INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
ML Automotive Group, LLC 401(k) Plan
Miami, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the accompanying financial statements of ML Automotive Group, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of ML Automotive Group, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of ML Automotive Group, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about ML Automotive Group, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ML Automotive Group, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about ML Automotive Group, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The Supplemental Schedules of Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year December 31, 2025) and Schedule H, Part IV, Line 4(a) – Schedule of Delinquent Participant Contributions as of December 31, 2025 are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

The following brief description of the ML Automotive Group, LLC 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of ML Automotive Group, LLC and its affiliates collectively referred to herein as (the "Employer"). Affiliated companies covered by the Plan include the following:

- NM1, LLC (d/b/a Palmetto57 Nissan),
- VW1, LLC (d/b/a Palmetto57 Volkswagen),
- JLR Treasure Coast, LLC (d/b/a Jaguar Treasure Coast and Land Rover Treasure Coast)

Subsequent to December 31, 2025, the Company reduced its workforce as a result of the sale of the operations of certain affiliated companies covered by the Plan. As a result of this event, a partial termination of the Company's 401(k) Plan occurred. See Note 10 for more information.

The Plan covers all employees who have completed six months of service and are age eighteen or older. The Plan was established on December 1, 2012 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Plan Administrator and Trustee

The Plan administrator, and trustee are as follows:
Plan Administrator – ML Automotive Group, LLC
Third Party Administrator – Automatic Data Processing, Inc. (ADP)
Trustee – ADP Retirement Trust Services, LLC (effective January 1, 2025) and Reliance Trust Company (for the period January 1, 2024, to December 31, 2024)

Eligibility Requirements

Employees who are eighteen years of age or older, have completed six months of service and have reached the entry date are eligible to participate in the Plan. Employees will receive credit for one month of service for each month in which they complete at least one hour of service. An hour of service is any hour for which the employee is paid or is entitled to payment. The entry date will be the first day of the month immediately following or coincident with the date the employee completes eligibility requirements.

Requirements for Contributions

Participants may elect to defer a portion of their annual compensation, as defined by the Plan and consistent with the IRS guidelines. Participants may elect to make contributions to pre-tax and Roth 401(k) deferral accounts. Additionally, participants may rollover or transfer to the Plan any portion or all of the funds received from another nonaffiliated qualified retirement plan (rollover contribution). At any time, an employee can elect not to make contributions. Participants that reach age 50 before the end of the calendar year may make additional catch-up contributions.

Note 1 – Description of the Plan (continued)

Participants direct their elective contributions into various investment options offered by the Plan. The Employer's contributions are allocated in the same manner as that of the participant's elective contributions. Participants may change their investment options and deferral percentages or amounts at any time.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation and their contributions invested in a default investment selected by the Plan Sponsor until changed by the participant.

In addition, the Employer makes a matching contribution of 25% of each participant's salary deferrals up to the first 4% of eligible compensation. The Employer made matching contributions of $113,060, net of forfeitures of $4,790, for the 2025 plan year.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Employer's matching contributions, and (b) the Plan's earnings. Allocations of earnings are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participant accounts are reduced by the number of withdrawals made by the participant during the plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon retirement, disability, death, termination of employment, reaching 65 years of age (Plan's normal retirement age) or age 59 (Plan's early retirement age), distributions are made to participants in the form of a lump sum distribution or in installments if the participant is subject to required minimum distributions.

Also, an automatic mandatory lump sum distribution will be made to those participants who have a vested benefit that does not exceed $5,000 upon termination of their employment. The non-vested balance, if any, reverts to the Plan. As further described in the Plan document, early withdrawals are generally limited to cases involving financial hardship. In the event of a hardship, participants may withdraw the funds from all their accounts.

Vesting Percentage

Participants are immediately vested in their elective deferrals and transfer contributions plus actual earnings thereon.

Note 1 – Description of the Plan (continued)

Participants are generally vested in the Employer's matching and discretionary contribution portion of their accounts plus actual earnings thereon based on years of vesting service as follows:

Years of Vesting Service	Vested %
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Participants are 100% vested in the Employer's matching contribution if they are employed on or after their normal retirement age of 65, or if a participant incurs a severance of employment as a result of death or disability.

Forfeitures

The non-vested portion of fund assets allocated to a participant's account is forfeited upon termination of service. The forfeitures may first be used to reduce future Employer contributions. During the years ended December 31, 2025, and 2024, Employer contributions were reduced by $4,790 and $12,349, respectively, due to forfeitures of non-vested fund assets.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions into any of several investment options including various registered investment companies. Participants may change their investment options at their discretion.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50 percent (50%) of the fair value of the portion of the non-forfeitable or vested accrued benefit of their account, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates equal to the prime rate plus two percent (2%). Principal and interest is paid ratably through monthly payroll deductions for a period not to exceed five years unless the purpose is a home loan, which is for a period not to exceed 30 years.

Plan Amendments

There were no amendments to the Plan during the year ended December 31, 2025. Subsequent to year-end, the Plan amended its adoption agreement. See Note 10.

Note 2 – Significant Accounting Policies

Basis of Presentation

The accompanying financial statements are presented using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Note 2 – Significant Accounting Policies (continued)

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates and assumptions.

Valuation of Investments and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the plan's gains and losses on investments bought and sold as well as held during the plan year.

