We have performed audits of the financial statements of SAMBA Holdings, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The ERISA-required Supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For

information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following description of the SAMBA Holdings, Inc. 401(k) Plan (the Plan), as amended, provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was adopted for the benefit of employees of SAMBA Holdings, Inc. (the Company) effective October 1, 2015 and restated most recently effective May 1, 2022. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred income arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Administration of the Plan

On January 1, 2025, ADP Retirement Trust Services, LLC (ADPRTS or Trustee) replaced Reliance Trust Company and became the trustee of the Plan. The recordkeeper of the Plan is ADP Retirement Services (ADP). ADPRTS holds all assets of the Plan in accordance with the service provider contract with the Company.

The administrator and sponsor of the Plan is the Company. The Company and investment advisor determine the appropriateness of the investment offerings and monitor investment performance.

Eligibility

After completing two months of service, as defined, and attaining age 18, an employee is eligible for the Plan. All eligible employees are automatically enrolled in the Plan at a pre-tax deferral rate of 4%, unless the employee makes an affirmative election to contribute another percentage or opt-out from contributing to the Plan. The initial automatic deferral amount increases by 1% annually until the participant is deferring 10%.

Entry dates are the first day of each month coinciding with or after meeting the eligibility requirements. Union employees and non-resident aliens are not eligible to participate in the Plan.

Leased employees, interns, temporary employees and seasonal employees are excluded from participation in the Plan. Upon attaining one year of service, as defined, or completing two consecutive 12-month periods in which they complete at least 500 hours of service, temporary and seasonal employees may participate in the Plan.

Contributions

Eligible participants may contribute to the Plan on a pre-tax or after-tax (Roth) basis up to 90% of their qualifying annual compensation, subject to certain IRC limitations. The Plan also allows catch-up contributions for participants age 50 and over, based on IRC limitations. Participants can terminate or change their salary deferral agreements according to procedures and limitations as determined by the Plan Document.

The Company may contribute a discretionary employer matching contribution as a percentage of pay as determined by the Company. The Company elected to contribute a discretionary employer matching contribution of 50% of participant deferrals, up to 6% of eligible compensation for the 2025 plan year.

The Company may make an additional discretionary employer profit sharing contribution to be determined by the Company. To be eligible for the discretionary profit-sharing contribution, participants must be employed on the last day of the year and have 1,000 hours of service within that plan year. The Company did not elect to make an additional discretionary employer profit-sharing contribution for the year ended December 31, 2025.

Rollover contributions to the Plan can also be made from other qualified plans if certain criteria are met.

Participants' Accounts

Participants' accounts are credited with participant salary deferral (pre-tax, catch-up, and Roth) contributions, rollover contributions, discretionary employer matching contributions, and discretionary employer profit sharing contributions and an allocation of plan earnings or losses and administrative expenses. Participants can direct the investment of their account balances into various investment options offered by the Plan. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are immediately 100% vested in their employee salary deferral contributions and rollover contributions and the allocated earnings thereon. A participant's vested interest in the discretionary employer matching contributions and discretionary employer profit sharing contributions is based upon the participant's completed years of service, as defined in the Plan Document, as follows:

Years of Service	Vesting (%)
Less than 1	-
1	33
2	66
3 or more	100

Participants become fully vested upon death or disability (as defined), upon reaching normal retirement age (65) or upon termination of the Plan.

Forfeitures

The amount of any non-vested forfeitures attributed to a participant's break in service, as specified by the Plan Document, may be used to pay plan expenses or reduce employer contributions. As of December 31, 2025 and 2024 forfeitures were $3,912 and $11,024, respectively. For the 2025 plan year, $34,162 of forfeitures were used to offset employer contributions.

Payment of Benefits

Upon termination or separation of service, death, attainment of normal retirement age, or disability, as defined, participants can elect to receive their benefit payment in the form of a lump-sum amount, substantially equal installments or partial withdrawals equal to the vested portion of the participant's account or remain in the Plan if their vested account balance had a minimum of $7,000. A participant can also roll over the amount to another qualified retirement plan or individual retirement account. Balances less than $7,000 are subject to mandatory distribution as further described in the Plan Document. Hardship withdrawals and certain other in-service withdrawals at age 59½ are also allowed by the Plan if certain criteria are met.

