INDEPENDENT AUDITOR'S REPORT

To the Trustees of Legacy Infrastructure Group 401(k) Plan
Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Legacy Infrastructure Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Legacy Infrastructure Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Legacy Infrastructure Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Legacy Infrastructure Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Legacy Infrastructure Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Legacy Infrastructure Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4-i - Schedule of Assets Held at End of Year, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1: DESCRIPTION OF THE PLAN

The Legacy Infrastructure Group 401(k) Plan (the Plan) was established effective as of July 1, 2017 and was most recently amended effective January 1, 2025 to add J&R Constructors Group, LLC to the Plan and to implement the SECURE 2.0 increased catch-up contribution limit for participants who attain ages 60 through 63 during the year. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that, for the Plan year ended December 31, 2025, covered substantially all employees of Legacy Infrastructure Group LLC, Superior Bowen Asphalt Company, LLC, Construction Material Testing Group LLC, Haskell Lemon Group LLC, and J&R Constructors Group, LLC who have one month of consecutive service and are not an excluded employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan participation is voluntary. Excluded employees are union employees, certain nonresident aliens, leased employees, and seasonal interns.

Contributions

Each year, participants may elect to defer up to the maximum established by law, $23,500 for 2025, with an additional catch-up contribution of $7,500 for employees age 50 or older, for a total elective deferral limit of $31,000. Participants who attain ages 60 through 63 during 2025 may make the higher SECURE 2.0 catch-up contribution of $11,250, for a total elective deferral limit of $34,750. Participants are permitted to designate a portion or all of the deferral election as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Effective January 1, 2024, the Plan made safe harbor matching contributions to the Plan in an amount equal to 100% of the first one percent of eligible compensation and 50% of the next five percent of eligible compensation. The Company may make annual discretionary matching contributions in an amount to be determined at Plan year end by the employer. No discretionary matching contributions were made for the Plan years ended December 31, 2025 and 2024.

The Company may make annual discretionary profit sharing contributions in an amount to be determined at Plan year end by the employer. Employees must be employed as of the last day of the Plan year to be eligible for the discretionary profit sharing contributions for that Plan year. No discretionary profit sharing contributions were made for the Plan years ended December 31, 2025 and 2024. Contributions are subject to certain limitations.

The Plan contains an automatic enrollment feature which will automatically defer 6% of each participant's compensation upon meeting the eligibility requirements unless a greater or lesser (including zero) percentage is elected by the participant. While a participant, the automatic deferral amount will increase by 1% of compensation up to a maximum of 15% of compensation. Such increase will be applied as of the beginning of each subsequent plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, (c) loan activity, if applicable, (d) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on either the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of expense allocation depends on the nature of the expense. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Upon enrollment in the 401(k) Plan, a participant may direct Plan assets to any or all 27 investment options offered. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of one-half of the participant's vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear a reasonable interest rate determined by the Plan Administrator; current loans outstanding are at rates between 5.25% and 9.50%. All loans are considered a directed investment of the participant's account under the Plan, and all payments of principal and interest by the participant on a loan will be credited to the participant's account.

Vesting

Participants are immediately vested in their contributions from salary deferral, including catch up, and their rollover contributions plus actual earnings thereon. Participants are vested in their QACA safe harbor match contributions and any earnings thereon in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	100%

Participants are vested in their other employer matching contributions and any earnings thereon in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Participants are vested in their employer discretionary profit sharing and any earnings thereon in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

A participant is eligible to request a distribution of their vested account balance based upon any of the following events: death, disability, normal retirement, and termination of employment. Except for special distributions related to a portion of interest in the Plan attributable to transferred pension assets, the payment will be in the form of a single lump-sum payment. For termination of service for reasons other than death, disability or normal retirement, the participant will receive the value of the vested account balance automatically, as a lump-sum cash out distribution if the vested account balance does not exceed $1,000. The Plan does permit in-service distributions prior to termination of employment of fully vested amounts for participants that have attained 59.5 years of age.

