Independent Auditors' Report

To the Plan Administrator of
David's Bridal 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of David's Bridal 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (a "qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DAVID'S BRIDAL 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

(1) Description of plan

The following description of the David's Bridal 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan sponsored by David's Bridal, Inc. (the "Company" or "plan sponsor") for the benefit of its employees, except for employees covered by collective bargaining agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was adopted on January 28, 2007. Effective January 1, 2025, the Plan was amended to appoint ADP Retirement Trust Services, LLC as the Plan's Trustee upon the resignation of Reliance Trust Company on December 31, 2024.

Contributions - Participants may contribute up to 50% of pre-tax annual compensation, as defined in the Plan document, up to amounts allowable by law. Participants are also permitted to contribute Roth Elective Deferrals. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). Additionally, participants aged 50 or older, who are making contributions to the Plan, are allowed to make catch-up contributions as defined in the Plan document. In the event that participant contributions exceed amounts allowable by law, such excess contributions are refunded to the participants.

Effective September 1, 2025, the Plan sponsor amended the Plan document to include an automatic contribution arrangement. The amendment provides for the automatic enrollment of eligible employees who do not make an affirmative election regarding participation. The initial automatic contribution rate is 2% of an eligible employee's compensation unless the employee elects a different contribution rate or opts out of participation. The initial automatic deferral amount increases annually by 1% up to a maximum of 10%. The increases shall be effective as soon as administratively feasible, beginning on or after each succeeding anniversary date following the date the eligible employee's automatic deferrals were first implemented.

The Company may make a discretionary matching contribution. Profit sharing (nonelective) contributions may be contributed at the option of the Company. Contributions are subject to certain Internal Revenue Code ("IRC") limitations. There were no discretionary matching contributions or profit sharing (nonelective) contributions for the year ended December 31, 2025. However, the Plan recorded an employer contribution receivable of $17,502 at December 31, 2025, related to a QNEC contribution to be funded by the Company.

Participant investment account options - Participants direct the investment of all contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and common/collective trust funds as investment options for participants.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of: (a) the Company's contributions and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations of Company contributions are based on participant contributions or compensation. Allocations of earnings and administrative expenses are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of plan (continued)

Vesting - Participants are immediately vested in their contributions, qualified nonelective contributions (QNEC), and actual earnings thereon. Employees hired before January 1, 2012 are 100% vested in matching contributions. Nonelective contributions for all employees and employer matching contributions for employees hired after January 1, 2012, are subject to the following vesting schedule:

Years of Service	Nonelective Vested %	Matching Vested %
Less than 1	0	0
1	0	33
2	20	66
3	40	100
4	60	100
5	80	100
6	100	100

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balances. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.50%, which are commensurate with local prevailing rates as determined periodically by the plan administrator. Principal and interest are paid ratably through payroll deductions. Generally, the term of the loan cannot exceed five years. The term of a home purchase loan cannot exceed fifteen years.

Payment of benefits - On termination of service due to death, disability, or retirement, a participant or his/her beneficiary(ies) may elect to receive a lump sum amount equal to the value of the participant's vested interest in his/her account or installments over a period of not more than the participant's and/or his/her beneficiary's life expectancy. If a participant's vested benefit does not exceed $7,000, the participant will be entitled to a lump sum distribution within a reasonable time after termination of service due to other reasons. A participant may also withdraw from his or her vested balance in the event of financial hardship, as defined in the Plan.

Forfeited accounts - Forfeitures of employer discretionary matching and profit sharing contributions may be used to pay Plan expenses or reduce future employer matching or profit sharing contributions. As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $17 and $17,543, respectively. For the year ended December 31, 2025, $20,391 of forfeitures were used to pay plan expenses.

(2) Summary of significant accounting policies

Basis of accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

(2) Summary of significant accounting policies (continued)

Investment valuation and income recognition - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Contributions - Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from compensation.

