INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of

Precision Concrete Construction 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of

PRECISION CONCRETE CONSTRUCTION 401(K) PROFIT SHARING PLAN

an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audits of Precision Concrete Construction 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution, Fidelity Management Trust Company, as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note (5) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Precision Concrete Construction 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Precision Concrete Construction 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Precision Concrete Construction 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Precision Concrete Construction 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

The following description of the Precision Concrete Construction (the "Company" and "Plan Sponsor") 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information on the provisions of the Plan.

General - The Plan is a defined contribution plan covering all eligible full-time employees of the Company who have completed three months of service. It is subject to the provisions of ERISA and subsequent amendments. The Plan was established effective January 1, 1996. The Plan was amended and restated effective September 27, 2023.

Contributions - Each year, participants may contribute from 1% to 100% of their pretax annual compensation, subject to certain limitations, as defined in the Plan agreement. Elective deferrals can be made in whole percentages of compensation or in specific dollar amounts, not to exceed $23,500 and $23,000 for 2025 and 2024, respectively, of pretax annual compensation, as defined in the Plan agreement. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed $7,500 for 2025 and 2024. For 2025, participants who attain ages 60 through 63 during the Plan year are eligible to make catch-up contributions not to exceed $11,250. The Plan allows participants to contribute amounts representing distributions ("rollover assets") from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Employees are eligible to designate a portion of their elective deferrals as Roth elective deferrals. The Company makes non-discretionary matching contributions equal to 100% of the first 4% of base compensation that a participant contributes to the Plan, not to exceed 4% of compensation. The employer matching contribution was $328,889 in 2025 and $363,926 in 2024. Additional non-matching discretionary contributions may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations. No additional non-matching discretionary contributions were made in the 2025 and 2024 Plan years.

Participant accounts - Each participant's account is credited with the participant's pre-tax contributions and an allocation of (a) the Company's contribution, (b) Plan earnings (losses), including unrealized appreciation (depreciation), and (c) forfeited balances of terminated participants' non-vested amounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's matching contributions portion of their account plus earnings thereon is based on years of continuous service. A participant is 100% vested after the fifth year of credited service. Participants who reach normal retirement age while still employed by the Company are also fully vested in their accounts.

(1) Description of the Plan (continued)

Forfeited accounts - Forfeitures of terminated participants' non-vested accounts may be used to reduce future Company contributions or to pay Plan expenses. Distributions to terminated participants whose accounts are not 100% vested are reduced by forfeiture of the non-vested portion of their accounts. Forfeited non-vested accounts totaled $1,152 and $1,655 as of December 31, 2025 and 2024, respectively. During 2025 and 2024, $51,056 and $30,255, respectively, of forfeitures were used to reduce the Company contributions.

Investment options - The Plan offers several investment options and participants may instruct the trustee in how they want to invest their funds without regard to their vested interest. Participants may change their investment options and move money from one fund to another in accordance with rules established by the Plan Administrator. The Plan Administrator may change the investment options available to participants at any time.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment funds from (to) the participant loans fund. Loan terms range from 1 to 5 years with certain exceptions for the purchase of a principal residence. A participant may have no more than one loan outstanding from the Plan. Principal and interest are repaid through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at a market rate that is periodically adjusted by the Plan Administrator, which ranged from 4.25% to 9.50% for the years ended December 31, 2025 and 2024.

Payment of benefits - Upon termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary will receive an amount equal to the vested interest in the participant's account. Participants with vested benefits of $5,000 or less are eligible to receive a lump-sum distribution. If no consent is made for a distribution of the vested account balance, the total vested benefit will be automatically rolled over to an IRA selected by the Plan Administrator. Participants with vested benefits in excess of $5,000 may choose to receive their benefit in the form of a lump-sum payment or through installment payments, subject to Plan provisions.

Plan expenses - Substantially all Plan administrative expenses are paid by the Company.

(2) Summary of accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Reclassifications - Certain amounts in the 2024 financial statements have been reclassified to conform to the 2025 presentation. Such reclassifications had no effect on net assets available for benefits or changes in net assets available for benefits.

