Management has obtained certifications from ADP Retirement Trust Services, LLC, the Trustee of the Plan, as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 and delinquent participant contributions for the year ended December 31, 2025 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the Dynamic Service Solutions 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and amendments for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which was established by Dynamic Service Solutions, LLC (the Company or Plan Sponsor) effective January 1, 2022. The Plan was most recently amended October 1, 2024. The Plan covers all employees with the exception of nonresident aliens, residents of Puerto Rico, highly compensated, seasonal and temporary employees. Participation in the Plan is governed by the general plan provisions for any employees. Part-time employees shall become eligible to participate in the Plan upon completing at least 1,000 hours of service within a Plan year, as defined by the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Setting Every Community Up for Retirement Enhancement Act (SECURE Act) requires long-term part-time (LTPT) employees to be eligible to participate in the Plan after meeting certain service requirements. The Company does not have any LTPT employees that were affected by the SECURE Act. Eligible employees may enter the Plan on the first day of the month following their date of hire.

Participant Contributions

Effective June 1, 2022, participants may elect to defer a percentage or flat dollar amount of their eligible annual compensation on a pre-tax or Roth basis, as defined by the Plan. Effective October 1, 2024, participants may elect to defer up to 90% of eligible compensation on a pre-tax or Roth basis, as defined by the Plan, not to exceed the maximum allowable contribution under Internal Revenue Code (the code), which totaled $23,500 for the year ended December 31, 2025. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code, which totaled $7,500 for the year ended December 31, 2025. For years beginning on or after January 1, 2025, participants who attain age 60-63 before the end of the applicable year may be eligible to make additional catch-contributions in an amount equal to the greater of (i) $10,000 or (ii) 150% of the otherwise applicable age 50 catch up contribution limit for such year. For the year ended December 31, 2025, this increased catch-up contribution totaled $11,250. Participants are permitted to make rollover contributions from other qualified plans into the Plan.

Company Profit-Sharing Contributions

The Company may make profit-sharing contributions calculated at the discretion of the Company. The Company approved discretionary profit-sharing contributions of $2,556,075 for the year ended December 31, 2025. As of December 31, 2025, all Company profit-sharing contributions remain receivable by the Plan. In addition, $807 of profit-sharing contributions receivable from a prior plan year remained outstanding as of December 31, 2025 and were funded subsequent to year-end.

Company Matching Contributions

The Company may make discretionary matching contributions equal to a percentage of salary deferrals determined by management and shall apply to all eligible participants. The amount of any Company discretionary matching contribution is determined by management annually. Such contributions will be calculated on a Plan year basis. No discretionary Company matching contributions were made for the year ended December 31, 2025.

1. DESCRIPTION OF THE PLAN – continued

Participant Accounts

Each participant's account is participant-directed and contributions and withdrawals are credited according to the investment options selected by each participant. Any earnings, losses and administrative expenses are allocated to the participant's account based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in participant elective contributions and rollovers. Participants become vested in the Company's discretionary profit-sharing and matching contributions after three years of continuous service as defined in the Plan's governing documents. Participants become immediately vested in the Company's discretionary profit-sharing and matching contributions at normal retirement age, death or total or permanent disability.

Forfeitures

Forfeitures of Company contributions may be applied to pay administrative expenses or to reduce future Company contributions. For the year ended December 31, 2025, no forfeitures were used to reduce administrative expenses and $3,999 were used to reduce Company contributions. As of December 31, 2025 and 2024, the Plan's forfeiture balance was $140,680 and $16,012, respectively. Subsequent to year-end, $51,703 of this balance was applied to fund an additional profit-sharing allocation for participants affected by the operational failure described in Note 7.

Notes Receivable from Participants

Effective October 1, 2024, participants may borrow up to 50% of their vested account balance, not to exceed $50,000, without regard to the intended use of the funds. The minimum note amount is $1,000 and a participant can have no more than one note outstanding at any given time. The notes are collateralized by the vested balance in the participant's account. Note repayments are to be made through payroll deductions or by check and bear interest at rates at one percent above the Prime rate at time of note issuance. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Notes for the purchase of a primary residence may be repaid over a reasonable time as determined by the Plan's administrator. Between October 1, 2024 and December 1, 2024, the Plan allowed participants to have more than 1 loan outstanding.

Payment of Benefits

Upon termination of service, death, disability, retirement, or attainment of age 59½, a participant, or a beneficiary in the event of death, may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, as defined by the Plan. Upon a qualifying distribution event, if the account balances are not fully withdrawn, remaining balances over $5,000 will remain a part of the Plan and share in investment gains and losses. Remaining balances under $5,000 will be automatically distributed without participant consent.

