INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
SRK Retirement and Savings & Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of SRK Retirement Savings & Investment Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such

procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment

information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SRK RETIREMENT SAVINGS & INVESTMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024 AND FOR THE YEAR ENDED DECEMBER 31, 2025

1. DESCRIPTION OF THE PLAN

The following description of the SRK Retirement Savings & Investment Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General—The Plan is a defined-contribution plan. All employees, excluding trainees, of SumiRiko Ohio, Inc. (the Company or the Plan Sponsor), as well as Sumitomo Riko America, Inc. and SumiRiko Technical Center America, Inc. are eligible to participate in the Plan. The Investment Policy Committee has been appointed to control and manage the operation and administration of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Fidelity Management Trust Company (FMTC) serves as the trustee of the Plan and Fidelity Workplace Services LLC serves as the recordkeeper of the Plan.

The Company was incorporated in January 1988 as a wholly owned subsidiary of Sumitomo Riko Co., Ltd., a public company in Japan. The Company is a manufacturer of automotive parts, and its products are primarily sold in the U.S.

Contributions—Participating employees may contribute any whole percentage of their wages up to the maximum percentage allowable not to exceed the limits of Internal Revenue Code (IRC) Section 401(k), 402(g), 404, and 415. Annual employee contributions were limited to $23,500 in 2025 and $23,000 in 2024, as indexed by the Internal Revenue Service (IRS). The Plan allows for tax deferred contributions, as well as Roth contributions. The Plan also places certain restrictions on contributions from those employees defined as highly compensated. Participants 50 years of age and older were also allowed to contribute an additional $7,500 in 2025 for catch-up contributions. In addition to the regular catch-up contributions for participants aged 50 and older, beginning in 2025, the IRS introduced an increased catch-up contribution limit for employees that are or will be the ages of 60 to 63 within the 2025 calendar year.

Participants may also contribute amounts representing distributions from other qualified defined-benefit or defined-contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The automatic deferral percentage for participants automatically enrolled will increase by 1% per year up to a maximum of 10% of eligible compensation.

The Plan provides for employer matching contributions in an amount equal to 50% of the first 6% of each eligible participant's compensation contributed to the Plan.

The Plan also allows for nonelective (discretionary) contributions by the Company. During 2025, there were no qualified discretionary contributions.

Participant Accounts—Each participant's account is credited with the participant's contribution, the Company's matching contribution, and allocations of the Company's nonelective contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting—Participants are vested immediately in their contributions, plus actual earnings thereon. A participant's vested interest in his/her nonelective and matching contributions subaccounts shall be 0% until the participant has completed one year of vesting service at which time his/her vested interest shall be 100%.

Investments—Upon enrollment in the Plan, participants have full discretion in how their funds and any Company contributions are allocated and invested in the Plan's various investment options. Participants may change their investment options daily.

Notes Receivable from Participants—The amount participants may borrow from their fund accounts shall not exceed the lesser of $50,000 reduced by the excess, if any, of the highest outstanding balance of any other loan to the participant from the Plan or any other plan maintained by the Plan Sponsor during the preceding 12-month period over the outstanding balance of such loans on the date a loan is made hereunder; or 50% of the vested portions of the participant's account and his/her vested interest under all other plans maintained by the Plan Sponsor. The loans are secured by the balance in the participant's account and bear interest at the prime rate, plus 1% on the day that the loan is issued, updated quarterly. Loan terms range between one and sixty months. As of December 31, 2025 and 2024, participant loans have maturities through 2031 at interest rates ranging from 4.25 percent to 9.50 percent.

Payment of Benefits—On termination of service, for any reason other than retirement, death, or disability, the participant is eligible to receive his/her entire salary deferral account and the vested portion of his/her company account in cash. Upon retirement, death, or disability, a participant may generally elect to receive distribution of all or a portion of his/her account in a series of monthly, quarterly, annual, or semiannual installments over a specified period. In-service withdrawals are also permitted in certain situations.

Forfeited Accounts—Nonvested employer contributions of terminated employees remain in their accounts for one year or five years from the date of termination depending on whether the employee takes a distribution of his/her vested balance. If the employees are subsequently rehired within the applicable periods mentioned above, they shall have such forfeited amounts recredited to a new account in his/her name, without adjustment for interim gains or losses experienced by the Plan. After such period, forfeitures may be first used to pay administrative expenses under the Plan and any remaining forfeitures not used to pay administrative expenses under the Plan shall be applied to reduce employer contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $50,051 and $32,353, respectively.