(2) Summary of accounting policies (continued)

Investment valuation and income recognition - The Plan's investments are stated at fair value in accordance with Financial Accounting Standards Board ("FASB"), Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, as more fully described in Note (3). The Plan also follows FASB Accounting Standards Update ("ASU") ASU 2015-07, *Fair Value Measurement (Topic 820)*: *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. The guidance in this update simplifies presentation and disclosures for investments valued at fair value for which net asset value is utilized as the practical expedient for measurement. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of mutual funds is determined by the quoted market prices. The fair value of the stable value fund is determined by the net asset value of the underlying investments the stable value fund is contractually invested in. Net investment earnings are recorded on the cash basis, net contributions, withdrawals, and administrative expenses charged by the stable value fund.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment income (loss) - Investment income (loss) consists of interest, dividends, gains (losses) on sales of securities and the unrealized appreciation (depreciation) in fair value of investments. Net appreciation (depreciation) in fair value of investments includes the Plan's gains (losses) on investments bought and sold, as well as held, during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of benefits - Benefits are recorded when paid.

Estimates - The preparation of the financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risk and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan expenses - Certain expenses may be paid by the Company directly on behalf of the Plan while others may be paid from the Plan assets. The expenses paid from Plan assets will either be shared by all participants or will be charged directly to the account of the participant on whose sole behalf the expense is incurred. Expenses shared by all participants will either be paid on a pro-rata basis or on an equal dollar basis.

(3) Fair value measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of inputs used to measure fair value under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Interest bearing cash: These investments consist of various publicly traded money market funds. These investments are measured at fair value, which approximates their carrying value due to the short-term maturities of the underlying instruments, and are classified within Level 1 of the hierarchy.

Mutual funds: These investments consist of various publicly traded mutual funds. The fair values are based on quoted market prices and are therefore classified as Level 1 investments.

(3) Fair value measurements (continued)

Stable value fund: The investment in stable value fund consists of the Fidelity Managed Income Portfolio II Fund, a common collective trust, which invests directly or indirectly in fully benefit-responsive investment contracts. The stable value fund is valued at the NAV as provided by the custodian, which is used as a practical expedient to estimate fair value. Participant transactions may occur daily. There are no unfunded commitments related to the stable value fund and investments in the stable value fund can be redeemed on a daily basis without restriction. Were the Plan to initiate a full redemption of the stable value fund, the issuer reserves the right to temporarily delay withdrawal from the stable value fund for up to 12 months in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value fund, included in the fair value hierarchy table below but not classified, files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity. Accordingly, certain disclosure requirements under part I of FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* with respect to investment strategies for investments measured using the net asset value practical expedient are not required in this report.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(3) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Investments at fair value				
Interest bearing cash	$ 98,562	$ -	$ -	$ 98,562
Mutual funds	11,054,093	-	-	11,054,093
Total investments in the fair value hierarchy	11,152,655	-	-	11,152,655
Investment in stable value fund (a)	-	-	-	277,225
Total investments at fair value	$ 11,152,655	$ -	$ -	$ 11,429,880

	2024			
	Level 1	Level 2	Level 3	Total
Investments at fair value				
Interest bearing cash	$ 102,159	$ -	$ -	$ 102,159
Mutual funds	10,572,271	-	-	10,572,271
Total investments in the fair value hierarchy	10,674,430	-	-	10,674,430
Investment in stable value fund (a)	-	-	-	397,788
Total investments at fair value	$ 10,674,430	$ -	$ -	$ 11,072,218

(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value investments in the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan's investments that are measured at fair value on a recurring basis, such as interest bearing cash and mutual funds, are generally classified within Level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets. The Plan invests in a stable value fund, for which the valuation is based on the net asset values of the underlying investments.

(4) Excess contributions

Corrective distributions totaling $259,256 and $204,751 as of December 31, 2025 and 2024, respectively, were accrued for distributions paid in the subsequent Plan year to certain active participants to return to them excess deferral contributions as required to satisfy the relevant non-discrimination provisions of the Plan. The excess contributions are included in the Plan's statements of net assets available for benefits as excess contributions payable as of December 31, 2025 and 2024.

(5) Information prepared and certified by a qualified institution

The following information included in the accompanying financial statements and supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), was obtained from data that has been prepared and certified to us as complete and accurate by a qualified institution, Fidelity Management Trust Company.

	2025	2024
Investments at fair value		
Interest bearing cash	$ 98,562	$ 102,159
Mutual funds	11,054,093	10,572,271
Stable value fund	277,225	397,788
Total investments at fair value	11,429,880	11,072,218
Notes receivable from participants	24,314	54,142
Total	$ 11,454,194	$ 11,126,360

	2025	2024
Investment income		
Net appreciation in fair value of investments	$ 1,220,055	$ 796,063
Interest and dividends	492,434	477,666
Total investment income	$ 1,712,489	$ 1,273,729

(6) Plan termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to amend, modify, or terminate the Plan at any time or for any reason subject to the terms of ERISA. In the event the Plan terminates, the participants will be entitled to the full amounts in their account as of the date of termination, regardless of their percent vested at the time of the Plan's termination.

