Report of Independent Auditors

To the Zephyr Anesthesia 401(k) Committee
Zephyr Anesthesia, LLC 401(k) Plan
Metairie, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Zephyr Anesthesia, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have an audit of Zephyr Anesthesia, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Zephyr Anesthesia, LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Zephyr Anesthesia, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Zephyr Anesthesia, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Zephyr Anesthesia, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions for the year ended December 31, 2025 and the schedule of assets (held at end of year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Zephyr Anesthesia, LLC 401(k) Plan

Notes to Financial Statements

December 31, 2025

1. Description of Plan

The following description of Zephyr Anesthesia, LLC 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to qualifying employees of Zephyr Anesthesia, LLC (Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2024, assets and participant account balances from the Parish Management Consultants Salary Savings Plan (Parish Plan) were transferred to the Zephyr Anesthesia, LLC 401(k) Plan. The employees from the Parish Plan became Zephyr Anesthesia, LLC employees prior to their participant account balances being transferred into the Plan.

Eligibility

The Plan covers certain employees of the Company who are age 21 or older, as defined in the plan document. In addition, there is a minimum one year of service (minimum of 1,000 hours worked during the year) requirement to participate in the employer match and profit sharing.

Contributions

Each year, participants may contribute up to 100% of their eligible compensation, subject to certain limitations, with the contributions and earnings thereon being nontaxable until withdrawn from the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds and one common collective trust fund as investment options for participants.

In any plan year, the Company makes safe-harbor matching contributions of up to 4% of eligible compensation. The Company accrues matching contributions of 50% of the first 4% of each participant's elective deferral up to 4% of eligible compensation (adjusted for annual wage limits) to be paid to the Plan in the following year.

In any plan year, the Company may make additional discretionary profit-sharing contributions. In 2024, the Company accrued additional discretionary profit-sharing contributions up to 4% or 10% of eligible compensation (adjusted for annual wage limits), based on the employee category, to be paid to the Plan in 2025. In 2025, the Company accrued additional discretionary profit-sharing contributions up to 4% to 12% of eligible compensation (adjusted for annual wage limits), based on the employee category, to be paid to the Plan in 2026.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with their contribution, the Company's contributions, allocations of earnings and administration charges. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Upon achieving two years of service, the participant is 25% vested and after three years of service, the participant is vested 100% in employer discretionary matching and/or profit-sharing contributions.

Payment of Benefits

Distributions from the Plan may be made in lump-sum payments and are payable in cash. Distributions may be made once a participant reaches the minimum retirement age and begins voluntary distributions, becomes disabled, or otherwise terminates employment. The Plan agreement also allows for hardship distributions to be made from Plan funds. Benefits are recorded when paid. At the option of the Plan, vested benefits in an amount less than $5,000 but greater than $1,000 will be distributed to an individual retirement account for the terminated participant's benefit. For vested benefits of $1,000 or less, the terminated participant will be paid out in a lump-sum distribution.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000 reduced by the excess of their highest outstanding loan balance in the past 12 months. Loan terms range from 1 to 5 years or up to 10 years for the purchase of a principal residence. The loans are secured by up to 50% of the participants' vested interest in the Plan and bear interest at a rate comparable to rates being charged by lending institutions as determined by the plan administrator.

The loan principal and interest are repaid ratably through payroll deductions. Notes receivable from participants are valued at their unpaid principal balances plus accrued but unpaid interest.

1. Description of Plan (continued)

Forfeited Accounts

As of December 31, 2025, forfeited nonvested accounts totaled $10,491, and $10,159 as of December 31, 2024. These accounts will first be used to pay the administrative expenses of the Plan, if directed by the Company. To the extent forfeitures are not used to pay administrative expenses, forfeitures can be applied to reduce the employer contributions. The Company used forfeited nonvested accounts to reduce administrative fees by $3,635 in 2025 and by $5,342 in 2024. Forfeitures used to reduce employer contributions amounted to $37,487 during the year ended December 31, 2025 and $135,686 during the year ended December 31, 2024.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. See Note 3 for discussion of fair value measurement. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values.

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect an entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities. At each reporting period, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3. As of December 31, 2025 and 2024, the Plan had no investments classified as Level 3.

For the year ended December 31, 2025 and 2024, the application of valuation techniques applied to similar assets and liabilities has been consistent.

Administrative Expenses

The Company pays certain administrative expenses for the Plan; such expenses are excluded from these financial statements.

Subsequent Events

Management has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued.

3. Fair Value Measurements

Following is a description of the valuation methodologies used for Plan assets measured at fair value:

Cash – interest bearing: Fair values are estimated to approximate money market fund account balances.

Mutual funds: Valued based on quoted market prices in active markets.

Common collective trust fund: Stated at estimated fair value based on the net asset value (NAV) as a practical expedient. Due to the nature of the common collective trust funds, there are no unfunded commitments or redemption restrictions. The common collective trust fund is an investment in the Galliard Stable Return C fund. This investment seeks to provide investors with a moderate level of stable income without principal volatility. The Galliard Stable Return C fund provides for daily redemptions by participants at reported NAV per unit, with no advance notice requirements. Redemptions by the Plan occur at NAV following a 12-month notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Cash – interest bearing	**$ 44,029**	**$ -**	**$ -**	**$ 44,029**

Investments measured at NAV as a practical expedient				**225,382**
Total investments at fair value				**$ 31,968,463**

3. Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Cash – interest bearing	$ 6,924	$ -	$ -	$ 6,924
Mutual funds	29,247,193	-	-	29,247,193
	$ 29,254,117	$ -	$ -	29,254,117
Investments measured at NAV as a practical expedient				363,607
Total investments at fair value				$ 29,617,724

4. Information Certified by Custodian (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the investment balances, notes receivable from participants, net appreciation (depreciation) in fair value of investments, dividends, and participant notes receivable interest income included in the accompanying financial statements and supplementary information, was obtained from data that has been prepared and certified as complete and accurate by the trustee, Fidelity Management Trust Company (Fidelity). This certified information has not been audited by independent auditors.

5. Transactions with Parties-In-Interest

Certain administrative functions related to the Plan are performed by officers and employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses paid by the Company or the Plan include payments to the Plan's trustee (Fidelity Investments Institutional), third-party administrator (EPGS), investment advisors (Stokes Family Office), and auditor for services to the Plan. These administrative expenses are considered party-in-interest transactions.

Plan investments include funds that are managed by Fidelity, the trustee of the Plan, which represent party-in-interest transactions.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants account balances and the amounts reported in the statements of net assets available for benefits.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

8. Income Tax Status

The Plan utilizes a non-standardized pre-approved defined contribution plan adopted through a third-party provider. The Plan obtained its latest determination letter from the Internal Revenue Service dated June 30, 2020, stating that the Plan qualified under Section 401 of the Internal Revenue Code (IRC). The Plan is required to operate in conformity with the IRC to maintain its qualification. Although the Plan has been amended since the date of the determination letter, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that the Plan is tax exempt. Therefore, there is no provision for income taxes in the Plan's financial statements.

Generally, tax years 2022 through current year remain open to examination. The Plan does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.
