PKF O'CONNOR DAVIES
ACCOUNTANTS AND ADVISORS

Independent Auditors' Report

To the Plan Administrator and
The Pension Committee of
The Leatherstocking Corporation
Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Leatherstocking Corporation Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Leatherstocking Corporation Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Leatherstocking Corporation Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Leatherstocking Corporation Profit Sharing Plan's ability to continue as a going concern for one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Leatherstocking Corporation Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Leatherstocking Corporation Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year), as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Leatherstocking Corporation
Profit Sharing Plan

Notes to Financial Statements
December 31, 2025

1. Description of Plan

The following description of the The Leatherstocking Corporation Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

Effective January 1, 1994, Leatherstocking Corporation (the "Employer") established The Leatherstocking Corporation Profit Sharing Plan, a defined contribution plan, for the benefit of the Employer's employees who satisfy the Plan's eligibility requirements. Plan assets are held in a Trust Fund. The Employer and Fidelity Management Trust Company ("Fidelity") have entered into a Trust Agreement, with Fidelity serving as the Plan's Trustee. The Trustee is responsible for depositing contributions into the Trust Fund as well as holding, investing, and distributing such funds in accordance with the terms and provisions of the Trust Agreement. The Plan and Trust are subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Administrator of the Plan is the Employer and those individuals to whom it delegates certain roles and responsibilities. The Employer has entered into a Service Agreement with Fidelity Workplace Services, LLC (FWC) to provide certain administrative and recordkeeping duties.

The Plan was amended and restated effective September 26, 2017, to adopt the Fidelity Volume Submitter Defined Contribution Plan Adoption Agreement and (Basic) Plan Document. To ensure continued compliance, the Plan was again amended and restated as of August 19, 2021, by adopting the Fidelity Pre-Approved Defined Contribution Adoption Agreement and (Basic) Plan Document.

Contributions

The Plan includes three types of contributions: 1) Discretionary Nonelective Employer Contributions (i.e., Profit-Sharing), 2) Discretionary Matching Employer Contributions, and 3) Employee Elective Deferrals. Contributions may be made by and/or on behalf of the Employer and eligible Participants. Participants may defer an amount up to 90% of their eligible compensation. Effective in 2023, highly compensated employees may defer a lower limit of 0% of compensation to the Plan. For the 2025 Plan Year, the Employer contributed an amount equal to 10% of eligible Participant's compensation as an Employer Nonelective Contribution; the Employer did not make a Discretionary Matching Employer Contribution during this same period.

The Plan permits participants, as well as employees who are not yet eligible to participate but who have rolled over balances from a prior employer plan, to direct the investment of their contributions and existing account balances amongst available investment funds.

Effective in 2023, eligible participants may make after-tax (Roth) Employee Elective Deferrals.

1. Description of Plan (continued)

Eligibility

An eligible employee must complete 1,000 hours of service during a 12 consecutive month period (as measured from date of hire and thereafter on a calendar year basis) and have attained age 21 in order to participate in the Plan. Effective January 1, 2023, the hour of service requirement was amended to allow eligible employees to begin making deferrals to the Plan as of the first day of the month following completion of 1,000 hours of service during a 12 consecutive month measurement period, beginning with the date of hire.

Employees may begin participating in the Profit Sharing portion of the Plan on the January 1 or July 1 coincident with or next following completion of the eligibility requirements. A participant must complete 1,000 hours of service each plan year in order to receive a Discretionary Nonelective Employer Contribution for the next year (there are exceptions in the event of death, disability and attainment of certain retirement requirements). A participant may continue to make Employee Elective Deferral Contributions regardless of the number of hours completed during a plan year.

Participant accounts

Each Participant's account is credited with contributions as well as any investment gains and/or losses in accordance with their investment elections. Employees with rollover accounts, including those who are not yet eligible to participate, are also treated likewise for investment purposes.

Vesting

Both Discretionary Matching Employer Contributions and Discretionary Nonelective Employer Contributions vest over a three year period. Contributions vest in both Discretionary Matching Employer Contributions and Discretionary Nonelective Employer Contributions based on the following schedule:

Years of Service	**Percentage Vested**
Less than 1 year	0%
1	20%
2	40%
3	100%

1. Description of Plan (continued)

Vesting (continued)

A Participant will also become 100% vested upon their death or disability.

