective trust fund is based on the fair value of the underlying investments held by the funds less their liabilities.

*Self-directed brokerage accounts*: These accounts consist of investments comprised of equities, mutual funds and cash. The equities are corporate common stocks valued at the closing price reported on the active market on which the individual securities are traded. Mutual funds are valued and comprised of similar investment options as the mutual funds disclosed above in this same section.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2025 and 2024:

| | Assets at Fair Value as of December 31, 2025 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Self-directed brokerage accounts | $ 1,915,662 | $ - | $ - | $ 1,915,662 |

| | Assets at Fair Value as of December 31, 2024 | | | |

| Common collective trust | - | - | - | 37,458,193 |
| Total investments at fair value | $ 2,295,174 | $ - | $ - | $ 39,753,367 |

(a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items in the statements of net assets available for benefits.

Investments measured at NAV (investments of pooled separate accounts and investments within a common collective trust) consist solely of mutual funds, each of which follows a separate investment strategy as described in the following paragraphs:

*Lifestyle portfolio funds*: these funds use a mix of assets and an asset allocation strategy in their investing approach, but their goals are more focused on providing investors a vehicle for long-term investing. Lifestyle portfolio funds will follow the traditional concept of modern portfolio theory, using an optimal mix of equity and debt based on the fund's risk tolerance.
*Conservative investment funds*: an investing strategy that seeks to preserve an investment portfolio's value by investing in lower risk securities such as fixed-income and money market securities, and often blue-chip or large-cap equities.

*Moderate allocation investment funds*: an investing strategy that seeks long-term total return through a diversified portfolio of stocks and bonds. Designed to balance growth, income and capital preservation.

*Income funds*: a type of mutual fund or exchange-traded fund that emphasizes current income, either on a monthly or quarterly basis, as opposed to capital appreciation. Such funds usually hold a variety of government, municipal and corporate debt obligations, preferred stock, money market instruments and dividend-paying stocks.

*Growth and income funds*: mutual funds or exchange-traded funds that have a dual strategy of capital appreciation (growth) and current income generation through dividends or interest payments. The growth and income funds may invest only in equities or in a combination of stocks, bonds, real estate investment trusts and other securities.

*Growth funds*: diversified portfolios of stocks that have capital appreciation as its primary goal, with little or no dividend payouts. The portfolios mainly consist of companies with above-average growth that reinvest their earnings into expansion, acquisitions and/or research and development. Most growth funds offer higher potential capital appreciation but usually at above-average risk.

*Aggressive growth funds*: mutual funds that seek capital gains by investing in aggressive growth stocks. Investments held in these funds are companies that demonstrate high growth potential. Aggressive growth funds seek to provide above average market returns; however, their underlying investments are often volatile causing high share price volatility.

The redemption frequency and the period of the above investments are on a daily basis. There are no unfunded commitments or redemption restrictions.

## 4. INFORMATION CERTIFIED BY TRUSTEE

Certain investment information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments at December 31, 2025 and **2024**, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, the Plan’s trustee, as of December 31, 2024, and by ADP Retirement Trust Services, the Plan’s trustee, as of and for the year ended December 31, 2025.

## 5. TAX STATUS

The Plan has adopted a prototype, nonstandardized, profit-sharing plan, which received an opinion letter from the IRS, dated October 6, 2020, that the Plan was designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Accordingly, no provision for taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## 6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts in accordance with the terms and provisions of the Plan.

## 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