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Plan Termination

The employer has the right to amend or terminate the Plan at any time. Each participant in the Plan upon Plan termination will automatically become 100% vested in their account balance.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $99,248 and $98,116, respectively. These accounts are used to pay administrative expenses and any remaining amounts may be used to reduce future employer contributions. For the year ended December 31, 2025 and 2024, employer contributions were reduced by $25,522 and $8,101, respectively, from forfeited nonvested accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The investments in the underlying mutual funds are carried at fair value. The Plan provider calculates the fair value using internal unit values based upon the change in quoted prices in active markets of the net asset values of the underlying mutual fund investments, dividends and capital gain or loss distributions. See Note 4 for discussion of fair value measurements. Third party administrator expenses are allocated and deducted from each participants' account. Administrative expenses, such as audit and legal fees, are absorbed by the Plan sponsor. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Participant loans are measured at amortized cost, which is their unpaid principal balance plus accrued but unpaid interest. No allowance for doubtful accounts is required as participants have the option of repaying the loan or having the loan distributed to them upon termination. A loan will be processed as a deemed distribution against the vested account balance if it is not repaid following termination.

Payment of Benefits

Benefits are recorded when paid.

Income Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the Determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3: INVESTMENTS

Unaudited Information Certified by the Plan Trustee

The December 31, 2025 and 2024, Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Fidelity Management Trust Company, the Plan trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Money Market Funds: Valued at net asset value of shares held by the Plan. The assets are valued at published closing price in active markets.
- Mutual Funds: Valued at net asset value of shares held by the Plan. The assets are valued at published closing price in active markets.
- Collective Trust Funds: Value is based upon net asset value (NAV), as reported by the manager of the collective trust fund, and as supported by unit prices of actual purchase and sale transactions. The NAV, as provided by the collective trust fund, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2025 Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 7,862	$ -	$ -	$ 7,862
Mutual Funds	2,109,910	-	-	2,109,909
Total Assets in the Fair Value Hierarchy	$ 2,117,772	$ -	$ -	$ 2,117,771
Investments Measured at Net Asset Value (a)	$ -	$ -	$ -	$ 23,993,396
Investments at Fair Value	$ 2,117,772	$ -	$ -	$ 26,111,167

	December 31, 2024 Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 4,280	$ -	$ -	$ 4,280
Mutual Funds	23,065,105	-	-	23,065,105
Total Assets in the Fair Value Hierarchy	$ 23,069,385	$ -	$ -	$ 23,069,385
Investments Measured at Net Asset Value (a)	$ -	$ -	$ -	$ 92,033
Investments at Fair Value	$ 23,069,385	$ -	$ -	$ 23,161,418

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table for December 31, 2025 and 2024, sets forth a summary of the Plan's investments with a reported NAV.

Investments	Fair Value 12/31/2025	Fair Value 12/31/2024	Redemption Frequency	Redemption Notice Period
Collective Trust Funds	$ 23,993,396	$ 92,033	Daily	None*

* Certain plan sponsor-directed redemptions of $1,000,000 or more may require five business days' notice.

NOTE 5: RELATED PARTY TRANSACTIONS

Plan investments include shares of money market funds and mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company, a related company, is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are absorbed by the investments and reflected in the funds fair value. Certain other expenses are absorbed by the Plan sponsor.

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the Statement of Net Assets Available for Benefits.

NOTE 7: SUBSEQUENT EVENTS

Subsequent events have been evaluated through the date of the attached auditor's report, the date the financial statements were available to be issued. Management noted effective September 18, 2026, employees of Constructors, Inc. became eligible to participate in the Plan.

