Your Guide Forward

To the Trustees and Plan Administrator
Southeastern Products 401(k) Retirement Savings Plan
Fountain Inn, South Carolina

We have audited the financial statements of Southeastern Products 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2025, and have issued our report thereon dated October 12, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by the ADP Retirement Trust Services, LLC (the "qualified institution"), which are banks or similar institutions or insurance carriers that are regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedule, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America ("U.S. GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated January 28, 2026, Professional standards also require that we communicate to you the following information related to our audit.

SIGNIFICANT AUDIT MATTERS

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted, and the application of existing policies were not changed during the year ended 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements and are based on your knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

> Management's estimate of the fair value of investments held in the mutual funds is based on the net asset value of the underlying assets. The method and underlying assumption used to determine the pricing of the fund are disclosed in Note 3 of the financial statements. We evaluated the key factors and assumptions used to develop your assessments for each Plan investment in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of fair value measurements for each investment held by the Plan as of December 31, 2025 in Note 3. The Plan followed the guidance of Accounting Standards Codification 820, which requires the Plan to disclose how it determined the fair value of its investments based upon one of three possible input levels. The three levels of inputs are: 1) quoted prices in an active market, 2) significant observable inputs, and 3) significant unobservable inputs.

Disclosure in Note 4 regarding information certified by the qualified institutions, which the Plan's independent accountants did not perform auditing procedures, except for comparing such information to the related information included in the financial statements and supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i.

Party-in-interest transactions in Note 5 that describes the relationship between the Plan and third party administrator for trustee, recordkeeping, investment advisement, and co-fiduciary services, and the expenses paid out of Plan assets to these party-in-interests.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. There were no such misstatements.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. See internal control communications for further information over reportable findings.

Internal Control Communications

In planning and performing our ERISA Section 103(a)(3)(C) audit we considered the Plan's system of internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of issuing our report on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control, nor did we include consideration of internal control relating to investment information.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified a reportable finding that we consider to be a material weakness in internal controls.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected, on a timely basis.

We consider the following reportable finding to be material weakness in the Plan's internal controls:

Consistent Application of Segregation of Duties in Payroll Processing

During our previous year's audit, Plan Management discovered fraud committed by a human resources administrative employee with access to payroll that extended into the current year. This employee paid herself more paid time off hours than eligible because of inconsistent application of segregation of duties controls within the payroll processing and review procedures. Plan Management worked with Company Management to conclude the only employee impacted on was the human resources administrative employee committing fraud. This employee no longer works for the Company. We recommend Plan Management evaluate where it can implement or enhance its existing formalized policies and procedures to apply consistent review procedures performed by an individual other than the individual that process payroll for each payroll processed by the Company to mitigate fraud in the future.

We consider the following reportable finding to be a deficiency in the Plan's internal controls:

Contributions based upon Ineligible Earnings

During our audit, we noted fourteen instances in which deferrals withheld from employees' paychecks and matching contributions were based upon ineligible compensation. The total contributions were clearly de minimis but represent a deficiency in internal controls around eligible and ineligible earning calculations. We recommend correcting the current process to ensure proper classification of eligible and ineligible compensation for withholding and matching contributions.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 12, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

OTHER MATTERS

Our responsibility for the ERISA-required supplemental schedule accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Plan's trustees, Plan administrator, and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Report of Independent Auditor

To the Trustee and Plan Administrator
Southeastern Products 401(k) Retirement Savings Plan
Fountain Inn, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Southeastern Products 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by banks or similar institutions or insurance carriers in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institutions").

Management has obtained certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1—Description of the Plan

The following plan description of Southeastern Products (the "Company") 401(k) Retirement Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees ("participants") of the Company who have completed 90 days of service and attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration – The Plan sponsor has designated certain employees, who serve without additional compensation, to administer the Plan. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities.

Contributions – Plan entrance occurs at the beginning of each quarter at which time eligible employees can decline enrollment, be automatically enrolled at 6% of gross compensation less exclusions, or enroll at a chosen deferral rate. Eligible participants may contribute up to 90% percentage of pre-tax or Roth annual compensation to the Plan, subject to the Internal Revenue Code ("IRC") limitations for 401(k) plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified plans. Such contributions, if any, are recorded as rollover contributions in the accompanying financial statements. Matching contributions are made at the discretion of the Company's Board of Directors. The Company made a discretionary matching contribution equal to 100% of participants' elective deferrals up to 3% of their compensation for the Plan year, plus 50% of the participants' elective deferrals that exceed 3% of their compensation up to 5% of their compensation for the year ended December 31, 2025. The discretionary-matching Company contribution is invested in the same investment options and in the same ratio as the participants have directed their own investments. Company contributions are typically funded when the employee contributions are funded. An additional amount may be contributed at the discretion of the Company's Board of Directors. No additional discretionary contributions were made for the year ended December 31, 2025.

Participant Accounts – Each participant's account is credited with (a) the participant's contribution; (b) the Company's contributions, if any; and (c) an allocation of the Plan's earnings. Each participant's account is charged with participant withdrawals and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – All participant contributions made to the Plan are fully vested at all times and are not subject to forfeiture for any reason. Company contributions made to the Plan are vested according to number of years of service. The vesting schedule is as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Note 1—Description of the Plan (continued)

Notes Receivable from Participants – Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the rate ranging from 4.25% to 9.5% with maturities through 2030 as of December 31, 2025. Principal and interest are paid through payroll deductions.

