Independent Auditors' Report

To the Plan Administrator and Plan Participants
Red Monkey Foods, Inc. 401(k) Profit Sharing Plan
Springfield, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Red Monkey Foods, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Red Monkey Foods, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Red Monkey Foods, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Correction of Error

As discussed in Note 10 to the financial statements, the 2024 financial statements have been restated to correct a misstatement in the classification of participant and employer contributions and amounts reported as notes receivable from participants. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Red Monkey Foods, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

1. Description of Plan

The following description of Red Monkey Foods, Inc. 401(k) Profit Sharing Plan (the Plan) provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Red Monkey Foods, Inc. (the Company) sponsors the Plan. The Plan is a defined contribution plan established for the benefit of the Company's employees, except for leased employees. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the Plan's investment offerings and monitors investment performance. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of the Internal Revenue Code (IRC) and similar state tax laws. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2024, the Plan changed its trustee and recordkeeper from American Funds to ADP Retirement Trust Services, LLC and ADP Retirement Services, respectively. Plan assets were transferred to ADP as part of the conversion. The movement of assets represented a change in service providers for the same Plan and did not constitute a transfer to or from another employee benefit plan.

Eligibility

Nonexcluded employees, as defined by the Plan, who have completed two consecutive months of service and are over the age of 18 are eligible to participate in the Plan. Eligible employees enter the Plan on the first day of the month following eligibility. For the employer matching contributions, the participant must be contributing to the Plan through elective deferrals.

The Company may also elect to make a discretionary profit sharing contribution and a discretionary employer matching contribution under the Plan. Employees must meet a 1,000-hour service requirement and be employed on the last day of the year to be eligible for the discretionary profit sharing contribution. No employer discretionary profit sharing contributions or discretionary employer matching contributions were made for the 2025 or 2024 plan year.

Automatic Enrollment

Eligible employees who do not make an affirmative contribution election are automatically enrolled in the Plan. Effective March 1, 2025, the Plan was amended to increase the automatic enrollment contribution rate from 3% to 5% of eligible compensation.

1. **Description of Plan - (continued)**

Contributions

Participants may make contributions on a pre-tax or post-tax basis, as defined by the Plan, not to exceed IRC limitations. Participants over the age of 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Effective January 1, 2025, the Plan was amended to exclude amounts classified as "Non Taxable Reimbursement" from compensation for purposes of determining contributions under the Plan.

The Plan provides for employer matching contributions, which are safe harbor contributions. During 2024, the matching contribution was calculated as an amount equal to 100% of the participant's matched employee contributions that are not in excess of 3% of the participant's compensation, plus 50% of the amount of the participant's matched employee contributions that exceed 3% of the participant's compensation, but that do not exceed 5% of the participant's compensation.

Contributions are subject to certain limitations defined in the IRC.

Investment Options

Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options daily.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, and plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the account balance. A participant may only have one loan outstanding at a time.

Participant loans are secured by the vested balance in the participant's account. Principal and interest are repaid through payroll deductions. The repayment period may not exceed five years, except for a loan used to acquire a principal residence. Loans bear interest at the prime interest rate plus one percentage point, as provided by the Plan's loan policy. A loan becomes immediately due and payable upon termination of employment or death.

1. **Description of Plan - (continued)**

Vesting

A participant is credited with one year of vesting service for each applicable service period in which the participant completes at least 1,000 hours of service. Participants are immediately vested in their salary deferral contributions and the Company's safe-harbor matching contributions, plus actual earnings thereon. Participants vest in the Company's discretionary profit-sharing contributions and related earnings according to the following schedule:

Years of Service	
1	0%
2	20%
3	40%
4	60%
5	80%
6 and after	100%

Payment of Benefits

Upon termination of service, death or disability, a participant can receive a amount equal to the vested portion of the participant's vested account balance. The Plan also allows for in-service distributions if there is financial hardship, disability, or after the participant reaches age 59½. For termination of service due to other reasons, a participant may receive the value of the vested balance in his or her account as a lump-sum distribution.

Benefit payments to participants are recorded when paid. There were no withdrawals approved but not yet paid as of December 31, 2025 and 2024.

Forfeitures

Forfeitures may be used to pay for plan administrative expenses, restore forfeitures, or reduce Company contributions. During the years ended December 31, 2025 and 2024, forfeitures of $39,314 and $8,440 were used to reduce plan expenses, restore forfeitures, or reduce Company contributions. At December 31, 2025 and 2024, unallocated forfeiture account balances totaled $20 and $0, respectively.

2. **Summary of Significant Accounting Policies**

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Contributions

Contributions from plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

2. Summary of Significant Accounting Policies - (continued)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment in a common collective trust is valued using net asset value per unit as a practical expedient to estimate fair value. Investments measured using net asset value as a practical expedient are not classified within the fair value hierarchy. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized gains and losses on investments sold and unrealized appreciation and depreciation on investments held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses, and are expensed when they are incurred. Delinquent notes receivable are treated as distributions based on terms of the plan document.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as investments in the supplemental schedule, Schedule H, Line 4i-Schedule of Assets (held at end of year).

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in the fair value of investments.

2. **Summary of Significant Accounting Policies - (continued)**

Allowance for Credit Losses

The measurement of expected credit losses under the current expected credit loss methodology is applicable to financial assets measured at amortized cost, which include employer and participant contributions receivable, if any. Management recorded no allowance for credit losses as of December 31, 2025 and 2024, as all amounts were determined to be collectible.

