To the Plan Administrator of
FFH Group 401(k) Plan

We have completed our audit of the financial statements of FFH Group 401(k) Plan (the "Plan") as of and for the period ended December 31, 2025 and have issued our report dated October 13, 2026. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated April 9, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Our Responsibility under U.S. Generally Accepted Auditing Standards

We have audited the financial statements of the Plan, an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) for the period ended December 31, 2025 and have issued our report thereon dated October 13, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan ("investment information") by Alerus Financial, N.A., and ADP Retirement Trust Services, LLC, the trustees, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of generally accepted accounting principles in the United States of America ("U.S. GAAP"). Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter dated April 9, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Plan are described in Note B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the period ended December 31, 2025. We noted no transactions entered into by the Plan during the period for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was the Summary of Significant Accounting Policies as disclosed in Note B.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. Management has corrected all identified misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. None of the misstatements identified by us as a result of our audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one of more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- Reasonably possible: The chance of the future event or events occurring is more than remote but less than likely.
- Probable: The future event or events are likely to occur.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the Plan's internal control to be significant deficiencies:

Eligibility and Payroll Mapping Systems Reconciliation

During our testing of the Alerus-to-ADP transition, we identified an operational control breakdown in the Plan's payroll-to-recordkeeper reconciliation process. Management's retroactive review revealed 182 individual eligibility and contribution errors. Specifically, controls failed to prevent or timely detect 123 instances of early plan entry and 12 instances of omitted enrollment. While these errors net out to a $6,461.39 plan-level reduction, the underlying metrics mask a direct compliance risk. Furthermore, subsequent manual corrections failed to recover $1,706.09 in early-entry over-remittances because three affected participants had already taken full distributions.

We recommend that Management implement a mandatory, automated per-pay-period reconciliation routine that bridges active payroll deduction codes directly against the recordkeeper's enrollment feed. Additionally, Management should coordinate with their TPA and recordkeeper to formally resolve the $1,706.09 unrecoverable distribution shortfall, and verify the blended QNEC principal from lost earnings allocations.

Late Remittance

During our testing, the Company did not consistently deposit employee 401(k) deductions into the trust in accordance with statutory timeliness regulations. The plan's retroactive review flagged 24 separate line items where participant deferrals totaling $21,817.10 were deposited late into the plan trust due to manual file-transfer failures and data bottlenecks surrounding off-cycle bonus payroll executions with the predecessor recordkeeper (Alerus). These items were corrected for the current tax reporting period, requiring mandatory disclosure on Schedule H, Line 4a of the 2025 Form 5500. We recommend that Management establish a strict validation checklist matching payroll funding approvals directly to the recordkeeper's automated deposit confirmation receipts on the actual date payroll cash leaves the company account.

We consider the following to be deficiencies in the Plan's internal control:

Uncorrected Plan Match Limit Failure

During 2025 testing, Hannah Lewis was over-allocated $359.83 in matching contributions (Actual: $4,692.58 vs. Allowed: $4,332.75). The recordkeeper's (ADP) Plan Match Limit report confirms this error remains uncorrected. We recommend that the Plan Management must instruct ADP to calculate associated market gains/losses, forfeit the $359.83 excess principal and earnings from the participant's account, and transfer the total into the plan's forfeiture account to offset future expenses or contributions.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 13, 2026.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements are to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Sorren CPAs P.C.
