INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Apotheco, LLC 401(k) Profit Sharing Plan
Short Hills, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Apotheco, LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Apotheco, LLC 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The original effective date of the Plan is January 1, 2019 and was amended and restated effective May 30, 2025. The Plan is a defined contribution plan covering substantially all employees of Apotheco, LLC (the "Company" or the "Employer") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. The Plan is intended to satisfy the provisions of Section 401(k) of the Internal Revenue Code ("IRC") of 1986, as amended.

Eligibility: Employees are eligible to participate in the Plan after completing two months of service and attaining age 21. Employees are automatically enrolled in the Plan upon meeting the Plan's eligibility requirements, unless the employee makes an election to waive participation in the Plan. Employees are eligible to make elective deferral contributions upon meeting the Plan eligibility requirements. Employees are eligible for employer contributions if employed by the Company on the last day of the Plan year. The Plan entry date for participant elective deferral contributions and employer contributions is the first day of the month coinciding with or next following the satisfaction of the Plan's eligibility requirements.

Contributions: The Plan provides for an automatic-enrollment feature whereby a participant is automatically enrolled in the Plan to make elective deferral contributions at a default rate of 3% of eligible compensation unless the participant affirmatively opts out. Each year, participants may elect to contribute on a pre-tax basis, or on an after-tax basis as Roth 401(k) deferrals, up to 90% of eligible compensation, as defined in the Plan, subject to certain Internal Revenue Code limitations, up to a maximum amount of $23,500 for 2025. Participants who have attained age 50 before the end of the Plan year and who have met the applicable Internal Revenue Code or Plan limits may make catch-up elective deferral contributions of up to $7,500 for 2025. Effective January 1, 2025, participants who attain ages 60 through 63 during the calendar year may make catch-up elective deferral contributions of up to $11,250. Participants may also contribute amounts representing distributions from other qualified plans.

The Company may make discretionary matching and profit-sharing contributions in accordance with the provisions of the Plan. No discretionary matching or profit-sharing contributions were made by the Company for the years ended December 31, 2025 and 2024.

During the year ended December 31, 2025, the Company made corrective employer contributions totaling $9,157, consisting of qualified nonelective contributions and related lost earnings associated with the late enrollment of certain eligible employees during the prior plan year.

Participant Accounts: Each participant's account is credited with the participant's elective contributions and an allocation of (a) the Company's discretionary matching and profit sharing contributions, (b) Plan earnings, and (c) forfeitures of employer matching and profit sharing contributions, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability.

(Continued)

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Vesting: Participants are immediately vested in their contributions and rollovers plus actual earnings thereon. Vesting in employer contributions, plus earnings thereon, is based on years of continuous service. A participant is 20% vested after two years, increasing 20% annually to be 100% vested after six years of credited service.

Payment of Benefits: Upon termination of service, a participant is eligible to receive an amount equal to the value of the participant's vested interest in his or her account. Participants (or their beneficiaries upon the death of the participant) may elect to receive their vested account balance as a single lump sum or in installment payments over a 10-year period. In certain circumstances, participants may take “hardship withdrawals” as defined in the Plan. Active participants may also take distributions from the Plan upon attainment of age 59½.

Notes Receivable from Participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the balance in the participant’s account and bear interest at rates that are commensurate with market rates for similar loans. All loans are covered by demand notes and are repayable through payroll deductions.

Forfeitures: If a participant’s employment is terminated before full vesting of employer contributions and related earnings thereon, the amount not vested is generally reallocated to the remaining participants, based upon their relative account balances. The Company may use forfeitures to pay administrative expenses of the Plan or to reduce future employer matching and profit sharing contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Excess Contributions Payable: Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability, with a corresponding reduction to participant contributions. The Plan recorded $56,268 and $138,426 of excess contributions payable at December 31, 2025 and 2024, respectively.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

Notes Receivable from Participants: Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Investment Valuation and Income Recognition: The Plan’s investments, other than the fully benefit-responsive investment contract, are reported at fair value as further described in Note 3. Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan’s principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan’s fully-benefit responsive investment contract, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Administrative and Investment Management Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Plan recordkeeping and trustee fees are paid by the Plan and are reflected in the financial statements as administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment management fees are charged to the Plan as a reduction of investment return and included in net appreciation in fair value of investments reported by the Plan.

Payment of Benefits: Benefits are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2: Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the assets or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs derived principally from or corroborated by observable market data by correlation or other means

Level 3: Unobservable inputs for the asset or liability (i.e., supported by little or no market activity), including management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is based on the lowest level of input that is significant to the fair value measure in its entirety.

