Management, having determined it is permissible in the circumstances, has elected to have the audits of Paumac Tubing LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section−

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Paumac Tubing LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Paumac Tubing LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Paumac Tubing LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events , considered in the aggregate, that raise substantial doubt about Paumac Tubing LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) for the year ended December 31, 2025, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Supplemental Schedule Required by ERISA (Continued)

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2025 and 2024

Note A - Description of Plan

The following description of the Paumac Tubing LLC (Company) 401(k) Plan provides general information only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering all employees who have completed three months of service by the next plan entry date and are age 19 or older. The entry date is the first day of any month. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan sponsor oversees governance of the Plan.

Contributions - Each year, participants may contribute on a pretax and or Roth basis not less than 1%, and up to 90% of annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various common collective trust funds and registered investment company funds. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default rate set at 4% of eligible compensation. Contributions are automatically invested in a designated balanced fund until changed by the participant. The Company contributes 25% of the employees' contributions, limited to a maximum of 4% of the employee's compensation. Contributions are subject to certain statutory limitations.

Participant Accounts - Each participant's account is credited with the participant's and Employer's contributions and allocations of (a) the Employer's matching contributions and, (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on the years of continuous service. A participant is 100% vested after five years of credited service.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant may elect or receive either a lump-sum amount equal to the value of the participants' vested interest in his or her account or various installment annuities. An active participant may also elect to seek in service withdrawals as defined in the Plan document.

Loans - The Plan does not allow participants to take out loans.

Note A - Description of Plan (Continued)

Forfeited Accounts - At December 31, 2025 and 2024, forfeited nonvested accounts totaled $26,476 and $19,974 respectively. These accounts will be used to reduce future employer contributions. Also, during December 31, 2025 and 2024, employer contributions were reduced by $36,338 and $6,171 from forfeited nonvested accounts, respectively.

Note B - Summary of Significant Accounting Policies

Expenses - Certain expenses of maintaining the Plan are paid by the Employer and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. Fees for the administration of benefit payments are included in administrative expenses and charged directly to the participants account.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - Accounting policies relative to the basis of recording assets conform with the Department of Labor guidelines. Assets are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized gain from investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note B - Summary of Significant Accounting Policies (Continued)

Excess Contributions Payable - Amounts payable to the participants for contributions in excess of amounts allowed by the IRS are recorded as excesss contributions payable, with a corresponding reduction to contributions. There were no excess contributions payable for 2025 and 2024. However, the November 24, 2017 payroll contributions and employer match were paid twice in January 2018. The plan sponsor was aware of the duplicate payment and is working to correct the overpayment. As of December 31, 2025, the overpayment was still outstanding. The balance of the excess contribution payable and employer match as of December 31, 2025 and 2024 was $5,216, respectively.

Payment of Benefits - Benefits are recorded when paid. All benefits were paid as of December 31, 2025.

Note C - Certified Information

ADP Retirement Trust Services, LLC holds the Plan's investments and executes all investment transactions as of and for the year ended December 31, 2025. The investment balances, and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by ADP Retirement Trust Services, LLC.

Reliance Trust Company holds the Plan's investments and executes all investment transactions as of and for the year ended December 31, 2024. The investment balances, and related income and losses included in the accompanying financial statements and supplemental schedule of assets held at end of year are based solely on information certified by Reliance Trust Company.

Note D - Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs are not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring use of Level 2 or 3 inputs for the periods presented.

Level 1 Fair Value Measurements - The fair value of the funds held is based on quoted net asset values of the shares as reported by the fund. The funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The funds held by the Plan are considered to be actively traded.

Note D - Fair Value Measurements (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective funds are measured at net asset value. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value. The net asset value is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value. The use of net asset value is deemed appropriate as the collective funds do not have a finite life, unfunded commitments or significant restrictions on redemptions.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024:

December 31, 2025	Level 1	Total
Mutual Funds		
Registered Investment Companies	$ 4,332,298	$ 4,332,298
Total Investment Assets in the fair value hierarchy	$ 4,332,298	4,332,298
Common/Collective Trust		275,942
Total Investment Assets at Fair Value		$ 4,608,240

Note D - Fair Value Measurements (Continued)

December 31, 2024	Level 1	Total
Mutual Funds		
Registered Investment Companies	$ 3,812,864	$ 3,812,864
Total Investment Assets in the fair value hierarchy	$ 3,812,864	3,812,864
Common/Collective Trust		219,777
Total Investment Assets at Fair Value		$ 4,032,641

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2025 are reported in net realized and unrealized gain from investments.

Note E - Income Tax Status

The Internal Revenue Service issued a determination letter dated October 6, 2020, stating that the plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code and that the related trust is, therefore, not subject to tax. The Plan administrator has a copy of this determination letter in their possession.

Note F - Party in Interest Transactions

Certain Plan investments are shares of mutual funds managed by ADP Retirement Trust Services, LLC. ADP Retirement Trust Services, LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. ADP retirement services manages the recordkeeping of the Plan and the Plan paid them $25,456 for the year ended December 31, 2025.

Certain Plan investments are shares of mutual funds managed by Reliance Trust Company. Reliance Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. ADP retirement services manages the recordkeeping of the Plan and the Plan paid them $12,825 for the year ended December 31, 2024.

These party-in-interest transaction are exempt from the prohibited transaction rules of ERISA.

Note G - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants would become 100% vested in their employer contributions.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note I - Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31	
	2025	2024
Net assets available for benefits per financial statements	$ 4,603,024	$ 4,027,425
Excess contribution payable	5,216	5,216
Net assets available for benefits per Schedule H to the Form 5500	$ 4,608,240	$ 4,032,641

All contributions for December 31, 2025 were deposited into the plan by the end of year.

Note J - Subsequent Events

The date to which events occurring after December 31, 2025, the date of the most recent statement of net assets available for plan benefits, have been evaluated for possible adjustment to or disclosure in the financial statements is October 6, 2026, which is the date on which the financial statements were available to be issued.
