INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
Joseph Jingoli & Son, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Joseph Jingoli & Son, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Joseph Jingoli & Son, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Administrative Committee of
Joseph Jingoli & Son, Inc. 401(k) Plan

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Joseph Jingoli & Son, Inc 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Joseph Jingoli & Son, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Administrative Committee of
Joseph Jingoli & Son, Inc. 401(k) Plan

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Joseph Jingoli & Son, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Joseph Jingoli & Son, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets Held at End of Year as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

ACCOUNTANTS + ADVISORS

ROSENBERG RICH BAKER BERMAN, P.A.

To the Administrative Committee of
Joseph Jingoli & Son, Inc. 401(k) Plan

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan:

The following description of the Joseph Jingoli & Son, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan was established on January 1, 1995, and was recently amended effective November 1, 2025. The Plan was restated and amended to clarify that bonus compensation is excluded from compensation subject to automatic elective deferrals. The amendment was not a change in the Plan, but rather a clarification of longstanding administrative practice based on the Plan administrator's interpretation of the Plan document. During 2025, the Plan Sponsor consulted with ERISA counsel, and management concluded that while the Plan had been administered consistently with its longstanding interpretation, the Plan Sponsor elected to adopt a clarification amendment.

The Plan is a defined contribution plan under Section 401(k) of the Internal Revenue Code ("IRC") and covers substantially all employees, as defined, of Joseph Jingoli & Son, Inc. and certain affiliates (the "Company") who have attained age 21 and completed two months of service. Eligible employees enter the Plan on the applicable monthly entry date. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions - Each year, eligible participants may elect to make pre-tax contribution to the Plan up to 100% of their compensation, as defined, not to exceed the maximum amount allowable under the IRC in any calendar year. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, pooled separate accounts, common collective trust funds, and one guaranteed investment contract as investment options for participants. In addition, the Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation, excluding bonuses, which automatically increases each January 1st by 1% up to a maximum deferral of 15%, with their contributions invested in a designated balanced fund until changed by the participant.

Company matching contributions to the Plan are discretionary and are made on an annual basis. For the year ended December 31, 2025, the Company's matching contribution was 12.5% of a participant's elective deferral. For the year ended December 31, 2025, the Company's matching contributions amounted to $664,287.

Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's discretionary matching contribution, and an allocation of plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Allocation of Investments
Participants make an election designating the proportion in which contributions are to be allocated among the specific assets, funds or other investments permitted under the Plan (participant-directed investment program). Participants may change their allocations and make transfers among funds.

Note 1 - Description of Plan (continued):

Vesting - Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Funds contributed by the Company and actual earnings thereon vest based on years of continuous service. A participant becomes 20% vested after two years of credited service and 20% per year for each additional year of credited service and is fully vested after six years of credited service.

Forfeited Accounts - A participant who terminates employment and is less than 100% vested and receives, or is deemed to receive, a distribution of their account forfeits the non-vested portion of their account. Participants may restore their forfeited account by repaying their vested account if they are re-hired as an eligible employee and the repayment is made before the earlier of (1) the date five years after the date the participant comes back to work as an eligible employee or (2) the end of the first period of five consecutive one-year breaks in service after the payment was received.

Forfeitures are first used to pay plan expenses and any remaining may be used to offset future Company contributions. During the year ended December 31, 2025, forfeitures of $36,481 were applied against plan expenses. As of December 31, 2025, there was $442 in unallocated forfeitures. As of December 31, 2024, there was $301 in unallocated forfeitures.

Notes Receivable from Participants - Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance reduced by any outstanding loan balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.5%, which is commensurate with the bank prime rate plus 1%, as determined quarterly by the plan administrator and are generally payable in installments over periods ranging from one to five years (unless the loan is used for the purchase of a primary residence). Principal and interest is paid ratably through payroll deductions. A loan that is considered in default is reported as a deemed distribution which may be a taxable event for the participant.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or annual installments over a ten-year period. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump-sum distribution. Hardship and in-service withdrawals are available pursuant to specific guidelines as set forth in the Plan.

Fee Credits - Certain investment options offered under the Plan provide a fee credit that reduces the overall investment expense by participants. Fee credits are determined by the amount of revenue sharing received by the recordkeeper from the underlying investment options.

Note 2 - Summary of Accounting Policies:

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, except for fully benefit-responsive investment contract. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrative Committee determines the Plan's valuation policies utilizing information provided by the investment adviser, trustee, and insurance company. See Note 4 for discussion of fair value measurements.

Note 2 - Summary of Accounting Policies (continued):

Investment Valuation and Income Recognition (continued)

Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for uncollectable receivables has been recorded as of December 31, 2025 and 2024.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid directly by the Company and excluded from these financial statements. Fees related to the administration of benefit payments and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note 3 - Investments - Information Prepared and Certified by the Trustee as Complete and Accurate:

As noted in the independent auditors' report, the Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information, and the information contained in the supplemental schedule of assets (held at end of year), was certified as complete and accurate by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee of the Plan, and was not subjected to any auditing procedures performed by the independent auditors, except for comparing such information with the related information included in the financial statements.

