Independent Auditor's Report

To the Plan Administrator of
Rudd Group Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Rudd Group Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

Helping you get from where you are to where you want to be
sjhl.com

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Rudd Group Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Rudd Group Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Rudd Group Retirement Plan

Notes to the Financial Statements

1. Description of Plan

The following description of the Rudd Group Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions, which are available from the Plan administrator.

General - The Plan is a multiple employer defined contribution plan as defined under Section 413(c) of the Internal Revenue Code, administered by LRICO Services, LLC (the Company) for the benefit of its employees and the employees of its affiliates (the Employers). The participating Employers, defined as those actively participating in the Plan during the year are:

- Standard Beverage Corporation
- Restaurant 209, LLC
- Maverick Beverage Company, LLC
- Cities West Media, LLC
- Maverick Beverage Company Arizona, LLC
- Maverick Beverage Company Texas, LLC
- Maverick Beverage Company Florida, LLC
- Maverick Beverage Company Minnesota, LLC
- Maverick Beverage Company Colorado, LLC
- Rudd Wines, Inc.
- Maverick Wine Co., LLC and
- Music Ventures, LLC

The Plan is administered by the Company's Retirement Plan Committee (the Committee), which is a committee of the Management of the Company. The Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance. Matrix Trust Company is the directed trustee of all of the assets of the Plan and also serves as Plan custodian.

Plan amendments - Effective June 16, 2025, the Plan was amended to reflect the sale of Maverick Beverage Company entities. The following participating employers ceased participating in the Plan and accordingly modified their respective participating agreements: Maverick Beverage Company, LLC, Maverick Beverage Company Arizona, LLC, Maverick Beverage Company Texas, LLC, Maverick Beverage Company Florida, LLC, Maverick Beverage Company Minnesota, LLC, Maverick Beverage Company Colorado, LLC, and Maverick Wine Co., LLC.

1. Description of Plan (continued)

Effective September 1, 2025, the Plan was amended to reflect the acquisition of Music Ventures, LLC. No funds were transferred into the Plan as a result of the acquisition.

Contributions - Employees are eligible to participate the first day of the month coinciding with or immediately following one hour of service and 60 days of service. The Plan permits eligible participants through a salary deferral election to make annual pretax, Roth or after-tax contributions up to 100% of eligible compensation, up to the maximum limits of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan permits in-plan Roth transfers. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover).

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their pre-tax deferral rate initially set at 3% of eligible compensation and their contributions invested in a designated age-based balanced fund until changed by the participant.

Employer matching contributions are discretionary. Two separate employer match contribution formulas were available in 2025 and selected at the option of each respective employer. One formula elects to contribute 100% of the first 3% and 50% of the next 3% of base eligible compensation (up to a 4.5% discretionary employer match if participants contribute up to 6%). The second formula elects to contribute 50% of the first 3% of base eligible compensation (up to a 1.5% discretionary employer match if participants contribute up to 3%). Participants must meet a service requirement of 60 days in order to receive the discretionary employer match. Additional employer match amounts may be contributed at the option of the respective employers.

Additional discretionary amounts may be contributed by the Company at the option of the Committee. For the years ended December 31, 2025 and 2024, there were no additional discretionary contributions to the Plan. Contributions are subject to certain IRC limitations.

Participant investment account options - Participants may direct the investment of all their contributions into various investment options offered by the Plan and may change their investment options at any time, subject to the terms of the funding vehicles. The Plan currently offers 27 mutual funds, a collective investment trust and a self-directed brokerage account as investment options for participants.

1. Description of Plan (continued)

Participant accounts - Each participant's account is credited with the participant's contributions, Company matching contributions, allocations of the Company's discretionary contributions, and an allocation of the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are vested immediately in their voluntary contributions and amounts rolled over or transferred into the Plan plus actual earnings thereon. Employer discretionary matching contributions are subject to the following vesting schedule:

Years of Service	Vested %
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes receivable from participants - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. A participant can have one loan currently outstanding from the Plan and the term of the note cannot exceed 5 years, unless the loan qualified as a primary residence loan, which is allowed a term of no more than 15 years. The loans are secured by the vested balance in the participant's account. The loan interest rate, determined at the time of approval, is set at 1% above the Wall Street Journal prime rate, as defined and will remain constant for the term of the loan. Principal and interest are paid ratably through payroll deductions.

1. Description of Plan (continued)

Payment of benefits - Upon termination of service due to any reason, a participant (or beneficiary) may elect to receive an amount up to the value of the vested interest in his or her account as a lump sum cash distribution; a direct rollover distribution to an eligible retirement plan specified by the participant (or beneficiary) or designated by the Plan administrator; a combination of a cash distribution and a rollover; or ad-hoc distributions to satisfy RMD requirements. Upon termination, a participant with a vested account balance less than $1,000 will automatically receive a lump sum cash distribution. In the event a distributable amount is greater than $1,000, but less than $5,000, if the participant is under age 62 and does not elect to have such distribution paid directly to an eligible retirement plan in a direct rollover or to receive the distribution, then the Plan administrator will deposit the distribution in a direct rollover to an IRA designated by the Plan administrator. Benefits may also be withdrawn for certain qualifying hardship circumstances if certain criteria are met. Other in-service distributions are available to participants who have reached age 59.5.

