BENNETT THRASHER LLP

Independent Auditor's Report

To the Plan Administrator of
Cives Corporation Employee Stock Ownership Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cives Corporation Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

BENNETT THRASHER LLP

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of the Plan, as listed in the accompanying index, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1: Description of the Plan

The following description of the Cives Corporation Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more comprehensive description of the Plan's provisions.

Organization

The Plan was established on June 16, 1982 to enable participating employees of Cives Corporation and subsidiaries (the Sponsor or the Company) to share in the ownership and growth of the Company.

Administration

The Sponsor serves as the trustee and plan administrator pursuant to the Plan Document. The plan administrator has the responsibility to administer the Plan for the exclusive benefits of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan and making determinations regarding questions, which may affect eligibility for benefits. The plan administrator has engaged Principal Life Insurance Company (Principal) (see Note 6) and Crown Risk Management, LLC, as third-party administrators, to assist in the administration of the Plan.

Principal serves as the custodian of the Plan. Principal receives all diversified contributions made under the Plan, holds plan assets and pays benefits to participants as directed by the plan administrator.

Eligibility

All office and shop employees not covered by a collective bargaining agreement become Plan participants on January 1st coinciding with or following the completion of one hour of service. Participants who are active employees on the last day of the Plan year and have attained 1,000 hours of service during the Plan year are eligible to receive Sponsor contributions.

Contributions

Contributions to the Plan are at the discretion of the Sponsor and are based upon divisional pre-tax profits, as defined in the Plan Document. Contributions are limited to the maximum allowable deduction under the provisions of the Internal Revenue Code (IRC). Contributions receivable as of December 31, 2025 was $3,999,677 and consisted of 42,761 shares of Company stock with a fair value of $3,634,685 and $364,992 in cash. Contributions receivable as of December 31, 2024, was $3,048,940 and consisted of 35,903 shares of Company stock with a fair value of $2,818,386 and $230,554 in cash.

Allocation

The Sponsor's contributions and forfeitures are allocated to participants on a pro-rata basis, based on annual compensation, as defined for the year in which it is accrued. The number of shares of Company stock available for allocation as of December 31, 2025 and 2024 was 938 shares and 1,008 shares, respectively. During 2025, participants forfeited 1,270 shares of Company stock, 1,008 shares of Company stock were allocated to participants to offset the Sponsor's contribution and 332 shares were used to offset administrative expenses of the Plan. Note 4 to the financial statements presents separately the assets related to the Plan's investment in the common stock of the Sponsor and changes therein pertaining to:

a) the accounts of employees with vested rights in allocated stock (Allocated), and

b) stock that has not yet been allocated to employees (Unallocated).

Additionally, forfeitures of participant directed accounts can be used to offset Plan administrative expenses or Sponsor cash contributions. The amount available to offset future administrative expenses as of December 31, 2025 and 2024 was $28,800 and $18,377, respectively. The amount forfeited during 2025 and 2024 was $46,369 and $26,774, respectively. In 2025 and 2024, $42,244 and $22,305, respectively, of forfeitures of participant directed accounts were used to offset plan expenses. In 2025 and 2024, $0 and $26,774, respectively, of forfeitures of participant directed accounts were used to offset employer contributions.

Vesting

Subject to the provisions within the Plan Document, a participant becomes 20% vested after two years of completed service, and additional vesting is earned at the rate of 20% per year, which results in 100% vesting after six years of service.

Distributions

Upon normal retirement age of 65, early retirement, death, disability, or other termination of employment, participants, or their estates, are entitled to receive the cash value of their vested benefits in a lump sum or as a rollover into another qualifying plan or individual retirement account. Participants may also choose to leave their vested balances in the Plan until distributions become required by the IRC.

Participants become eligible for early retirement with the attainment of age 55 and ten or more years of service.

In addition, participants may withdraw up to the amount of the participant's account balance, which is not invested in Sponsor common stock due to immediate and heavy financial hardship, as defined in the Plan Document. The amount of the withdrawal cannot exceed the amount of the hardship.

Notes Receivable from Participants

Participants may borrow from their fund accounts a maximum equal to the lesser of $50,000 or 50% of their vested account balance in the Plan and all other qualified plans of the Sponsor. The notes are secured by the balance in the participant's account and bear interest at rates that are reasonable with respect to prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through monthly or weekly payroll deductions over a period not to exceed five years. A note used for financing the purchase of the participant's primary residence may be repaid over a period exceeding five years as determined on an individual basis.

Diversification

For shares contributed to the Plan after 1986, diversification is offered to participants so that they may have the opportunity to move part of the value of their investment in Company stock into investments, which are more diversified. Participants may elect to diversify into cash up to 50% of the fair value of their annual allocation of shares, and such cash amounts are invested in accordance with the participants' investment elections. The effect of the diversification, if so elected, is that redemption of the Company shares owned by the Plan is achieved to produce cash.

