Suburban Geriatrics, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Suburban Geriatrics, Inc. 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

2025 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2024 Financial Statements

Plan management is responsible for the accompanying 2024 financial statement of the Plan, which comprise the statement of net assets available for benefits as of December 31, 2024 and related notes to the financial statement in accordance with accounting principles generally accepted in Unites States of America. We have performed a compilation engagement in accordance with Statement of Standards for Accounting and Review Services promulgated by the Accounting and Review Services committee of the AICPA. We did not audit or review the financial statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statements of Suburban Geriatrics, Inc. 401(k) Profit Sharing Plan as of December 31, 2024.

Note 1—Description of the Plan

The following description of the Suburban Geriatrics, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants or other interested parties should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan sponsored by Encompass Healthcare, LLC (the "Company" or "Plan Sponsor"). The Plan is effective as of January 1, 1997 and was most recently restated on June 8, 2022. The Plan covers substantially all employees of the Company. Employees become eligible to receive employer safe harbor, nonelective contributions upon meeting certain eligibility requirements. The Plan is intended to qualify as a safe harbor 401(k) plan under section 401(k) of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration – The Plan is administered by the Company, which serves without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities.

Participant Contributions – Participants may make pre-tax and/or Roth contributions to the Plan up to the maximum permitted by law subject to certain IRC limitations. The maximum contribution limit for 2025 was $23,500. Participants who are 50 years or older during the Plan year may make additional pre-tax contributions referred to as catch-up contributions. The limit on catch-up contributions for 2025 was $7,500. Additionally, if a participant is eligible to make deferrals and is age 60-63 before the end of the calendar year, the participant may defer an additional $11,250 into the Plan as a pre-tax contribution, subject to certain IRC limitations and limits as defined by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Contributions – The Company contributes a safe harbor nonelective contribution of 3% of the participant's compensation for each payroll period. Safe harbor contributions are fully vested when contributed. Participants must attain 21 years of age, complete a 12-month period and 1,000 hours of service to be eligible for safe harbor nonelective contributions. Safe harbor contributions are allocated each payroll period to participants who have satisfied the applicable age and service requirements. The Company may also make discretionary employer-nonelective contributions. No discretionary employer-nonelective contributions were made during the year ended December 31, 2025.

Investment Options – Upon enrollment in the Plan, a participant may direct contributions into various investment options offered by the Plan. Participants may change their investment options at any time during the Plan year.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and Plan earnings (losses) and charged with withdrawals and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Note 1—Description of the Plan (continued)

Vesting – Participants have a fully vested and nonforfeitable interest in their voluntary contributions and Company safe harbor nonelective contributions. Vesting in discretionary-nonelective contributions is based on years of service. Participants become fully vested in discretionary employer-nonelective contributions upon death or total and permanent disability. Each participant's vesting schedule for the discretionary-nonelective contributions is as follows:

Years of Service	Vested Percentage
1 year	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Participants may have only three outstanding notes at any time. Notes must be repaid within five years, unless it is for the purchase of a primary residence and are secured by the balance in the participant's account and bear interest at a rate, as determined by the Plan administrator. Loans bear interest at the prime rate plus 1%. The interest rate on all outstanding loans ranged from 4.25% to 9.50% as of December 31, 2025, with maturities through May 2039.

Payment of Benefits – Vested amounts contributed through salary/wage reductions may be withdrawn by or distributed to a participant only upon: (1) termination of service, (2) death, (3) disability, (4) retirement, or (5) a hardship distribution. In-service distributions are allowed for participants over the age of 59½, but only from the participant's elective account balance. Certain income tax penalties may apply to withdrawals or distributions prior to retirement. The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship distributions are generally limited to amounts held in participants' pre-tax elective deferral and Roth elective deferral accounts, subject to the terms of the Plan.

Forfeited Accounts – Forfeitures are retained in the Plan and are first available to pay certain Plan expenses and are otherwise used to reduce future employer contributions. As of December 31, 2025 (Audited) and 2024 (Compiled), forfeited nonvested account balances totaled $10 and $782, respectively. During the year ended December 31, 2025, forfeitures of $800 were used to pay Plan expenses.

