Independent Auditor's Report

To the Trustees of
Astor Chocolate Corp. 401K Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have been performed audits of the accompanying financial statements of Astor Chocolate Corp. 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for the year ended December 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Astor Chocolate Corp. 401K Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

• the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

• the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Astor Chocolate Corp. 401K Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Astor Chocolate Corp. 401K Plan ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

• Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Astor Chocolate Corp. 401K Plan internal control. Accordingly, no such opinion is expressed.

• Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

• Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Astor Chocolate Corp. 401K Plan ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1: Plan Description

The following description of Astor Chocolate Corp. 401K Plan provides only general information. Further detailed information regarding the plan can be found in the published plan document provided by the plan.

General
The plan is a defined contribution plan that was established on January 1, 2001. The plan was established to provide retirement benefits for employees of the sponsor, Astor Chocolate Corp. and its affiliates, who are eligible to participate. This excludes those employees covered by collective bargaining agreement which provide retirement benefits. To be eligible, employees must have completed 90 days of service as defined in the plan document. The board of the Trustees is responsible for the oversight of the plan. The Plan administrator determines the appropriateness of the plan's investment offerings, monitors investment performance, and reports to the board of Trustees. It is subject to the provisions of the Employee Retirement Security Act of 1974 (ERISA).

Contributions
Each year participants may contribute up to 15% of pre-tax compensation as defined in the plan document. Participants who have attained age 50 during the plan are eligible to make catch-up contributions. The plan also accepts contribution from other qualified plans (including rollovers). The company contributes each year 50% of the first 6% of base compensation that a participant contributes to the Plan, once the employee has completed one year of service as defined in the plan document. The company may also decide each plan year whether to make discretionary non-elective contributions to the plan accounts. During the year ended December 31, 2025, the company made no non-elective contributions. Contributions are also subject to certain IRS limitations.

Participant Accounts
Each participant's account is credited with participant's contributions and the Company's matching contribution as well as allocations of plan earnings. Participants direct the investment of their contributions into various investment options offered by the plan. Each participant's account is charged for investment advisory fees, management fees, administration fees, and fees charged by the underlying investment; all either allocated proportionally or directly charged to the participant's account. In addition, transaction fees related to individual loan accounts and terminated employees have these fees

directly deducted from their accounts. The benefit, to which one is entitled, is the benefit that can be provided from the participant's vested portion of their account balance.

Vesting
Vesting in the account is immediate for the employee portion of the contribution and the earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after 5 years of credited service.

Note Receivable from Participants
Participants may borrow from their fund accounts an amount ranging from a minimum of $500 up to a maximum of the lesser of one-half of the vested account balance or $50,000 reduced by the highest outstanding loan balance in the account during the prior twelve- month period. Participants are permitted to have three outstanding loans from the Plan at any time. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participants account and bear interest at a rate 1% above the Prime Rate as defined in the plan document.

Payment of Benefits
On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Participants may receive in-service withdrawal of their vested account balance upon reaching 59.5 years of age. Hardship withdrawals are permitted under the Plan.

Forfeited Accounts
Forfeited accounts may first be used to pay administrative expenses ad second to reduce future employer contributions. As of December 31, 2025 and 2024, Forfeited non-vested account balances totaled $2,936 and $14,311, respectively.

NOTE 2: Summary of Significant Accounting Policies

Date of Management's review
Subsequent events were evaluated through October 11, 2026, the date the

financial statements were available to be issued.

Use of Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, as well as the disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting and Income Recognition
The accompanying financial statements are prepared on the accrual basis of accounting.
Interest income is recorded on the accrual basis and dividend income is recorded on the ex-dividend date; both shown as investment income receivable on the statement of net assets available for benefits if applicable.

Investments
The plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to buy an asset (or to transfer a liability) in an orderly transaction between market participants at the measurement date.

