REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS

To the Participants and Investment Committee of
McCormick & Company, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The French's Union 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. Misstatements are considered material if there is a substantial likelihood that, individually

or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal controls. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal controls-related matters that we identified during the audits.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial

statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements
For the Year Ended December 31, 2025

1. DESCRIPTION OF THE PLAN

General

The French's Union 401(k) Retirement Plan (the Plan) is sponsored by McCormick & Company, Inc. (the Company, McCormick or the Plan Sponsor). The Plan was adopted by the Management Committee of the Board of Directors of McCormick & Company, Inc. (the Management Committee) and effective as of January 1, 2022. The Plan is a defined contribution plan covering all U.S. employees of The French's Food Company LLC (French's) hired on or after January 1, 2022, who are in a unit covered by a collective bargaining agreement between the United Food and Commercial Workers District Union Local 2 (Springfield) and French's. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The following description of the Plan provides only general information. Further information about the Plan agreement, eligible employees, the vesting provisions, and investment alternatives are contained in the Plan document.

Contributions

Participating employees contribute to the Plan through payroll deductions in amounts ranging from 1% to 70% of their earnings, subject to certain limitations. French's provides a matching contribution equal to 100% of the first 3% of an employee's contribution and 66-2/3% on the next 3% of the employee's contribution. Matching contributions are applied as employee contributions occur. Employees are automatically enrolled in the 401(k) plan at 2%; however, they can opt out or elect to change the percentage at any time. If the employee does not make a positive election to change the percentage, the contribution rate is increased by 1% per year (up to a maximum of 10% or the Internal Revenue Service contribution limit). French's also makes an annual profit-sharing contribution of 3% of eligible earnings to participants' accounts if participants are employed at the end of the Plan's year end. The profit-sharing contribution is applicable to all eligible employees.

Participants' elective contributions, as well as the matching contributions, and profit sharing contributions are invested in the Plan's investment funds as directed by the participant. In the absence of direction from the participant, the account is invested in an age-appropriate target date fund.

Participant Accounts

Each participant's account is credited with the participant's contribution, the employer's contribution made on their behalf, plus a proportionate interest in the investment earnings of the funds in which the contributions are invested. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their contributions, the matching contributions, and any related earnings. Profit-sharing contributions (and any related earnings) vest when an employee has 3 years of service or reaches age 55, if sooner.

Notes Receivable from Participants

Participants are permitted to take loans from their account balances, subject to a $500 minimum or, if less, the maximum amount available to participant for withdrawal. The maximum of any loan cannot exceed one-half of the participant's contributed account balance or $50,000, less the highest outstanding loan balance during the prior 12 months, whichever is less. The interest rate applied to the loans is the current prime lending rate +1%, or such other rate as is prescribed based on periodic evaluations by the Company. Current participant loans bear interest at rates ranging from 8.00% to 9.50% and are secured by the participant's account.

Loan repayments, including interest, are made by participants through payroll deductions over loan terms of up to five years. Longer loan terms are available for loans taken to purchase, construct, reconstruct, or substantially rehabilitate a primary home for the participant.

Benefit Payments

Participants may choose to receive account distributions either in the form of a lump sum payment or installments over a period of time as defined in the Plan document.

Upon termination of service, a participant with an account balance greater than $5,000 may elect to leave their account balance invested in the Plan, elect to rollover their entire balance to an Individual Retirement Account (IRA) or another qualified plan, elect to receive a lump-sum payment equal to their entire balance or elect annual installments to extend from two to eight years. Upon termination of service, a participant with an account balance of $5,000 or less must either elect to rollover their entire balance to an IRA or another qualified plan or elect to receive a lump-sum payment equal to their entire balance. In the absence of instruction from such a participant, balances of $1,000 or less automatically will be paid directly to the participant and those greater than $1,000 will be rolled over to an IRA designated by the Plan Administrator.

The SECURE Act 2.0 was enacted in December of 2022, the provisions of which include additional increases to the required minimum distribution (RMD) age, changes to long-term and part-time eligibility, new annual funding notice requirements, and other provisions. Plan sponsors have until December 31, 2026 to amend plan documents.

1. DESCRIPTION OF THE PLAN (continued)

Forfeited Accounts

As of December 31, 2025 and 2024, forfeited non-vested accounts totaled $0 and $1,380, respectively. These accounts are used to reduce future employer contributions. During the year ended December 31, 2025 and 2024, forfeitures of $1,386 and $3,921, respectively, were used to reduce employer contributions.

Plan Termination

The Company has no intentions to terminate the Plan; however, under the terms of the Plan, the Company reserves the right to terminate the Plan, or to reduce or cease contributions at any time if its Board of Directors determines that business, financial or other good causes make it necessary to do so. Also, under the terms of the Plan, the Company may amend the Plan at any time and in any respect, provided, however, that any such action will not deprive any participant or beneficiary under the Plan of any vested benefits. In the event of termination of the Plan, participants would become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of year-end, the changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Securities and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance companies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on ex-dividend date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. Investments for which no sale was reported on that date are valued at the last reported bid price. Common and collective funds are valued by the issuer of the funds based on the fund managers' estimate of the individual closing price of the funds on the last day of the Plan year as quoted by the applicable fund issuer. Mutual funds are valued at the closing price of the funds on the last day of the Plan year as quoted by the applicable fund issuer.