Note 2—Summary of significant accounting policies

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note 2—Summary of significant accounting policies (continued)

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits – Benefit payments are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Company and are, therefore, excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Note 3—Information certified by the qualified institution

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by Reliance Trust Company, the qualified institution of the Plan, as to the completeness and accuracy of the data included in the accompanying financial statements and supplemental schedule as of December 31, 2025 and 2024 and the year ended December 31, 2025.

- Investments, at fair value and notes receivable from participants in the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.

- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.

- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 4—Fair value of financial investments

The Plan follows the *Fair Value Measurements* topic of the Financial Accounting Standards Board Accounting Standards Codification 820, which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction and establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in the situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used as of December 31, 2025 or 2024.

Mutual Funds – These investments are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

Common Collective Trust – Valued based on the asset value per unit as determined by the trust as of the valuation date. NAV is determined in accordance with a valuation methodology adopted by the common collective trust's trustee. NAV is not a publicly quoted price in an active market. Unit values are determined by the organization sponsoring such funds by dividing the funds' net assets at fair value by its units outstanding at each valuation date. As there is no readily determinable fair value and the trust is valued at NAV practical expedient, it is shown outside the fair value hierarchy. There are currently no redemption restrictions on these investments or unfunded commitments. Participant transactions may occur daily at contract value.

The Plan believes its valuation methods are appropriate and consistent with other market participants; however, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4—Fair value of financial investments (continued)

The Plan's financial instruments carried at fair value are classified by the following fair value hierarchy levels as of December 31:

	2025 (Audited)			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments:				
Mutual funds	$ 13,241,059	$ -	$ -	$ 13,241,059
Total assets in fair value hierarchy	$ 13,241,059	$ -	$ -	13,241,059
Common collective trust*				51,112
Total investments, at fair value				$ 13,292,171

	2024 (Compiled)			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments:				
Mutual funds	$ 10,215,020	$ -	$ -	$ 10,215,020
Total assets in fair value hierarchy	$ 10,215,020	$ -	$ -	10,215,020
Common collective trust*				51,025
Total investments, at fair value				$ 10,266,045

(*) In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 5—Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of Plan termination, the assets of the Plan will be distributed to the participants in accordance with the Plan provisions.

Note 6—Tax status

The Plan Sponsor adopted a non-standardized, defined contribution pre-approved plan which received a favorable opinion letter from the Internal Revenue Service ("IRS") on October 6, 2020, which stated the Plan was in compliance with the applicable sections of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator believes the Plan is designed, as amended, and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more-likely-than-not would not be sustained upon examination by the IRS.

Note 7—Related party and party-in-interest transactions

Certain administrative expenses are paid to the investment advisor and recordkeeper of the Plan. These transactions qualify as party-in-interest transactions. These administrative expenses amounted to $79,420 for the year ended December 31, 2025.

Note 8—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect participants' account balances and the amounts reported in the financial statements and supplemental schedule.

The Plan's investments are diversified among various investment options; however, a significant portion of the Plan's investments are held in funds managed by a single investment provider. As a result, the Plan is subject to concentration risk associated with that investment provider.

Note 9—Subsequent events

The Plan has evaluated subsequent events for potential recognition and disclosure through October 12, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, the Suburban Geriatrics, Inc. 401(k) Profit Sharing Plan was amended and renamed the Vital Geriatrics 401(k) Plan in connection with a change in ownership and the consolidation of retirement plans for the combined organization. Following the amendment, employees of Encompass Healthcare, LLC; Suburban Geriatrics Inc.; Vital Healthcare Solutions, LLC; and SNF Specialty Services PLLC became participants in the Vital Geriatrics 401(k) Plan, and all subsequent employer and participant contributions were directed to that plan.

On February 18, 2026, the Plan received a trustee-to-trustee transfer of assets totaling $3,210,170 from the Vital Healthcare 401(k) Plan. Following the transfer, the Vital Healthcare 401(k) Plan was merged into the Vital Geriatrics 401(k) Plan and ceased to exist as a separate retirement plan.