Payment of Benefits – Withdrawals are made on a lump-sum basis or at the participant's option as a deferred annuity upon retirement, disability, termination, or proof of hardship. If death occurs prior to retirement, the participant's account is paid to the designated beneficiary.

Forfeitures – Forfeitures are created when participants terminate employment before becoming entitled to their full benefits under the Plan. Forfeitures may be used to reduce employer contributions or administrative expenses. At December 31, 2025 and 2024, forfeited nonvested accounts were $10. For the year ended December 31, 2025, $2,928 in forfeitures were used to reduce employer contributions, and $-0- were used to reduce Plan expenses.

Hardship Withdrawals – The Plan allows participants to make hardship withdrawals to satisfy certain immediate and heavy financial needs. A participant may request a hardship withdrawal for certain qualifying expenses as defined by the Plan document, for expenses that the Internal Revenue Service ("IRS") deems to constitute an immediate and heavy financial need of the participant.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires the Plan administrator and the Company to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Such estimates include those regarding fair value. Actual results, as determined at a later date, could differ from those estimates.

Administrative Expenses – Professional and other fees of the Plan are typically paid by the Company; however, the Plan is allowed to pay for such expenses. For the year ended December 31, 2025, the administrative expenses paid by the Plan were $43,181. Personnel and facilities of the Company are used by the Plan for its accounting and other activities at no cost to the Plan.

Investment Valuation and Income Recognition – The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Management fees and operating expenses charged to the Plan for investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Note 2—Summary of significant accounting policies (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are netted against the loan proceeds. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits – Benefits are recorded when paid.

Risks and Uncertainties – Investment securities, in general, are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Excess Contributions Payable – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15, 2025.

Note 3—Fair value measurements

The Plan follows the fair value measurement guidance in Accounting Standards Codification ("ASC") 820, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. ASC 820 establishes a three-level fair value hierarchy that prioritizes the inputs used in measuring fair value and requires entities to maximize the use of observable inputs.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodology used for instruments measured at fair value:

Mutual Funds – For the year ended December 31, 2025 and 2024, these funds are valued at the daily closing price as reported by the fund. The funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and thus classified within Level 1 of the valuation hierarchy.

Note 3—Fair value measurements (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There are no changes in valuation methodologies or assumptions from prior year.

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

	2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 8,952,711	$ -	$ -	$ 8,952,711
	$ 8,952,711	$ -	$ -	$ 8,952,711

	2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 7,469,787	$ -	$ -	$ 7,469,787
	$ 7,469,787	$ -	$ -	$ 7,469,787

Note 4—Information prepared and certified by the Plan's qualified institution

The Plan management has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ADP Retirement Trust Services, LLC, the "qualified institution" of the Plan, have certified to the completeness and accuracy of the following data included in the accompanying financial statements:

- Investments, at fair value, and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, interest and dividend income and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 5—Party-in-interest transactions

The Plan Sponsor provides the Plan with certain accounting and administrative services for which no fees are charged. The Plan Sponsor also pays for some audit and administrative expenses for the Plan for which no reimbursement is received from the Plan. Notes receivable from participants also qualify as party-in-interest transactions. Fees paid by the Plan were $43,181 for the year ended December 31, 2025.

Note 6—Plan termination

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant's contribution remains fully vested and Company contributions, if any, become fully vested. Under no circumstances may the Company take ownership of any of the Plan's assets as a result of such termination.

Note 7—Tax status

The Plan adopted a non-standardized pre-approved profit sharing with a cash or deferred arrangement plan which received a favorable opinion letter from the IRS on October 6, 2020, which stated that the prototype Plan is designed in accordance with applicable sections of the IRC. The Plan has not received a determination letter specific to the Plan itself, and the Plan has been amended since receiving the opinion letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and has no income subject to business income tax and, therefore, the Plan continues to be tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note 8—Reconciliation of financial statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2025	2024
Net assets available for benefits per the financial statements	$ 9,229,076	$ 7,689,310
Excess contributions payable	-	17,088
Net assets available for benefits per Form 5500	$ 9,229,076	$ 7,706,398

The following reconciles the net increase in net assets available for benefits per the financial statements to net income reported on Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	$ 1,539,766
Change in excess contributions payable	(17,088)
Net income per Form 5500	$ 1,522,678

Note 9—Subsequent events

In accordance with U.S. GAAP related to subsequent events, the Plan's management has evaluated all events subsequent to the statements of net assets available for benefits date of December 31, 2025 through October 12, 2026, which is the date these financial statements were available to be issued.

Subsequent to year-end, the Plan adopted an amendment to outline additional non-eligible compensation and modify the Plan to operate as a safe harbor plan. The amendment updates administrative and operational provisions of the Plan to add additional ineligible compensation for participant contributions and outline employer match procedures.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	**4a**			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	**4b**			
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	**4c**			
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	**4d**			
e Was this plan covered by a fidelity bond?	**4e**			
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	**4f**			
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4g**			
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4h**			
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	**4i**			
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	**4j**			
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	**4k**			
l Has the plan failed to provide any benefit when due under the plan?	**4l**			
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	**4m**			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3	**4n**			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No

If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.
