Independent Auditors' Report

To the Plan Administrator of
CRDF Retirement Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of CRDF Retirement Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of CRDF Retirement Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of CRDF Retirement Plan and Trust. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

CRDF Retirement Plan and Trust has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2 to the financial statements, the CRDF Retirement Plan and Trust has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such contracts and accounts also have been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these contracts and accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CRDF Retirement Plan and Trust's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct audits of CRDF Retirement Plan and Trust's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of CRDF Retirement Plan and Trust, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as of and for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

1. Description of Plan

The following description of the CRDF Retirement Plan and Trust (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a tax sheltered annuity defined contribution 403(b) plan established effective January 1, 1997, as restated January 1, 2020 to adopt a pre-approved volume submitter 403(b) plan sponsored by Newport Group, Inc., a third-party administrator of the plan. The Plan covers all employees, excluding those who normally work less than 20 hours per week, of U.S. Civilian Research & Development Foundation (the “Organization”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Audit Committee is responsible for oversight of the Plan. The Plan’s Audit Committee determines the appropriateness of the Plan’s investment offerings, monitors investment performance, and reports to the Sponsor’s Board of Directors.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (“IRC”). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Additional discretionary amounts may be contributed by the Organization at the option of the Board of Directors. For the years ended December 31, 2025 and 2024, the Organization’s contribution percentage was up to 10% of participant's eligible compensation. For a participant with less than five years of service, the Sponsor’s discretionary contribution is equal to 5% of compensation. The discretionary contributions increase in 1% increments for each year of service, until a participant reaches nine years of service, at which point the discretionary contribution is capped at 10% of eligible compensation. For participants hired before January 1, 2005 contribution is equal to 10% of compensation. Full time employees are eligible to participate in employer non-elective contributions after completing six months of service. Employees classified as temporary become eligible after completing 1000 hours of service within the first year of employment or any subsequent calendar year. Contributions are subject to certain Internal Revenue Service (“IRS”) limitations.

1. Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions, allocations of the Organization's discretionary contributions and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Organization's contribution portion of their accounts is based on years of continuous service. A participant is 20 percent vested after One year of credited service and continues to vest in increments of 20 percent until 100 percent vested after Five years of credited service. Any participant reaching the normal retirement age of 65 under the Plan will automatically become 100% vested in all contributions under the Plan. In addition, participants who become disabled, or die while employed with the Sponsor shall automatically be 100% vested.

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. In addition, the Plan allows for hardship distributions if certain criteria are met. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. If the participant's vested interest in his or her account is less than $5,000 (including rollover contributions made to the account), the balance shall be paid in a single, lump sum payment as soon as practicable. If the participant's vested interest in his or her account is more than $5,000, the participant must consent to any distribution before it may be made.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $3,697 and $344, respectively. These accounts will be used to reduce future employer contributions. During the years ended December 31, 2025 and 2024, the Plan Sponsor utilized $179,288 and $116,655, respectively, from forfeited nonvested accounts, in accordance with plan provisions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, the Plan has excluded such annuity contracts and custodial accounts from investments in the accompanying statements of net assets available for benefits, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, "Annual Reporting Requirements for 403(b) Plans". The investment income and distributions related to such annuity contracts and custodial accounts also have been excluded from the accompanying statement of changes in net assets available for benefits. U.S. GAAP requires that these annuity contracts and custodial accounts and the related income and distributions be included in the accompanying financial statements. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Audit Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

2. Summary of Accounting Policies (Continued)

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Subsequent events were evaluated through October 13, 2026, the date the financial statements were available to be issued. Effective January 1, 2026, the Plan was amended to allow participants to make Roth deferrals and to provide that qualified distributions attributable to Roth deferrals will not be subject to federal income tax, provided applicable requirements are satisfied. There were no other subsequent events that require recognition or disclosure in these financial statements.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 – Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

3. Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation technique are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

> *Mutual funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 34,863,985	$ -	$ -	$ 34,863,985
Total assets in the fair value hierarchy	34,863,985	-	-	34,863,985
Total Investments at Fair Value	$ 34,863,985	$ -	$ -	$ 34,863,985

Assets at Fair Value as of December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 34,172,347	$ -	$ -	$ 34,172,347
Total assets in the fair value hierarchy	34,172,347	-	-	34,172,347
Total Investments at Fair Value	$ 34,172,347	$ -	$ -	$ 34,172,347

4. Information Certified by Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, Fidelity Management Trust Company, the Custodian of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity reported in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024.

5. Related-Party and Party-In-Interest Transactions

Certain Plan investments are managed by the custodian, and therefore, these transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

7. Tax Status

Effective January 1, 2020, the Plan adopted a volume submitter plan offered by Newport Group, Inc. stating that the written form of the underlying specimen plan is qualified under Section 403(b) of the Internal Revenue Code. The Plan Administrator is currently not required to submit the plan to the IRS for determination as it is a Prototype 403(b) Retirement Plan. The Plan's tax advisors believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC).

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Delinquent Participant Contributions

For the year ended December 31, 2024, the Organization did not remit certain participant contributions to the Plan on a timely basis as defined by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Delinquent participant contributions of $906 related to 2024 and $554 identified in a prior year remained uncorrected as of December 31, 2024. All delinquent contributions were subsequently remitted to the Plan in 2025, and the Organization compensated affected participants for related lost earnings in September 2025.