INDEPENDENT AUDITOR'S REPORT

To the Trustees of Legacy Infrastructure Group 401(k) Plan
Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Legacy Infrastructure Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Legacy Infrastructure Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Legacy Infrastructure Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Legacy Infrastructure Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Legacy Infrastructure Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Legacy Infrastructure Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4-i - Schedule of Assets Held at End of Year, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1: DESCRIPTION OF THE PLAN

The Legacy Infrastructure Group 401(k) Plan (the Plan) was established effective as of July 1, 2017 and was most recently amended effective January 1, 2025 to add J&R Constructors Group, LLC to the Plan and to implement the SECURE 2.0 increased catch-up contribution limit for participants who attain ages 60 through 63 during the year. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that, for the Plan year ended December 31, 2025, covered substantially all employees of Legacy Infrastructure Group LLC, Superior Bowen Asphalt Company, LLC, Construction Material Testing Group LLC, Haskell Lemon Group LLC, and J&R Constructors Group, LLC who have one month of consecutive service and are not an excluded employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan participation is voluntary. Excluded employees are union employees, certain nonresident aliens, leased employees, and seasonal interns.

Contributions

Each year, participants may elect to defer up to the maximum established by law, $23,500 for 2025, with an additional catch-up contribution of $7,500 for employees age 50 or older, for a total elective deferral limit of $31,000. Participants who attain ages 60 through 63 during 2025 may make the higher SECURE 2.0 catch-up contribution of $11,250, for a total elective deferral limit of $34,750. Participants are permitted to designate a portion or all of the deferral election as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Effective January 1, 2024, the Plan made safe harbor matching contributions to the Plan in an amount equal to 100% of the first one percent of eligible compensation and 50% of the next five percent of eligible compensation. The Company may make annual discretionary matching contributions in an amount to be determined at Plan year end by the employer. No discretionary matching contributions were made for the Plan years ended December 31, 2025 and 2024.

The Company may make annual discretionary profit sharing contributions in an amount to be determined at Plan year end by the employer. Employees must be employed as of the last day of the Plan year to be eligible for the discretionary profit sharing contributions for that Plan year. No discretionary profit sharing contributions were made for the Plan years ended December 31, 2025 and 2024. Contributions are subject to certain limitations.

The Plan contains an automatic enrollment feature which will automatically defer 6% of each participant's compensation upon meeting the eligibility requirements unless a greater or lesser (including zero) percentage is elected by the participant. While a participant, the automatic deferral amount will increase by 1% of compensation up to a maximum of 15% of compensation. Such increase will be applied as of the beginning of each subsequent plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, (c) loan activity, if applicable, (d) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on either the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of expense allocation depends on the nature of the expense. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Upon enrollment in the 401(k) Plan, a participant may direct Plan assets to any or all 27 investment options offered. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of one-half of the participant's vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear a reasonable interest rate determined by the Plan Administrator; current loans outstanding are at rates between 5.25% and 9.50%. All loans are considered a directed investment of the participant's account under the Plan, and all payments of principal and interest by the participant on a loan will be credited to the participant's account.

Vesting

Participants are immediately vested in their contributions from salary deferral, including catch up, and their rollover contributions plus actual earnings thereon. Participants are vested in their QACA safe harbor match contributions and any earnings thereon in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	100%

Participants are vested in their other employer matching contributions and any earnings thereon in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Participants are vested in their employer discretionary profit sharing and any earnings thereon in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

A participant is eligible to request a distribution of their vested account balance based upon any of the following events: death, disability, normal retirement, and termination of employment. Except for special distributions related to a portion of interest in the Plan attributable to transferred pension assets, the payment will be in the form of a single lump-sum payment. For termination of service for reasons other than death, disability or normal retirement, the participant will receive the value of the vested account balance automatically, as a lump-sum cash out distribution if the vested account balance does not exceed $1,000. The Plan does permit in-service distributions prior to termination of employment of fully vested amounts for participants that have attained 59.5 years of age.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Plan Termination

