Independent Auditor's Report

To the Plan Administrator of
the Dean Snyder Construction Co. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Dean Snyder Construction Co. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Dean Snyder Construction Co. Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (Investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note E to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Dean Snyder Construction Co. Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions and events, considered in the aggregate, that raise substantial doubt about Dean Snyder Construction Co. Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing

standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Dean Snyder Construction Co. Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Dean Snyder Construction Co. Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statement but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures in accordance with generally accepted auditing standards. For information in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Dean Snyder Construction Co. Retirement Plan
Notes to Financial Statements
December 31, 2025

Note A - Description of Plan and Summary of Accounting Policies

Description of Plan

The following description of the Dean Snyder Construction Co. ("Company") Retirement Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

1) General. The Plan is a defined contribution profit sharing 401(k) cash or deferred plan covering all eligible employees age 18 years or older with one (1) year of service with at least 1,000 hours of service in that year. The plan document was written by Principal Life Insurance Company. Eligible employees are Company employees who are not governed by a collective bargaining agreement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended to include safe harbor provisions as of January 1, 2017. The Plan was amended in 2020 to allow employee elective deferrals for eligible employees age 18 years or older.

2) Contributions. Annually, participants may contribute up to 100% of their gross compensation to the Plan, subject to the statutory maximum allowed by the law. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. A qualified employer matching contribution of 100% of salary deferral contributions up to 3% of pay, plus 50% from 3% to 5% of pay will be made. Additional employer contributions are discretionary and may be made without regard to current or accumulated net income, earnings or profits of the Company. These contributions are allocated to participants based on annual pay for the plan year. Participants direct the investment of all contributions into various investment options. The Plan currently offers 30 mutual funds and an annuity contract as investment options for participants.

3) Participant Accounts. Each participant's account is credited for elective deferral contributions, additional employer contributions, voluntary contributions, and rollover contributions.

   Each participant's account is reduced for any distribution of his vested account and by any forfeitures. Each participant's account participates in the earnings credited, expenses charged, and any appreciation or depreciation of the investment fund. Each account is subject to any minimum guarantees applicable under the group contract with Principal Life Insurance Company.

4) Vesting. Participants are immediately vested in their elective deferral contributions, rollovers, and safe harbor contributions, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after four years of credited service.

5) Payment of Benefits. Upon termination of service a participant will receive a lump sum benefit equal to the vested portion of his account. The Plan also has withdrawal privileges whereby a participant can withdraw his elective deferral and safe harbor contributions, which results from elective deferral contributions, plus actual earnings thereon, in the event of hardship due to an immediate and heavy financial need.

6) Forfeited Accounts. At December 31, 2025, forfeited nonvested accounts totaled $0. These accounts were used to reduce plan expenses by $0 during the year.

Summary of Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared using the accrual method of accounting.

Note A - Description of Plan and Summary of Accounting Policies (Continued)

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as determined by Principal Life Insurance Company (the Custodian), and are based on the net asset value of units held by the Plan at year-end. The Statement of Changes in Net Assets Available for Benefits is prepared on a fair value basis.

Purchases and sales of securities are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Realized gains and losses on investments are recognized upon the sale of related investments and unrealized appreciation or depreciation is recognized at period end when the carrying values of the related investments are adjusted to their estimated fair market value.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Company and are therefore excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments. All administrative expenses are charged to participant accounts.

Concentration of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk are part of the holdings in Plan's investments. Management believes that the Custodian maintains the Plan's investments with high credit quality institutions and attempts to limit the credit exposure to any particular investment.

Payments of Benefits

The Plan records benefit payments to withdrawing participants when paid.

Date of Management's Review

For the year ended December 31, 2025, the Plan has evaluated subsequent events for potential recognition and disclosure through October 14, 2026, the date the financial statements were available to be issued.

Note B - Tax Status

The IRS has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the advisory opinion, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Note C - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

During the year ended December 31, 2025, the Plan's investments (including gains and losses on investments bought, sold, and held during the year) appreciated in value as follows:

	2025
Net appreciation in fair value of investments - pooled separate accounts	2,796,162
Interest and dividends	6,249
Net Investment Income (Loss)	2,802,411

All assets are held by the trustee at December 31, 2025.

Note E - Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

Guaranteed Interest Account: The account is valued at estimated fair value as determined by Principal Life Insurance Company, based on the fair value of underlying investments, because it is not fully benefit responsive.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The table below segregates all financial assets and liabilities as of December 31, 2025 and 2024 that are measured at fair value on a recurring basis (at least annually) into the most appropriate level within the fair value hierarchy based on the inputs used to determine the fair value at the measurement date:

Level 3 Gains and Losses:

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 investment assets for the year ended:

	Level 3 Assets - Guaranteed Interest	
	12/31/2025	12/31/2024
Balance, beginning of year	$ 138,205	$ 252,949
Total gains or losses included in changes in net assets available for benefits	7,376	12,211
Purchases, sales, issuances, and settlements:		
Purchases	38,761	85,071
Issues	-	-
Sales	(3,377)	(177,383)
Settlements	-	-
Transfers in (out) of Level 3	(21,645)	(34,643)
Balance, end of year	$ 159,320	$ 138,205
The amount of total gains or losses for the year included in changes in net assets available for benefits attributable to the changes in unrealized gains or losses relating to assets held at the end of the reporting period	$ 1,127	$ 5,122

The Plan's policy is to recognize transfers into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2025, the transfers out of level 3 were due to participant directed changes.

Note F - Guaranteed Interest Account

The Plan provides an investment option to invest in a non-benefit-responsive guaranteed interest account with Principal Life Insurance Company (Principal). Principal maintains the contributions in a general account. The account is credited with a guaranteed and fixed rate of return. The guaranteed interest account is contractually obligated to repay the principal and specified interest rate that is guaranteed to the Plan by Principal.

The guaranteed interest account is non-benefit-responsive, and therefore fair value is the relevant measurement attribute for that portion of the net assets available for the benefits attributable to the guaranteed interest account.

A surrender charge may apply to transfers or withdrawals from an unmatured guaranteed interest account. The reference rate used to determine if a charge applies is equal to the applicable U.S. Treasury rate plus 0.50%. A charge applies when the reference rate is higher than the rate being credited to the unmatured funds being transferred or withdrawn. The amount of the surrender charge is calculated as follows: 1) The applicable U.S. Treasury Rate plus 0.50% minus the rate being credited, multiplied by; 2) The number of years and fractional parts of a year left in the guarantee period, multiplied by; 3) The amount being surrendered. A surrender charge may not apply to withdrawals due to retirement, termination of employment, disability, or death.

Note G - Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements for the year ended December 31, 2025 to Schedule H of Form 5500:

Total net increase per the financial statements	$ 3,157,544
Corrective contributions receivable - current year	(33,049)
Corrective contributions receivable - prior year	14,889
Rounding	1
Total net income per Schedule H of Form 5500	$ 3,139,385

Note H - Party in Interest Transactions

Certain Plan investments are shares of mutual funds and an annuity contract managed by Principal Life Insurance Company, who is also the investment trustee, as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. For the year ended December 31, 2025, fees paid by the Plan for the investment management fees and services amounted to $114,655.

During 2025, owners of the Company were participants in the Plan.

Note I - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.
