Independent Auditors' Report

The Plan Administrator
Pepsi-Cola Bottling Co. of Corbin, Inc. 401(k) Plan
Corbin, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Pepsi-Cola Bottling Co. of Corbin, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section of our report:

- **the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).**
- **the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).**

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- **Exercise professional judgment and maintain professional skepticism throughout the audit.**
- **Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.**
- **Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.**
- **Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.**
- **Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.**

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025, is presented for the purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- **the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.**
- **the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).**

(1) Description of plan

The following description of the Pepsi-Cola Bottling Co. of Corbin, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering employees of Pepsi-Cola Bottling Co. of Corbin, Inc. and its wholly owned subsidiaries, Breaktime Vending, Southeast, LLC, and Breaktime Distributing, LLC (the "Companies"). The Plan covers substantially all employees who are age eighteen or older and have completed ninety days of service (participants). Participants are enrolled the first day of the following month after eligibility is obtained. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code (IRC). Participants may also make after-tax contributions in the form of a Roth 401(k) deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Additionally, participants who have attained ages of 60 to 63 before the end of the Plan year may elect to make additional "super catch-up" contributions as permitted under the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022. Catch-up contributions will be taken into account in determining any employer matching contributions. Participants hired after July 1, 2007, are not eligible to participate in the Companies' defined benefit plan. However, these participants are eligible to receive a discretionary matching contribution equal to a uniform percentage or dollar amount of the participant's elective deferrals determined on an annual basis.

Employees are eligible for the matching contribution after one year of service. For 2025 and 2024, the match was as follows: (a) 100% match on the first 2% contributed and (b) 50% match for contributions in excess of the first 2% contribution up to 6%.

The Companies may make discretionary matching contributions which are determined annually by management. No discretionary match was made for 2025 and 2024. Company and participant contributions may not exceed the maximum amount deductible for federal income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's contribution and allocations of (a) the Companies' contributions, and (b) Plan earnings (losses), and is charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participant contributions from previous plans are fully vested. For termination of service for other reasons, the Companies' matching portion of their accounts and the related earnings vest 20% each year, beginning after two years and are fully vested after six years of credited service.

(e) Payment of benefits

On termination of service due to death, permanent disability, or retirement, a participant may elect to receive either a lump-sum payment or annual installments over a specified period equal to his or her entire account. For termination of service due to other reasons, a participant will be entitled to receive only the vested interest in his or her account as a lump-sum distribution. Withdrawals by participants while employed are limited to those requested due to events of financial hardship as defined in the Plan document and those participants who have attained the age of 59½.

(f) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Companies' contribution portion of their accounts. Such forfeitures may be used by the Plan to pay Plan expenses or to reduce the amount of matching contributions. At December 31, 2025 and 2024, forfeited nonvested accounts totaled $1,761 and $2,035, respectively. During the years ended December 31, 2025 and 2024, $7,285 and $958 of forfeitures were used to pay administrative fees, respectively.

(g) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the Plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's vested account balance.

(h) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to the processing of distributions are included in administrative expenses and charged directly to the participant's account. Investment related expenses are included in net appreciation in fair value of investments.

(i) Plan termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Payment of benefits

Benefits are recorded when paid.

(d) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(e) Events occurring after reporting date

The Plan's management has evaluated events and transactions that occurred between December 31, 2025, and October 13, 2026, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including cash, non-interest bearing, and investments, at fair value at December 31, 2025 and 2024, as well as net appreciation in fair value of investments, income from stable value fund, and dividends and interest for the years ended December 31, 2025 and 2024, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Alerus Financial, N.A. ("Alerus").

(4) Fair value measurements

Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurement* ("FASB ASC 820"), provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- **Quoted prices for similar assets or liabilities in active markets;**
- **Quoted prices for identical or similar assets or liabilities in inactive markets;**
- **Inputs other than quoted prices that are observable for the asset or liability;**
- **Inputs that are derived principally from or corroborated by observable market data by correlation or other means.**

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

(i) ***Money market funds*****: Represents a deposit account held with a bank, valued at par value plus accrued interest, which approximates fair value due to the short-term, liquid nature of the investment.**

(ii) ***Mutual funds*****: Valued based on the funds' reported closing net asset values of shares held by the Plan as of the last business day of the Plan year. The mutual funds are deemed to be actively traded.**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level the Plan's assets within the fair value hierarchy as of December 31, 2025 and 2024:

	Fair Value Measurements as of December 31, 2025 Using the Following Inputs			
	Level 1	Level 2	Level 3	Total
Money market fund	$ -	$ 378,239	$ -	$ 378,239
Mutual funds	7,233,637	-	-	7,233,637
Total assets in the fair value hierarchy	$ 7,233,637	$ 378,239	$ -	$ 7,611,876

	Fair Value Measurements as of December 31, 2024 Using the Following Inputs			
	Level 1	Level 2	Level 3	Total
Money market fund	$ -	$ 453,375	$ -	$ 453,375
Mutual funds	5,769,510	-	-	5,769,510
Total assets in the fair value hierarchy	$ 5,769,510	$ 453,375	$ -	$ 6,222,885

(5) Income tax status

The Companies have adopted a pre-approved profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the pre-approved plan was designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related party and party-in-interest transactions

The Plan holds a money market fund managed by Alerus and, therefore, these transactions qualify as party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers which also qualify as party-in-interest transactions.

(7) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
