We have performed audits of the accompanying financial statements of Alliance Industries, Inc. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

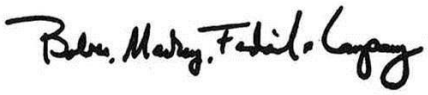

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Alliance Industries, Inc. 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Alliance Industries, Inc. 401(k) Plan is a defined contribution plan covering all employees of Alliance Industries, Inc. (the “Plan Sponsor”), its subsidiaries and controlled affiliates (collectively the “Company”) who have completed three months of service, are age eighteen or older, and elect to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Effective March 1, 2025, the Plan Sponsor appointed ADP Retirement Trust Services, LLC (ADP) as the Trustee for the Plan, and the Plan was restated and amended. All Plan assets were transferred from the former Trustee, American Trust Company, to ADP as of this effective date.

Effective January 1, 2026, the Plan was amended to discontinue hardship withdrawals and to permit participant loans.

Contributions

Participants are eligible to make pre-tax or Roth contributions as salary deferrals to the Plan, subject to Internal Revenue Service ("IRS") limitations. In addition, participants who have attained age 50 before the end of the Plan year are eligible to make catchup contributions, which are also subject to the IRS limitations. All employees are automatically enrolled at a 4% contribution rate unless an election to opt-out of the automatic enrollment is made by the employee. Deferral rates for participants automatically enrolled increase 1% per year to a maximum of 10%. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, referred to as rollovers.

The Company may make employer matching contributions, at its discretion. The employer matching contribution formula was 50% of the first 6% of compensation during 2025. The Company may also make discretionary profit-sharing contributions. No profit-sharing contributions were made for the year ended December 31, 2025.

Participant Accounts

Each participant's account is credited with the participant's contributions, the employer matching contributions, and allocations of (a) profit-sharing contributions, (b) Plan earnings, and (c) Plan expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting

Participants are immediately vested in their contributions and in the employer matching contributions, plus actual earnings thereon. A participant is vested at a rate of 20% per year and is 100% vested after five years of credited service for the Company's discretionary profit-sharing contributions.

Payment of Benefits

On termination of service due to death, disability, retirement, or for other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments over a period of not more than the participant's or the participant's beneficiary's assumed life expectancy. If a participant's vested account balance is less than $5,000, an automatic rollover to an Individual Retirement Account is made. Upon attaining age 59 ½, a participant may elect to withdraw all or any portion of their vested account balance or defer payment for a reasonable period. In the event of financial hardship, participants may apply to receive a distribution from their vested accounts, subject to IRS mandated rules for hardship withdrawals.

Forfeitures

Forfeitures are reallocated to use in this specific order: restoration of participants' forfeitures, to reduce the employers' non-elective contribution, and to reduce the employers' matching contribution During the year, forfeitures totaling $23 were utilized to offset the employer's matching contributions. As of December 31, 2025 and December 31, 2024, the balances in forfeited participant accounts were $79 and $0, respectively.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless paid by the Company. Fees related to the processing of benefit payments are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of the investments.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedules. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan invests in mutual funds, a money market account, and common collective trusts. The securities underlying these investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value estimates are made at a specific point in time based on relevant market information about the financial instrument. These estimates are subjective in nature and involve uncertainties and matters of significant judgment and, therefore, cannot be determined with precision. Changes in assumptions could significantly affect the estimates.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

Under the Income Taxes Topic of the FASB Accounting Standard Codification ("ASC"), the Plan administrator is required to identify potential uncertain tax positions taken, assess and quantify those positions and record reserves. As of December 31, 2025 and 2024 and for the year ended December 31, 2025, the Plan administrator has identified no uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued. See Note 1.

NOTE 3 – SUMMARY OF FINANCIAL DATA CERTIFIED BY THE TRUSTEES (UNAUDITED)

The following is a summary of the unaudited information regarding the Plan included in the accompanying financial statements, which was prepared and certified by the Plan's trustees. American Trust Company served as Trustee from January 1, 2025 through February 28, 2025, and certified the information for that period. ADP Retirement Trust Services, LLC served as Trustee from March 1, 2025 through December 31, 2025, and certified the information for that period. The Trustees prepared and certified the information as of the years ended December 31, 2025 and 2024 and for the year ended December 31, 2025. The Plan administrator has obtained certifications from the Trustees that such information is complete and accurate.

Net appreciation in fair value of investments	$ 2,908,745	N/A

NOTE 4 – INVESTMENTS

Fair Value Measurements

Fair value is a market-based measurement that is determined based on assumptions that market participants would use in pricing an asset or liability. As a basis for considering such assumptions, the Plan uses a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1 – Observable inputs such as quoted prices in active markets;
- Level 2 – Inputs, other than the quoted prices in active markets, that are observable either directly or indirectly; and
- Level 3 – Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The classification of fair value measurements within the hierarchy is based upon the lowest level of input that is significant to the measurement. Valuation methodologies used for assets and liabilities measured at fair value are as follows:

- *Money market account and mutual funds:* Valued at fair value as determined by quoted market prices on active markets.
- *Common/Collective Trust:* Valued at net asset value (“NAV”) of the underlying investments held by the funds, less their liabilities. NAV is used as a practical expedient to estimate fair value.

The methods described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as a December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 2,876,807	$ -	$ -	$ 2,876,807
Total assets in the fair value hierarchy	$ 2,876,807	$ -	$ -	$ 2,876,807
Investments measured using NAV per share as a practical expedient				
Common/collective trust				16,448,652
Total investments, at fair value				$ 19,325,459

	2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 16,107,248	$ -	$ -	$ 16,107,248
Money market account	161,837	-	-	161,837
Total investments, at fair value	$ 16,269,085	$ -	$ -	$ 16,269,085

* Certain investments that are measured at fair value using NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this footnote are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the Statements of Net Assets Available for Benefits.

The Plan's investments in common/collective trusts may be redeemed on a daily basis and require a redemption notice of one trade day. There are no unfunded commitments related to these common/collective trusts.

NOTE 5 – INCOME TAX STATUS

The Plan adopted a volume submitter profit sharing plan sponsored by CCH Incorporated. The volume submitter plan has received an opinion letter from the IRS dated March 31, 2014 as to the prototype plan's qualified status. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan Administrator is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.
