INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of the
Blue Mantis, Inc. 401k Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of the Blue Mantis, Inc. 401k Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statement of Net Assets Available for Plan Benefits as of December 31, 2025, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and for the year then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section:

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditors' Report on the 2024 Financial Statements

The financial statements of the Plan as of December 31, 2024, were audited by Pavento, Ratcliffe, Renzi & Co., LLC who merged with KLR Ltd. as of June 1, 2026. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 3, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Blue Mantis, Inc. 401k Plan (the Plan) is intended to provide only general information regarding the Plan. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of eligible employees of Blue Mantis, Inc. (the Company, Employer or Plan Sponsor) and their beneficiaries. The Plan was established under Sections 401(a) and 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan covers substantially all employees of the Company who have attained age 21, with entry into the Plan on the first day of the month coinciding with or next following attainment of age 21. Union employees, nonresident aliens, residents of Puerto Rico, interns and temporary staff are ineligible to participate. Participants may make elective deferrals through payroll deductions and direct the investment of their accounts among the investment options offered by the Plan.

The Employer is also the Plan Administrator. Effective February 1, 2025, the Plan was amended and restated in connection with the Plan Sponsor's change in trustee and recordkeeper. Prior to March 10, 2025, Capital Bank and Trust Company (Capital Bank) served as trustee of the Plan and Capital Group Retirement Plan Services (Capital Group) served as recordkeeper. Effective March 10, 2025, ADP Retirement Trust Services, LLC (ADP Trust) replaced Capital Bank as trustee of the Plan, and ADP, Inc. (ADP) replaced Capital Group as recordkeeper, providing administrative and recordkeeping services at the direction of the Plan Administrator. All Plan assets held by Capital Bank were transferred to ADP Trust on March 10, 2025.

Contributions

Participants may elect to contribute a percentage of their eligible compensation as pre-tax or Roth 401(k) deferrals, subject to annual limitations provided by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Effective January 1, 2025, the Plan adopted a provision of the Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE Act 2.0), allowing certain eligible participants to make increased catch-up elective deferrals, referred to as "super catch-up" contributions. Under this provision, the maximum catch-up deferral amount for participants between the ages of 60 and 63 increased from $7,500 to $11,250, indexed for inflation after 2025. Effective February 1, 2025, participants may elect to defer up to 90% of their eligible compensation. Participants may also contribute amounts representing distributions from other qualified retirement plans and certain individual retirement accounts (rollover contributions). Participants direct the investment of their contributions into various investment options offered by the Plan.

Prior to February 1, 2025, the Employer discretionary matching contribution was equal to 50% of participants' pre-tax and Roth deferrals up to 5% of eligible compensation. Effective February 1, 2025, the Plan provides for a flexible Employer discretionary match determined annually by the Employer. For 2025, the Employer continued the 50% match up to 5% of eligible compensation. Participants eligible for the Employer discretionary matching contribution share in the contribution regardless of the amount of service completed during the Plan year. Employer discretionary matching contributions made to the Plan for the year ended December 31, 2025 totaled approximately $753,000.

The Employer may also make a discretionary profit-sharing contribution. Employer discretionary profit-sharing contributions, if made, are allocated to participants in the ratio that their eligible compensation bears to the total eligible compensation paid to all eligible participants for the Plan year. To be eligible for the Employer discretionary profit-sharing contribution, a participant must be employed by the Employer on the last day of the Plan year in which it was made. No discretionary profit-sharing contribution was made for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer's discretionary matching contributions and their allocation of Plan earnings/losses and any expenses incurred. Employer discretionary profit-sharing contributions, Plan earnings/losses and administrative revenue (expenses) are allocated to participant accounts based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, and actual earnings thereon. Participants become fully vested in Employer matching and profit-sharing contributions and the related earnings thereon after three years of service. Service with designated other employers is recognized for vesting purposes. A participant also becomes 100% vested in Employer contributions upon attainment of normal retirement age, death or disability. For purposes of vesting, a participant is credited with a year of service for each Plan year in which the participant completes at least 1,000 hours of service.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Note terms range from one to five years, except for notes used to purchase a principal residence, which may have a term of up to 30 years. The notes are secured by the participant's vested account balance and bear interest at a fixed rate equal to the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, death, disability or termination of service, a participant or beneficiary may receive the participant's vested account balance. Normal retirement age under the Plan is age 65. If a participant's vested account balance exceeds $7,000, the participant may elect to receive the benefit as a lump-sum distribution, installment payments or partial withdrawals. Participants may generally defer receipt of their benefits, subject to applicable required minimum distribution provisions.

If a participant's vested account balance does not exceed $7,000, the benefit is subject to the Plan's mandatory distribution provisions. Mandatory distributions greater than $1,000 and not otherwise affirmatively elected by the participant to be paid or directly rolled over are automatically rolled over to an individual retirement account designated by the Plan Administrator.

Participants who have attained age 59½ may elect to withdraw all or a portion of amounts available for in-service distribution while still employed by the Employer. The Plan also permits hardship distributions for qualifying immediate and heavy financial needs.

The Plan permits qualified birth or adoption distributions whereby a participant may receive a distribution of up to $5,000 during the one-year period beginning on the date on which the participant's child is born or on which the legal adoption by the participant of an eligible adoptee is finalized.

Effective February 1, 2025, the Plan adopted a provision of the SECURE Act 2.0, which increased the automatic cash-out threshold from $5,000 to $7,000.

Hardship Withdrawals

Participants may request hardship withdrawals from their accounts subject to limitations imposed by the IRC. The minimum permitted hardship withdrawal is $500.