	As of December 31, 2025	As of December 31, 2024
Investments, at fair value	$ 74,073,949	$ 62,546,753
Investments, at contract value	$ 932,623	$ 1,728,079

	For the Year Ended December 31, 2025
Net appreciation in fair value of investments	$ 9,666,183
Dividends and interest	$ 279,594

Participant loans of $994,283 and $818,156 at December 31, 2025 and 2024, respectively, and interest income on notes receivable from participants of $79,419 for the year ended December 31, 2025 have also been certified by the trustee.

Note 4 - Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Pooled Separate accounts are valued at fair value based on the underlying assets, which represent the NAV, of units held by the pooled separate accounts. Each pooled separate account invests mainly in domestic stocks.

Common collective trust funds: Common collective trust funds are valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The common collective trust funds primarily invest in a collective trust fund as well as a variety of mutual funds and pooled separate accounts. The common collective trusts do not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.

Note 4 - Fair Value Measurements (continued):

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 18,078,182	$ -	$ -	$ 18,078,182
Pooled separate accounts measured at NAV as a practical expedient				3,828,199
Common collective trust measured at NAV as a practical expedient				52,167,568
Total investments at fair value				$ 74,073,949

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 14,951,759	$ -	$ -	$ 14,951,759
Pooled separate accounts measured at NAV as a practical expedient				3,670,327
Common collective trust measured at NAV as a practical expedient				43,924,667
Total investments at fair value				$ 62,546,753

Changes in Fair Value Levels: The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2025 and 2024, there were no significant transfers in or out of levels 2 or 3. During the year ended December 31, 2025, the Plan's investments in common collective trusts and pooled separate accounts were measured using the fair value per share practical expedient.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

		December 31, 2025		
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 3,828,199	$ -	Daily	None
Common Collective Trusts	$ 52,167,568	$ -	Daily	None

		December 31, 2024		
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 3,670,327	$ -	Daily	None
Common Collective Trusts	$ 43,924,667	$ -	Daily	None

Note 5 - Fully Benefit - Responsive Investment Contract:

The Plan has a fully benefit-responsive investment contract with Principal Life Insurance Company, an affiliate of Principal Trust Company, the Trustee of the Plan, through contributions to the Fixed Income Guaranteed Option, a group annuity product. Principal Life Insurance Company maintains the contributions in a guaranteed income account, which is credited with earnings and charged for participant withdrawals and administrative expenses. The investment contract is included in the financial statements at contract value. Contract value represents contributions made under the contract, plus transfers to the fund and credited interest, less participant withdrawals, transfers out of the fund and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The investment contract does not have any restrictions that impact the ability of the Plan to collect the full contract value. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Principal Life Insurance Company may not terminate the contract at any amount less than the contract value.

Principal Life Insurance Company is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with Principal Life Insurance Company but may not be less than 1% or greater than 3% (2.15% and 1.55% at December 31, 2025 and 2024, respectively). Such interest rates are reviewed on a semi-annual basis for resetting. The crediting rate of the product will be established based on current economic and market conditions, the general interest rate environment, and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula.

Note 6 - Related-Party Transactions and Party-In-Interest Transactions:

Certain Plan investments include units in pooled separate accounts and a guaranteed investment contract managed by Principal, or an affiliate thereof. Principal Trust Company is the Trustee as defined by the Plan and Principal Life Insurance Company is the holder of the Guaranteed Investment Contract (Note 5) and, therefore, these transactions qualify as party-in-interest transactions. Total fees paid by the Plan for these services were $247,010 for the year ended December 31, 2025.

Note 7 - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

Note 8 - Tax Status:

The Plan is a prototype non-standardized profit-sharing plan sponsored by Principal Life Insurance Company. Principal Life Insurance Company obtained an opinion letter dated June 30, 2020, in which the IRS stated that the prototype plan, as then designed, is acceptable under Section 401 of the IRC. Although the Plan has not received a determination letter specified to the Plan itself; the Plan administrator (and the Plan's tax counsel) believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believe that the Plan is qualified, and the related trust is tax-exempt.

Note 8 - Tax Status (continued):

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or applicable state authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

Note 10 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 76,665,142	$ 65,742,723
Less: Deemed distributed loans	(18,055)	(18,055)
Net assets per Schedule H of Form 5500	$ 76,647,087	$ 65,724,668

Note 11 - Transfers in (out):

In 2025, the Plan received one participant account totaling $230,092 from an affiliated companies' plan and transferred one participant account totaling $171 to an affiliated company's plan.

Note 12 - Subsequent Events:

The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, the Plan was amended to permit Roth elective deferral contributions and in-plan Roth rollovers of otherwise distributable and nondistributable amounts. The amendment also expanded eligible rollover contributions to include all qualified sources. The amendment did not affect the Plan’s financial statements as of and for the year ended December 31, 2025.
