TCOM, L.P. Employees' Savings Plan

Financial Statements
Together with Independent Auditors' Report

For the Years Ended December 31, 2025 and 2024

Independent Auditors' Report

To the Plan Administrator of the
TCOM, L.P. Employees' Savings Plan and its Participants:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the TCOM, L.P. Employees' Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the TCOM, L.P. Employees' Savings Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution, Fidelity Management Trust Company, the Trustee of the Plan, as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the TCOM, L.P. Employees' Savings Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the TCOM, L.P. Employees' Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the TCOM, L.P. Employees' Savings Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the TCOM, L.P. Employees' Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2025 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of the TCOM, L.P. Employees' Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by TCOM, L.P. (the Company) effective November 17, 1989. The Plan covers substantially all employees of the Company, with the exception of leased employees, those covered by a collective bargaining agreement, and those employees whose compensation only includes one or more of the following: pension, severance pay, retainer or fees under a contract. Employees are immediately eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was amended and restated effective August 30, 2021 to reflect required regulatory changes. The Plan was amended August 15, 2024 to credit service with predecessor employer Equinox Innovative Systems. The Plan was most recently amended January 1, 2026 effective December 31, 2025 to reflect the merger with Aerostar International, LLC and changes in Note 9.

Participant Contributions

Participants may elect to defer up to 60% of their eligible annual compensation on a pre-tax or Roth basis, as defined by the Plan, not to exceed the maximum allowable contributions under the Internal Revenue Code (the Code), which totaled $23,500 and $23,000 for the years ended December 31, 2025 and 2024, respectively. A participant's Roth elective contributions are allocated to a separate account maintained for such contributions. Roth elective contributions are treated as elective contributions for all purposes under the Plan. Participants who have attained age 50 before the end of the Plan year may make additional catch-up contributions, subject to limitations imposed by the Code, which totaled $7,500 for the years ended December 31, 2025 and 2024. Participants who have attained age 60 through 63 as of the end of the Plan year may make enhanced catch-up contributions in addition to the standard age 50 catch-up contributions, subject to limitations imposed by the Code, which totaled $3,750 above the normal catch up limit for the year ended December 31, 2025. Participants may also make rollover contributions to the Plan (excluding after tax contributions).

The Plan has a qualified automatic contributions arrangement (QACA) automatic enrollment provision whereby an eligible employee who does not elect to contribute a specific percentage of his or her compensation will be automatically enrolled in the Plan within 30 days after hire to contribute to the Plan at a rate of 6% of eligible compensation.

Company Contributions

The Company makes a safe harbor matching contribution of 100% of participants' elective deferrals up to a maximum of 6% of eligible compensation contributed to the Plan. Such contributions are contributed and calculated on a per-payroll basis. During the years ended December 31, 2025 and 2024, the Company's matching contributions totaled $1,896,009 and $2,165,700, respectively.

1. DESCRIPTION OF THE PLAN – continued

Company Contributions – continued

The Company may, at its discretion, make a qualified non-elective Company contribution on behalf of eligible participants, as defined by the Plan. The Company contribution is to be allocated to certain non-highly compensated employees. During the years ended December 31, 2025 and 2024, there were no discretionary qualified non-elective Company contributions made to the Plan.

Participant Accounts

Each participant's account is participant-directed and contributions are credited with the investment options selected by each participant. Plan earnings, losses and administrative expenses are allocated to each participant's account based upon the balance in each account. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Vesting

Participants are immediately vested in their contributions and Company qualified non-elective contributions plus actual earnings thereon. A participant becomes fully vested in Company safe harbor contributions upon two years of service. Prior to two years of service, a participant is 0% vested. Participants who terminated prior to November 15, 2007 fully vested after three years of service. Prior to three years of service, a participant was 0% vested. Participants who have account balances derived from Company contributions for Plan years beginning prior to January 1, 2002 fully vested after five years of service. Prior to five years of service, a participant was 0% vested. Upon death, disability, or normal retirement, a participant becomes 100% vested in the Company contributions.