Employees who have been previously employed with certain related organizations receive service credit for their time employed at the related organization for purposes of both participation eligibility and vesting in the Plan.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Loans bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. The interest rate remains fixed throughout the duration of the loan. Loan repayments are made via an after-tax deduction from a participant’s paycheck and reinvested to the participant’s account in the Plan based on his/her current investment election. A ‘regular’ loan may not exceed a period of five (5) years, a loan for the purchase of a primary residence is limited to a maximum period of 10 years.

The interest rate for the outstanding loan at December 31, 2025 and 2024 was 9.50%.

Payment of Benefits

Distributions from the Plan are made in the form of a lump sum, which is paid directly to the Participant or directly rolled over to another employer plan or Individual Retirement Account. While employed, a Participant may access their Employee Elective Deferral Contributions account only by obtaining a Hardship Withdrawal, an Age 59 1/2 Withdrawal, a Withdrawal at Normal Retirement Age (age 65), or an Active Military Distribution. A withdrawal of Rollover Contributions is available at any time. In addition, the Plan allows for hardship distributions if certain criteria are met.

A Participant may request a Hardship Withdrawal at any time; however, the withdrawal must satisfy specific and heavy financial needs. In accordance with Internal Revenue Service regulations, a Participant must first exhaust all other assets reasonably available to them prior to obtaining a Hardship Withdrawal. This includes obtaining any in-service withdrawal(s) available from their account. The minimum Hardship Withdrawal is $500. Hardship Withdrawals are subject to the 10% nonperiodic income tax withholding rate unless a Participant elects out of the withholding.

1. Description of Plan (continued)

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $39,067 and $74,710, respectively. Forfeitures are first applied to pay plan administrative expenses, and any remaining amounts are used to reduce future employer contributions. During 2025, employer contributions were reduced by $3,096 and plan administrative expenses were reduced by $33,906, from forfeited nonvested accounts, in accordance with plan provisions.

Plan Termination

Subject to limitations imposed by ERISA and rules and regulations promulgated thereunder, the Employer reserves the right to amend, modify, suspend, discontinue or terminate the Plan. In the event of termination or partial termination of the Plan, the interest of all affected Participant accounts and benefits accrued to the date of such termination will become fully vested and nonforfeitable.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Fair Value Measurements

The Plan follows US GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to US GAAP guidance, alternative investments where fair value is measured using the Net Asset Value (“NAV”) per share as a practical expedient are not categorized within the fair value hierarchy.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The Plan's investments in mutual funds and common/collective trusts are stated at fair value. Investments in mutual funds are determined by quoted prices in active markets which represents the NAV of shares held by the Plan at year end. The common/collective trust is valued at the NAV of units held by the Plan. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from participants and the matching contributions from the employer are recorded in the year in which participant compensation is earned.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. Summary of Significant Accounting Policies (continued)

Subsequent Events

Effective January 1, 2026, the Employer donated all of its ownership interest in Charisma Management Corporation, which owns and operates The Otesaga Resort Hotel and Leatherstocking Golf Course, to The Clark Foundation. In connection with this ownership change, participant account balances in the Leatherstocking Corporation Profit Sharing Plan related to such employees were transferred to The Clark Foundation Profit Sharing Plan.

Elective and nonelective contribution eligibility criteria remained unchanged. Transferred participants were required to make new deferral and investment elections for future contributions beginning in 2026. Future contributions without an investment election are invested in the receiving plan's designated target-date default fund.

Subsequent events were evaluated for disclosure and/or recognition in the financial statements through October 14, 2026, the date the financial statements were available to be issued.

3. Tax Status

The Company has adopted a pre-approved plan document offered by Fidelity Management Trust Company that has received an IRS Advisory Letter dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the IRS Advisory Letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt.

The Plan recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Management has determined that the Plan had no uncertain tax positions that would require financial statement recognition or disclosure.

The Plan's tax returns for all years since 2022 remain open to examination by the respective tax authorities. There are currently no examinations in progress.

