Scope and Nature of ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the financial statements of the Three Floyds Brewing 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025 and December 31, 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2025 and December 31, 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report

- the amounts and disclosures in the accompanying 2025 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and

- the certified investment information in the accompanying 2025 financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2025 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the 2025 financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2025 Supplemental Schedules Required by ERISA

The 2025 supplemental schedule, Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year is presented for purposes of additional analysis and are not a required part of the 2025 financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2025 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2025 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2025 financial statements or to the 2025 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - Description of the Plan

General

The following description of the Three Floyds Brewing 401(k) Plan (the "plan") provides only general information. Participants should refer to the plan document for a more complete description of the plan's provisions.

The plan is a defined contribution plan covering substantially all employees of Three Floyds Brewing, LLC, Three Floyds Distillery, LLC, Three Floyds Brewpub, LLC and Warpigs USA Brewing, LLC (the "company"), who have completed twelve months of service and are age twenty-one or older. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan's administrative committee is responsible for the oversight of the plan, determining the appropriateness of the plan's investment offerings and monitoring investment performance.

The plan's federal identification number is 36-4165742, and the plan's number is 001.

Principles of Presentation

The accompanying financial statements report the financial position as of December 31, 2025 and 2024 and for the year ended December 31, 2025.

Contributions

Participants may contribute pretax elective deferrals and Roth elective deferrals to the plan. The combined pretax and Roth elective deferrals are subject to the annual Internal Revenue Service limit. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions.

The company makes a matching contribution of a discretionary amount, currently 100% of participant contributions up to 3% of participant compensation plus: 50% of participant contributions that exceed 3% of compensation but does not exceed 5% of compensation. Additional profit sharing amounts may be contributed at the option of the company's board of directors. During the year ended December 31, 2025, the company made no nonelective profit sharing contributions to the plan. Annual contributions from all sources are subject to certain limitations defined by the Internal Revenue Service (IRS).

Forfeited Accounts

At December 31, 2025 and 2023, forfeited nonvested accounts totaled $15,617 and $7,648, respectively. Amounts forfeited from a participant's account shall be used to restore forfeitures or reduce company contributions or to pay reasonable plan expenses.

Transfers from Qualified Plans (Rollovers)

At the discretion of the plan administrator, participants may be permitted to deposit distributions received from other qualified plans into the plan. Such a deposit is referred to as a “rollover”. Participants are always 100% vested in their "rollover" account.

Participant Accounts

Participant accounts are allocated to the various investment options offered by the plan as directed by the participants.

Each participant’s account is credited with the participant’s contribution, along with an allocation of the company discretionary matching contribution, discretionary nonelective contribution, and plan earnings. Participant accounts are also charged with an allocation of administrative expenses that are paid by the plan. Allocations are based on participant compensation, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE 1 - Description of the Plan -continued

Vesting
Participants are vested immediately in their contributions and company matching contributions plus actual earnings thereon. Vesting in the company's nonelective contributions is based on years of service. Participants become 20% vested after completing one year of service and are vested at an additional 20% for each year of additional service up to five years of service, at which time participants are fully vested. However, upon the participant's normal retirement age, death, or disability, all amounts are immediately vested.

Benefits
On termination of service due to death, disability, retirement (age 62), or termination of service due to other reasons, a participant with an account balance less than $1,000 shall receive a lump-sum distribution in cash. For accounts exceeding $1,000 but less than $5,000, the participant may elect to receive the distribution in cash or roll over the distribution to a qualified plan. For accounts exceeding $5,000, the participant may elect to receive a lump-sum distribution; installment payments; or may elect to defer such distribution to any valuation date subsequent to his/her termination, but no later than the valuation date of his/her normal retirement date; or the participant may elect to rollover the distribution to another qualified plan. The plan permits in-service distributions at age 59 ½. The plan also permits hardship distributions if certain criteria are met.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms generally range from one to ten years. The loans are secured by the vested balance in the participant's account and bear interest at a commercially reasonable rate of interest. Principal and interest is paid ratably through payroll deductions.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the plan are prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) under the accrual method of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the plan.

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - Summary of Significant Accounting Policies (Cont.)