Other income - Other income includes revenue share payments received from ADP. In 2025, the Plan received $21,489 in revenue share receipts.

Payment of benefits - Benefits are recorded when paid.

Administrative expenses - Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Certain investment-related expenses are paid by the Plan. Fees paid by the Plan for recordkeeping, consulting, and attest services were $206,909 for the year ended December 31, 2025.

Stale check liability - Distribution checks that were not cashed by participants were voided and deposited into one of the Plan's forfeiture accounts. As these funds represent amounts due to former participants, they are included in the Plan's statements of net assets available for benefits as stale check liability.

(3) Information prepared and certified by the trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held on December 31, 2025 and 2024, and net appreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by ADP Retirement Trust Services, LLC, the trustee of the Plan.

(4) Fair value measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, "*Fair Value Measurements and Disclosures,"* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

(4) Fair value measurements (continued)

The three levels of the fair value hierarchy under FASB ASC Topic 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liabilities fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust funds: Valued at estimated fair value as determined by the issuer of the common/collective trust fund based on the fair market value of the underlying investments. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan were to initiate a full redemption of the collective trust funds, the investment adviser reserves the right to temporarily delay withdrawal from the funds in order to ensure that the securities' liquidations will be carried out in an orderly business manner.

The Plan's investments in common/collective trust funds are excluded from the fair value hierarchy as they are measured daily at NAV on a nonpublic market. There are no unfunded commitments, and participants may transact daily. The Invesco Stable Asset ADP Z fund has a 12-month plan-level redemption notice period, and the other common/collective trust funds do not have a plan-level redemption notice period.

(4) Fair value measurements (continued)

The following tables set forth, by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Investments in fair value hierarchy:				
Mutual funds	$ 58,815,870	$ -	$ -	$ 58,815,870
Investments measured at net asset value				
Common/collective trust funds				9,228,637
Total investments at fair value				$ 68,044,507

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Investments in fair value hierarchy:				
Mutual funds	$ 41,931,668	$ -	$ -	$ 41,931,668
Investments measured at net asset value				
Common/collective trust funds				23,767,943
Total investments at fair value				$ 65,699,611

(5) Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(6) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	$ 68,604,971	$ 66,316,992
Plus: Stale check liability	122,206	98,713
Less: Employer contributions receivable	(17,502)	(29,185)
Cumulative deemed distributions on participant loans	(246,856)	(271,337)
Net assets available for benefits per Form 5500	$ 68,462,819	$ 66,115,183

(6) Reconciliation of financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of net increase per the statement of changes in net assets available for benefits for the year ended December 31, 2025, to net income per Form 5500:

Net increase per statement of changes in net assets available for benefits	$	2,287,979
Less: Current year employer contributions receivable		(17,502)
Deemed Distributed Loan/Offset Disbursements		(38,069)
Plus: Prior year employer contributions receivable		29,185
Change in stale check liability		23,493
Current year deemed distribution offset		62,550
Net income per Form 5500	$	2,347,636

(7) Tax status

The Internal Revenue Service ("IRS") has determined that Automatic Data Processing, Inc.'s ("ADP") prototype 401(k) profit sharing plan is designed in accordance with applicable sections of the IRC and informed the recordkeeper of such in a letter dated October 6, 2020. The plan administrator has adopted the ADP prototype plan. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that "more likely than not" would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Related-party transactions and party-in-interest transactions

The Plan investments are held by ADP Retirement Trust Services, LLC, the trustee. Fees paid to the Plan's recordkeeper for the year ended December 31, 2025, were $75,609 and fees paid to other service providers were $131,300. These transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments.

(9) Risks and uncertainties

The Plan provides various investment fund options. Investment securities are exposed to various risks such as interest rates, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

(10) Subsequent events

Subsequent to year-end, on April 22, 2026, the Plan adopted an amendment to incorporate provisions of the SECURE Act 2.0.

The Plan has evaluated subsequent events through October 13, 2026 which is the date the financial statements were available to be issued.
