INDEPENDENT AUDITORS' REPORT

Plan Trustees and Plan Administrator
Pelco Products Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Pelco Products Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from Empower Annuity Insurance Company of America and Empower Trust Company, LLC as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

INDEPENDENT AUDITORS' REPORT, CONTINUED

Auditors' Responsibilities for the Audit of the Financial Statements, Continued

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

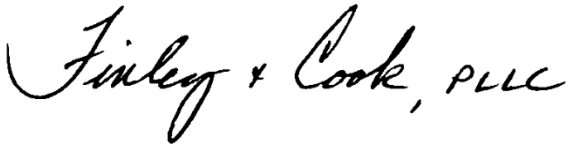

The supplemental Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by Empower Annuity Insurance Company of America and Empower Trust Company, LLC agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) DESCRIPTION OF THE PLAN

The following description of the Pelco Products Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, "Empower") are the custodians of the Plan.

General and Eligibility

The Plan is a defined contribution plan covering substantially all employees of Pelco Products, Inc. and its affiliates collectively (the "Company"), except for union employees and nonresident aliens. The Plan became effective January 1, 2021, and is subject to applicable regulations of the Internal Revenue Code of 1986, as amended (the "Code") and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees are eligible to participate who are at least 21 years of age and have completed 3 consecutive months of service. Eligible employees may enroll in the Plan on the first day of each quarter of the plan year, as defined in the plan agreement. The Board of Trustees oversees governance of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Contributions

The Plan allows participants the option of making pre-tax or Roth deferral contributions. Participants can contribute amounts to the Plan up to the maximum established by federal law. Employees who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of the plan year are also eligible to make catch-up contributions. These contributions are subject to certain limitations established by the Code. The Company may make safe harbor matching, discretionary employer matching, and nonelective contributions to the Plan. In 2025 and 2024, the Company made safe harbor matching contributions of 100% of the first 3% of a participant's contributions plus 50% of the amount that exceeds 3% but does not exceed 5% of a participant's eligible compensation. In 2025 and 2024, the Company did not make discretionary employer matching or nonelective contributions to the Plan.

Upon eligibility, employees are automatically enrolled into the Plan with a 3% deferral percentage, unless the employee declines enrollment before eligibility is reached.

Participant Accounts/Investment Options

Each participant's account is credited with the participant's contributions, the Company's contributions, and the allocation of plan earnings. Allocations are based on participants' account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants may direct their contributions and employer contributions among various investment options offered through the Plan's custodians. Participants may change their investment options at any time.

(1) DESCRIPTION OF THE PLAN, CONTINUED

Vesting

Plan participants are immediately vested in their contributions. Contributions under safe harbor provisions are 100% vested at the time of remittance to the Plan. Discretionary employer matching and nonelective contributions become 20% vested after 2 years of service, as defined, and continue to vest at the rate of 20% for each successive year of service until 100% vested after 6 years of service. In addition, participants become fully vested in the Company's discretionary employer matching and nonelective contributions in the event of death or total disability.

Notes Receivable from Participants

In connection with the merger into the Plan during the year ended December 31, 2025, described in Note 9, outstanding participant loans were transferred into the Plan. The loans are secured by the balances in the participants' accounts and bear interest at the rates established under the original loan agreements. Principal and interest are paid through payroll deductions and credited to the participants' accounts. Upon termination, retirement, or death, the participant (or beneficiary, as applicable) has the option to repay the outstanding loan balance. If the participant or beneficiary elects not to repay the loan, the outstanding balance is converted to a distribution. The Plan does not permit the issuance of new participant loans.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, the participant (or beneficiary, as applicable) may elect to receive a lump sum distribution in an amount equal to the current vested balance of their participant account. Additionally, in-service distributions are available to participants who have attained age 65. Upon termination, the Plan allows for involuntary distributions for account balances of $5,000 or less. Involuntary distributions of less than $200 are paid in the form of cash while involuntary distributions above $200 are rolled into an individual retirement account, per the plan provisions. As of December 31, 2025 and 2024, there was approximately $1,191,000 and $813,000, respectively, of deferred vested benefits unpaid to participants who have terminated service with the Company.

Forfeitures

Employer contributions and earnings thereon which become forfeited as a result of any of the benefit payment or withdrawal provisions of the Plan may be used to pay any administrative expenses, and any excess may be used to reduce the contribution of the employer. Forfeitures of nonvested portions of participants' accounts that occurred during 2025 were $1,086. As of December 31, 2025 and 2024, there was $377 and $3,371, respectively, of unallocated forfeitures in the Plan.

Plan Termination

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(2) SIGNIFICANT ACCOUNTING POLICIES

Administration of Plan Assets

The custodians invest the contributions received, as well as interest and dividend income, and make distributions to participants.

