The Savings & Investment Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Savings & Investment Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

PKF O'Connor Davies LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the The Savings & Investment Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective January 1, 2003, as restated August 1, 2023. The Plan covers all employees, excluding nonresident aliens, leased employees, independent contractors, individuals employed by an employment agency, and employees covered under a collective bargaining agreement that does not provide for coverage under the Plan, of WPP Group USA, Inc. (the Company or Employer) and affiliates of the Company (the Participating Employers). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Administrative and Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

In 2025, two retirement plans sponsored by affiliates of the Company were merged into the Plan and assets aggregating $23,547,332 were transferred into the Plan.

In 2025, one affiliate of the Company ceased being part of the Company’s control group and, therefore, ceased to be a Participating Employer in the Plan. Employees of the former affiliate became participants in a qualified retirement plan sponsored by the affiliate. As a result, the Plan transferred assets of $13,311,473 attributable to these employees to that plan.

Contributions

Each year, participants may contribute between 1 and 50 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Eligible participants may also elect to contribute between 1 percent and 7 percent of their eligible compensation

1. Description of Plan (continued)

as voluntary after-tax contributions, as defined by the plan document, up to the statutorily permitted amount. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants will have their deferral rate increase by 1 percent each January 1 until their deferral rate reaches 15 percent. Employees of certain Participating Employers are not subject to the automatic enrollment and automatic increase provisions of the Plan.

Each year, Participating Employers may make discretionary matching contributions (Matching Contributions) equal to a percentage of the employee's compensation contributed to the Plan. Participants are generally eligible for Matching Contributions if they are employed by a Participating Employer as of the last day of the Plan year. Matching Contributions, if any, are deposited and generally allocated to the accounts of eligible participants after each Plan year-end. Certain Participating Employers make Matching Contributions on a pay period basis.

Each year, Participating Employers may make discretionary profit sharing contributions and other nonelective contributions (Profit Sharing Contributions). Participants are generally eligible to receive Profit Sharing Contributions, if any, if they are employed by a Participating Employer on the last day of the Plan year. Profit Sharing Contributions, if any, are deposited and allocated to the accounts of eligible participants after each Plan year-end. For the year ended December 31, 2025, there were no Profit Sharing Contributions made to the Plan.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

1. Description of Plan (continued)

Participant accounts

Each participant's account is credited with the participant's contributions and withdrawals, as applicable, the Company contributions, and allocations of Plan earnings (losses) thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's Matching Contribution and Profit Sharing Contribution portions of their accounts is based on years of continuous service. A participant is 100 percent vested after three years of credited service.

In addition, the Plan maintains certain more favorable vesting schedules that were grandfathered for eligible participants when the retirement plans sponsored by affiliates of the Company were merged with and into the Plan.

Notes receivable from participants

Participants may borrow from their account balance a minimum of $1,000 up to a maximum of the lesser of one-half of their vested account balance or $50,000. The loans are secured by the balance in the participant’s account and bear interest at a reasonable rate commensurate with the interest rates charged by persons in the business of lending money for loans that would be made under similar circumstances. Loan terms range from one to five years unless the proceeds of the loan are used to purchase the participant’s principal residence, in which case the plan administrator may permit a longer repayment period. Principal and interest is paid ratably through payroll deductions, which depends on the pay frequency of the Participating Employer.

1. Description of Plan (continued)

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant's vested balance is less than or equal to $5,000, the amount may be automatically distributed in the form of lump sum cash payment or rollover to an IRA, depending on the balance. In addition, the Plan allows for hardship distributions and age 59 1/2 distributions if certain criteria are met.

Forfeited accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $1,648,854 and $1,831,958, respectively. These accounts will be used to reduce future employer contributions or to pay plan administrative expenses. During 2025, Employer contributions were reduced by $6,101,064 and Plan administrative expenses were reduced by $340,296, from forfeited nonvested accounts, in accordance with Plan provisions.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Accounting Policies (continued)

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the net asset value (NAV) per share as a practical expedient are not categorized within the fair value hierarchy.

Investment Valuation and Income Recognition

The Plan’s investments are stated at fair value. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. These funds are deemed to be actively traded. The common/collective trusts are valued at the NAV of units held by the Plan as a practical expedient.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceased to make loan repayments and incurs a distributable event, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 14, 2026.