Amounts contributed may be withdrawn for a hardship purpose. In all cases, certain income tax penalties may apply to withdrawals or distributions prior to age 59½. Distributions are subject to the applicable provisions of the Plan agreement.

1. DESCRIPTION OF THE PLAN – continued

Payment of Benefits – continued

Effective January 1, 2024, in accordance with the SECURE 2.0, the Plan elected to allow the threshold for mandatory distributions to be increased from $5,000 to $7,000.

As of December 31, 2025 and 2024, there were no net assets of the Plan allocated to participants who had elected to withdraw from the Plan but had not received payment by year-end.

Plan Expenses

All administrative expenses are required to be paid by the Trustee with assets of the Plan, unless paid by the Company, at its discretion. For the year ended December 31, 2025, the Company elected to pay a portion of the Plan's direct expenses. Expenses that are paid directly by the Company are excluded from the Plan's financial statements. Investment related expenses are included in net appreciation in fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of changes to net assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Delinquent notes are treated as distributions based on the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities may occur and materially affect the amounts reported in the statements of net assets available for benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Fair Value Measurement

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interests in registered investment companies: Valued at the closing price of shares held by the Plan at year-end. Funds are traded on an active market.

Interests in common/collective trusts: Valued at fair value based on the unit value of the fund. Unit value is determined by the institution sponsoring such fund using the net asset value (NAV) or its equivalent as a practical expedient by dividing the fund's net assets at fair value by its units outstanding at the valuation date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Fair Value Measurement – continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	$ 166,346	$ -	$ -	$ 166,346
Interests in common/collective trusts[(a)]	n/a	n/a	n/a	4,582,646
Total investments, at fair value	$ 166,346	$ -	$ -	$ 4,748,992

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	$ 63,841	$ -	$ -	$ 63,841
Interests in common/collective trusts[(a)]	n/a	n/a	n/a	1,812,465
Total investments, at fair value	$ 63,841	$ -	$ -	$ 1,876,306

The following table presents the investments which are estimated using the NAV per share as a practical expedient as of December 31,:

	2025	2024	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Interests in common/collective trusts[(b)]	$ 4,582,646	$ 1,812,465	Daily	Daily	None

(a) Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy, in accordance with fair value measurement and disclosure guidance. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(b) Certain funds use an asset allocation strategy designed for investors based on expected retirement age. Other funds invest in equity or debt securities. The Stable Value Fund invests in guaranteed investment contracts, security-backed investment contracts and money market instruments, cash, cash equivalents and other stable value funds.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Subsequent Events

The Plan evaluated for disclosure of subsequent events through October 8, 2026, the date the financial statements were available to be issued, and determined there were no material subsequent events that warrant disclosure, except as disclosed in Note 7.

3. INVESTMENTS

All investment information disclosed in the accompanying financial statements and supplemental schedules including investments held at December 31, 2025 and 2024, and net appreciation in the fair value of investments for the year ended December 31, 2025 was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Trustee of the Plan, ADP Retirement Trust Services, LLC.

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds managed by flexPATH Strategies LLC, an affiliate of the Plan's investment advisor. The Plan loans funds to its participants according to the applicable provisions of the Plan agreement. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, all contributions to the Plan would cease and all affected participants would become fully vested in their accounts.

6. INCOME TAX STATUS

The Plan adopted a non-standardized pre-approved plan, which received a favorable opinion letter from the Internal Revenue Service dated October 6, 2020, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2025 and 2024.

The Plan is subject to routine audits by the Internal Revenue Service and the Department of Labor; however, there are currently no audits in progress.

7. OPERATIONAL FAILURE

Subsequent to December 31, 2025, the Company identified an operational failure in which certain participants who transitioned from part-time or seasonal to full-time employment during 2025 were not updated to reflect full benefit eligibility. As a result, these participants were improperly excluded from Plan participation during 2025 despite being eligible. The Company self-corrected the error in accordance with the IRS Employee Plans Compliance Resolution System.

Corrective contributions consisted of a Qualified Non-Elective Contribution of $2,530 for missed deferral opportunities and related lost earnings of $425, both of which are included in Company contributions receivable on the accompanying statement of net assets available for benefits as of December 31, 2025 and were remitted to the Plan by the Plan Sponsor subsequent to year-end.

The Company also calculated an additional profit-sharing contribution of $51,703 that the affected participants would have received for 2025. This amount was satisfied through the application of Plan forfeitures subsequent to year-end.
