# INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
of the 403(b) Thrift Plan of Change, Incorporated

## *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit*

We have performed audits of the financial statements of the 403(b) Thrift Plan of Change, Incorporated, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 403(b) Thrift Plan of Change, Incorporated's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

## *Opinion*

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of 403(b) Thrift Plan of Change, Incorporated and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of Change, Incorporated's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of 403(b) Thrift Plan of Change, Incorporated's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about 403(b) Thrift Plan of Change, Incorporated's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matters - Supplemental Schedule Required by ERISA***

The supplemental Schedule of Assets Held for Investment Purposes at the End of the Plan Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been

subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Note 1 – Description of Plan:

The following description of the 403(b) Thrift Plan of Change, (the "Plan") Incorporated provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

### *General*

The Plan is a defined contribution plan covering substantially all employees of Change, Incorporated. (the "Organization"). All employees of the Organization are eligible to participate in the Plan, make salary reduction contributions, and are eligible to receive the Organization's matching contribution, except for those employees who are classified or treated as independent contractors and those who are eligible to make salary reduction contributions to another plan described in Sections 401(k) or 403(b) of the Code, or a governmental eligible deferred compensation plan described in Section 457(b) of the Code. There is no minimum age or service requirement to make salary reduction contributions to this plan. However, in order to receive an employer match contribution the employee must have worked 1,000 hours and completed one year of service. Employees are included as a participant in the Plan on the first day of the month following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### *Contributions*

Each year, participants may make elective deferrals up to the maximum percentage of eligible compensation or dollar amount permissible under the Internal Revenue Code, $23,500 for 2025, and $23,000 for 2024. Participants who have attained age fifty (50) before the end of the Plan year are eligible to make catch-up contributions in the amount of $7,500 for 2025 and 2024. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. There is also a provision for special 403(b) "catch up" for employees with 15 years of services with a public school system, hospital, home health services agency, health and welfare agency, church, or convention of the association of churches, the elective deferral limit can be increased by the lessor of:

- $3,000
- $15,000 reduced by the total of special 403(b) catch-up elective deferrals made for the qualified employee by the Organization in prior years, or
- $5,000 multiplied by the number of years of service at the Organization, reduced by the total deferrals made for earlier years

An employee who qualifies for the 15-year rule can have an elective deferral as high as $26,500 for 2025 and $26,000 for 2024. The Organization will make a matching contribution on the participant's behalf equal to 100% of the salary reduction amount the participant contributes during the plan year. However, such matching contributions shall not exceed $3,000 of the participant's compensation received during the plan year. Contributions are subject to certain IRS limitations.

**Note 1 – Description of Plan (Continued):**

***Participant Accounts***
Each participant's account is credited with the participant's contribution and allocations of the Organization's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, specific participant transactions, or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

***Vesting***
Participants are vested immediately in their contributions, the Organization's matching contribution, and actual earnings thereon.

***Plan Loans***
Loans issued to participants of the Plans are collateralized loans. There are no withdrawals of loan amounts from a participant's account nor are principal and interest payments applied towards a participant's account. Rather the participant is borrowing from Mutual of America Life Insurance Company and using their account balance as collateral. For a loan to be issued, the loan amount, plus a 20% reserve, must be placed into the general account. The amount is then considered to be "in reserve" and cannot be withdrawn or transferred. As loan payments are applied, the "reserved" amount is reduced by the amount of the loan payment and can be withdrawn and/or transferred. These loans are not considered to be assets of the Plan. Loans are to be repaid over a period not to exceed five years, unless used to acquire a principal residence, and bear a variable rate of 5.85% as of December 31, 2025 and 5.85% as of December 31, 2024. The amount of outstanding loans at December 31, 2025 and 2024 were $226,967 and $243,137, respectively.

***Payment of Benefits***
On termination of service due to death, disability, retirement, or other reasons, a participant or a designated beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or a withdrawal may be paid in any other method of payment permitted by the contract from which the withdrawal is made. Amounts contributed may only be withdrawn in-service upon demonstration of financial hardship or after the participant reaches the age of 59.5 years. Amounts withdrawn due to hardship must be distributed in a single sum.