Administrative Expense—Certain administrative expenses of the Plan are paid by the Plan's sponsor as provided in the plan document and are not reflected in the accompanying financial statements. Individual participants pay administrative costs for loans, distributions and qualified domestic relation orders, as applicable.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates—The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan utilizes various investment instruments, including a fully benefit-responsive investment contract and mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Concentration of Investments—The Plan's exposure to a concentration of credit risk is limited by the diversification of investments across a variety of participant-directed fund elections. Additionally, the investments within each participant-directed fund election are further diversified into a variety of financial instruments. Investment decisions are made, and the resulting risks are borne, exclusively by the Plan participants who made such decisions.

Investment Valuation and Income Recognition—Investments are reported at fair value (except for the fully benefit-responsive investment contract which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Policy Committee determines the Plan's valuation policies utilizing information provided by the trustee and insurance carrier. See Note 4 for a discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to the fully benefit-responsive investment contract because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of realized gains and losses and unrealized appreciation or depreciation on assets held at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Deemed distributions of notes receivable from participants represent loans with no repayments for more than 90 days that are deemed distributed and taxed. If a participant received a deemed distribution as a result

of a layoff, he/she is able to refinance the loan upon returning to work with the current employer. Deemed distributions were $19,842 and $28,593 in 2025 and 2024, respectively and are included within benefits paid to participants in statement of changes in net assets available for benefits.

Contributions—Participant contributions are recorded when withheld. Employer matching contributions are recorded when earned.

Payment of Benefits—Benefit payments to participants are recorded when paid.

Administrative Expenses—Participants pay administrative costs for loans, distributions, and qualified domestic relation orders. All investment management and transaction fees directly related to the Plan investments are paid by the Plan. Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

3. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedule that were prepared by or derived from information prepared by FMTC, the trustee of the Plan and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

	2025	2024
Statements of Net Assets Available for Benefits		
Participant-directed investments - at fair value	$ 64,048,865	$ 55,896,527
Guaranteed Interest contract - at contract value	11,057,716	11,166,636
Notes receivable from participants	803,661	790,679

	2025
Statement of Changes in Net Assets Available for Benefits	
Interest and dividend income	$ 3,851,096
Net appreciation in fair value of investments	5,869,342
Interest income from notes receivable from participants	68,086

Supplemental schedule: All investment balances and information included in the supplemental schedule of assets (held at end of year).
Note 4: All investment balances and investment information, excluding the level of investments.

4. FAIR VALUE MEASUREMENT

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, provides a framework for measuring fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value, as follows: Level 1, which refers to securities valued using unadjusted quoted prices from active markets for identical assets; Level 2, which refers to securities not

traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

Asset Valuation Techniques—Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds—Mutual funds are reported at fair value based on the unadjusted quoted market price of the fund from national exchanges and are classified within Level 1 of the valuation hierarchy.

5. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan invests in a contract with Massachusetts Mutual Life Insurance Company (Mass Mutual). The contract includes a benefit-responsive contract (Guaranteed Interest Contract) for which Mass Mutual holds the assets in a separate account and therefore is reported at contract value. The benefit-responsive contract is credited with earnings and charged for participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events, such as the premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the issuer. The Plan Administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with the plan participants is not probable. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are mutual funds managed by FMTC, the trustee of the Plan. Therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid for investment management services were included as a reduction of the return earned on each fund. The Plan also issues loans to participants, which are secured by the vested balances in the participants' accounts.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8. FEDERAL INCOME TAX STATUS

The Plan adopts a prototype plan sponsored by Fidelity Management & Research Company ("Fidelity"). Fidelity received an opinion letter from the IRS dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through October xx, 2026, the date the financial statement were available to be issued. In July 2026, the Retirement Plan Committee approved the merger of the Plan

with and into the Sumitomo Electric Group 401(k) Plan ("SEG Plan"), effective January 1, 2027. Upon the effective date, Plan participants will begin contributing to the SEG Plan in accordance with the SEG Plan's provisions. All assets and liabilities of the Plan will be transferred to the SEG Plan on March 1, 2027.