(7) Tax status

The Company adopted a Volume Submitter Plan Document which received a favorable determination letter from the Internal Revenue Service ("IRS") on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(7) Tax status (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Fidelity bond coverage

ERISA Code Section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total funds in the Plan as of the preceding plan year or $500,000. The Plan has sufficient bond coverage as of December 31, 2025 and 2024.

(9) Party-in-interest transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and therefore, those transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services and other services totaled $36,132 for 2025 and $31,485 for 2024.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(10) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2025 and 2024, to Schedule H of Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 11,194,938	$ 10,921,609
Plus: Excess contributions due to participants	259,256	204,751
Net assets available for benefits per Schedule H of Form 5500	$ 11,454,194	$ 11,126,360

(10) Reconciliation of financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the years ended December 31, 2025 and 2024 to Schedule H of Form 5500:

	2025	2024
Changes in net assets available for benefits per the financial statements	$ 273,329	$ 1,891,333
Less: Excess contributions due to participants at beginning of year	(204,751)	(159,312)
Plus: Excess contributions due to participants at end of year	259,256	204,751
Plus: Employer contribution receivable at beginning of year	-	27,212
Changes in net assets per Schedule H of Form 5500	$ 327,834	$ 1,963,984

(11) Subsequent events

Management has reviewed subsequent events through October 7, 2026, the date which the financial statements were available to be issued, and has determined that, except as described in Note (4), there were no other subsequent event matters that require recognition or disclosure in the financial statements.

INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of

Precision Concrete Construction 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of

PRECISION CONCRETE CONSTRUCTION 401(K) PROFIT SHARING PLAN

an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it permissible in the circumstances, has elected to have the audits of Precision Concrete Construction 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution, Fidelity Management Trust Company, as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note (5) to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Precision Concrete Construction 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Precision Concrete Construction 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Precision Concrete Construction 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Precision Concrete Construction 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of the Plan

The following description of the Precision Concrete Construction (the "Company" and "Plan Sponsor") 401(k) Profit Sharing Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information on the provisions of the Plan.

General - The Plan is a defined contribution plan covering all eligible full-time employees of the Company who have completed three months of service. It is subject to the provisions of ERISA and subsequent amendments. The Plan was established effective January 1, 1996. The Plan was amended and restated effective September 27, 2023.

Contributions - Each year, participants may contribute from 1% to 100% of their pretax annual compensation, subject to certain limitations, as defined in the Plan agreement. Elective deferrals can be made in whole percentages of compensation or in specific dollar amounts, not to exceed $23,500 and $23,000 for 2025 and 2024, respectively, of pretax annual compensation, as defined in the Plan agreement. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed $7,500 for 2025 and 2024. For 2025, participants who attain ages 60 through 63 during the Plan year are eligible to make catch-up contributions not to exceed $11,250. The Plan allows participants to contribute amounts representing distributions ("rollover assets") from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Employees are eligible to designate a portion of their elective deferrals as Roth elective deferrals. The Company makes non-discretionary matching contributions equal to 100% of the first 4% of base compensation that a participant contributes to the Plan, not to exceed 4% of compensation. The employer matching contribution was $328,889 in 2025 and $363,926 in 2024. Additional non-matching discretionary contributions may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations. No additional non-matching discretionary contributions were made in the 2025 and 2024 Plan years.

Participant accounts - Each participant's account is credited with the participant's pre-tax contributions and an allocation of (a) the Company's contribution, (b) Plan earnings (losses), including unrealized appreciation (depreciation), and (c) forfeited balances of terminated participants' non-vested amounts, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. Vesting in the Company's matching contributions portion of their account plus earnings thereon is based on years of continuous service. A participant is 100% vested after the fifth year of credited service. Participants who reach normal retirement age while still employed by the Company are also fully vested in their accounts.

(1) Description of the Plan (continued)

Forfeited accounts - Forfeitures of terminated participants' non-vested accounts may be used to reduce future Company contributions or to pay Plan expenses. Distributions to terminated participants whose accounts are not 100% vested are reduced by forfeiture of the non-vested portion of their accounts. Forfeited non-vested accounts totaled $1,152 and $1,655 as of December 31, 2025 and 2024, respectively. During 2025 and 2024, $51,056 and $30,255, respectively, of forfeitures were used to reduce the Company contributions.

