Independent Auditor's Report

The Plan Administrator
Play-Well Teknologies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Play-Well Teknologies 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025, and 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and supplemental schedule of assets (held at end of year) as of December 31, 2025, are presented for purposes of additional analysis and are not required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General
The Plan is a 401(k) profit-sharing plan of Play-Well Teknologies (the Company or Plan Sponsor) for the exclusive benefit of all its eligible employees and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility
Each employee is eligible to become a participant in the Plan following attainment of age 18 and after three months of service, measured from date of hire, as defined by the Plan Document.

Entry Date
Employees may enter the Plan immediately upon meeting the Plan's eligibility requirements.

Contributions
Participants may contribute up to 90% of their eligible compensation, as defined in the Plan or the maximum amount of $23,500 allowable under the Internal Revenue Code (IRC). The participants will be eligible to designate some of their Deferral Contribution as a Roth Deferral Contribution at the time of deferral election up to a maximum of 50% of eligible compensation. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

In addition, the Company may make additional Qualified Non-Elective Contributions for the benefit of such Participants determined at the discretion of the Company.

Participant Accounts
Each participant's account is credited (charged) with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings (losses), and charged with participant-directed administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are vested immediately in both their contributions plus actual earnings thereon.

Payment of Benefits
Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan document upon retirement, termination of service, death or disability. A terminated participant with a balance of less than $5,000 may be automatically paid out by the Plan upon termination. Distributions may be made at the participant's election prior to termination upon attainment of age 59 ½ and having participated in the Plan for at least six years and the amounts distributed have accumulated in the Plan for at least two years or hardship as defined in the Plan document.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation
The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates
The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are participant directed and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments contracts bought and sold as well as held during the year. Dividends are recorded on the ex-dividend date.

Net Appreciation (Depreciation) in Fair Value of Investments
Realized and unrealized appreciation (depreciation) in the fair value of investments is calculated based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying Statements of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statement of Changes in Net Assets Available for Benefits. In addition, certain investment-related expenses are included in the net appreciation in fair value of investments presented in the accompanying Statement of Changes in Net Assets Available for Benefits.

NOTE 3 FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access, quoted prices for similar assets or liabilities in active markets and/or quoted prices for identical or similar assets or liabilities in inactive markets.

Level 2 - Inputs to the valuation methodology include inputs other than quoted prices that are observable for the asset or liability and/or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact purchases and sales at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market fund: The fair value of this investment is based on quoted market prices in active markets.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All the Plan's investments at fair value amounting to $407,887 and $242,806 as of December 31, 2025 and 2024, respectively, are classified as Level 1.

NOTE 4 FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan's asset information as of and for the year ended December 31, 2025 and 2024, included throughout the Plan's financial statements and ERISA-required supplemental schedule, were obtained by management and agreed to or derived from information certified by Matrix Trust Company, the custodian of the Plan. The Plan Administrator has obtained certification from the custodian that information provided to the Plan Administrator by the custodian related to the Plan's assets is complete and accurate.

Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following:

- Investments, as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2025, and 2024;
- Investment activity, as reflected in the Statements of Changes in Net Assets Available for Benefits for the year ended December 31, 2025, and 2024;
- Investment information disclosed in Note 3 to the Plan's financial statements; and,
- Investments, as reflected in Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025.

NOTE 5 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by Matrix Trust Company, the Plan's custodian. The Plan also paid Human Interest, for services provided to the Plan as the Plan's recordkeeper. These transactions qualify as party-in-interest transactions. Total fees paid by the Plan for investment management and recordkeeping services amounted to $2,336 and $1,296 for the years ended December 31, 2025 and 2024, respectively.

Payments made for the payroll services and plan auditor, although identified as parties-in-interest, are paid by the Plan Sponsor.

NOTE 6 INCOME TAX STATUS

The Company adopted a Prototype Non-Standardized Profit-Sharing Plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the Plan, as then designed, was in accordance with the applicable requirements of the Internal Revenue Code (IRC). Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 INCOME TAX STATUS (CONTINUED)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in various types of investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become one hundred percent (100%) vested in their accounts as to the amount credited to their account after deduction for estimated liquidation and distribution expenses.

NOTE 9 NONEXEMPT TRANSACTIONS

During 2023, the Plan Sponsor inadvertently failed to deposit a total amount of $6,220 of participant deferrals within the required timeframe as stated by the DOL regulations. The Plan sponsor reimbursed the Plan for lost interest in the amount of $4 for the plan on May 29, 2024. The Plan sponsor filed Form 5330 and paid the applicable excise tax. The excise tax payments were made from the Plan sponsor’s assets and not from assets of the Plan.

NOTE 10 NEW LAWS AND REGULATIONS

The SECURE 2.0 Act of 2022 (SECURE 2.0), enacted on December 29, 2022, amended various requirements for qualified retirement plans. The Plan adopted applicable provisions through an Operational Amendment Statement effective January 1, 2025.

SECURE 2.0 expanded eligibility for certain long-term part-time employees. Beginning with the 2025 plan year, employees who satisfy the applicable age requirement and complete at least 500 hours of service in each of two consecutive 12-month periods must be permitted to make elective deferrals, subject to the Plan’s terms. The prior rule generally required three consecutive 12-month periods with at least 500 hours of service in each period.

NOTE 10 NEW LAWS AND REGULATIONS (CONTINUED)

Effective January 1, 2025, the Plan became subject to SECURE 2.0's automatic enrollment requirements. Eligible employees who do not make an affirmative contribution election are enrolled at the default rate specified in the Plan document. Employees may elect a different contribution rate or decline participation. The default rate increases in accordance with the Plan's automatic escalation provisions.

Beginning in 2025, the Plan permits eligible participants who attain ages 60 through 63 during the year to make increased catch-up contributions. For 2025, the maximum increased catch-up contribution was $11,250, compared with the $7,500 limit generally applicable to other eligible participants age 50 or older.

In February 2023, the Internal Revenue Service issued proposed regulations addressing the use and timing of forfeitures. The proposal generally provides that forfeitures be used within 12 months after the end of the plan year in which they arise. It also includes a transition provision that would treat forfeitures arising before 2024 as arising in the 2024 plan year. Under the proposed timing rule, those forfeitures would be used by December 31, 2025, for a calendar-year plan. The Plan's use of forfeitures is governed by its terms and applicable regulatory guidance.

Beginning in 2026, catch-up contributions by certain participants whose 2025 FICA wages from the employer sponsoring the Plan exceeded $150,000 must be made on a Roth basis. This requirement did not apply to 2025 contributions. Management is evaluating the payroll and administrative changes needed to implement the requirement

NOTE 11 SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events or transactions that occurred subsequent to December 31, 2025 through October 13, 2026, the date the accompanying financial statements were available to be issued, for potential recognition or disclosure in the financial statements and determined no subsequent events required disclosure or adjustment to the accompanying financial statements.