In addition, fully vested participants may diversify a percentage of their Company stock holdings. The amount each employee can diversify is authorized on a year-to-year basis by the Company as it is required that 50% of the Plan's investments must remain invested in shares of Cives Corporation common stock.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the financial statements and accompanying notes. Actual results could differ from those estimates.

Benefit Payments

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant ceases to make scheduled repayments and the plan administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment recorded.

Administrative Expenses

The Plan is liable for all administrative expenses which are not paid by the Sponsor. The Plan generally pays for all asset management, administrative, and transactional costs billed by the third-party administrator. The Plan generally pays for all trustee, legal, and accounting fees billed by service providers.

Investment Valuation

The investment in Cives Corporation common stock is stated at fair value, which is determined annually by an independent appraisal. The fair value of common stock at December 31, 2025 and 2024 was $85.00 per share and $78.50 per share, respectively.

The Plan's diversified investments are also reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value (Note 9). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 3).

Net Appreciation in Fair Value of Investments

Net appreciation in fair value of Sponsor common stock, pooled separate accounts, mutual funds and common collective trusts represents the change in fair value during the year, including realized and unrealized gains and losses.

Investment Risk

Investment securities, in general, are exposed to various risks, including interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Cash

The Plan maintains a cash balance to pay administrative fees, make benefit payments and perform other functions of the Plan requiring cash. The cash balance is not allocated to Plan participants.

Dividends Receivable

Dividends receivable represents dividends on unallocated and forfeited shares.

Note 3: Fair Value Measurements

The Plan values investments in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures*. FASB ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value as follows:

- Level 1: Quoted prices for identical instruments in active markets at the measurement date. Investments that are listed on a United States securities exchange are valued at their last sales price on the largest United States securities exchange on which such securities have traded.

- Level 2: Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active and model-derived valuation in which all significant inputs and significant value drivers are observable in active markets at the date and for the anticipated term of the instrument.

- Level 3: Valuation derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable inputs that reflect the reporting entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Sponsor common stock is valued using a blend of valuation techniques and is calculated by an independent appraiser.

Mutual funds are valued at quoted market prices as provided by the custodian.

The pooled separate accounts and common collective trusts are valued at net asset value (NAV). The NAV is used as a practical expedient to estimate fair value and is based on the value of the underlying assets owned by the fund, minus any liabilities, and then divided by the number of shares outstanding. This practical expedient would not be used if it is determined to be probable that the investment will sell for an amount different from the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table outlines, for each major category of assets measured at fair value:

Assets at Fair Value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Sponsor common stock	$ -	$ -	$ 72,624,340	$ 72,624,340
Mutual funds	4,546,753	-	-	4,546,753
Total assets in the fair value hierarchy	4,546,753	-	72,624,340	77,171,093
Investments measured at NAV [1]	-	-	-	5,413,611
Total assets at fair value	$ 4,546,753	$ -	$ 72,624,340	$ 82,584,704

Assets at Fair Value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Sponsor common stock	$ -	$ -	$ 67,020,867	$ 67,020,867
Mutual funds	3,958,904	-	-	3,958,904
Total assets in the fair value hierarchy	3,958,904	-	67,020,867	70,979,771
Investments measured at NAV [1]	-	-	-	4,876,104
Total assets at fair value	$ 3,958,904	$ -	$ 67,020,867	$ 75,855,875

(1) In accordance with ASC 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The changes in investments measured at fair value for which the Plan has used Level 3 inputs to determine fair value are as follows:

	2025	2024
Balance, beginning of the year	$ 67,020,867	$ 57,569,851
Purchases of Sponsor common stock	3,048,940	2,555,410
Proceeds from sale of Sponsor common stock	(3,008,895)	(4,783,959)
Unrealized appreciation	5,563,428	11,679,565
Balance, end of year	$ 72,624,340	$ 67,020,867

The Plan's policy is to recognize transfers in and out of Level 3 as of the date of the transaction or change in circumstances that caused the transfer. During 2025 and 2024, there were no transfers in or out of Level 3. Total unrealized and realized gains for Level 3 investments are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

The following table summarizes the valuation techniques and significant unobservable inputs used for the Plan's investments that are categorized within Level 3 of the fair value hierarchy as of December 31, 2025:

	Fair Value	Valuation Techniques	Unobservable Input	Range	Weighted Average
Investment in Sponsor common stock	$ 72,624,340	Market Comparable Companies	Forward EBITDA[(1)] Multiple	4.8x – 7.2x	6.8x
			Discounts to multiples of comparable companies	5% - 20%	14.8%
			Book value Stockholders' Equity Multiple	1.8x	1.8x
		Income Approach	Weighted average cost of capital/ Discount rate	16.5%	16.5%
			Long-term growth rate	1.0%	1.0%