Investment options - The Plan offers several investment options and participants may instruct the trustee in how they want to invest their funds without regard to their vested interest. Participants may change their investment options and move money from one fund to another in accordance with rules established by the Plan Administrator. The Plan Administrator may change the investment options available to participants at any time.

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment funds from (to) the participant loans fund. Loan terms range from 1 to 5 years with certain exceptions for the purchase of a principal residence. A participant may have no more than one loan outstanding from the Plan. Principal and interest are repaid through payroll deductions. The loans are secured by the balance in the participant's account and bear interest at a market rate that is periodically adjusted by the Plan Administrator, which ranged from 4.25% to 9.50% for the years ended December 31, 2025 and 2024.

Payment of benefits - Upon termination of service due to death, disability, retirement, or other reasons, a participant or beneficiary will receive an amount equal to the vested interest in the participant's account. Participants with vested benefits of $5,000 or less are eligible to receive a lump-sum distribution. If no consent is made for a distribution of the vested account balance, the total vested benefit will be automatically rolled over to an IRA selected by the Plan Administrator. Participants with vested benefits in excess of $5,000 may choose to receive their benefit in the form of a lump-sum payment or through installment payments, subject to Plan provisions.

Plan expenses - Substantially all Plan administrative expenses are paid by the Company.

(2) Summary of accounting policies

Basis of accounting - The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Reclassifications - Certain amounts in the 2024 financial statements have been reclassified to conform to the 2025 presentation. Such reclassifications had no effect on net assets available for benefits or changes in net assets available for benefits.

(2) Summary of accounting policies (continued)

Investment valuation and income recognition - The Plan's investments are stated at fair value in accordance with Financial Accounting Standards Board ("FASB"), Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurements and Disclosures*, as more fully described in Note (3). The Plan also follows FASB Accounting Standards Update ("ASU") ASU 2015-07, *Fair Value Measurement (Topic 820)*: *Disclosures for Investments in Certain Entities that Calculate Net Asset Value per Share (or its Equivalent)*. The guidance in this update simplifies presentation and disclosures for investments valued at fair value for which net asset value is utilized as the practical expedient for measurement. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of mutual funds is determined by the quoted market prices. The fair value of the stable value fund is determined by the net asset value of the underlying investments the stable value fund is contractually invested in. Net investment earnings are recorded on the cash basis, net contributions, withdrawals, and administrative expenses charged by the stable value fund.

Purchases and sales of securities are recorded on the trade date. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment income (loss) - Investment income (loss) consists of interest, dividends, gains (losses) on sales of securities and the unrealized appreciation (depreciation) in fair value of investments. Net appreciation (depreciation) in fair value of investments includes the Plan's gains (losses) on investments bought and sold, as well as held, during the year.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of benefits - Benefits are recorded when paid.

Estimates - The preparation of the financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risk and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Plan expenses - Certain expenses may be paid by the Company directly on behalf of the Plan while others may be paid from the Plan assets. The expenses paid from Plan assets will either be shared by all participants or will be charged directly to the account of the participant on whose sole behalf the expense is incurred. Expenses shared by all participants will either be paid on a pro-rata basis or on an equal dollar basis.

(3) Fair value measurements

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of inputs used to measure fair value under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Interest bearing cash: These investments consist of various publicly traded money market funds. These investments are measured at fair value, which approximates their carrying value due to the short-term maturities of the underlying instruments, and are classified within Level 1 of the hierarchy.

Mutual funds: These investments consist of various publicly traded mutual funds. The fair values are based on quoted market prices and are therefore classified as Level 1 investments.

(3) Fair value measurements (continued)

Stable value fund: The investment in stable value fund consists of the Fidelity Managed Income Portfolio II Fund, a common collective trust, which invests directly or indirectly in fully benefit-responsive investment contracts. The stable value fund is valued at the NAV as provided by the custodian, which is used as a practical expedient to estimate fair value. Participant transactions may occur daily. There are no unfunded commitments related to the stable value fund and investments in the stable value fund can be redeemed on a daily basis without restriction. Were the Plan to initiate a full redemption of the stable value fund, the issuer reserves the right to temporarily delay withdrawal from the stable value fund for up to 12 months in order to ensure that securities liquidations will be carried out in an orderly business manner. The stable value fund, included in the fair value hierarchy table below but not classified, files a U.S. Department of Labor Form 5500, Annual Return/Report of Employee Benefit Plan, as a direct filing entity. Accordingly, certain disclosure requirements under part I of FASB ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient* with respect to investment strategies for investments measured using the net asset value practical expedient are not required in this report.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(3) Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Investments at fair value				
Interest bearing cash	$ 98,562	$ -	$ -	$ 98,562
Mutual funds	11,054,093	-	-	11,054,093
Total investments in the fair value hierarchy	11,152,655	-	-	11,152,655
Investment in stable value fund (a)	-	-	-	277,225
Total investments at fair value	$ 11,152,655	$ -	$ -	$ 11,429,880

