Independent Auditor's Report

Board of Directors
American Honda Motor Co., Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C)

We have performed audits of the financial statements of Honda Survivor Medical Program (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits on a modified cash basis as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits on a modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting as described in Note 2.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Basis of Accounting
We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting described in Note 2.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note 2.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1. Plan Description

The following description of the Honda Survivor Medical Program (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General: The Honda Survivor Medical Program was established by the American Honda Motor Co., Inc. (AHM) to provide extended medical and prescription drug coverage for a participant's eligible dependents if the participant dies while an active employee at any Honda company located in the United States of America (the Companies). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions: Under the terms of the Plan, eligible associates may elect to participate in the Plan. Contributions include amounts authorized for payroll deductions by the associates for participation in the survivor medical plan. The amount of the payroll deduction is based on the participant's age.

Benefits: Generally, active associates became eligible for survivor medical coverage on the first day of the calendar month following the date of hire. Effective January 1, 2022, the Honda Survivor Medical Program expanded eligibility to include associates who are actively employed and also eligible for retirement. The Plan provides medical and prescription drug coverage at no cost for an additional five years beyond the automatic 12 months of coverage provided by other Honda health plans. After six years, eligible dependents can purchase medical and prescription coverage at 50% of the applicable COBRA rates in accordance with the Plan's provisions. The Plan participates in a Healthcare Risk Pooling Agreement with AHM to share healthcare costs (medical, dental, vision care and prescription drugs) with other Honda companies across North America while eliminating the need for stop-loss insurance. The Plan pays a monthly Honda Healthcare Premium (HHP) to AHM from trust assets for the aforementioned healthcare benefits. The HHP is determined annually by an actuary based on prior claims experience with the risk of loss being absorbed by AHM. AHM is the ultimate payor of the related health care benefits.

The Plan provides for payment of a portion of the reasonable and customary charges actually incurred by a participant's eligible dependents for the necessary care and treatment, provided that certain deductibles have been met, and subject to certain maximum benefits. The Plan covers medical benefits through a managed care point of service plan, which includes choices of network, out of the network and out of area medical programs.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements of the Plan have been prepared on a modified cash basis, which is a basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). The following summarizes the more significant accounting policies that comprise this modified cash basis. Plan additions and deductions are recorded when the cash is received or paid by the Plan. However, plan assets and plan liabilities may be recognized in cases where remittances by the Plan Sponsor are inadvertently transferred to or from other sponsored benefit plans.

Assets held in trust: The assets of this Plan and certain assets of the Honda Retirement Medical Program are held in the Honda Health and Welfare Benefits Trust (VEBA Master Trust) with Northern Trust Company, the trustee.

Note 2. Summary of Significant Accounting Policies (Continued)

The trustee maintains the assets of the VEBA Master Trust and pays benefits and administrative expenses for the Plan. The plan assets held in the VEBA Master Trust are managed by the trustee under the direction of the Plan Sponsor's Retirement Investment Group. The trustee provides the Plan Administrator with separate reports for the Plan's portions of the VEBA Master Trust.

Contributions: Contributions are recognized when received by the trustee.

Benefits: Premiums are recognized when paid by the Plan.

Administrative expenses: Certain administrative expenses are paid by the Plan and are recognized upon payment. Other administrative expenses of the Plan are paid by the Companies. The expenses paid by the Companies are not reflected in the accompanying financial statements.

Investment valuation and income recognition: Investments and assets held in trust are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Sponsor's Retirement Investment Group determines the Plan's valuation policies utilizing information provided by the trustee. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded when settled. Interest income and dividend income are recognized when paid. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of estimates: The preparation of financial statements in conformity with the modified cash basis, which is a basis of accounting other than U.S. GAAP, requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ significantly from those estimates.

Risks and uncertainties: The Plan invests in the VEBA Master Trust, which in turn, invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Subsequent events: The Plan Administrator has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.

Note 3. Plan Termination

Although the Plan Sponsor has not expressed any intent to terminate the Plan, they may do so at any time upon advance written notice to the trustee and the participants. If the Plan is terminated, assets of the Plan, to the extent available, will be applied against claims.

Note 4. Information Certified by Northern Trust Company

The financial information included in Note 5 was obtained by management and agreed to or derived from information certified as complete and accurate by Northern Trust Company, the trustee of the Plan.

Note 5. Honda Health and Welfare Benefits Trust

The Plan's investments are included in the investments of the VEBA Master Trust. The Plan's trustee maintains supporting records for the purpose of allocating the net assets and the net gains and losses of each of the investments in the specific plans. The Plan's interest in the VEBA Master Trust was approximately 19% and 31% as of December 31, 2025 and 2024, respectively. The VEBA Master Trust also includes investment assets of the Honda Retirement Medical Program.

The following is a summary of the VEBA Master Trust assets as of December 31:

	VEBA Master Trust Balances 2025	Plan's Interest in VEBA Master Trust Balances 2025	VEBA Master Trust Balances 2024	Plan's Interest in VEBA Master Trust Balances 2024
Assets:				
Investments, at fair value				
Northern institutional fund	$ 39,901,042	$ 7,456,461	$ 23,302,374	$ 7,126,433

Investment income in the VEBA Master Trust for the years ended December 31:

	2025	2024
VEBA Master Trust:		
Interest and dividends	$ 1,348,160	$ 901,464
Net appreciation in fair value of investments	-	-
Total investment income	1,348,160	901,464
Less investment expenses	-	-
Investment income, net	$ 1,348,160	$ 901,464

	2025	2024
Plan interest in investment income for the VEBA Master Trust:		
Interest and dividends	$ 296,897	$ 346,355

During 2025 and 2024, the Plan received an allocation of approximately 22% and 38%, respectively, of the net investment income of the VEBA Master Trust. Investment income is allocated to each plan based on the plan's specific interest attributed to the underlying investments in the VEBA Master Trust.

Note 6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 6. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodology used for the underlying assets in the VEBA Master Trust, measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

Northern institutional fund: Evaluated using observable, market based (bid evaluation) price using valuation techniques provided by non-proprietary vendors such as Interactive Data or Standard & Poor's (S&P).

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the VEBA Master Trust believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the VEBA Master Trust's assets measured at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Northern institutional fund	$ -	$ 39,901,042	$ -	$ 39,901,042

	2024			
	Level 1	Level 2	Level 3	Total
Northern institutional fund	$ -	$ 23,302,374	$ -	$ 23,302,374

Note 6. Fair Value Measurements (Continued)

Changes in fair value levels: The availability of market data is monitored to assess the appropriate classification of investments within the fair value hierarchy. Changes in economic conditions or valuation techniques may require transfer of investments from one fair value level to another.

Management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2025 and 2024, there were no transfers in or out of Level 3.

Note 7. Federal Income Taxes

The Plan and related VEBA Master Trust are qualified pursuant to Section 501(c) (9) of the Internal Revenue Code (IRC) and, accordingly, the VEBA Master Trust's net investment income is typically exempt from income taxes. The VEBA Master Trust obtained a favorable tax determination letter from the IRC dated February 9, 1989, and the Plan Administrator and the Plan's Counsel believe that the VEBA Master Trust, as amended, continues to qualify and to operate in accordance with applicable sections of the IRC.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Parties-in-Interest Transactions

Certain Plan investments in the VEBA Master Trust are shares of money market funds managed by Northern Trust Company. Northern Trust Company is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Northern Trust Company approximated $0 for the years ended December 31, 2025 and 2024.

The Plan paid $238,455 and $212,604 in Honda Healthcare Premiums to the Plan Sponsor, AHM, for the years ended December 31, 2025 and 2024, respectively.