Distributions Payable
Distributions Payable represent amounts owed to participants who have requested or are otherwise entitled to receive benefits under the Plan terms as of year-end.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events
The Employer has evaluated subsequent events and transactions for potential recognition or disclosure through October 12, 2026, which is the date the financial statements were available to be issued. See Note 10.

Note 3 – Trustee Certification

The following information in the accompanying financial statements and ERISA-required supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company for the 2024 plan year and ADP Retirement Trust Services, a qualified institution, for the 2025 plan year.

	2025	2024
Registered investment companies	$ 7,302,268	$ 6,044,273
Common/Collective trust fund	57,258	53,360
Notes receivable from participants	224,433	240,792
Total	$ 7,583,959	$ 6,338,425

Net appreciation in fair value of investments	$ 360,708
Interest and dividends	707,256
Interest income on notes receivable from participants	19,932
Total Investment Income	$ 1,087,896

Note 4 – Fair Value Measurements

FASB Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Note 4 – Fair Value Measurements (continued)

The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
Level 2	Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as : • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs that are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies: Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Common/Collective trust fund: Invesco Stable Asset Trust Fund ("Stable Asset Trust Fund") is a common/collective trust fund that invests principally in synthetic guaranteed investment contracts, and short-term investment funds which are intended to preserve principal and to provide interest income reasonably under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The Plan's investment in the Stable Asset Trust Fund is valued based on the Plan's share of the underlying net assets. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment. Issuances and redemptions of participant units are made daily.

Note 4 – Fair Value Measurements (continued)

The Stable Asset Trust Fund is valued at the net asset value (NAV). NAV represents shares held by the Plan at year end adjusted for any cash held for liquidity purposes and any fees imposed by the fund. The NAV per unit is determined by dividing the net assets by the number of units outstanding on the day of valuation. There is no unfunded commitment. The Plan may redeem units at any time upon 10 business days' notice at the lesser of the market value or the book value of the redeemed units. Were the Plan to initiate a full or partial redemption of the Stable Asset Trust Fund, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table provides information as of December 31, 2025 and 2024 about the Plan's financial assets carried at fair value on a recurring basis.

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 7,302,268	$ -	$ -	$ 7,302,268
Common/Collective trust fund (1)	-	-	-	57,258
Total investments	$ 7,302,268	$ -	$ -	$ 7,359,526

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Registered Investment Companies	$ 6,044,273	$ -	$ -	$ 6,044,273
Common/Collective trust fund (1)	-	-	-	53,360
Total investments	$ 6,044,273	$ -	$ -	$ 6,097,633

(1) The common/collective trust fund accounts are measured using NAV and in accordance with guidance in ASU 2018-13, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The Plan Administrator evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2025, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5 – Tax Status

In a letter dated October 6, 2020, the Internal Revenue Service determined that the prototype non-standardized profit-sharing plan which this Plan has been based on has been designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan is designed and is currently operating in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is not subject to income tax examinations for years prior to 2023.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

Note 7 - Party-in-Interest

Parties in interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. Automatic Data Processing, Inc. ("ADP") is the Plan's third-party administrator. The Plan holds registered investment accounts with ADP Retirement Trust Services, LLC that utilizes an affiliate broker dealer of ADP.

ADP Retirement Trust Services, LLC is the Plan's Trustee and, therefore, these transactions and the payment of record keeping fees, custodian fees, and investment management fees qualify as party-in-interest transactions. Notes receivable from participants held by the Plan also reflects party-in-interest transactions. Certain administrative functions are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Employer.

Administrative fees paid directly from Plan assets to ADP, the Recordkeeper, totaled $10,657, for the year ended December 31, 2025.

Note 8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits to the Form 5500 as of and for the year ended December 31, 2025 and 2024 respectively:

	2025	2024
Net assets available for benefits per the financial statements	$7,583,959	$6,312,845
Less: Deemed distributions	(8,480)	(7,955)
Plus: Distributions payable	-	25,580
Net assets available for benefits per the Form 5500	$7,575,479	$6,330,470

	2025

Note 9 - Non-Exempt Transactions

During the year 2025, certain participant contributions were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Company. Late remittances amounted to $3,540. These contributions are considered nonexempt party-in-interest transactions, which may result in the imposition of a 15 percent excise tax on the amount of the transactions. The Plan Sponsor intends to enter into the DOL Voluntary Fiduciary Correction Program (VFCP) and the amount of corrective lost earnings totaling $11 due to the Plan will be funded after the date of the issuance of the financial statements.

Note 10 – Subsequent Event and Partial Plan Termination

Subsequent to December 31, 2025, the Company implemented a workforce reduction related to the sale of certain operations. The Plan sponsor determined that the reduction in participants constituted a partial termination of the Plan.

A partial termination is deemed to have occurred if approximately 20% or more of plan participants are terminated by the plan sponsor as a result of an action, such as a plant closure, a decision to downsize, or the termination of a product line. The reduction can accumulate over one or more plan years and still be classified as a partial termination.

Note 10 – Subsequent Event and Partial Plan Termination (continued)

As a result of the partial plan termination, all affected participants became fully vested in their account balances as of the termination date. Participants were provided with a 30-day election period during which they could request a distribution or rollover of their account balances. Participants who do not make an election during this period will be subject to a force-out distribution to an IRA with American Century.

Additionally, subsequent to year-end, the Plan amended its adoption agreement to implement the SECURE Act provisions selected by the Plan Sponsor and to remove two participating employers that were previously covered under the Plan. Effective September 1, 2026, JLR Treasure Coast, LLC became the sole participating employer in the Plan.