The investment alternatives mentioned in Note 1, are held and managed by ADP, LLC, and is the sole provider of the options. They provide administrative services for the plan's investments with its affiliate, Reliance Trust Company, providing custodial and certain reporting services. The options are all publicly traded mutual funds or money market accounts. They are valued daily based on the publicly available market price using a unit of value method. Transactions are recorded as purchased or sold based on that day's market price. Values are adjusted as of the date the underlying publicly traded investment adjusts its value for dividends, interest, gains & losses, etc. The unit of account concept allows fees to be allocated to the individual accounts.

Fair Value Measurement
In accordance with authoritative guidance on fair value measurement the accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 input consists of unadjusted quoted prices in active markets for identical assets and has the highest priority.

Level 2 inputs consist of observable inputs other than quoted prices for identical assets.

Level 3 inputs have the lowest priority. They consist of unobservable inputs.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

The plan's investments are in pooled separate accounts and common collective trusts. Although valued daily, based on the publicly traded underlying value, the custodian and trustee use a unit of value concept which only closely approximates the actual fair market value. All mutual fund assets have been assigned valuations within level 1 and the collective common trusts at Level 2.

The accompanying schedules on pages 9-11 show detailed information.

Plan Participant Loans
The Plan provides for employee loans under certain circumstances. The interest rates on the loans are between 4.25% and 9.50% and are shown as participant loans receivable on the attached statement of net assets available for benefits, and as loan interest on the statement of changes in net assets available for benefits.

The plan document provides details on loan administration and eligibility. As per the plan document, delinquent loans are reclassified as distributions and are included as such in the statement of changes in net assets available for benefits, when applicable.

NOTE 3: Information Prepared and Certified by the Custodian

The following financial summary information was certified as complete and accurate in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and disclosure under ERISA, by ADP, LLC, and its affiliate, Reliance Trust Company, the trustee, transaction administrator,

and custodian of the plan assets. The certified information included is outlined as follows:

Investment balances included in the Statement of Net Assets Available for Benefits as of December 31, 2025 and 2024:

	2025	2024
Registered Invest. Co	$ 10,848,759	$10,896,418
Common Collective Trusts	$ 1,101,927	$ 715,139

Investment activities included in the Statement of Changes in Net assets Available for Benefits for the years ended December 31, 2025 and 2024:

	2025	2024
Gains & Losses	437,680	200,835
Investment Costs	(21,082)	(20,114)

NOTE 4: Party-in-Interest Transactions

The investment options are all and managed by ADP, LLC and its affiliates, who serve as the as custodian of the plan assets and as a provider of administrative services. As such, they are considered parties in interest but are exempt from the prohibited transactions rules of ERISA.

NOTE 5: Plan Amendments and Tax Status

The plan was formed as a prototype plan through ADP, LLC as a volume submitter sponsor. An IRS letter dated July 8, 2014 is on file stating that the plan and related trust are designed in accordance with applicable sections of the code. The plan has been amended over the years with the most recent amendment dated April 20, 2015. As a volume submitter there is no need for additional IRS approval for the restatements.

Plan management has analyzed the tax positions taken by the plan and has concluded that as of December 31, 2025, here are no uncertain positions taken or expected to be taken that would require recognition of an asset, liability, or disclosure in the financial statements.

NOTE 6: Risks and Uncertainties

The plan invests in various investment securities. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of these investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.
In addition, although plan management believes that their valuations of the investments are appropriate, the use of different methodologies to value those assets may result in a different valuation.

NOTE 7: Form 5500

The plan, per government regulations, is required to file an annual report for employee benefit plans (Form 5500). The financial statements, per accounting guidelines, are to be filed on an accrual basis, while form 5500 is to be filed on a cash basis with certain non-accounting concepts. The following is a reconciliation between the two reports:

Income (loss) per Financial Statements	$343,823
Deemed Distributions/DDL loans/Cash/accrual adj.	(1,681)
Income (loss) per form 5500	$ 342,142

Total Assets per Financial Statements	$12,083,649
Cumulative Deemed Distributions of Loans	(21,779)
Total Assets per Form 5500	$12,061,871

Loans that are deemed uncollectible are deducted on form 5500 in the period they are deemed uncollectible. For accounting purposes these deemed distributions are not deductible but remain as loans until the participant retires, at which time the default amount reduces the net distribution.