	2024			
	Level 1	Level 2	Level 3	Total
Investments at fair value				
Interest bearing cash	$ 102,159	$ -	$ -	$ 102,159
Mutual funds	10,572,271	-	-	10,572,271
Total investments in the fair value hierarchy	10,674,430	-	-	10,674,430
Investment in stable value fund (a)	-	-	-	397,788
Total investments at fair value	$ 10,674,430	$ -	$ -	$ 11,072,218

(a) In accordance with Subtopic 820-10, certain investments that are measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value investments in the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan's investments that are measured at fair value on a recurring basis, such as interest bearing cash and mutual funds, are generally classified within Level 1 of the fair value hierarchy. The fair values of these investments are based on quoted market prices in active markets. The Plan invests in a stable value fund, for which the valuation is based on the net asset values of the underlying investments.

(4) Excess contributions

Corrective distributions totaling $259,256 and $204,751 as of December 31, 2025 and 2024, respectively, were accrued for distributions paid in the subsequent Plan year to certain active participants to return to them excess deferral contributions as required to satisfy the relevant non-discrimination provisions of the Plan. The excess contributions are included in the Plan's statements of net assets available for benefits as excess contributions payable as of December 31, 2025 and 2024.

(5) Information prepared and certified by a qualified institution

The following information included in the accompanying financial statements and supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), was obtained from data that has been prepared and certified to us as complete and accurate by a qualified institution, Fidelity Management Trust Company.

	2025	2024
Investments at fair value		
Interest bearing cash	$ 98,562	$ 102,159
Mutual funds	11,054,093	10,572,271
Stable value fund	277,225	397,788
Total investments at fair value	11,429,880	11,072,218
Notes receivable from participants	24,314	54,142
Total	$ 11,454,194	$ 11,126,360

	2025	2024
Investment income		
Net appreciation in fair value of investments	$ 1,220,055	$ 796,063
Interest and dividends	492,434	477,666
Total investment income	$ 1,712,489	$ 1,273,729

(6) Plan termination

The Company intends to continue the Plan indefinitely for the benefit of its employees, but reserves the right to amend, modify, or terminate the Plan at any time or for any reason subject to the terms of ERISA. In the event the Plan terminates, the participants will be entitled to the full amounts in their account as of the date of termination, regardless of their percent vested at the time of the Plan's termination.

(7) Tax status

The Company adopted a Volume Submitter Plan Document which received a favorable determination letter from the Internal Revenue Service ("IRS") on June 30, 2020, in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(7) Tax status (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) Fidelity bond coverage

ERISA Code Section 412 requires the Plan to maintain fidelity bond coverage in an amount equal to the lesser of 10% of the total funds in the Plan as of the preceding plan year or $500,000. The Plan has sufficient bond coverage as of December 31, 2025 and 2024.

(9) Party-in-interest transactions

Certain Plan investments are managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan, and therefore, those transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services and other services totaled $36,132 for 2025 and $31,485 for 2024.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

(10) Reconciliation of financial statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2025 and 2024, to Schedule H of Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 11,194,938	$ 10,921,609
Plus: Excess contributions due to participants	259,256	204,751
Net assets available for benefits per Schedule H of Form 5500	$ 11,454,194	$ 11,126,360

(10) Reconciliation of financial statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of changes in net assets available for benefits per the financial statements for the years ended December 31, 2025 and 2024 to Schedule H of Form 5500:

	2025	2024
Changes in net assets available for benefits per the financial statements	$ 273,329	$ 1,891,333
Less: Excess contributions due to participants at beginning of year	(204,751)	(159,312)
Plus: Excess contributions due to participants at end of year	259,256	204,751
Plus: Employer contribution receivable at beginning of year	-	27,212
Changes in net assets per Schedule H of Form 5500	$ 327,834	$ 1,963,984

(11) Subsequent events

Management has reviewed subsequent events through October 7, 2026, the date which the financial statements were available to be issued, and has determined that, except as described in Note (4), there were no other subsequent event matters that require recognition or disclosure in the financial statements.