Net appreciation in fair value of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in the fair value of investments. Expenses relating to the purchase or sale of investments are added to the cost or deducted from the proceeds.

Investments Certified for Plan Trustee

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants as of December 31, 2025 and 2024, and net appreciation (or depreciation, if applicable) in fair value of investments and interest on notes receivable from participants and dividends for the year ended December 31, 2025, was obtained by the Plan Administrator and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company, the trustee of the Plan.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. To the extent there are delinquent notes receivable from participants, they are reclassified as distributions based upon the terms of the Plan Document.

Contributions

Employee and employer matching contributions are recorded in the period that the Plan Sponsor makes payroll deductions from the participant's earnings. Employer profit sharing contributions are typically funded after the Plan year-end.

Benefit Payments

Benefits and withdrawals are recorded when paid.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses

Administrative expenses include trustee, investment manager, and custodian fees as well as other administrative expenses directly associated with the Plan. A maintenance fee is deducted from each participant's account on a pro-rata basis for certain administrative expenses of the Plan. Fees for individual services, such as withdrawals or loan initiation, are charged to and paid by the requesting participant.

3. INVESTMENTS

The Plan's investments are held in bank-administered trust funds. The custodial trustee of the Plan is Delaware Charter Guarantee & Trust Company, conducting business as Principal Trust Company.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the accompanying Statements of Net Assets Available for Benefits.

Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;

3. INVESTMENTS (continued)

Fair Value Measurements (continued)

- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end mutual funds that are registered with the U.S. Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled, common and collective funds: Valued at NAV of the underlying investments. The collective trust funds' estimated value is NAV. The investment objectives and underlying investments of the pooled, common and collective funds vary.

The Morley Capital Management Principal Stable Value Fund seeks safety of principal and consistency of returns by investing in stable value investment contracts issued by life insurance companies, banks and other financial institutions. Redemptions are permitted daily with a one-day notice period. There were no unfunded commitments as of December 31, 2025 and 2024.

The Russell Small Mid Cap Index Class II Fund and William Blair Small-Mid Cap Core Collective Investment Trust seek to provide long-term capital growth by investing in a diversified portfolio of small and mid-cap U.S. equities. Redemptions are permitted daily with a one-day notice period. There were no unfunded commitments as of December 31, 2025 and 2024.

3. INVESTMENTS (continued)

Fair Value Measurements (continued)

The T. Rowe Price Structured Research Trust F CIT seeks to approximate the risk and return characteristics of the S&P 500 Index by investing in a diversified portfolio of large-cap U.S. equities. Redemptions are permitted daily with a one-day notice period. There were no unfunded commitments as of December 31, 2025 and 2024.

The Vanguard Target Trusts seek to provide long-term capital growth and income by investing in a mix of U.S. and international stock and bond funds with asset allocations gradually growing more conservative as they reach their target dates. Redemptions are permitted daily with a one-day notice period. There were no unfunded commitments as of December 31, 2025 and 2024.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2025 and 2024, the Plan had no financial assets that were subject to a Level 2 or Level 3 fair value measurement. The following table sets forth the fair value of Plan's Level 1 assets, within the fair value hierarchy, as well as the pooled, common and collective funds that are valued at net asset value, as of December 31, 2025 and 2024:

	Assets at Fair Value as of	
	December 31, 2025	**December 31, 2024**
Mutual funds:		
Equity funds	**$ 51,189**	$ 27,097
Bond funds	**5,321**	2,316
Total Level 1 Assets in the Fair Value Hierarchy	**56,510**	29,413
Pooled, common and collective funds (a)	**1,647,947**	931,225
Total Investments at Fair Value	**$ 1,704,457**	$ 960,638

(a) In accordance with Subtopic 820-10 of ASC 820 Fair Value Measurement, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

4. TRANSACTIONS WITH PARTIES-IN-INTEREST

The Plan holds an investment in Morley Capital Management Principal Stable Value Z Fund, a fund managed by affiliates of Principal Trust Company, who served as trustee and custodian. Income on the investment in this fund is at the same rate as non-affiliated holders of this security. These transactions qualify as party-in-interest transactions.

5. INCOME TAX STATUS

The Plan is intended to be qualified under Section 401(a) of the Internal Revenue Code (IRC). As of the date of these financial statements, the Plan has not received an IRS determination letter; however, the Plan Administrator believes that the Plan is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan's Administrator has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions. The Plan's tax returns for the Plan years 2023 through 2025 remain subject to examination by the IRS; however, there are currently no audits in progress.

6. SUBSEQUENT EVENTS

The Plan's management evaluated subsequent events and transactions through October 5, 2026, the date these financial statements were available for issuance, and has determined that no subsequent events have occurred that would affect the information presented in the accompanying financial statements or require disclosure in the notes thereto.