Forfeited accounts - As of December 31, 2025 and 2024, forfeited nonvested accounts totaled $22,383 and $56,132, respectively. These accounts are to be used to pay certain Plan administrative expenses or to reduce future employer matching contributions. During the years ended December 31, 2025 and 2024, employer contributions were reduced by $492,152 and $505,504, respectively, from forfeited nonvested accounts. Also, for the years ended December 31, 2025 and 2024, certain Plan expenses were reduced by $110 and $64, respectively, from forfeited nonvested accounts.

2. Summary of Accounting Policies

Basis of accounting - The financial statements of the Plan are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Accounting Policies (continued)

Investment valuation and income recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Unit values - Individual participant accounts for the common collective trust funds are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the funds but do have an interest therein represented by units valued daily. The funds earn dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Excess contributions refundable - Amounts refundable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding addition to benefit payments paid to participants. See Note 9 for additional information.

2. Summary of Accounting Policies (continued)

Other investment income - Amounts representing interest income and realized and unrealized gains and losses attributable to the self-directed brokerage accounts are presented as a separate line item in the accompanying financial statements.

Payment of benefits - Benefits are recorded when paid. There were no benefits requested before year end that were not paid.

Administrative expenses - Certain administrative services and expenses of maintaining the Plan are provided by and paid directly by the Company and are excluded from these financial statements. Fees specific to participant transactions are charged against the individual participant's account balance and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments. Investment advisory fees are charged to participant accounts as applicable and also included in administrative expenses along with other recordkeeping and administrative expenses.

Subsequent events - The Plan has evaluated subsequent events through the date of this report, which is the date the financial were available to be issued.

Effective April 13, 2026, Rudd Wines, Inc. was acquired by an unrelated entity and ceased participation in the Plan.

There were no other significant items noted during this evaluation that would require disclosure in the financial statements or accompanying footnotes.

3. Information Certified by Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Matrix Trust Company, the Trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate with respect to investments as of and for the years ended December 31, 2025 and 2024:

- Cash and cash equivalents
- Investments, at fair value
- Notes receivable from participants

3. Information Certified by Trustee (continued)

- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Other investment income
- Transfers to another plan
- Schedule of assets (held at end of year)

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820, *Fair Value Measurement*, are described as follows:

Level 1 - Inputs to the valuation technique are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation technique include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation technique are unobservable and significant to the fair value measurement.

4. Fair Value Measurements (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits. There have been no significant changes in the techniques used during the years ended December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S Securities and Exchange Commission (SEC). These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded (Level 1).

Collective investment trust: This investment option is a stable value fund which is valued at the NAV of the units of the individual collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimating fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. The Plan’s collective trust investments may be redeemed on a daily basis.

Were the Plan to initiate a full redemption of the collective investment trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner. See Note 6.

Self-directed brokerage accounts: Investments held by the Plan primarily consist of global equities, treasuries, commodities and treasury securities that are held in a liquid Exchange Traded Fund (ETF) structure. ETFs held by the Plan are registered with the SEC and listed for trading and trade throughout the day on stock exchanges are priced and transacted at their NAV. The ETFs held within a self-directed brokerage account are deemed to be actively traded (Level 1).

4. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments recognized at fair value on a recurring basis in the accompanying statements of net assets as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 48,228,504	$ -	$ -	$ 48,228,504
Self-directed brokerage accounts	388,944	-	-	388,944
Total assets in the fair value hierarchy	$ 48,617,448	$ -	$ -	48,617,448
Investments measured at NAV *				
Collective investment trust				1,054,873
Total Investments at fair value				$ 49,672,321

	Investments at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 46,432,685	$ -	$ -	$ 46,432,685
Self-directed brokerage accounts	328,372	-	-	328,372
Total assets in the fair value hierarchy	$ 46,761,057	$ -	$ -	46,761,057
Investments measured at NAV *				
Collective investment trust				1,194,467
Total Investments at fair value				$ 47,955,524

*In accordance with FASB ASC 820, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. Fair Value Measurements (continued)

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Collective Investment Trust	Fair Value as of December 31, 2025	2024	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Reliance Trust Company Stable Value Fund - Metlife (a)	$ 1,054,873	$ 1,194,467	None	Daily	60 days
Total Investments in Collective Trusts	$ 1,054,873	$ 1,194,467			

(a) The objective of this fund is to preserve principal while generating earnings at rates competitive over time with short-term high quality fixed income investments, while maintaining sufficient liquidity to provide participant directed withdrawals at their proportionate share of contract value.