Investment Valuation and Income Recognition
The plan's investments (except for fully benefit-responsive investment contracts, which are reported at contract value) are stated at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan's Administrative Committee determines the plan's valuation policies utilizing information provided by the investment advisors, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the plan are paid directly by the company and are excluded from these financial statements. Investment-related expenses are included within net appreciation of fair value of investments.

Subsequent Events
These financial statements have not been updated for subsequent events occurring after October 13, 2026, which is the date these financial statements were available to be issued. The plan has no responsibility to update these financial statements for events and circumstances occurring after this date.

NOTE 3 - Information Certified by the Asset Custodians (UNAUDITED)

The December 31, 2025 and 2024 Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, the asset custodians, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The information certified was prepared on the cash basis and includes total investments of $7,229,196 and $6,065,823 and total notes receivable from participants of $168,615 and $145,760 as of December 31, 2025 and 2024, respectively; and related increase in net assets available for benefits of $1,186,148 for the year ended December 31, 2025.

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

> quoted prices for similar assets or liabilities in active markets;

> quoted prices for identical or similar assets or liabilities in inactive markets;

> inputs other than quoted prices that are observable for the asset or liability;

> inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The plan sponsor is responsible for the determination of fair value and accordingly performs periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services. The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - Fair Value Measurements (Cont.)

The following is a description of the valuation methodologies used for assets measured at fair value. There has been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies: are valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2025 and 2024:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,601,569	$ -	$ -	$ 1,601,569
Investments measured at net asset value (a)				4,841,714
Investments at fair value				$ 6,443,283

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 1,330,373	$ -	$ -	$ 1,330,373
Investments measured at net asset value (a)				4,121,431
Investments at fair value				$ 5,451,804

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Net Asset Value		Unfunded	Redemption Frequency (if currently	Redemption
	2025	2024	Commitments	eligible)	Notice Period
Collective Trust Funds	$ 4,841,714	$ 4,121,431	N/A	Daily	Various

NOTE 5 - Guaranteed Investment Contract with Insurance Company (UNAUDITED)

The plan entered into a traditional benefit-responsive investment contract with Empower Annuity Insurance Company of America, which maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the plan.

Because the guaranteed investment contract meets the criteria to be fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits at contract value. Contract value, as reported to the plan by Empower Annuity Insurance Company of America, represents contributions made under the contract, plus: earnings, less: participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2025 and 2024, was $785,913 and $614,019 respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) the plan sponsor offers a competing fund without Empower Annuity Insurace Company of America's agreement, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (4) closing or disruption of financial markets or exchanges. The plan administrator does not believe that any events which would have limited the plan's ability to transact at contract value with participants are probable of occurring.

Either party to the guaranteed investment contract may terminate the contract with at least 60 days advanced written notice to the other party.

NOTE 6 - Party-in-Interest Transaction

Certain plan investments were managed by Empower Trust Company, LLC as of December 31, 2025 and 2024. As custodian of the plan, these transactions qualify as party-in-interest transactions. These are not considered prohibited transactions under ERISA.

The plan contracts with Empower Retirement, LLC as its asset custodian; Empower Trust Company, LLC and Empower Annuity Insurance Company of America as its recordkeeper; and SVRPC, Inc. as its third-party administrator (TPA). Administrative fees paid by the plan to the custodian and TPA totaled $43,429 and $49,796 for the years ended December 31, 2025 and 2024, respectively; all of which qualify as party-in-interest transactions.

NOTE 7 - Tax Status

The company adopted a volume submitter profit sharing plan with cash or deferral arrangement which received a favorable opinion letter dated March 31, 2014, stating that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The plan administrator believes that the plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the plan is qualified and the related trust is tax-exempt.

NOTE 8 - Plan Termination

Although it has not expressed any intent to do so, the employer has the right under the plan to discontinue their contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their allocated company nonelective contributions.

NOTE 9 - Concentration of Market Risk

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is as at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Changes of Net Assets Available for Benefit.

As of December 31, 2025, there were 3 investments which individually represented greater than 10% of investment assets held. There were 2 investements which individually represented greater than 10% of investments held at December 31, 2024.
