INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the Partners Capital Investment Group, LLP 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Partners Capital Investment Group, LLP 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We

believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31 2025 and delinquent participant contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and *are* not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PARTNERS CAPITAL INVESTMENT GROUP, LLP 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2025 AND 2024, AND FOR THE YEAR ENDED DECEMBER 31, 2025

1. DESCRIPTION OF THE PLAN

The following description of Partners Capital Investment Group, LLP 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution 401(k) plan covering eligible employees of Partners Capital Investment Group, LLP (the "Company" or "Employer"), as defined in the Plan Document. The Board of Trustees is responsible for oversight of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions—Each year, participants may contribute to the Plan up to a maximum of 100% of their eligible salary, subject to Internal Revenue Code limitations ($23,500 in 2025), in each plan year through salary reduction agreements with the Company. Further, participants who are 50 years of age or older as of December 31, 2025, may contribute an additional catch-up contribution ($7,500 in 2025). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans, commonly referred to as rollovers.

The Company provided a Safe Harbor match equal to 100% of the elective deferrals that did not exceed 5% of a participant's compensation. Under a Safe Harbor Plan, Safe Harbor 401(k) matching contributions are immediately 100% vested. Each year, the Employer makes a discretionary nonelective contribution to the Plan. The nonelective contribution will be allocated pro rata based on the participant's compensation divided by the total compensation for all eligible participants. During the year ended December 31, 2025, the Company made no discretionary contributions to the Plan.

Effective January 1, 2025, the Plan was amended to exclude fringe benefits and the sign-on/one- time bonus from eligible compensation as defined in the Plan Document, and to exclude part time/temporary/seasonal employees from eligible participants as defined in the Plan Document.

Participant Accounts—During the Plan year, participants accounts are increased by the participants elective deferrals, the Employer's contributions, and their respective proportionate share of any investment earnings and increases in the fair value of the funds during the year. Participants' accounts are reduced by any payments made from such accounts and their respective proportionate share of any decreases in the fair value of the funds. Allocations are based on participants' earnings or account balances, as defined by the Plan Document. The benefit to which participants are entitled is the benefit that can be provided from the participants' vested accounts.

Vesting—Participants are 100% vested in their voluntary contribution account and their Safe Harbor Employer contribution account. Nonelective contributions are vested 25% each year after two years of service and become 100% vested after six years of service.

Forfeitures—Forfeitures, the unvested portion of Employer contributions and related earnings for terminated participants, are generally used to reduce Employer contributions and can be used to pay plan expenses. There was $5,752 and $5,366 in forfeited cash balance available at December 31, 2025 and December 31, 2024, respectively.

Notes Receivable from Participants—Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years. Loans for the purchase of a principal residence may be repaid over ten years. Loans are secured by the balance in the participant's account and bear interest at a rate equal to the prime rate plus 1%. As of December 31, 2025, participant loans have maturities through 2035 at interest rates ranging from 8.00% to 8.50%. Participants may have a maximum of one loan outstanding at any one time. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits—Upon termination of service or upon death, disability or retirement, a participant has the option of receiving either periodic payments, partial payments, or a lump-sum payment amount equal to the vested value of his or her account. Further, in-service withdrawals from the Plan are available for special hardship reasons or after attaining the age of 59½.

Investment Options—Participants direct the investment of their contributions into their choices of various investment options offered by the Plan and may change investments and transfer amounts between funds daily. Employer contributions are invested as directed by the participants.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investment Valuation and Income Recognition—Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator works with the Plan's investment advisors and custodian to determine the Plan's valuation policies. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments held at the end of the year and net realized loss includes the Plan's gains and losses on investments bought and sold during the year.

Benefit Payments—Benefits are recorded when paid.

Administrative Expenses—Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' accounts and are included in administrative expenses. Investment-related expenses are included in the net appreciation in fair value of investments. The Plan includes revenue sharing in the form of a participant revenue credit paid back to the Plan's account and other allocations paid back to the Plan to lower fees/expenses.

Use of Estimates—The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan provides various investment options to its participants. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the value of the participants' account balances and the amounts reported in the financial statements.

Contributions—The Plan records Employer contributions at the time such contributions are calculated based on the related withholdings of participants' compensation. Accordingly, the Plan does not accrue/record Employer contributions in advance of payroll withholding. Participant contributions are recorded when withheld.

Notes Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

If a participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. Delinquent participant loans are recorded as benefit payments based on the terms of the Plan Document.

Excess Contributions Payable—Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

3. INFORMATION CERTIFIED BY TRUSTEE

The following is a summary of the information regarding the Plan as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included in the Plan's financial statements and supplemental schedules that were prepared by or derived from information prepared by Empower Trust Company, LLC, the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

	2025	2024
Statements of Net Assets Available for Benefits		
Investments in securities-		
Participant-directed investments	$25,398,292	$19,784,541
Receivables-participant loans	45,668	486

Statement of Changes in Net Assets Available for Benefits	**2025**
Net appreciation in fair value of investments	$ 3,424,740
Interest and dividends	556,740
Interest income from notes receivable from participants	1,038

Supplemental schedules: All investment balances included in the supplemental schedule of assets (held at end of year)

Note 4: All investment balances, excluding the level of investments in Note 4, Fair Value Measurements

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under GAAP are described as follows:

Level 1—Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2—Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the year ended December 31, 2025 and 2024.

Mutual Funds—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024.

	2025			
	Fair Value Hierarchy			
Securities (at Fair Value)	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$25,398,292	$ -	$ -	$25,398,292
	$25,398,292	$ -	$ -	$25,398,292

	2024			
	Fair Value Hierarchy			
Securities (at Fair Value)	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual funds	$19,784,541	$ -	$ -	$19,784,541
	$19,784,541	$ -	$ -	$19,784,541

Transfers between Levels—The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There were no transfers between levels for the year ended December 31, 2025.

5. INCOME TAX STATUS

The Plan is a prototype non-standard profit-sharing plan that is sponsored by Empower Retirement LLC. The prototype plan received an opinion letter, dated November 14, 2022 in which they stated that the form of the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers and employees of the Employer or its subsidiaries. No such officer or employee receives compensation from the Plan.

Certain administrative expenses related to maintaining the Plan are paid directly by the Employer.

Notes receivable from participants also qualify as exempt party-in-interest transactions as defined by ERISA.

7. NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Employer remitted the September 5, 2024, participant contributions of $58,121 and loan repayments of $532 to the trustee on September 13, 2024, which was later than required by Department of Labor Regulation 2510.3-102. The Employer has filed Form 5330 with the IRS and has paid the required excise tax on the transaction on August 17, 2026. In addition, participant accounts have been credited with the investment income that would have been earned had the contributions been remitted timely.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, each participant will have a fully vested and non-forfeitable interest in their accounts.

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through October 08, 2026, the date the financial statements were available to be issued. There were no subsequent events that occurred between January 1, 2026 through October 08, 2026 that required disclosures in or adjustments to the financial statements.