Forfeitures

Forfeitures of nonvested Employer contributions may be used to pay Plan expenses or reduce future Employer contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $14 and $55,307, respectively. During the year ended December 31, 2025, forfeitures totaling $183,850 were used to reduce Employer contributions.

Plan Termination

The Employer expects to continue the Plan indefinitely. However, the Employer reserves the right to amend the Plan at any time and in any manner that it deems advisable, provided that no amendment shall have the effect of diverting Plan assets for purposes other than for the exclusive benefit of the Plan participants, and any Plan termination would be subject to the provisions of ERISA. If the Plan is terminated, the participants would become fully vested and entitled to receive all amounts credited to their accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting
The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Valuation of Investments and Income Recognition
The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3). The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Participant Notes Receivable
Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income on participant notes receivable is recorded when it is earned. A receivable is considered past due if payment has not been received within stated terms. Delinquent participant notes receivable are reclassified as distributions based on the terms of the Plan document.

Contributions
Participant and Employer matching contributions are recorded bi-weekly when the Employer remits the contributions for investment into the Plan. Employer discretionary profit-sharing contributions, if any, are recorded in the period in which they are determined by the Employer.

Payment of Benefits
Benefits are recognized when paid to participants or their designated beneficiaries.

Administrative Revenue (Expenses)
Certain administrative expenses of the Plan are paid by the Employer, unless the Employer directs that such expenses be paid by the Plan. Expenses paid by the Employer are excluded from these financial statements. Participant notes receivable set-up and maintenance fees and fees associated with distributions are paid directly by participants through a reduction in their accounts and are included in administrative expenses. Investment management and recordkeeping fees for certain investments are included as a reduction of investment return (net appreciation or depreciation) and not reflected separately in the statement of changes in net assets available for plan benefits. Administrative revenue arises when investment managers return a portion of investment fees to the recordkeeper to offset administrative expenses. Any excess resulting from this revenue credit remains unallocated and may be used to pay future Plan expenses or otherwise allocated in accordance with the provisions of the Plan. The Plan held unallocated administrative revenues of $2 at December 31, 2025. There was no unallocated administrative revenues held by the Plan at December 31, 2024.

Estimates
The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets available for plan benefits. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties
The Plan provides for various investment options with various investment objectives. Investment securities are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

The Plan invested in three mutual funds that accounted for approximately 48% and 49% of total Plan investments as of December 31, 2025 and 2024, respectively.

Financial Instruments with a Concentration of Credit Risk
The Plan's investments are held by a single trustee. The Plan's exposure to credit risk is associated with the trustee's non-performance of its fiduciary responsibilities relating to these amounts as specified in the applicable agreements. Benefits provided by the Plan are not insured or guaranteed by the Pension Benefit Guaranty Corporation.

Reclassifications
Certain amounts in the 2024 financial statements have been reclassified to conform with the 2025 financial statement presentation. These reclassifications have no impact on the net assets available for plan benefits as of December 31, 2024.

Subsequent Events
Management has evaluated subsequent events through October 13, 2026 which is the date these financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy and inputs to the valuation methodologies are described as follows:

Level 1 inputs are unadjusted quoted prices in active markets for identical assets the Plan has the ability to access.

Level 2 inputs are other than quoted prices in active markets that are observable either directly or indirectly for the asset. Such inputs are derived principally from or corroborated by observable market data for similar assets by correlation or other means, over substantially the full contractual term of the asset, if applicable.

Level 3 inputs are unobservable and significant to the fair value measurement. Such inputs generally rely on the Plan's own assumptions about the assumptions that market participants would use in pricing the asset.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Money Market Fund: The money market fund is valued at the daily closing price as reported by the fund, which is required to publish its net asset value (NAV) and transact at that price.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

As of December 31, 2025 and 2024, the Plan's investments in the money market fund and mutual funds are reported at level 1 within the fair value hierarchy.

4. Income Tax Status

The Plan has adopted an ADP non-standardized pre-approved plan. The pre-approved plan obtained its latest opinion letter on October 6, 2020, in which the Internal Revenue Service (IRS) stated that the form of the Plan was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan was amended and restated effective February 1, 2025. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. Summary of Financial Data Certified by the Trustees

The following is a summary of financial information and data certified by the trustees, Capital Bank as of December 31, 2024 and for the period January 1, 2025 through March 9, 2025 and ADP Trust as of December 31, 2025 and for the period March 10, 2025 through December 31, 2025:

Statements of Net Assets Available for Plan Benefits at December 31, 2025 and 2024, except for contribution receivables, if any;

Investment income and interest income from participant notes receivable on the Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2025; and,

Investment information provided in the supplemental schedule, Schedule of Assets (Held at End of Year) at December 31, 2025.

6. Differences from Form 5500

Differences between the Annual Return/Report of Employee Benefit Plan, Form 5500, and these financial statements are a result of different classifications between line items. Total Plan assets are in agreement.

7. Related Party Transactions and Party-in-Interest Transactions

Plan investments were held by Capital Bank, the trustee of the Plan, and effective March 10, 2025, by ADP Trust. Capital Group served as the Plan's recordkeeper through March 10, 2025, and ADP served as the Plan's recordkeeper thereafter. Therefore, these transactions qualify as party-in-interest transactions.

The Plan receives revenue credits, as discussed in Note 2. Amounts credited to the revenue credit account are used to pay investment advisory expenses. During 2025, the amount allocated to participant accounts was approximately $14,700, net of $34,300 of administrative expenses.

For the period January 1, 2025 through March 9, 2025, the Plan incurred approximately $33,900 of administrative and participant transaction fees related to services provided by Capital Group. For the remainder of the year ended December 31, 2025, the Plan made direct payments of approximately $6,200 to ADP.

Participant notes receivable also qualify as party-in-interest transactions.
