To the Retirement Plan Committee
Vi Retirement Plan

We have audited the financial statements of Vi Retirement Plan (the "Plan") as of and for the year ended December 31, 2025 and have issued our report thereon dated October 13,2026. Professional standards require that we provide you with the following information related to our audit.

## Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated June 22, 2026, we conducted our audit in accordance with professional standards except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we did not perform any auditing procedures with respect to certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP). The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, were audited by us in accordance with auditing standards generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal controls of the Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

## Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our letter about planning matters dated June 22, 2026.

## Significant Audit Findings

### *Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No significant new accounting policies were adopted, and the application of existing policies was not changed during 2025.

PRAXITY™
Empowering Business Globally

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

Management has informed us that, in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian, plus any applicable valuation adjustments. We performed no specific procedures related to the valuation of the investments due to the scope and nature of an ERISA Section 103(a)(3)(C) audit.

The disclosures in the financial statements are neutral, consistent, and clear.

***Difficulties Encountered in Performing the Audit***

We encountered no significant difficulties in performing and completing our audit.

***Disagreements with Management***

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

We are pleased to report that no such disagreements arose during the course of our audit.

***Corrected and Uncorrected Misstatements***

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

We did not detect any misstatements as a result of audit procedures.

***Significant Findings or Issues***

We generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement, with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition of our retention.

***Management Representations***

We have requested certain representations from management that are included in the management representation letter dated October, 13 2026.

**Form 5500 - Annual Return/Report of Employee Benefit Plan**

Our responsibility for Form 5500 does not extend beyond the financial statements, and we do not express an opinion or any form of assurance on Form 5500. However, we read the Plan's Form 5500 filing, and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

## Reportable Finding

The following deficiency in internal control was also identified and, in our professional judgment, is of sufficient importance to merit communication:

### *Eligible Compensation*

Management self-identified a certain pay code was improperly excluded from eligible compensation, which is not in accordance with the definition of compensation in the plan document. We recommend that more frequent review procedures be put in place to ensure that compensation used to calculate contributions is consistent with the plan document; corrections to past contributions be made, if necessary; and legal counsel be consulted to provide interpretive guidance and advice on corrective actions, if needed. The impact of not following the Plan's definition of compensation is that the financial statements could be misstated related to contributions. Additionally, the Plan could be out of compliance with IRS and DOL rules and regulations.

## Other Information Provided for Your Consideration

### *Timely Deposit of Employee Deferrals*

A Department of Labor regulation requires that benefit plans remit employee contributions to the plan as soon as they can be reasonably segregated from the employer's general assets. In no case can this amount of time exceed 15 business days after the end of the month in which the amounts were withheld. The 15-business-day rule, however, is not a safe harbor. The general rule has been interpreted as being as little as zero days for entities with more than 100 employees. The DOL also looks at the consistency of timing and holds employers to the least number of days for deposits when determining if contributions are timely.

The DOL has indicated that employee deferrals should be segregated from company assets directly after each pay period. Complying with this regulation may increase plan administration expenses if the custodian/recordkeeper charges for each allocation of contributions. A less costly option is for the company to make the deposit into the plan's money market account immediately after each pay period, with monthly allocations to the participant accounts. We recommend discussing alternatives with the Plan's custodian/recordkeeper that allow for compliance with DOL requirements while controlling costs.

### *Written Documentation of Bonus Deferral Election Communication*

To strengthen the control environment and support future audits, we recommend that management retain contemporaneous written evidence of communications establishing the applicable bonus deferral election deadlines. Maintaining this documentation will provide clear support for the deferral amounts recorded and demonstrate that elections were made in accordance with the plan's requirements.

### *Cybersecurity Risks*

With the U.S. Department of Labor's increased focus on cybersecurity for ERISA-covered benefit plans, it is vital for management to recognize both the financial and personal data risks these plans face. The value of participant data, while difficult to quantify, represents a significant exposure in the event of a breach, especially since standard theft coverage may not apply. Plan sponsors are now expected to adopt strong cybersecurity practices, including implementing formal, well-documented cybersecurity programs and maintaining vigilant oversight of third-party service providers. By following the DOL's best practices, plan sponsors can better protect plan assets and sensitive participant information, fulfilling their fiduciary duty and reducing the likelihood of costly security incidents.

***Benefit Plan Vendor Assessment***

Plan sponsors have a fiduciary responsibility to periodically evaluate benefit plan vendors, including recordkeepers, administrators, custodians, actuaries, and investment advisors. This involves thoroughly documenting their considerations during the evaluation and selection process. By doing so, they ensure that the chosen vendors meet the necessary standards and provide the best possible services for the benefit plan participants. Additionally, evaluating vendors can lead to operating effectiveness, as it allows plan sponsors to identify and select vendors that offer efficient and reliable services, ultimately enhancing the overall performance of the benefit plan. It is recommended that plan sponsors conduct these evaluations on a three- to five-year basis to ensure the plan administrator is maintaining its fiduciary responsibilities.

***Plan Compliance and Administrative Efficiency***

To reduce the risk of penalties or plan disqualification during an IRS or DOL audit, it is best practice for plan sponsors to conduct a proactive and comprehensive compliance assessment. This deeper review - beyond the scope of a routine audit - helps identify operational pitfalls, streamline administrative processes, and ensure that documentation and procedures are well understood by those with retirement plan responsibilities. By addressing issues early and documenting practices clearly, plan sponsors can strengthen compliance and support effective training for those involved in plan administration.

***SECURE 2.0 - What You Need to Know Now***

SECURE 2.0 is a comprehensive retirement reform law aimed at expanding access to retirement plans, increasing savings opportunities, and improving financial security for American workers. It was signed into law on December 29, 2022 as part of the Consolidated Appropriations Act, 2023. While SECURE 2.0 includes dozens of provisions aimed at improving retirement readiness, not every change requires immediate action or is applicable to all plan types. For plan sponsors, understanding the key updates taking effect in 2025 is essential for compliance and strategic planning. Below is a summary of the most impactful changes:

- **Auto-enrollment Requirement** - Starting in 2025, new 401(k) and 403(b) plans must automatically enroll eligible employees at a minimum of 3 percent, increasing annually by up to 10 percent.

- **Expanded Eligibility for Part-time Workers** - Employees who work at least 500 hours per year for two consecutive years must be allowed to participate in retirement plans.

- **Higher Catch-up Contributions for Ages 60-63** - Participants in this age group can contribute up to $11,250 in 2025, offering a boost to late-stage retirement savings.

- **Roth Catch-up Contributions for High Earners** - Employees earning over $145,000 must make catch-up contributions as Roth starting in 2026. Plan sponsors should prepare now.

Plan sponsors must amend their plan documents to reflect SECURE 2.0 changes by December 31, 2026.

***Impact of the One Big Beautiful Bill (OBBB) on Employee Benefit Plans***

The enactment of the One Big Beautiful Bill on July 4, 2025 has introduced significant changes to employee benefit plans. Plan sponsors should be aware of several key provisions that directly impact benefit plan design and compliance obligations. The OBBB permanently restores the telehealth safe harbor for high deductible health plans (HDHPs), allowing these plans to waive deductibles for telehealth services without disqualifying enrollees from contributing to a health savings account (HSA). Additionally, the OBBB increases the maximum contribution limit for dependent care FSAs from $5,000 to $7,500 effective January 1, 2026. Employers can also offer up to $5,250 annually in tax-free student loan repayment assistance under a qualified educational assistance program, with this cap indexed for inflation starting in 2027. These changes provide opportunities for plan sponsors to enhance their benefit offerings and ensure compliance with the new regulations.