The employer has the right to amend or terminate the Plan at any time. Each participant in the Plan upon Plan termination will automatically become 100% vested in their account balance.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $99,248 and $98,116, respectively. These accounts are used to pay administrative expenses and any remaining amounts may be used to reduce future employer contributions. For the year ended December 31, 2025 and 2024, employer contributions were reduced by $25,522 and $8,101, respectively, from forfeited nonvested accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The investments in the underlying mutual funds are carried at fair value. The Plan provider calculates the fair value using internal unit values based upon the change in quoted prices in active markets of the net asset values of the underlying mutual fund investments, dividends and capital gain or loss distributions. See Note 4 for discussion of fair value measurements. Third party administrator expenses are allocated and deducted from each participants' account. Administrative expenses, such as audit and legal fees, are absorbed by the Plan sponsor. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Participant loans are measured at amortized cost, which is their unpaid principal balance plus accrued but unpaid interest. No allowance for doubtful accounts is required as participants have the option of repaying the loan or having the loan distributed to them upon termination. A loan will be processed as a deemed distribution against the vested account balance if it is not repaid following termination.

Payment of Benefits

Benefits are recorded when paid.

Income Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the Determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3: INVESTMENTS

Unaudited Information Certified by the Plan Trustee

The December 31, 2025 and 2024, Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Fidelity Management Trust Company, the Plan trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Money Market Funds: Valued at net asset value of shares held by the Plan. The assets are valued at published closing price in active markets.
- Mutual Funds: Valued at net asset value of shares held by the Plan. The assets are valued at published closing price in active markets.
- Collective Trust Funds: Value is based upon net asset value (NAV), as reported by the manager of the collective trust fund, and as supported by unit prices of actual purchase and sale transactions. The NAV, as provided by the collective trust fund, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2025 Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 7,862	$ -	$ -	$ 7,862
Mutual Funds	2,109,910	-	-	2,109,909
Total Assets in the Fair Value Hierarchy	$ 2,117,772	$ -	$ -	$ 2,117,771
Investments Measured at Net Asset Value (a)	$ -	$ -	$ -	$ 23,993,396
Investments at Fair Value	$ 2,117,772	$ -	$ -	$ 26,111,167

	December 31, 2024 Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 4,280	$ -	$ -	$ 4,280
Mutual Funds	23,065,105	-	-	23,065,105
Total Assets in the Fair Value Hierarchy	$ 23,069,385	$ -	$ -	$ 23,069,385
Investments Measured at Net Asset Value (a)	$ -	$ -	$ -	$ 92,033
Investments at Fair Value	$ 23,069,385	$ -	$ -	$ 23,161,418

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table for December 31, 2025 and 2024, sets forth a summary of the Plan's investments with a reported NAV.

Investments	Fair Value 12/31/2025	Fair Value 12/31/2024	Redemption Frequency	Redemption Notice Period
Collective Trust Funds	$ 23,993,396	$ 92,033	Daily	None*

* Certain plan sponsor-directed redemptions of $1,000,000 or more may require five business days' notice.

NOTE 5: RELATED PARTY TRANSACTIONS

Plan investments include shares of money market funds and mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company, a related company, is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are absorbed by the investments and reflected in the funds fair value. Certain other expenses are absorbed by the Plan sponsor.

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the Statement of Net Assets Available for Benefits.

NOTE 7: SUBSEQUENT EVENTS

Subsequent events have been evaluated through the date of the attached auditor's report, the date the financial statements were available to be issued. Management noted effective September 18, 2026, employees of Constructors, Inc. became eligible to participate in the Plan.

