Independent Auditor's Report

The Plan Administrator
TurningPoint 401(k) Plan
Rockville, MD

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of Turning Point Global Solutions, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required supplemental schedule (Schedule H, Line 4i- Schedule of Assets (Held at End of Year) as of December 31, 2025) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare financial statements or to the financial statements themselves, and other additional procedures in

accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter – Auditor's Report on the 2024 Financial Statements

Predecessor auditors performed an audit of the 2024 financial statements of the TurningPoint 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 10, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedules, other than the information in the 2024 supplemental schedules that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

General

The following description of the TurningPoint 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan covering substantially all employees of Turning Point Global Solutions, LLC (the Employer), as defined below. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

John Hancock Retirement Plan Services, LLC (John Hancock) serves as the third-party administrator and recordkeeper that processes and maintains the records of participant data. John Hancock Retirement Plan Services has been engaged to serve as the trustee of the Plan. The Employer serves as the Plan Administrator and is responsible for the day-to-day operations and oversight of the Plan.

Eligibility

All full-time employees of the Company are considered eligible for participation, except for residents of Puerto Rico. Employees must have one month of service to participate in the Plan. Part-time employees are eligible for participation in the Plan once they reach 1000 hours of service. Temporary employees are not eligible for participation.

Participant Contributions

Eligible participants may defer pre-tax or post-tax contributions up to 100% of their eligible compensation, not to exceed annual Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover).

Participants who elect to contribute a portion of their compensation to the Plan agree to accept an equivalent reduction in compensation. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Company makes a nondiscretionary safe-harbor matching contribution equal to 100% of the participant's elective deferrals up to 3% of a participant's eligible compensation, plus 50% of the participant's elective deferrals that exceed 3% up to 5% of a participant's eligible compensation. The Employer may also make discretionary matching and discretionary profit-sharing contributions to the Plan. The Employer did not make any discretionary contributions for the year ended December 31, 2025.

Participant Accounts and Investment Options

Each participant's account is credited with the participant's contributions, Employer safe-harbor matching contributions, as well as allocations of Employer discretionary matching or profit-sharing contributions, if any, and Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their salary deferral contributions, rollover contributions, safe-harbor matching contributions and related earnings thereon. Vesting in the Company's discretionary matching and profit-sharing contributions portion of their accounts is based on years of continuous service. A participant is 100% vested after four years of credited service. Participants whose employment ends due to normal retirement, disability or death will be fully vested in the Company's profit-sharing contributions regardless of their years of service.

Forfeited Accounts

Terminating participants of the Plan are paid the current value of the vested balance in their accounts as soon as administratively feasible. Unvested amounts are forfeited and used to reduce the Employer's discretionary contributions. As of December 31, 2025 and 2024, forfeitures totaled $534 and $106, respectively. In 2025, no forfeited nonvested accounts were used to reduce employer contributions.

Payment of Benefits

Benefit payments are available to participants upon retirement (age 65), termination of employment, death, in-service withdrawals upon attainment of age 59½, or disability. Upon proof, to the satisfaction of the Plan Administrator, of an immediate and heavy financial need, amounts contributed by the participant may be withdrawn for hardship purposes. Participants are entitled to a benefit equal to the vested portion of their account, which will be distributed in the form of a lump sum payment. Distributions are subject to the applicable provisions of the Plan agreement. Certain income taxes and penalties may apply to withdrawals or distributions prior to age 59½. Immediate lump-sum distributions may be made to terminated participants if the participant's vested account balance is $5,000 or less.

Notes Receivable from Participants

The Plan allows participants to borrow not less than $1,000 and up to the lesser of $50,000 or 50% of their vested account balance. Participants may only have one loan outstanding at a time. The notes are secured by the participant's vested account balance and no more than one outstanding note is permitted at any time. Such notes bear interest at 1% over the prime interest rate and must be repaid to the Plan within a five-year period, unless the note is used to purchase a principal residence. The specific terms and conditions of such notes are established by the trustees of the Plan. Principal and interest are paid ratably through payroll deductions.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid, interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make note repayments and the Plan Administrator deems the note to be in default, the note balance is reduced, and a benefit payment is recorded based on the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan administrative and recordkeeping fees are paid by the Plan and included in administrative expenses. Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Fees related to specific participant transactions are charged directly to the participant's account and included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

3. Certified Investment Information

Certain information disclosed in the accompanying financial statements and ERISA-required supplemental schedule, related to investments and notes receivable from participants held as of

December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock, a qualified institution.

4. Fair Value Measurements

Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 or 2024. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	$ 17,563,996	$ -	$ -	$ 17,563,996
Investments, measured at NAV*				186,281
Total Investments, at fair value				$17,750,277

December 31, 2024	Level 1	Level 2	Level 3	Total
Mutual funds	$ 15,481,664	$ -	$ -	$ 15,481,664
Investments, measured at NAV*				414,370
Total Investments, at fair value				$ 15,896,034

* Certain investments that are measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Related Party and Party-in-Interest Transactions

Certain Plan investments were invested in funds managed by John Hancock Trust Company LLC. John Hancock Trust Company LLC is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. During 2025, $59,804 of recordkeeping fees were paid to the Plan's recordkeeper and $40,800 of investment advisory fees were paid to the Plan's investment advisor; these transactions qualify as party-in-interest transactions. These fees are included in administrative expenses in the accompanying statement of changes in net assets available for benefits.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and its related regulations. In the event of Plan termination, participant accounts will become fully vested and non-forfeitable.

7. Tax Status

The Plan is using a prototype plan that received an opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the form of the Plan document was acceptable under the applicable requirements of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not

be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities that, in general, are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Subsequent Events

Management has evaluated events and transactions for potential recognition or disclosure through the independent auditor's report date, October 14, 2026 the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