3. **Certification of Financial Information**

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by ADP Retirement Trust Services, LLC, the custodian of the Plan and a qualified institution.

	2025	2024
Investments, at Fair Value		
Registered investment companies	$ 4,430,061	$ 3,122,260
Common collective trust	30,673	25,120
Notes receivable from participants	79,978	76,729
	$ 4,540,712	**$ 3,224,109**
Dividends	$ 157,066	$ 116,178
Interest	6,344	10,151
Net appreciation	470,287	330,722

4. **Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurements - (continued)

Level 2 Fair Value Measurements

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registed Investment Companies (Mutual Funds)

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts

The common collective trust is valued using the net asset value per unit reported by the fund trustee. The Plan uses NAV as a practical expedient to estimate fair value. Accordingly, the investment is not classified within the fair value hierarchy.

4. Fair Value Measurements - (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

Fair value measurements at December 31, 2025 using:

	Level 1	Level 2	Level 3	Total
Assets				
Registered invements companies	$ 4,430,061	$ -	$ -	$ 4,430,061
	$ 4,430,061	**$ -**	**$ -**	**$ 4,430,061**

Fair value measurements at December 31, 2024 using:

	Level 1	Level 2	Level 3	Total
Assets				
Registered invements companies	$ 3,122,260	$ -	$ -	$ 3,122,260
	$ 3,122,260	**$ -**	**$ -**	**$ 3,122,260**

The Plan's investment measured using NAV as a practical expedient is summarized as follows:

Investment	12/31/2025	12/31/2024	Redemption Frequency	Redemption Notice Period
Common collective trust	$ 30,673	$ 25,120	Daily for qualifying participant-initiated withdrawals	Reasonable notice for qualifying participant-initiated withdrawals; 12 months' irrevocable written notice for employer-initiated withdrawals

Qualifying participant-initiated withdrawals generally include benefit payments and participant-directed transfers. Transfers from the fund to certain competing investments are subject to a 90-day transfer through a noncompeting investment. Employer-initiated withdrawals, including termination of the Plan, removal of the fund from the investment lineup, and certain merger or plan-consolidation events, generally require 12 months' irrevocable written notice. The trustee may delay or limit withdrawals under certain circumstances. The Plan had no unfunded commitments related to the common collective trust at December 31, 2025 and 2024. Management has not determined that it is probable that the investment will be sold at an amount different from NAV.

5. Related-Party Transactions and Party-in-Interest Transactions

Party-in-interest transactions include transactions with Plan fiduciaries, service providers, the Company, and certain parties related to those entities.

ADP Retirement Trust Services, LLC serves as the Plan's trustee, and ADP Retirement Services serves as the Plan's recordkeeper. During 2024, the Plan changed its trustee and recordkeeper from American Funds to ADP Retirement Trust Services, LLC and ADP Retirement Services, respectively.

The Plan incurs expenses for administration, recordkeeping, and other services. Fees paid to Plan service providers constitute party-in-interest transactions that are exempt from the prohibited transaction rules under ERISA when the applicable requirements are satisfied. The Plan paid $9,027 and $22,948 to service providers during 2025 and 2024, respectively.

Notes receivable from participants also constitute party-in-interest transactions that are exempt from the prohibited transaction rules under ERISA when the loans are made in accordance with Plan provisions and applicable requirements.

The Company provides certain administrative services to the Plan at no cost.

6. Income Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated October 6, 2020 (serial Q704162a), stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

8. Reconciliation of Financial Statements to Form 5500

The following are reconciliations of net assets available for benefits and changes in net assets available for benefits per the accompanying financial statements to Form 5500:

Net Assets Reconciliation

	2025	2024
Net assets available for benefits per Form 5500	$ 4,538,674	$ 3,222,226
Deemed participant loans excluded from Form 5500	2,038	1,883
Net assets available for benefits per financial statements	**$ 4,540,712**	**$ 3,224,109**

Change in Net Assets Reconciliation

	2025	2024
Change in net assets available for benefits per Form 5500	$ 1,316,448	$ (206,010)
Change in deemed participant loans excluded from Form 5500	155	(3,510)
Change in net assets available for benefits per financial statements	**$ 1,316,603**	**$ (209,520)**

9. Subsequent Events

Subsequent events were evaluated through October 12, 2026, the date the financial statements were available to be issued.

10. Correction of Prior-Period Errors

During 2025, the Plan identified errors in the previously issued 2024 financial statements related to the classification of employer and participant contributions and the amount reported as notes receivable from participants.

Employer and participant contributions were transposed in the 2024 Statement of Changes in Net Assets Available for Benefits. The correction increased participant contributions by $133,261 and decreased employer contributions, net of forfeitures, by $133,261. The correction did not affect total contributions or the change in net assets available for benefits.

In addition, notes receivable from participants were understated by $5,393 because the balance was derived using the prior-year financial statement balance rather than the applicable recordkeeper loan information. The correction increased notes receivable from participants and net assets available for benefits at December 31, 2024 by $5,393.

10. Correction of Prior Period Error - (continued)

The accompanying 2024 financial statements have been restated to correct these errors.

2024 Financial Statement	As previously reported	Adjustment	As restated
Notes receivables from participants	$ 71,336	$ 5,393	$ 76,729
Net assets available for benefits	3,218,716	5,393	3,224,109