INDEPENDENT AUDITOR'S REPORT

To the Trustees of Legacy Infrastructure Group 401(k) Plan
Kansas City, Missouri

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Legacy Infrastructure Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Legacy Infrastructure Group 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Legacy Infrastructure Group 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Legacy Infrastructure Group 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Legacy Infrastructure Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Legacy Infrastructure Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4a - Schedule of Delinquent Participant Contributions and Schedule H, Line 4-i - Schedule of Assets Held at End of Year, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1: DESCRIPTION OF THE PLAN

The Legacy Infrastructure Group 401(k) Plan (the Plan) was established effective as of July 1, 2017 and was most recently amended effective January 1, 2025 to add J&R Constructors Group, LLC to the Plan and to implement the SECURE 2.0 increased catch-up contribution limit for participants who attain ages 60 through 63 during the year. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that, for the Plan year ended December 31, 2025, covered substantially all employees of Legacy Infrastructure Group LLC, Superior Bowen Asphalt Company, LLC, Construction Material Testing Group LLC, Haskell Lemon Group LLC, and J&R Constructors Group, LLC who have one month of consecutive service and are not an excluded employee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Plan participation is voluntary. Excluded employees are union employees, certain nonresident aliens, leased employees, and seasonal interns.

Contributions

Each year, participants may elect to defer up to the maximum established by law, $23,500 for 2025, with an additional catch-up contribution of $7,500 for employees age 50 or older, for a total elective deferral limit of $31,000. Participants who attain ages 60 through 63 during 2025 may make the higher SECURE 2.0 catch-up contribution of $11,250, for a total elective deferral limit of $34,750. Participants are permitted to designate a portion or all of the deferral election as Roth 401(k) contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Effective January 1, 2024, the Plan made safe harbor matching contributions to the Plan in an amount equal to 100% of the first one percent of eligible compensation and 50% of the next five percent of eligible compensation. The Company may make annual discretionary matching contributions in an amount to be determined at Plan year end by the employer. No discretionary matching contributions were made for the Plan years ended December 31, 2025 and 2024.

The Company may make annual discretionary profit sharing contributions in an amount to be determined at Plan year end by the employer. Employees must be employed as of the last day of the Plan year to be eligible for the discretionary profit sharing contributions for that Plan year. No discretionary profit sharing contributions were made for the Plan years ended December 31, 2025 and 2024. Contributions are subject to certain limitations.

The Plan contains an automatic enrollment feature which will automatically defer 6% of each participant's compensation upon meeting the eligibility requirements unless a greater or lesser (including zero) percentage is elected by the participant. While a participant, the automatic deferral amount will increase by 1% of compensation up to a maximum of 15% of compensation. Such increase will be applied as of the beginning of each subsequent plan year.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions, (b) Plan earnings, (c) loan activity, if applicable, (d) forfeitures of terminated participants' nonvested accounts and charged with an allocation of administrative expenses. Allocations are based on either the value of the account balances or as an equal dollar amount based on the number of participants in the Plan. The method of expense allocation depends on the nature of the expense. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Investment Options

Upon enrollment in the 401(k) Plan, a participant may direct Plan assets to any or all 27 investment options offered. Participants may change their investment options at any time.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of one-half of the participant's vested account balance or $50,000. The loans are secured by the balance in the participant's account and bear a reasonable interest rate determined by the Plan Administrator; current loans outstanding are at rates between 5.25% and 9.50%. All loans are considered a directed investment of the participant's account under the Plan, and all payments of principal and interest by the participant on a loan will be credited to the participant's account.

Vesting

Participants are immediately vested in their contributions from salary deferral, including catch up, and their rollover contributions plus actual earnings thereon. Participants are vested in their QACA safe harbor match contributions and any earnings thereon in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	100%

Participants are vested in their other employer matching contributions and any earnings thereon in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Participants are vested in their employer discretionary profit sharing and any earnings thereon in accordance with the following schedule:

Years of Service	Vesting Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Payment of Benefits

A participant is eligible to request a distribution of their vested account balance based upon any of the following events: death, disability, normal retirement, and termination of employment. Except for special distributions related to a portion of interest in the Plan attributable to transferred pension assets, the payment will be in the form of a single lump-sum payment. For termination of service for reasons other than death, disability or normal retirement, the participant will receive the value of the vested account balance automatically, as a lump-sum cash out distribution if the vested account balance does not exceed $1,000. The Plan does permit in-service distributions prior to termination of employment of fully vested amounts for participants that have attained 59.5 years of age.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Plan Termination