The following table summarizes the valuation techniques and significant unobservable inputs used for the Plan's investments that are categorized within Level 3 of the fair value hierarchy as of December 31, 2024:

	Fair Value	Valuation Techniques	Unobservable Input	Range	Weighted Average
Investment in Sponsor common stock	$ 67,020,867	Market Comparable Companies	Forward EBITDA[(1)] Multiple	4.9x – 7.0x	6.4x
			Discounts to multiples of comparable companies	5% - 20%	14.8%
			Book value Stockholders' Equity Multiple	2.2x	2.2x
		Income Approach	Weighted average cost of capital/ Discount rate	16.0%	16.0%
			Long-term growth rate	1.0%	1.0%

(1) EBITDA represents net income (loss) plus interest expense, income tax expense, depreciation and amortization.

Note 4: Investment in Sponsor Common Stock

The Plan's investment in the common stock of the Sponsor is allocated as follows:

As of December 31, 2025:

	Shares	Fair Value	Cost
Allocated to participants	853,466	$ 72,544,610	$ 42,288,847
Unallocated shares	938	79,730	79,730
	854,404	$ 72,624,340	$ 42,368,577

As of December 31, 2024:

	Shares	Fair Value	Cost
Allocated to participants	852,761	$ 66,941,739	$ 39,240,509
Unallocated shares	1,008	79,128	79,128
	853,769	$ 67,020,867	$ 39,319,637

Investment in the Sponsor's common stock represented 82% of the net assets available for benefits as of December 31, 2025 and 2024.

Note 5: Information Certified by Principal Life Insurance Company (Unaudited)

The Plan Sponsor has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA). Accordingly, the amounts for investment assets and transactions in those assets included in the accompanying financial statements and the supplemental schedule and as outlined below as of December 31, 2025 and 2024 and for the year ended December 31, 2025 have been compiled from statements certified as complete and accurate by Principal in accordance with DOL Rules and Regulations for Reporting and Disclosure under ERISA.

	2025	2024
Statements of net assets available for benefits:		
Investments, at fair value	$ 9,960,364	$ 8,835,008
Investments, at contract value	1,613,879	2,053,547
Notes receivable from participants	868,205	786,732
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of investments	$ 1,284,728	
Dividend income	74,504	
Interest on notes receivable from participants	63,539	

Note 6: Party-In-Interest Transactions

Principal performs services for, sells products to, and maintains certain investments for the Plan for which fees are charged to the Plan. These fees totaled $69,197 during the year ended December 31, 2025. Party-in-interest transactions also include notes receivable due from participants. Such transactions, while considered party-in-interest transactions under ERISA, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

Note 7: Plan Termination

Although it has not expressed any intention of doing so, the Sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan. In the event of a termination of the Plan, the interest of each participant in the trust would be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

Note 8: Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated March 2, 2017, that the Plan and related trust are designed in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

Note 9: Fully Benefit-Responsive Investment Contract

The Plan holds a synthetic investment contract with Principal. Principal maintains the contributions in a general account. In a synthetic investment contract, the Plan owns the underlying assets of the synthetic investment contract. A synthetic investment contract includes a wrapper contract, which is an agreement for the wrap issuer to make payments to the Plan in certain circumstances. The wrapper contract includes certain conditions and limitations on the underlying assets owned by the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are set quarterly for new contributions and are converted to an annual rate at the end of the year.

Certain events limit the ability of the Plan to transact at contract value with the issuer. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 10: Reconciliation of Financial Statements to Form 5500

The financial information of the Plan, as reported on the Form 5500, does not include all amounts necessary for reporting on the accrual basis of accounting. A reconciliation of the amounts appearing on Form 5500 to the accompanying financial statements is as follows:

	2025	2024
Net assets, as reported on Form 5500	$ 88,929,549	$ 81,506,975
Adjustment from fair value to contract value for fully benefit-responsive investment contracts	163,080	243,562
Net assets available for benefits per financial statements	$ 89,092,629	$ 81,750,537
Increase in net assets, as reported on Form 5500	$ 7,422,574	
Adjustments from fair value to contract value for fully benefit-responsive investment contracts	(80,482)	
Increase in net assets, as reported in the accompanying financial statements	$ 7,342,092	

Note 11: Subsequent Events

The Company has evaluated events and transactions occurring subsequent to December 31, 2025, through the report date, the date of the issuance of the financial statements. During this period, all subsequent events requiring recognition or non-recognized subsequent events requiring disclosure have been incorporated into these financial statements.