4. Information Certified by Custodian

The plan administrator has elected to have an audit performed pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025 and 2024. Accordingly, certain information in the Plan's financial statements and supplemental schedule was agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the Plan's Custodian and a qualified institution. The certified information includes the Plan's investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024, and the accompanying supplemental Schedule H, Part IV, Line 4i, - Schedule of Assets (Held at End of Year) as of December 31, 2025, and the related investment activity (including net appreciation/depreciation, interest, and dividends) and interest income on notes receivable from participants reported in the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

5. Fair Value Measurements

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	Level 1	Other Investments Measured at NAV*	Total
Mutual funds	$ 13,197,782	$ -	$ 13,197,782
Common/collective trust	-	325,709	325,709
Total Investments	$ 13,197,782	$ 325,709	$ 13,523,491

Assets at Fair Value as of December 31, 2024	Level 1	Other Investments Measured at NAV*	Total
Mutual funds	$ 11,259,554	$ -	$ 11,259,554
Common/collective trust	-	357,587	357,587
Total Investments	$ 11,259,554	$ 357,587	$ 11,617,141

(*) As discussed in Note 2, investments that are measured using the practical expedient are not classified within the fair value hierarchy.

6. Common/Collective Trust

The Fidelity Managed Income Portfolio Class 2 ("MIP") is a common/collective trust. The MIP invests in assets (typically fixed income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued by third parties, and invests in cash equivalents represented by shares in money market funds. Wrap contracts are normally purchased from issuers rated in the top three long-term rating categories (A- or the equivalent and above). It is the policy of the MIP to use its best efforts to maintain a stable NAV of $1.00 per unit, although there is no guarantee that the MIP will be able to maintain this value.

The MIP and the wrap contracts purchased by the MIP are designed to pay all permitted unitholder-initiated transactions at NAV. Permitted unitholder-initiated transactions are those transactions allowed by the underlying defined contribution plans (typically this would include withdrawals for benefits, loans, or transfers to non-competing portfolios within the plan) excluding certain withdrawals that are deemed to be caused by the actions of the plan sponsor. The wrap contracts limit the ability of the MIP to transact at NAV upon the occurrence of such plan sponsor events. These events include: a plan's failure to qualify under Section 401(a) or Section 401(k) of the IRC; the establishment of a defined contribution plan that competes with the plan for employee contributions; any substantive modification of the MIP or the administration of the MIP that is not consented to by the wrap issuer; any change in law, regulation or administrative ruling applicable to a plan that could have a material adverse effect on the MIP's cash flow; any communication given to unitholders by the plan sponsor, any other plan fiduciary or Fidelity that is designed to induce or influence unitholders not to invest in the portfolio or to transfer assets out of the portfolio; and any transfer of assets from the portfolio directly to a competing investment option.

Net asset value per unit is determined each business day. Issues and redemptions of units are recorded, upon receipt of unitholder's instructions in good order, based on the next determined net asset value per unit normally each day. In unusual market conditions, Fidelity may impose restrictions on issues and redemptions of units.

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect account balances and the amounts reported in the statements of net assets available for plan benefits.

8. Related-Party and Party In Interest Transactions

Certain Plan investments are managed by the Custodian, and therefore, these transactions qualify as party in interest transactions.

8. Related-Party and Party In Interest Transactions (continued)

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statements of net assets available for plan benefits.

Certain administrative functions of the Plan are performed by officers or employees of the Employer. No such officer or employee receives compensation from the Plan.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024, to Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 14,297,497	$ 12,244,025
Contributions receivable as of year-end	(770,466)	(622,107)
Net assets available for benefits per Form 5500	$ 13,527,031	$ 11,621,918

The following is a reconciliation of the increase in net assets available for benefits per the financial statements for the year ended December 31, 2025, to Form 5500:

	2025
Increase in net assets available for benefits per the financial statements	$ 2,053,472
Add: Employer contributions receivable as of December 31, 2024	622,107
Less: Employer contributions receivable as of December 31, 2025	(770,466)
Increase in net assets available for benefits per Form 5500	$ 1,905,113