3. Investments

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$1,151,629,939	$ -	$ -	$1,151,629,939
Total Assets in the Fair Value Hierarchy	1,151,629,939	-	-	1,151,629,939
Investments measured at net asset value (a)	-	-	-	4,156,689,411
Total Investments at Fair Value	$1,151,629,939	$ -	$ -	$5,308,319,350

Assets at Fair Value as of December 31, 2024	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$1,045,978,753	$ -	$ -	$1,045,978,753
Total Assets in the Fair Value Hierarchy	1,045,978,753	-	-	1,045,978,753
Investments measured at net asset value (a)	-	-	-	3,615,332,128
Total Investments at Fair Value	$1,045,978,753	$ -	$ -	$4,661,310,881

(a) In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

3. Investments (continued)

Investments in Common/Collective Trusts

The common/collective trusts sell new units and repurchase outstanding units on a daily basis. Unit purchases and redemptions are transacted at the NAV of the common/collective trusts determined as of the close of business each day. The common/collective trusts do not have any unfunded commitments at December 31, 2025 and 2024.

The Plan offers the following common/collective trusts to participants of the Plan

Vanguard Retirement Savings Trust II

The Vanguard Retirement Savings Trust II (the Trust) is a common/collective trust that provides for the collective investment of assets of tax-exempt retirement plans. The Trust invests solely in the Vanguard Retirement Savings Master Trust (VRST Master Trust). The underlying investments of VSRT Master Trust are primarily in a pool of investment contracts that are issued by insurance companies and commercial banks and similar types of fixed-principal investments.

The Trust intends to maintain a constant NAV of $1 per share. Distributions of net investment income to unitholders are declared daily and reinvested on the first business day of the following month. Distributions received from the VSRT Master Trust are accrued daily. Distributions of net investment income to unitholders are declared daily and paid on the first business day of the following month.

Withdrawals may be made for the primary purposes of funding an authorized distribution, withdrawal, or loan disbursement to an employee or beneficiary covered thereunder, or for the purpose of making an employee-directed transfer to another investment election of the employee’s interest in the Plan. Certain plan-directed withdrawals may be subject to market value adjustments calculated in accordance with the provisions of the investment contracts.

3. Investments (continued)

The existence of certain conditions can limit the Trust's ability to transact at NAV with issuers of its investment contracts. Specifically, any event outside the normal operation of the Trust that causes a withdrawal from an investment contract may result in a negative market value adjustment with respect to the withdrawal. Examples of such events include, but are not limited to, partial or complete legal termination of the Trust or a unitholder, tax disqualification of the Trust or unitholder, and certain Trust amendments if issuers' consent is not obtained. As of December 31, 2025, the occurrence of an event outside the normal operation of the Trust that would cause a withdrawal from an investment contract is not considered to be probable. The Trust represents approximately 4% and 5% of the Plan's net assets available for benefits at December 31, 2025 and 2024.

JPMCB Large Cap Growth Fund

The JPMCB Large Cap Growth Fund (JPMCB Fund) is a collective trust fund established and maintained by JPMorgan Chase Bank, N.A. under a declaration of trust. The JPMCB Fund is designed to provide long-term capital appreciation primarily through high-growth U.S. equity securities performing over a full market cycle.

Vanguard Retirement Target Select Trusts

The 12 Vanguard Retirement Target Select Trusts (Target Trusts) seek to provide capital appreciation and current income consistent with their current asset allocation. The target Trusts invest in other Vanguard mutual funds and trusts according to an asset allocation strategy designed for investors planning to retire and leave the workforce in or within a few years of the target year. The Target Trusts' asset allocation will become more conservative over time, meaning that the percentage of assets allocated to stocks will decrease while the percentage of assets allocated to bonds and other fixed income investments will increase.

3. Investments (continued)

Vanguard Institutional Index Trust Funds

The 4 Vanguard Institutional Index Trust Funds offer investors a low-cost way to gain broad exposure to either U.S. large, mid, and small-capitalization stocks; developed and emerging international economies; U.S. investment-grade bonds; or 500 of the largest U.S. companies in one fund.

4. Information Certified

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Line 4i - Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends on investments, and interest on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Vanguard Fiduciary Trust Company, a qualified institution.

5. Related-Party and Party In Interest Transactions

Certain Plan investments are managed by Vanguard Fiduciary Trust Company, the Trustee, and therefore, these transactions qualify as party in interest transactions.

Additionally, the Plan issues loans to participants, which are secured by the participant’s account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

7. Tax Status

The IRS has determined and informed the Plan most recently by a letter dated July 20, 2023, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. Although the Plan has been amended since receiving this letter, the plan administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC.

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Delinquent Participant Contributions

During the 2025 and 2024 plan years, the Company failed to remit to the Plan certain participants' contributions amounting to $194,882 ($178,998 related to the 2025 plan year and $15,884 related to the 2024 plan year) within the period described by the Department of Labor (DOL) regulations. Delays in remitting the contributions to the Plan were due to administrative error. The Company is in the process of correcting the 2025 delinquent contributions in accordance with both the DOL and IRS guidance. The Company corrected the 2024 delinquent contributions in 2025 in accordance with both the DOL and IRS guidance.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

	2025	2024
