INDEPENDENT AUDITOR'S REPORT

To the GMI 401(k) Plan and Participants
Southlake, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of GMI 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits – modified cash basis as of December 31, 2025, and the related modified cash basis statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of GMI 401(k) Plan's 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section—

- the amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with modified cash basis of accounting.
- the information in the 2025 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2025 Financial Statements section of our report. We are required to be independent of GMI 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with modified cash basis accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GMI 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GMI 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GMI 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2025 Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the

certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

2024 Financial Statements

The Statement of Net Assets Available for Benefits of GMI 401(k) Plan as of December 31, 2024, was not audited, reviewed, or compiled by us and, accordingly, we do not express an opinion or any other form of assurance on the 2024 financial statements as a whole. Our procedures on the 2024 certified investment information were limited solely to comparing it to the certification provided by Empower Trust Company, LLC for that period. Our opinion on the 2025 financial statements is not modified with respect to this matter.

Note 1 DESCRIPTION OF PLAN

The following description of the GMI 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions. The Plan is a defined contribution plan established by Greater Metroplex Interiors, Inc. (the Company). The Plan qualifies as a profit-sharing plan under the Internal Revenue Code (Code) Section 401(a) and as a cash-or-deferred arrangement under Code Section 401(k).

The Plan is a defined contribution plan that covers all eligible employees of the Company (those who have completed 250 hours of service in a 3 month period with the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan entry dates are the first day of each plan quarter. Employees may enter the Plan on those dates after they are eligible.

Employee contributions

Participants are permitted to contribute, up to the limits of the Code, to the Plan on a tax-deferred basis. Transfers (rollovers) from qualified plans are allowed under the provisions of the Plan. Roth contributions are the only post-tax contribution permitted by the Plan.

Employer contributions

The Company makes matching contributions based on each participant’s contributions for the year. The matching rate is 100% of employee’s matching contributions up to 3% of salary plus an additional 50% of the next 2% of eligible employee contributions. All 2025 employer contributions were safe harbor matching contributions. The Company may make discretionary contributions to the Plan in any year.

The Company did not make any discretionary contributions in the current year.

Administrative expenses

The Company pays most of the Plan’s administrative expenses.

Participant accounts

Each participant's account is credited with the participant’s contribution, the Company's matching contribution, an allocation of other employer contributions, if any, and an allocation of Plan earnings. Allocations of Plan investment earnings or losses are based on participants’ account balances invested in each fund.

Note 1 **DESCRIPTION OF PLAN** – (continued)

Vesting

Participants are fully vested in their deferral, rollover, and safe harbor matching accounts. Other employer contributions are 20% vested after one year of service with the Company. That increases 20% per year, until they are fully vested after five years' service. Employees' balances become fully vested in employer contributions upon death, reaching normal retirement age (age 65 with 5 years participation in the Plan), or upon disability resulting in retirement.

Notes receivable from participants

Participants may receive a loan from their participant accounts. The minimum amount of a loan is $1,000; the maximum amount is the lesser of: (1) $50,000 or (2) 50% of their vested account balance. These loans generally range up to five years in length. Participant loans are secured by the participants' vested balance in the plan. As of December 31, 2025, these loans bore interest at 4.25% to 9.50%, were payable in semi-monthly payments, and matured at various dates through July 2030.

Payment of benefits

Participants (or their beneficiaries) are eligible to receive benefits upon termination of service, attainment of age 59 ½, financial hardship, or death. Vested balances under $1,000 are to be paid as soon as administratively feasible following termination of employment. Balances over that amount are made at the participant's election. Benefits are paid as lump-sum distributions.

Forfeitures

Forfeitures may be used to reduce future employer contributions. These were immaterial at December 31, 2025.

Other plan provisions

Other plan provisions including investment options are described in the Plan Document.

Note 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting. This method differs from accounting principles generally accepted in the United States of America since revenues are recorded when received rather than earned, and expenses are recorded when paid rather than when incurred.

Investment valuation and income recognition

All investments are participant-directed, and are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded when received. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Participant loans are measured at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document. Interest income from participant loans is recorded as it accrues.

Payment of benefits

Benefits are recorded when paid.

Use of estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Subsequent events

The Plan has evaluated subsequent events through October 14, 2026, the date which the financial statements were available to be issued.

Note 3 TAX STATUS

The Plan adopted the Empower Trust Company, LLC (Empower) Defined Contribution Prototype Plan and Trust (the Prototype Plan). The Prototype Plan obtained its latest opinion letter in June 2020, in which the Internal Revenue Service stated the Prototype Plan was in compliance with the applicable requirements of the Code. Plan management believes that the Plan is currently designed and operated in compliance with the applicable requirements of the Code. Therefore, no provision for income tax has been included in the Plan's financial statements.

The modified cash basis of accounting requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that is more likely than not would not be sustained upon examination by the applicable tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

Note 4 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan's sponsor has the right to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a full or partial plan termination, affected participants will become fully vested in their accounts.

Note 5 INFORMATION CERTIFIED

The Plan Administrator elected to perform an ERISA Section 103(a)(3)(C) audit for the plan year ended December 31, 2025. Investment information as of December 31, 2025, was certified by Empower. Investment information as of December 31, 2024, was also certified by Empower; however, because the Plan was exempt from audit requirements for the 2024 plan year, those certified balances are presented as unaudited.

The December 31, 2025 and 2024 (unaudited) statements of net assets available for benefits, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2025, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodians in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $13,055,339 and $10,579,562 at December 31, 2025 and 2024 (unaudited), respectively, and related investment earnings of $1,641,367 for the year ended December 31, 2025.

Note 5 **INFORMATION CERTIFIED** – (continued)

These accounts were maintained by Empower Trust Company, LLC, a party-in-interest.

Note 6 **FAIR VALUE MEASUREMENTS**

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets or liabilities and have the highest priority. Level 2 inputs consist of observable inputs other than quoted market prices for identical assets or liabilities. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Level 1

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2

The fair value of the investment contract is stated at contract value as reported by Empower. This is a Level 2 fair value measurement.

Note 6 **FAIR VALUE MEASUREMENTS** – (continued)

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2025 and 2024 (unaudited).

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 11,792,043	$ -	$ -	$ 11,792,043
Investment contract	-	1,149,154	-	1,149,154
Total	$ 11,792,043	$ 1,149,154	$ -	$ 12,941,197

	Assets at Fair Value as of December 31, 2024 (Unaudited)			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,453,664	$ -	$ -	$ 9,453,664
Investment contract	-	997,872	-	997,872
Total	$ 9,453,664	$ 997,872	$ -	$ 10,451,536

Note 7 **TRANSACTIONS WITH PARTIES-IN-INTEREST**

The Plan invests in registered investment companies sponsored by the Plan's Trustee, as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Administrative fees related to the Trustees' administration of the Plan are paid by the Plan. Other administrative fees are paid by the Plan sponsor on behalf of the Plan.

Note 8 **RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 **REPORTABLE TRANSACTIONS**

There were no reportable transactions in 2025.

Note 10 INVESTMENT CONTRACT

In 2016, the Plan entered into benefit-responsive investment contracts with Empower Trust Company, LLC. This company maintains the contributions in a general account. The account is credited with earnings at the crediting interest rate and charged for participant withdrawals and administrative expenses.

The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract.

The contract is included in the financial statements at contract value as reported to the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

Under certain circumstances, Empower may impose redemption fees and transfer restrictions on withdrawal requests from plan sponsors at the plan level, but withdrawals at the participant level do not have these restrictions.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.