Forfeitures

All forfeitures resulting from the termination of participants prior to vesting are retained in the Plan and may be applied to pay administrative expenses or used to reduce Company contributions. A forfeiture will occur in the Plan year that a participant receives a distribution of their entire vested balance, or if the participant did not receive a distribution, after five consecutive one year breaks in service. There were $33,119 and $103,977 of forfeitures available to the Plan as of December 31, 2025 and 2024, respectively. Forfeitures totaling $0 and $438,260, respectively, were used to pay administrative expenses and reduce Company contributions during the year ended December 31, 2025. Forfeitures totaling $0 and $167,782, respectively, were used to pay administrative expenses and reduce Company contributions during the year ended December 31, 2024.

1. DESCRIPTION OF THE PLAN – continued

Notes Receivable from Participants

Participants may borrow up to 50% of their vested account balance, not to exceed $50,000, without regard to the intended use of the funds. The minimum note amount is $1,000 and a participant may have no more than one note outstanding at any given time. Notes are collateralized by the participant's vested account. Note repayments are to be made through payroll deductions with interest based on interest rates determined based upon prevailing interest rates at the time of loan origination as determined by the Plan administrator. The interest rate shall remain fixed throughout the duration of the note. Notes for reasons other than the purchase of a primary residence are to be repaid within five years. Notes receivable for the purchase of a primary residence must be repaid in ten years or less.

Payment of Benefits

Upon termination of service, death, disability, retirement, attainment of age 59 ½, or active military leave, a participant (or their beneficiary, in the event of death) may elect to receive either a lump sum distribution of their vested account balance, or installment payments over a period no longer than the participant's life expectancy. Prior to retirement, distributions from the Plan are payable in the form of a lump sum. Upon termination, if a participant's account balance is less than $5,000, the Plan may elect, without participant consent, to automatically distribute the participant's vested balance in a lump sum distribution. Upon proof, to the satisfaction of the Plan administrator, of an immediate and heavy financial need, amounts contributed by the participant and actual earnings thereon may be withdrawn for a hardship purpose. Certain income tax penalties may apply to withdrawals or distributions prior to age 59 ½. Distributions and withdrawals are subject to the applicable provisions of the Plan document. As of December 31, 2025 and 2024, there were no net assets of the Plan allocated to the accounts of participants who had elected to withdraw from the Plan that had not received such distributions prior to year-end.

Plan Expenses

All administrative expenses are required to be paid by Fidelity Management Trust Company, the Trustee of the Plan, with assets of the Plan, unless paid by the Company, at its discretion. During the years ended December 31, 2025 and 2024, the Company elected to pay a portion of the Plan's direct expenses. Expenses that are paid directly by the Company are excluded from the Plan's financial statements. Fees related to the administration of notes receivable from participants and benefit payments are charged directly to the participant accounts and included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to net assets available for benefits and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in assets that are exposed to risks such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities may occur that materially affect participant account balances and amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. Interest income is recorded on the accrual basis. Delinquent notes are treated as distributions based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan evaluated for disclosure any subsequent events through October 14, 2026, the date the financial statements were available to be issued, and determined there were no material events that warrant disclosure except as noted in Note 9.

3. INVESTMENTS

All investment data contained in the accompanying financial statements and supplemental schedule, including assets held as of December 31, 2025 and 2024, interest and dividend income and net realized and unrealized appreciation in fair value of investments for the years then ended was obtained or derived from the information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the Trustee of the Plan.

4. FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement,* defines fair value and establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Interests in registered investment companies: Valued at the closing price reported in the active market in which the funds are traded.

Interest in common/collective trust: Valued at fair value based on the unit value of the fund. Unit value is determined by the institution sponsoring such fund using the net asset value (NAV) or its equivalent as a practical expedient by dividing the fund's net assets at fair value by its units outstanding at the valuation date.

4. FAIR VALUE MEASUREMENT – continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used as of December 31, 2025 and 2024.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	$ 94,228,678	$ -	$ -	$ 94,228,678
Total investments in the fair value hierarchy	94,228,678	-	-	94,228,678
Interest in common/collective trust*	-	-	-	2,369,999
Total investments, at fair value	$ 94,228,678	$ -	$ -	$ 96,598,677

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Interests in registered investment companies	$ 79,691,166	$ -	$ -	$ 79,691,166
Total investments in the fair value hierarchy	79,691,166	-	-	79,691,166
Interest in common/collective trust*	-	-	-	2,315,634
Total investments, at fair value	$ 79,691,166	$ -	$ -	$ 82,006,800

* Certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy, in accordance with fair value measurement and disclosure guidance. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. FAIR VALUE MEASUREMENT – continued

The following table presents the investments which are estimated using the NAV per share as a practical expedient as of December 31,:

	2025	2024	Redemption Frequency	Redemption Notice Period	Unfunded Commitments
Interest in common/collective trust[(a)]	$ 2,369,999	$ 2,315,634	Daily	Daily	None

(a) This fund invests in benefit-responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds in order to preserve principal investment while earning a level of interest income that is consistent with principal preservation. By using NAV per share as a practical expedient, fair value for financial statement purposes has been estimated to be the contract value of the investment at year end.