5. Transfers Into or Out of the Plan

The Plan is a multiple employer defined contribution plan whose companies are affiliated with the Company. See Note 8 for discussion of spin-off of Plan assets. The total amount of assets transferred out of the Plan for these companies includes $552,261 on July 7, 2025, $343,565 on October 17, 2025, and $123,394 of notes receivable from participants balances on October 17, 2025. The participants had the option to roll their notes receivable from participants or to default on the loan.

6. Collective Investment Trust

The Reliance Trust Company Stable Value Fund (the Fund) is a collective investment trust and considered to be a stable value fund that is an open-end commingled pool dedicated exclusively to the management of assets of defined contribution plans. The Fund does not invest directly in fully benefit-responsive contracts; rather, it invests in underlying assets (fixed income securities or bond funds and insurance contracts) and enters into a "wrapper" contract issued by a third party.

The Fund is valued at the NAV of the units of the individual collective trust. The NAV is calculated daily and net investment income and realized and unrealized gains on investments are not distributed but rather reinvested and reflected in the NAV of the fund. The fund is valued at fair value and then adjusted by the issuer to contract value.

6. Collective Investment Trust (continued)

Contract value represents contributions made to the fund, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value however, certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) participant withdrawals based on advice or direction, (2) changes to the Plan which establish investment options or investment objectives so as to constitute or create a competing fund, (3) Plan administrator establishes a new eligible plan or amends an existing eligible plan, and such plan covers participants in the participating Plan and offers a competing fund, or (4) participating Plan makes a withdrawal for any reason other than participant-directed withdrawals.

The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring. Units of the fund are issued and redeemed at the current NAV.

7. Related-Party and Party In Interest Transactions

Fees incurred by the Plan for investment management and advisory services, provided by Matrix Trust Company, are included in the net appreciation (depreciation) in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The Plan made direct payments to Milliman, Inc., Matrix Trust Company, UBS Financial Services, Inc. of $201,327 and $174,590 for the years ended December 31, 2025 and 2024 respectively, for recordkeeping, administrative, and advisory services, which were not covered by revenue sharing and are included in administrative expenses. The Company pays directly any other fees related to the Plan's operations not paid out of forfeitures.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participating employers may also elect to discontinue their participation in the Plan and cease making contributions at any time subject to the terms of the Plan document. In the event of a complete or partial Plan termination, participants would become fully vested in their employer contributions to the extent required by the Plan document and applicable regulatory requirements.

8. Plan Termination (continued)

During the year ended December 31, 2025, certain participating employers were acquired by an unrelated entity. As a result of the transaction, the accounts of affected participants were transferred from the Plan to a successor defined contribution plan through a spin-off of Plan assets. See Note 5. Management determined that the event resulted in a partial plan termination with respect to affected participants of the previously participating employers. Accordingly, affected participants became fully vested in their account balances in accordance with the Plan document and applicable regulatory requirements.

9. Excess Contributions Refundable

For the years ended December 31, 2025 and 2024, payments of $5,555 and $31,128, respectively, were made subsequent to the Plan year end to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. As of December 31, 2025 and 2024, $5,555 and $31,128, respectively, have been included in the Plan's statements of net assets available for benefits as excess contributions refundable.

10. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2025 and 2024 to Form 5500:

	December 31,	
	2025	2024
Net assets available for benefits per the financial statements	$ 50,283,906	$ 48,543,611
Excess contributions refundable not accrued on the Form 5500	5,555	31,128
Net assets available for benefits per Schedule H of the Form 5500	$ 50,289,461	$ 48,574,739

10. Reconciliation of Financial Statements to Schedule H of Form 5500 (continued)

The following is a reconciliation of benefits paid to participants per the financial statements for the years ended December 31, 2025 and 2024 to Form 5500:

	Years Ended December 31,	
	2025	2024
Benefits paid to participants per the financial statements	$ 10,169,815	$ 3,194,750
Add prior year excess contributions refundable	31,128	8,114
Benefits paid to participants per Schedule H of the Form 5500	$ 10,200,943	$ 3,202,864

The following is a reconciliation of net increase (decrease) per the financial statements for the years ended December 31, 2025 and 2024 to Form 5500:

	Years Ended December 31,	
	2025	2024
Net increase (decrease) per the financial statements	$ 2,759,515	$ 8,076,794
Less prior year excess contributions refundable	(31,128)	(8,114)
Add current year excess contributions refundable	5,555	31,128
Net income per Schedule H of the Form 5500	$ 2,733,942	$ 8,099,808

11. Tax Status

The Company adopted a defined contribution pre-approved plan offered by Milliman, Inc. The pre-approved plan received an IRS Opinion Letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable sections of the IRC. Although the Plan has been amended since receiving the IRS Opinion Letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore believes that the Plan is qualified, and the related trust is tax exempt as of the financial statement date.

11. Tax Status (continued)

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

12. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
