Independent Auditor's Report

To the Participants and Administrator of
The Neil Jones Food Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Neil Jones Food Company 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records

used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following brief description of The Neil Jones Food Company 401(k) Plan (the "Plan"), formerly The Northwest Packing Company Thrift Plan, is provided for general information purposes only. Participants should refer to the plan agreement for more complete information. The Plan was established to provide eligible employees of The Neil Jones Food Company dba Northwest Packing Company (the "Company") with retirement benefits.

General

The Plan is a defined contribution plan covering eligible employees of the Company whose employment is not governed by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). A committee appointed by the Company's board of directors is responsible for overseeing the Plan's operations, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance.

Periodically, certain participant accounts may be transferred between the Plan and The Neil Jones Food Company Union Employees 401(k) Plan (the "Plan") due to changes in the status of the employees' membership in the Teamsters Local Union No. 856, International Brotherhood of Teamsters.

Employees who have completed one consecutive month of service and have reached their 21st birthday are eligible to make contributions to the Plan beginning on the first day of the month following satisfaction of the Plan's entrance requirements for elective deferrals.

Employees who have completed one year of service, defined by the Plan as 1,000 or more hours of service during the twelve month period subsequent to each respective employee's date of hire or a subsequent plan year, and reached their 21st birthday are eligible to begin receiving employer matching contributions commencing on the first day of the next January or July following the satisfaction of the Plan's eligibility requirements for employer matching contributions.

Employees who have completed one year of service, as defined, and reached their 21st birthday may be eligible to begin receiving employer profit sharing contributions commencing on the first day of the next January or July following the satisfaction of these eligibility conditions. Once eligible, participants will not be entitled to share in the employer profit sharing contributions made for the plan year if they terminate employment with the Company, or complete less than 1,000 hours of service, during the plan year. However, if termination is on account of death, disability, or attainment of normal retirement age, a participant will be entitled to share in any employer profit sharing contributions made for that year regardless of number of hours of service performed.

Contributions

Each year participants may contribute to the Plan a designated percentage of their compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other qualified plans. The Plan includes an automatic enrollment feature under which newly eligible employees are enrolled at a default deferral rate of 2 percent of eligible compensation, unless they elect otherwise. Contributions under this provision are directed to a designated default investment option until changed by the participant. Unless modified, the default deferral rate increases by 1 percent annually on the anniversary of the participant's automatic enrollment date, up to a maximum of 5 percent of eligible compensation.

Under the terms of the plan document, the employer may elect to make discretionary matching contributions to eligible participants. For the year ended December 31, 2025, the Company elected to remit a safe harbor matching contribution to eligible participants in an amount equal to 100 percent of eligible employee contributions up to the first 3 percent of eligible compensation deferred, and 50 percent of eligible employee contributions up to the next 2 percent of eligible compensation deferred, as defined. Once they have become eligible to begin receiving employer matching contributions, participants are entitled to share in the Company matching contributions made for a plan year if they have made elective contributions during the year regardless of the number of hours of service they worked during the year, or whether or not they are employed on the last day of the plan year.

In addition, the Company may elect to make employer profit sharing contributions. A participant's employer profit sharing contribution is determined by the ratio of the participant's annual compensation to the total annual compensation of all participants who are eligible to share in the employer profit sharing contributions for the year. Participants will not be entitled to share in the employer profit sharing contributions made for the plan year if they terminate employment with the Company or complete less than 1,000 hours of service during the plan year. However, if termination is on account of death, disability, or attainment of normal retirement age, a participant will be entitled to share in the employer's supplemental contribution made for that year regardless of number of hours of service performed.

Participants direct the investment of all contributions credited to their accounts into any of the various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings. Participant accounts are charged with an allocation of certain distribution expenses that are paid by the Plan which consist of expedited overnight delivery fees for distribution checks as requested by participants. Allocations are based on participant earnings, account balances, or specific participant initiated transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in their contributions, including salary deferral, catch-up, and rollover contributions, and employer safe harbor matching contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions portion of respective participant accounts is based on credited years of service, as defined. A participant is 100 percent vested in the Company's discretionary matching and profit sharing contributions after five years of credited service as follows:

Years of service	Vesting percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of benefits
Company contributions become fully vested upon a participant's disability, death or attainment of normal retirement age 65, regardless of years of service. Participants who terminate after vesting, but prior to early retirement age, may elect to receive a 401(k) benefit in the form of a nontransferable joint and survivor annuity or a lump sum. Plan benefits may be paid directly to retirees from Plan assets or funded through purchase of annuities.

Forfeited accounts
At December 31, 2025 and 2024, no forfeited nonvested accounts were held by the Plan. Forfeited nonvested accounts may be used to reduce future employer contributions or to pay plan expenses.

2. Summary of Accounting Policies

Basis of accounting
The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing

information provided by the Plan's investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan, are paid directly by the Company and are excluded from these financial statements. Recordkeeping, investment advisory, and other administrative fees are paid from Plan assets and allocated to participant accounts based on account balances. Fees for participant-initiated transactions, such as distribution processing fees, are charged directly to the requesting participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events
Management has evaluated subsequent events through October 8, 2026, the date the financial statements were available to be issued.