## Note 2 – Summary of Significant Accounting Policies:

***Basis of Accounting***
The financial statements of the 403(b) Thrift Plan of Change, Incorporated have been prepared on the accrual basis of accounting.

***Use of Estimates***
The preparation of financial statements in conformity with accounting principles generally accepted in the United Stated of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

***Payment of Benefits***
Benefits are recorded when paid.

***Investment Valuation and Income Recognition***
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for the discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as those held during the year.

***Contributions***
Contributions from Plan participants and the matching contributions from the Organization are recorded in the year in which the participant compensation is earned.

***Administrative Expenses***
Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these financial statements. Investment related expenses are included in the net appreciation of fair value of investments.

***Consideration of Subsequent Events***
For the year ended December 31, 2025, the Plan has evaluated the subsequent events for potential recognition and disclosure through October 13, 2026, the date the financial statements were available to be issued. No subsequent event items were identified.

**Note 3 – Certified Investments:**

Certified information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2025, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mutual of America Insurance Company, the custodian of the Plan.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

**Note 4 - Fair Value Measurements:**

*Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of fair value hierarchy under FASB ASC 820 are described below:

Level 1- Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Note 4 - Fair Value Measurements (Continued):**

Level 3- Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value except for those measured and reported using NAV. There have been no changes in the methodologies used at December 31, 2025 and 2024:

Pooled Separate Accounts – Securities are listed on national securities exchanges and valued on the basis for year-end closing price. The Plan has concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits, and administrative maintenance charges and other items) and reported by the insurance company denotes readily determinable fair value. These investments are measured using the net asset value ("NAV") practical expedient.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Investments measured at net asset value | $ - | $ - | $ - | $8,818,540 |
| Investments at fair value | $ - | $ - | $ - | $8,818,540 |

Assets at Fair Value as of December 31, 2024

| | Level 1 | Level 2 | Level 3 | Total |
|---|---|---|---|---|
| Investments measured at net asset value | $ - | $ - | $ - | $7,446,512 |
| Investments at fair value | $ - | $ - | $ - | $7,446,512 |

## Note 4 – Fair Value Measurements (continued):

*Investments Measured Using NAV per Share Practical Expedient*
The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

| December 31, 2025 | Fair Value | Unfunded Commitments | Redemption Frequency ( If Currently Eligible) | Redemption Notice Period |
|---|---|---|---|---|
| Mutual of America Interest Accumulation | $ 643,990 | N/A | Daily | 30 Days |
| Pooled Separate Accounts | $ 8,174,550 | N/A | Daily | 30 Days |

| December 31, 2024 | Fair Value | Unfunded Commitments | Redemption Frequency ( If Currently Eligible) | Redemption Notice Period |
|---|---|---|---|---|
| Mutual of America Interest Accumulation | $ 660,485 | N/A | Daily | 30 Days |
| Pooled Separate Accounts | $ 6,786,027 | N/A | Daily | 30 Days |

## Note 5 – Plan Termination:

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination participants would become 100% vested in their entire account balance.

## Note 6 - Tax Status:

Effective January 1, 2020, the Plan documents were converted to pre-approved Volume Submitter Plan and Trust documents sponsored by Mutual of America Life Insurance Company. The Internal Revenue Service (IRS) has determined and informed Mutual of America Life Insurance Company by a letter dated March 31, 2017 that the form of the volume submitter plan and trust documents being utilized by the Plan are acceptable under section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. As permitted by this IRS letter, the Plan is relying on the IRS approval of the volume submitter plan documents it is utilizing, and did not obtain its own determination letter from the IRS. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC) and therefore believe that the Plan is qualified and the related trust is tax-exempt.

**Note 6 - Tax Status (Continued):**

Accounting principles generally accepted in the United States of America (U.S. GAAP) require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress. The Plan has not been examined by the Internal Revenue Service for open years under the Statute of Limitations.

**Note 7 – Related Party Transactions and Party-in-Interest Transactions:**

Plan investments are managed by Mutual of America Life Insurance Company. Mutual of America is the custodian, and therefore, these transactions qualify as exempt party-in-interest transactions. Fees incurred by the Plan, and paid to Mutual of America are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment.

**Note 8 – Risks and Uncertainties:**

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materiality affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
