INDEPENDENT AUDITOR'S REPORT

To the Administrators of the
K.C. Summers Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of K.C. Summers Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of K.C. Summers Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of December 31, 2024 and 2023 and for the year ended December 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of K.C. Summers Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about K.C. Summers Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of K.C. Summers Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about K.C. Summers Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

K.C. SUMMERS, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2024 and 2023

Note 1– Description of Plan

The following description of K. C. Summers, Inc. (the Company), 401(k) Plan (Plan), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering all employees of the Company who are age 21 or older and have completed 6 months of service. It is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). The Company is responsible for the oversight of the Plan.

B. Contributions

Each year, participants may contribute up to 100% of pretax or after-tax annual compensation, as defined in the Plan, not to exceed the maximum amount allowed under the provisions of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts distributed from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 4% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants have their deferral rate increased by 1% per year up to a maximum of 8% of compensation.

During the year ended December 31, 2023, the Company contributed 33% of the salary reduction amount contributed during the Plan year up to 8% of compensation received during the Plan year. Effective April 1, 2024 the Company transitioned from Empower Trust Company, LLC as trustee to ADP Retirement Trust Services, LLC. After the transition the Company began contributing 50% of the salary reduction amount contributed during the Plan year up to 7% of compensation received during the Plan year. Contributions are subject to certain limitations.

Note 1 – Description of Plan (Concluded)

C. Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching contribution as well as allocations of Plan earnings and charged an annual administrative fee not to exceed 0.28% of the participant's account value plus an allocation of other administrative expenses incurred by the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

D. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

E. Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.5%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

F. Payment of Benefits

On termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or as an alternate form of benefit, a qualified joint and survivor annuity. The Plan permits in-service and hardship withdrawals under certain conditions.

G. Forfeited Accounts

At December 31, 2024 and 2023, forfeited nonvested accounts totaled $0 and $8,083, respectively. This account will be used to reduce employer contributions. During 2024 and 2023, employer contributions were reduced by $15,333 and $0, respectively, from forfeited nonvested accounts.

Note 2 – Summary of Significant Accounting Policies

A. Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Note 2 – Summary of Significant Accounting Policies (Continued)

B. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

C. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company's management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 4 for a discussion of fair value measurements.

Purchase and sale of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

C. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Notes receivable from participants are considered delinquent the first business day following the expiration of the due date, exclusive of any grace periods, for any required loan repayment installment that is not paid in full. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2024 or 2023.

D. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan had $7,787 and $3,579 of excess contributions payable at December 31, 2024 and 2023, respectively.

E. Payment of Benefits

Benefits are recorded when paid.

Note 2 – Summary of Significant Accounting Policies (Concluded)

F. Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of participant accounts, notes receivable from participants and distributions to participants are charged directly to the participants account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives Compensation from the Plan.

G. Date of Management's Review of Subsequent Events

The Company has evaluated subsequent events through July 31, 2026, the date which the financial statements were available to be issued.

Note 3 – Information Certified by Trustee

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by ADP Retirement Trust Services LLC, and Empower Trust Company LLC, the trustees of the plan, except for comparing such information certified by the trustee with information included in the plan's financial statements and supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year):

	2024	2023
Mutual Funds	$ 11,613,791	$ 1,795,976
Common Collective Trusts	806,415	8,366,976
Stable Value Fund	-	897,482
Total	$ 12,420,206	$ 11,060,434

Note 3 – Information Certified by Trustee (Concluded)

The aggregate net investment income allocated to the Company from Empower Trust Company, LLC and ADP Retirement Trust Services, LLC for the year ended December 31, 2024, was as follows:

Interest and dividend income	$ 429,195
Net appreciation in investments:	
Mutual funds	416,297
Common collective trusts	430,415
Net investment income	$ 1,275,907
Participant notes receivable	$ 346,570
Interest income on participant notes receivable	$ 25,678

Common Collective Trusts are reported by the trustees at contract value which management believes approximates fair value. Common Collective Trusts have been included in the investments at fair value on the Statements of Net Assets Available for Benefits.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

Note 4 – Fair Value Measurements (Continued)

- Inputs other than quoted prices that are observable for the asset or liability;

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2024 and 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 11,613,791	$ -	$ -	$ 11,613,791
Total assets in the fair value hierarcy	$ 11,613,791	$ -	$ -	11,613,791
Investments measured at NAV				806,415
Total investements at fair value				$ 12,420,206

Note 4 – Fair Value Measurements (Concluded)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 1,795,976	$ -	$ -	$ 1,795,976
Total assets in the fair value hierarcy	$ 1,795,976	$ -	$ -	1,795,976
Investments measured at NAV				9,264,458
Total investements at fair value				$ 11,060,434

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2024 and 2023, respectively.

	Fair Value	Unfunded Commitments	Redemption Frequency	Redepmtion Notice Period
December 31, 2024:				
Common collective trusts	$ 806,415	N/A	Daily	None
	$ 806,415			
December 31, 2023:				
Common collective trusts	$ 8,366,976	N/A	Daily	None
Stable value funds	897,482	N/A	Daily	None
	$ 9,264,458			

Common collective trusts and stable value funds – The common collective trusts and stable value funds consist of a variety of fund types including equity funds, target date retirement funds, balanced funds, and bond funds. Common collective trusts and stable value funds are valued based on the underlying securities held within the trust that are traded in an active market.