Administrative Costs

All reasonable expenses for administration of the Plan may be paid out of the Plan's assets unless paid by the Company. Investment expenses netted against investment income represent amounts associated with the net expense ratios of the investments in the Plan's fund lineup. In addition, fees assessed on participant-directed transactions within the Plan are charged to the individual's participant account.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Shares of registered investment companies are reported at fair value based on quoted market prices obtained from nationally recognized securities exchanges. Investments in the guaranteed investment contract with insurance company are reflected at contract value as determined by the custodians. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Guaranteed Investment Contract with Insurance Company

The Plan holds a traditional investment contract that was considered fully benefit-responsive as of December 31, 2025 and 2024. Contract value is the relevant measurement attribute for that portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statement of changes in net assets available for plan benefits is prepared using the contract value for fully benefit-responsive contracts.

(2) SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses had been recorded.

If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid. There were no benefits requested before year-end that were not paid.

Risks and Uncertainties

Plan participants may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Date of Management's Review of Subsequent Events

Management has evaluated subsequent events through October 14, 2026, the date which the financial statements were available to be issued, and determined that no subsequent events occurred that require adjustment to or disclosure in the financial statements.

(3) INVESTMENTS AT FAIR VALUE

During 2025, the Plan's investments, including gains and losses on investments bought and sold, as well as held, during the year appreciated in value as follows:

Registered investment companies	$ 1,012,162

See Independent Auditors' Report.

(4) FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. In estimating fair value, the Plan utilizes valuation techniques that are consistent with the market approach, the income approach, and/or the cost approach. Such valuation techniques are consistently applied. Inputs to valuation techniques include the assumptions that market participants would use in pricing an asset or liability. Fair values may not represent actual values of assets and liabilities that could have been realized on the measurement date or that will be realized in the future. The use of different market assumptions and/or estimation methodologies may have a material effect on the estimated fair value amounts.

Accounting Standards Codification Topic 820, "Fair Value Measurement," establishes a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- Level 1 inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

- Level 2 inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset and liability, either directly or indirectly, for substantially the full term of the asset or liability.

- Level 3 inputs consist of unobservable inputs which are used when observable inputs are unavailable and reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities.

The Plan uses appropriate valuation methods based on the available inputs to measure the fair value of its assets and liabilities.

The following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for plan benefits, as well as the general classification of such assets pursuant to the valuation hierarchy.

Registered Investment Companies

Shares of registered investment companies are valued at quoted market prices obtained from nationally recognized securities exchanges.

(4) FAIR VALUE MEASUREMENTS, CONTINUED

The following table presents the fair value measurements of assets recognized in the accompanying statements of net assets available for plan benefits at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31:

		Fair Value Measurements at Reporting Date Using		
	Assets Measured at Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
2025				
Registered investment companies	$ 10,586,351	10,586,351	-	-
2024				
Registered investment companies	$ 7,140,093	7,140,093	-	-

The Plan had no assets measured at fair value on a recurring basis that were transferred into or out of Level 3 for the year ended December 31, 2025 or 2024. The Plan had no purchases, sales, or issues of Level 3 assets for the year ended December 31, 2025 or 2024.

(5) TRANSACTIONS WITH PARTIES-IN-INTEREST

Certain administrative functions are performed by officers and employees of the Company. No officer or employee receives compensation from the Plan for these services. The Company does not expect reimbursement from the Plan for these expenses.

Certain plan investments are managed by the Plan's custodians and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment. The Company pays directly any other fees related to the Plan's operations.

(6) GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

At December 31, 2025 and 2024, the Plan had a fully benefit-responsive guaranteed investment contract with Empower totaling $1,382,323 and $424,099, respectively. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The guaranteed rate is reset quarterly. The investment contract had minimum guaranteed rate of 1.45% and 1.41% as of December 31, 2025 and 2024, respectively. Average yield on the contract was 1.45% in 2025. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under terms of the Plan. Contract value, as reported to the Plan by Empower, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, or (3) bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan. As of December 31, 2025 and 2024, no events were probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

(7) INFORMATION CERTIFIED BY PLAN CUSTODIANS

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following data included in the accompanying financial statements and supplemental schedule is complete and accurate as certified by the custodians.

- Investments (at fair value and contract value) and notes receivable from participants as shown in the statements of net assets available for plan benefits as of December 31, 2025 and 2024.

- Investment activity (net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants) as shown in the statement of changes in net assets available for plan benefits for the year ended December 31, 2025.

- Schedule H, Line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025, as shown on the supplemental schedule.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental schedule.

(8) TAX STATUS

The Plan is a pre-approved plan offered by the Plan's third-party administrator. The Internal Revenue Service has determined and informed the third-party administrator by a letter dated June 30, 2020, that the pre-approved plan under which the Plan operates is designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the date of the financial statements.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

(9) TRANSFERS IN

In October 2024, the Company acquired Component Products, LLC. As a result of the transaction, Component Products, LLC 401(k) Profit Sharing Plan was merged into the Plan as of January 1, 2025. Eight participants with balances totaling approximately $1,157,000 were transferred to the Plan.

In February 2025, the Company acquired Dick Campbell Company. As a result of the transaction, Campbell Company 401(k) Plan was merged into the Plan as of May 1, 2025. Forty-eight participants with balances totaling approximately $1,068,000 were transferred to the Plan. In addition, participant loans with outstanding principal balances totaling approximately $112,000 were transferred into the Plan. The transferred loans continue to be administered in accordance with their original loan agreements and the provisions of the Plan.