The employer has the right to amend or terminate the Plan at any time. Each participant in the Plan upon Plan termination will automatically become 100% vested in their account balance.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $99,248 and $98,116, respectively. These accounts are used to pay administrative expenses and any remaining amounts may be used to reduce future employer contributions. For the year ended December 31, 2025 and 2024, employer contributions were reduced by $25,522 and $8,101, respectively, from forfeited nonvested accounts.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition

The investments in the underlying mutual funds are carried at fair value. The Plan provider calculates the fair value using internal unit values based upon the change in quoted prices in active markets of the net asset values of the underlying mutual fund investments, dividends and capital gain or loss distributions. See Note 4 for discussion of fair value measurements. Third party administrator expenses are allocated and deducted from each participants' account. Administrative expenses, such as audit and legal fees, are absorbed by the Plan sponsor. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Investment contracts held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants

Participant loans are measured at amortized cost, which is their unpaid principal balance plus accrued but unpaid interest. No allowance for doubtful accounts is required as participants have the option of repaying the loan or having the loan distributed to them upon termination. A loan will be processed as a deemed distribution against the vested account balance if it is not repaid following termination.

Payment of Benefits

Benefits are recorded when paid.

Income Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the Determination letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 3: INVESTMENTS

Unaudited Information Certified by the Plan Trustee

The December 31, 2025 and 2024, Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Fidelity Management Trust Company, the Plan trustee, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets the Plan has ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

- Money Market Funds: Valued at net asset value of shares held by the Plan. The assets are valued at published closing price in active markets.
- Mutual Funds: Valued at net asset value of shares held by the Plan. The assets are valued at published closing price in active markets.
- Collective Trust Funds: Value is based upon net asset value (NAV), as reported by the manager of the collective trust fund, and as supported by unit prices of actual purchase and sale transactions. The NAV, as provided by the collective trust fund, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value:

	December 31, 2025 Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 7,862	$ -	$ -	$ 7,862
Mutual Funds	2,109,910	-	-	2,109,909
Total Assets in the Fair Value Hierarchy	$ 2,117,772	$ -	$ -	$ 2,117,771
Investments Measured at Net Asset Value (a)	$ -	$ -	$ -	$ 23,993,396
Investments at Fair Value	$ 2,117,772	$ -	$ -	$ 26,111,167

	December 31, 2024 Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Money Market Funds	$ 4,280	$ -	$ -	$ 4,280
Mutual Funds	23,065,105	-	-	23,065,105
Total Assets in the Fair Value Hierarchy	$ 23,069,385	$ -	$ -	$ 23,069,385
Investments Measured at Net Asset Value (a)	$ -	$ -	$ -	$ 92,033
Investments at Fair Value	$ 23,069,385	$ -	$ -	$ 23,161,418

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

LEGACY INFRASTRUCTURE GROUP 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 4: FAIR VALUE MEASUREMENTS (CONTINUED)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table for December 31, 2025 and 2024, sets forth a summary of the Plan's investments with a reported NAV.

Investments	Fair Value 12/31/2025	Fair Value 12/31/2024	Redemption Frequency	Redemption Notice Period
Collective Trust Funds	$ 23,993,396	$ 92,033	Daily	None*

* Certain plan sponsor-directed redemptions of $1,000,000 or more may require five business days' notice.

NOTE 5: RELATED PARTY TRANSACTIONS

Plan investments include shares of money market funds and mutual funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company, a related company, is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services are absorbed by the investments and reflected in the funds fair value. Certain other expenses are absorbed by the Plan sponsor.

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the Statement of Net Assets Available for Benefits.

NOTE 7: SUBSEQUENT EVENTS

Subsequent events have been evaluated through the date of the attached auditor's report, the date the financial statements were available to be issued. Management noted effective September 18, 2026, employees of Constructors, Inc. became eligible to participate in the Plan.