A description of the valuation methodologies used for each major class of assets measured at fair value is as follows:

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

(Continued)

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Common collective trust: The fair value of participation units held in the common collective trust is based on the net asset value ("NAV") per unit as reported by the fund manager. The common collective trust provides for daily redemptions by the Plan at reported NAV per share with no advance notice requirements.

Pooled separate sub-accounts: The fair values of participation units held by the Plan in sub-accounts of Voya Retirement Insurance and Annuity Company's ("Voya") Variable Annuity Account D, are based on the NAVs of separate accounts, as reported by the insurance company that manages the separate accounts and as supported by the unit prices of actual purchase and sale transactions occurring as of or close to the financial statement date. Each of the pooled separate sub-accounts invests in a single, open-ended mutual fund which is generally identified in the name of the pooled separate sub-account. The investment strategies of these pooled separate sub-accounts are consistent with each of the mutual funds identified in the name of the fund. Each pooled separate sub-account provides for daily redemptions by the Plan with no advance notice requirements and has redemption prices that are determined by the fund's net asset value per unit.

Investments measured at fair value on a recurring basis are summarized below:

	Fair Value Measurements at December 31, 2025, Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Identical Assets (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Mutual funds	$ 7,413,721	$ -	$ -	$ 7,413,721
Common collective trust*				69,805
Total investments at fair value				$ 7,483,526

	Fair Value Measurements at December 31, 2024, Using			
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Identical Assets (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Total investments subject to leveling	$ -	$ -	$ -	$ -
Pooled separate sub-accounts*				5,150,705
Total investments at fair value				$ 5,150,705

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

(Continued)

NOTE 4 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan held a traditional fully benefit-responsive investment contract with Voya totaling $63,972 at December 31, 2024. This contract was terminated upon the transfer of the plan to ADP Retirement Trust Services, LLC on January 17, 2025. Voya maintained the contributions in a general account. The account was credited with earnings on the underlying investments and was charged for participant withdrawals and administrative expenses. The issuer was contractually obligated to repay the principal and specified interest rate that was guaranteed to the Plan. The interest crediting rate was updated annually based upon contract provisions, and was not less than 1%.

This contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contract, because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Voya, represented contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. Participants were able to ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on Voya's ability to meet its financial obligations. Voya's ability to meet its contractual obligations could have been affected by future economic and regulatory developments.

The Plan's investment contract specified certain conditions under which distributions from the contract would have been payable at amounts below contract value. Such circumstances included Plan termination, Plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that could result in distributions exceeding a set amount. The contract limits the circumstances under which Voya could have terminated the contract. Examples of circumstances which would have allowed Voya to terminate the contract included the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events would have occurred, Voya could have terminated the contract at an amount less than contract value.

NOTE 5 - CERTIFIED INVESTMENTS AND NOTES RECEIVABLE FROM PARTICIPANTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held and notes receivable from participants at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by the plan administrator and agreed to or derived from information certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the former trustee of the Plan, as of December 31, 2024 and for periods from January 1, 2025 to January 16, 2025, and by ADP Retirement Trust Services, LLC, the trustee of the Plan, for the period from January 17, 2025 to December 31, 2025.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor ("DOL") regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

(Continued)

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS (Continued)

ADP, Inc., through ADP Retirement Trust Services, LLC, provides recordkeeping and administrative services, and ADP Strategic Plan Services, LLC, an affiliate of ADP, Inc., provides investment-management services. Transactions resulting from these services arrangements constitute party-in-interest transactions. Fees paid by the Plan to these service providers that are parties-in-interest totaled $55,183 during 2025.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any such intent, the Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their employer contributions and earnings thereon.

NOTE 8 - TAX STATUS

The Internal Revenue Service issued an opinion letter dated October 6, 2020, indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC. Although the Plan has been amended from the original prototype document, plan management believes that the Plan is currently being operated in accordance with the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more-likely-than-not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions. Currently, there are no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to risks, such as interest rate, market, liquidity, credit and global risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term. Such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 – TRANSFER OF ASSETS

Effective January 1, 2025, the Plan initiated a transfer of investments and plan recordkeeping from Voya to ADP Retirement Services. The total cash balance of $5,287,804 was deposited at ADP on January 17, 2025. The transfer process was completed on January 17, 2025.

(Continued)

NOTE 11 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain amounts reported on the Form 5500 are presented on the cash basis. The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2024:

	2024
Net assets available for benefits per the financial statements	$ 5,091,487
Add: excess contributions payable	138,426
Net assets available for benefits per Form 5500	$ 5,229,913

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the net income per Form 5500 for the year ended December 31, 2025:

Net increase in net assets available for benefits per the financial statements	$ 2,356,783
Less: prior year excess contributions	(138,426)
Net income per Form 5500	$ 2,218,357

NOTE 12 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 12, 2026, the date the financial statements were available for issuance.