5. PARTY-IN-INTEREST TRANSACTIONS

The Plan invests in shares of mutual funds and a managed income portfolio fund managed by Fidelity Investments Institutional Operations Company, Inc. (FIIOC), who acts as Custodian for the Plan. The Custodian is a related party to the Trustee. The Plan loans funds to its participants according to the applicable provisions of the Plan agreement. The Company provides the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. INCOME TAX STATUS

Effective August 30, 2021, the Plan adopted a pre-approved defined contribution plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020 stating that its defined contribution plan document was designed in accordance with applicable Code requirements as of that date. The Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. INCOME TAX STATUS – continued

ASC 740, *Income Taxes*, prescribes a recognition threshold and a measurement attribute for the financial statement recognition and measurement of tax positions taken or expected to be taken in a tax return as well as guidance on de-recognition, classification, interest and penalties and financial statement reporting disclosures. For these benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. As the Plan is tax exempt and has no unrelated business income, the provisions of ASC 740 do not have an impact on the Plan's financial statements. The Plan recognizes interest and penalties accrued on any unrecognized tax exposures as a component of income tax expense. The Plan does not have any amounts accrued relating to interest and penalties as of December 31, 2025 and 2024.

The Plan is subject to routine audits by the IRS and Department of Labor; however, there are currently no audits for any periods in progress.

8. RECONCILIATION OF THE FINANCIAL STATEMENTS TO THE FORM 5500

The following is a reconciliation of net assets available for benefits reported on the financial statements to the Form 5500 as of December 31,:

	2025	2024
Net assets available for benefits reported on the financial statements	$ 139,503,213	$ 82,653,535
Adjustment due to difference in valuation of common/collective trust	(72,523)	(139,271)
Net assets available for benefits reported on the Form 5500	$ 139,430,690	$ 82,514,264

The following is a reconciliation of the net increase in net assets available for benefits reported on the financial statements to the Form 5500 for the years ended December 31,:

	2025	2024
Net increase in net assets available for benefits reported on the financial statements before transfer	$ 14,532,495	$ 7,396,349
Change in adjustment due to difference in valuation of common/collective trust	66,748	41,437
Net increase in net assets available for benefits reported on the Form 5500 before transfer	$ 14,599,243	$ 7,437,786

9. PLAN MERGER

Effective January 1, 2026, the Plan was amended to merge the Aerostar International, LLC 401(k) Plan (the Aerostar Plan) into the Plan. In anticipation of the merger, all Aerostar Plan investments were liquidated as of December 31, 2025. Amounts totaling $42,317,183 are reported as receivables in the statement of net assets available for benefits and represent investments and participant notes receivable that were legally transferred to the Plan but had not yet completed operational transfer as of year-end. The merger increased the Plan's net assets available for benefits by $42,317,183, which is reflected in the statement of changes in net assets available for benefits as a transfer of assets from a merged plan.

In connection with the merger, the Plan was amended to provide for the recognition of prior eligibility and vesting service with Aerostar International, LLC and Near Space Corporation for affected participants. The amendment also preserves certain protected benefits for transferred participants, including a normal retirement age of 55, provides immediate vesting in certain employer matching contributions, and freezes the discretionary nonelective contribution source transferred from the merged plan as of the merger date.

Effective January 1, 2026, the Plan was amended to increase the maximum elective deferral percentage from 60% to 75% of eligible compensation; add automatic annual deferral increases for automatically enrolled participants; permit in-plan Roth conversions and rollovers of after-tax employee contributions; expand withdrawal provisions; revise the definition of disability; and modify certain compensation exclusions used for contribution purposes. These amendments did not affect the Plan's net assets available for benefits as of December 31, 2025.
