INDEPENDENT AUDITORS' REPORT

To the Administrator and Participants of
Talbert Manufacturing, Inc. Bargaining Unit Employees' 401(k) Plan
Rensselaer, Indiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Talbert Manufacturing, Inc. Bargaining Unit Employees' 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Talbert Manufacturing, Inc. Bargaining Unit Employees' 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in the notes to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Talbert Manufacturing, Inc. Bargaining Unit Employees' 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Talbert Manufacturing, Inc. Bargaining Unit Employees' 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Talbert Manufacturing, Inc. Bargaining Unit Employees' 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Talbert Manufacturing, Inc. Bargaining Unit Employees' 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DESCRIPTION OF PLAN

The following brief description of the Talbert Manufacturing, Inc. Bargaining Unit Employees' 401 (k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more comprehensive description of the Plan's provisions.

General

The Plan is a defined contribution plan with salary reduction features which is commonly referred to as a 401(k) plan. It covers all eligible shop employees of Talbert Manufacturing, Inc. (the Company) hired on or before August 1, 1995, employees hired after August 1, 1995 who have completed one year of service, and employees hired after June 1, 1998 who have completed three months of service and who are 18 years of age. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Principal Life Insurance Company and Principal Trust Company (members of the Principal Financial Group) are the custodians of the Plan. Two members of Company management serve as trustees to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, including rollovers, allocations of the Company's matching contribution and an allocation of plan earnings, and debited with an allocation of plan expenses. Allocations are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Contributions

Participants may contribute up to 50% of their annual compensation, on a pre-tax basis, but no more than the maximum amount allowed by the Internal Revenue Code to the Plan. Participants 50 years of age or older are allowed an additional catch-up contribution as defined by the Internal Revenue Code. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

In 2025 and 2024, the Company made employer matching contributions which were discretionary. The Company matched 50% of a participant's eligible contribution up to $3,000 in 2025 and 2024.

In addition, the Company may provide an additional contribution on an annual basis. This additional discretionary contribution is determined annually by the Company's management, and the allocation is based on a percentage of each participant's total pre-tax compensation for the Plan year. For the years ended December 31, 2025 and 2024, the Company did not make any such additional discretionary contribution.

DESCRIPTION OF PLAN, continued

Vesting

Participants are immediately vested in their voluntary contributions and rollover contributions plus actual earnings thereon. A participant becomes vested with respect to the Company's matching and discretionary contributions based upon the number of years of service as follows:

Years of Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

Nonvested amounts are forfeited upon termination of service and are used to reduce the Company's contribution in the year following forfeiture.

Investment Options

The trustees of the Plan determine and approve investment options set up for the Plan. Upon enrollment in the Plan, a participant can make direct contributions into various investment options offered by the Plan. The Plan's assets are held in trust. The custodian invests in monies according to participant directions.

Payment of Benefits

Distributions are payable upon termination, death, disability, or retirement. Participants may elect to receive substantially equal installments or a lump sum equal to the value of the participant's vest interest in his or her account. Participants may also make withdrawals of vested account balances prior to termination upon attainment of age 59 ½ or in the event of financial hardship, as defined by the Plan.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $10,525 and $26,381, respectively. During 2025, employer contributions and fees were reduced by $27,582 from forfeited non-vested accounts.

Hardship Withdrawals

The Plan permits hardship withdrawals of the participants' vested account balance in the event of undue financial hardship. Permissible circumstances for hardship withdrawals include medical expenses, purchase of a primary residence, education, certain funeral expenses and certain expenses to repair damage to your primary residence.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through weekly payroll deductions.

DESCRIPTION OF PLAN, continued

Administration of Plan

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

SIGNIFICANT ACCOUNTING POLICIES

Date of Management's Review

Management has evaluated subsequent events through October 14, 2026, the date which the financial statements were available to be issued.

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management and trustees to make estimates and assumptions that affect certain reported amounts of plan assets and liabilities and the disclosure of contingencies, if any, at the date of the financial statements, and additions to and reductions from net assets available for plan benefits during the reporting periods. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See also FAIR VALUE MEASUREMENTS footnote.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025. If a participant ceases making loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Expenses that are charged to participant accounts include withdrawal fees and plan administrative fees. Certain investment-related expenses are included in net appreciation in fair value of investments.

FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value. Accounting Standards Codification (ASC) 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical, unrestricted assets or liabilities.

Level 2 – Quoted prices for similar assets in active markets; quoted prices for identical or similar assets in inactive markets; inputs other than quoted prices that are observable for the asset; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Mutual Funds
Mutual funds are valued at the daily closing price as reported by the fund. All of the mutual funds are funds with quoted daily prices that are directly observable in the marketplace by market participants.

Pooled separate accounts:
Valued at net asset value (NAV) for the number of units held by the Plan at year-end. NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the investments held by the pooled separate accounts, less liability. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

Common Collective Trust Fund
The Plan participates in the Principal Stable Value Fund which is held in a common collective trust fund maintained by Principal Global Investors Trust Company. The investments are valued using NAV as practical expedient to estimate fair value where NAV is based on the value of the underlying investment assets held by the fund minus its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. Participant transactions may occur daily. Withdrawals from the fund for benefit payments shall be made within thirty days after written notification has been received. There is not a set interest rate for the fund since it owns several investment contracts with varying rates and maturity dates. The total return for the year ended December 31, 2025 was 2.12%. The total return calculation is based on the value of a single unit of participation outstanding throughout the year. It represents the change in net asset value per unit between the beginning and end of the year.

FAIR VALUE MEASUREMENTS, continued

Certain events that are considered to be outside the normal operation of the fund may limit the Plan's ability to transact at contract value with Principal. Such events may include but are not limited to: fund administration amendments or changes, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the fund, transfers to competing options without meeting the equity wash provisions of the fund, and plan sponsor withdrawals without the appropriate notice to the fund and/or issuer. The plan administrator does not believe that the occurrence of any such event is probable.

Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events may include but are not limited to: management of the portfolio is not in accordance with investment guidelines, a breach of any material obligation under the wrap agreement, any representation or warranty made by the contract holder becomes untrue in any material way, a replacement of the investment advisor without prior consent of the issuer, the fund is terminated or ceases to qualify as a group trust or plans cease to meet the appropriate tax qualifications, or the wrap becomes a prohibited transaction within the meaning of Section 406 of Employee Retirement Income Security Act of 1974. The plan administrator does not believe that the occurrence of any such event is probable.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 198,264	$ -	$ -	$ 198,264
Investments, measured at net asset value	-	-	-	3,609,816
Investments, at fair value	$ 198,264	$ -	$ -	$ 3,808,080

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 229,700	$ -	$ -	$ 229,700
Investments, measured at net asset value	-	-	-	3,183,214
Investments, at fair value	$ 229,700	$ -	$ -	$ 3,412,914

In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the accompanying statements of net assets available for benefits.

FAIR VALUE MEASUREMENTS, continued

The pricing methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measure at the reporting date.

Redemption of investments measured at fair value based on NAV per share as a practical expedient is generally permitted daily and require a one-day advance written notice.

The common/collective trust fund held by the Plan is a direct filing entities (DFE). The Plan is not required to disclose the investment strategies of DFEs that file a form 5500 annual report directly with the Department of Labor.

INVESTMENTS

Unaudited Information Certified by the Plan's Custodians

All plan information related to investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation or depreciation in fair value of investments, dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information provided to the plan administrator and certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company as custodians of the Plan, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, participants will become 100 percent vested in their accounts. The trustees of the Plan will have the option of distributing the vested benefits immediately or holding the accounts until the participant terminates employment with the Company.

INCOME TAX STATUS

The Plan is placing reliance on an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 on the prototype plan indicating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan did not obtain its own determination letter. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are managed by members of the Principal Financial Group. Principal Life Insurance Company and Principal Trust Company are custodians of the Plan. Therefore, the investment transactions qualify as party-in-interest transactions. Fees and commissions paid by the Plan for investment management services are included as a reduction of the return earned by each investment managed by members of the Principal Financial Group. These fees are paid through revenue sharing, rather than a direct payment. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