Notes Receivable from Participants

An employee may borrow a minimum of $1,000 up to the lesser of: (1) $50,000, reduced by the highest outstanding loan balance during the one-year period ending on the day before the loan is made; or (2) one-half of the participant's vested account balance. Participants may not have more than one note outstanding at any time. The maximum note term is five years, except for a primary residence loan which is 15 years. The notes are secured by the participant's account balance and bear interest based on the prime rate plus 1%. Participant notes held by the Plan bear an interest rate of 4.25% to 9.50% at December 31, 2025.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the terms of the Plan Document to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts would become fully vested and non-forfeitable.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP, requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value as further described in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator and investment advisor determine the Plan's valuation policies utilizing information provided by ADP.

Interest income is recorded as earned on the accrual basis. Dividend income and capital gains are recorded on the ex-dividend date. Purchases and sales are recorded on a trade-date basis. The net appreciation in the fair value of investments represents the realized and unrealized gains and losses on the investments and capital gains reinvested.

Contributions

Participant contributions and discretionary employer matching contributions are recognized in the period during which the Company made the respective payroll deduction from the participant's compensation. Discretionary employer profit sharing contributions are recognized in the plan year to which the participant's compensation relates.

Payment of Benefits

Benefit payments are recorded when paid to participants. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of year-end.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus accrued and unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Expenses of the Plan

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to participant distributions, the administration of notes receivable from participants and an allocation of recordkeeping fees are charged directly to the participant's account and are included in administrative expenses. Certain additional investment fees (in the form of an expense ratio) may also be net with investment earnings or losses.

3. Fair Value Measurements and Disclosures

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels.

Level 1 – This level consists of inputs that are the highest priority and consist of unadjusted quoted prices in active markets for identical assets and liabilities.

Level 2 - This level consists of inputs to the valuation methodology that include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - This level consists of inputs that are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund or security. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Investment Trust (CIT) - The Reliance Trust Company Stable Value Fund is a collective investment fund sponsored by Reliance Trust Company that is composed of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily. This fund is a direct filing entity.

The preceding methodologies described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 25,485,544	$ -	$ -	$ 25,485,544
Total Assets, in the fair value hierarchy	$ 25,485,544	$ -	$ -	25,485,544
Investments, measured at NAV*				581,364
Total Investments, at fair value				$ 26,066,908

December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 20,326,962	$ -	$ -	$ 20,326,962
Total Assets, in the fair value hierarchy	$ 20,326,962	$ -	$ -	20,326,962
Investments, measured at NAV*				504,528
Total Investments, at fair value				$ 20,831,490

* In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan:

December 31,

	Fair Value		Unfunded	Redemption	Redemption
Investment Type	**2025**	2024	Commitments	Frequency	Notice Period
Collective Investment Trust	**$ 581,364**	$ 504,528	None	Daily	60 days

4. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, ADPRTS and Reliance Trust Company, qualified institutions, have certified for the 2025 and 2024 plan years, respectively, that the following data included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Interest and dividends, net appreciation in fair value of investments and interest earned on notes receivable from participants as shown on the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investment amounts, as reported in the notes to financial statements.
- All investment information included in the ERISA-required supplemental Schedule H (Form 5500), Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified

investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Related Party and Party-in-Interest Transactions

ADP may receive certain indirect fees from mutual fund companies held in the Plan. Administrative fees of $54,233 were paid from the Plan to ADP during the year ended December 31, 2025. Investment advisory fees were also paid from the Plan during the year ended December 31, 2025. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. The above transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Risks and Uncertainties

The Plan provides for various investments securities. Investments, in general, are exposed to various risks, such as interest rate, market and credit risks. Additionally, the value, liquidity and related income of the investments are sensitive to changes in economic conditions and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Income Tax Status

The Company adopted an ADP Non-Standardized Pre-Approved Profit-Sharing Plan on May 1, 2022 for which an opinion letter was obtained from the Internal Revenue Service (IRS) dated October 6, 2020 indicating the that the form of the Plan Document was designed in accordance with applicable sections of the IRC. The plan administrator believes the Plan, as amended, is being operated in compliance with the applicable requirements of the IRC and the Plan and related trust is tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

The Company has evaluated subsequent events through October 14, 2026 which is the date the financial statements were available to be issued. There were no events or transactions discovered during this evaluation that require recognition or disclosure in the financial statements.