3. Certified Investment Information

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, and interest and dividends, for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by ADP Retirement Trust Services, LLC, a qualified institution.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1. Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Level 2 inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024. Fair values are provided by the Plan's investment custodian for all of the Plan's assets as follows:

- Common/collective trust investments are valued at the net asset value ("NAV") of units of a collective investment trust. The NAV, as provided by the custodian, is used to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This value is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions, including purchases and sales, are valued on a daily basis. Certain participant-initiated withdrawals may be executed subject to a redemption notice period. Were the Plan to initiate a full redemption of certain investments, under the terms of the collective trust agreement the investment issuer may reserve the right to temporarily delay withdrawal from the fund.

- Registered investment companies, including money market accounts and other mutual funds, are valued at the daily closing price as reported by the fund. Registered investment company investments held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Insurance company general accounts are value at the book value of the accounts, net of any market value adjustments determined by the issuer, plus accrued interest. There are no reserves against these accounts for credit risk of the issuer or otherwise. The crediting rate for these accounts is determined by the issuer. The Plan's investments in unallocated contracts and the related accrued interest income are subject to the credit risk of the issuer and are solely funded by the assets held in its general account. Unallocated contracts are classified in Level 3 of the fair value hierarchy and are presented at fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Common/collective trusts	$ -	$ 22,329,545	$ -	$ 22,329,545
Registered investment companies	10,118,294	-	-	10,118,294
Insurance company general accounts	-	-	1,868,997	1,868,997
Total investments at fair value	$ 10,118,294	$ 22,329,545	$ 1,868,997	$ 34,316,836

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Common/collective trusts	$ -	$ 19,139,603	$ -	$ 19,139,603
Registered investment companies	8,728,648	-	-	8,728,648
Insurance company general accounts	-	-	1,952,393	1,952,393
Total investments at fair value	$ 8,728,648	$ 19,139,603	$ 1,952,393	$ 29,820,644

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2025:

	Insurance Company General Accounts
Balance, beginning of year	$ 1,952,393
Purchases	448,102
Interest income	63,236
Administrative expenses	(3,002)
Sales	(591,732)
Balance, end of year	$ 1,868,997

5. Related Party and Party-In-Interest Transactions

The Plan has a number of service providers. Such service providers are parties-in-interest under ERISA. Certain fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid at the investment level rather than by direct payments from the Plan. The Plan made direct payments of administrative and investment advisory expenses totaling $42,592 during the year ended December 31, 2025. The Company pays directly certain other fees related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the employer contributions portion of their accounts.

7. Tax Status

The Plan has adopted a volume submitter profit sharing plan document which the Internal Revenue Service has determined by a letter dated October 6, 2020 to be designed in accordance with applicable sections of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with applicable sections of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events, such as pandemics or international conflicts, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

Effective January 1, 2026, the Plan was amended. Certain significant changes are summarized below. The amendment has no effect on the Plan's 2025 financial statements.

Qualified automatic contribution arrangement safe harbor design
Effective January 1, 2026, the Plan converted from a traditional safe harbor 401(k) design to a qualified automatic contribution arrangement ("QACA") safe harbor design. The Company's safe harbor matching contribution formula was not changed and remains equal to 100 percent of a participant's salary deferrals that do not exceed 3 percent of compensation, plus 50 percent of salary deferrals between 3 percent and 5 percent of compensation. However, safe harbor matching contributions are now subject to a two-year cliff vesting schedule (zero percent vested with less than two years of service; 100 percent vested at two years of service). Previously, safe harbor matching contributions were fully vested immediately. Individuals who were employed by the Company and were participants in the Plan on December 31, 2025 remain fully vested in their safe harbor matching contribution accounts regardless of future service.

Increase in automatic deferral rate
The default automatic deferral rate under the Plan's automatic contribution arrangement increased from 2 percent to 3 percent of eligible compensation. The new default rate applies to newly eligible employees and to existing participants who were not deferring on January 1, 2026 and did not elect otherwise in connection with the QACA implementation. For participants subject to the automatic deferral, the rate increases automatically by 1 percent of compensation each plan year, up to a maximum of 6 percent (previously 5 percent).

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☐ Unmodified **(2)** ☐ Qualified **(3)** ☐ Disclaimer **(4)** ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☐ DOL Regulation 2520.103-8 **(2)** ☐ DOL Regulation 2520.103-12(d) **(3)** ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **(2)** EIN:

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. **(2)** ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions.)

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	**4a**			
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	**4b**			
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	**4c**			
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	**4d**			
e Was this plan covered by a fidelity bond?	**4e**			
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	**4f**			
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4g**			
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	**4h**			
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	**4i**			
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	**4j**			
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	**4k**			
l Has the plan failed to provide any benefit when due under the plan?	**4l**			
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	**4m**			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3	**4n**			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No

If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	**5b(2)** EIN(s)	**5b(3)** PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ..... ☐ Yes ☐ No ☐ Not determined

If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.