Note 5 – Investment Contracts

From January 1, 2023 to March 31, 2024, while Empower Trust Company, LLC was the trustee of the Plan, one of the Plan's investment options was the Stable Value Fund (the "Fund"). The Fund was a separately managed account within the Plan's trust managed by Empower Trust Company, LLC, whereby the Plan owned the Fund's underlying investments. The Fund invests in global wraps. Global wrap contracts operate similarly to guaranteed investment contracts. To enable the Plan to realize a specific known value for the assets, it needs to liquidate them to make benefit payments, global wrap contracts utilize a benefit-responsive "wrapper" contract with a third-party insurance carrier that provides market and cash flow risk protection to the Plan.

The "wrapper" contract enables the Plan to execute participant transactions at contract value without regard to the appreciation or depreciation in the day-to-day value of the underlying assets. These contracts, often referred to as synthetic investment contracts, meet the fully benefit-responsive investment contract criteria and they are reported at contract value which management believes approximates fair value.

The effective yields on these contracts represent the crediting rate, less the "wrapper" fee paid to the insurance carrier. Global wraps do not expire as assets are sold or mature; instead, the wrap remains intact and the maturity of the contract is open-ended. The underlying investments are valued at quoted redemption values on the last business day of the Plan's year end. Contract value represents the contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. At December 31, 2024 and 2023 the value of the stable value fund's global wrap contracts was $0 and $897,482, respectively.

Wrap contracts accrue interest using a formula called the "crediting rate". Wrap contracts use the crediting rate formula to convert market value changes in the covered assets into income distributions in order to minimize the difference between the market and contract value of the covered assets over time. Using the crediting interest rate formula, an estimated future market value is calculated by compounding the Fund's current market value at the Fund's current yield to maturity for the period equal to the Fund's duration. The crediting rate is the discount rate that equates the estimated future market value with the Fund's current contract value. Crediting rates are reset quarterly. The wrap contracts provide a guarantee that the crediting rate will not fall below 0%.

Note 5 – Investment Contracts (Continued)

The crediting rate, and hence the Fund's return, may be affected by many factors, including purchases and redemptions by participants. The precise impact on the fund depends on whether the market value of covered assets is higher or lower than the contract value of those assets. If the market value of the covered assets is higher than their contract value, the crediting rate will ordinarily be higher than the yield of the covered assets. Under these circumstances, cash from new investors will tend to lower the crediting rate and the Fund's return, and redemptions by participants will tend to increase the crediting rate and the Fund's return.

If the fund experiences significant redemptions when the market value is below the contract value, the Fund's yield may be reduced significantly, to a level that is not competitive with other investment options. This may result in additional redemptions, which would tend to lower the crediting rate further. If redemptions continued, the Fund's yield would be reduced to zero. If redemptions continued thereafter, the fund might have insufficient assets to meet redemption requests, at which point the Fund would require payments from the wrap issuer to buy further shareholder redemptions.

The stable value fund and the wrap contracts purchased by the Fund are designed to pay all participant-initiated transactions at contract value. Participant initiated transactions are those transactions allowed by the Plan (typically, this would include withdrawals for benefits, loans or transfers to non-competing funds within the Plan). However, the wrap contracts limit the ability of the Fund to transact at contract value upon the occurrence of certain events. These events include:

- the Plan's failure to qualify under Section 401(a) or Section 401(k) of the Internal Revenue Code.
- the establishment of a defined contribution plan that competes with the Plan for employee contributions.
- any substantive modification of the Plan or the administration of the Plan that is not consented to by the wrap issuer.
- complete or partial termination of the Plan.
- any change in law, regulation, or administrative ruling applicable to the Plan that could have a material adverse effect on the Fund's cash flow.
- merger or consolidation of the Plan with another plan, the transfer of Plan assets to another Plan, or the sale, spin-off, or merger of a subsidiary of the Plan sponsor.

Note 5 – Investment Contracts (Concluded)

- any communication given to participants by the Plan sponsor or any other Plan fiduciary that is designed to induce or influence participants not to invest in the Fund or to transfer assets out of the Fund.
- exclusion of a group of previously eligible employees from eligibility in the Plan.
- any early retirement program, group termination, group layoff, facility closing, or similar program.
- any transfer of assets from the Fund directly to a competing option.

At this time, management does not consider the occurrence of these events probable.

Note 6 – Related Party Transactions and Party In Interest Transactions

Certain Plan investments are shares of funds managed by Empower Trust Company, LLC and ADP Retirement Trust Services, LLC. Empower Trust Company, LLC and ADP Retirement Trust Services, LLC are the trustees as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan sponsor pays directly any other fees related to the Plan's operations.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8 – Income Tax Status

The IRS has determined and informed the Company by a letter dated June 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note 8 – Income Tax Status (Concluded)

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and contributions per the financial statements to Form 5500 as of December 31:

Note 11 – Prohibited Transactions

During 2023 and 2024 the plan sponsor failed to remit to the plan's trustee certain employee contributions totaling approximately $156,266 and $8,941, respectively, within the period prescribed by Department of Labor regulations. Delays in remitting contributions to the trustee were due to administrative errors and the plan sponsor will make contributions to the affected participants' accounts to compensate those participants an aggregate of approximately $144 for potential loss of income due to the delay. Management intends to correct the majority of these late remittances outside of the VFCP program. Excise tax on these late remittances will be paid in 2024 and 2025.
