Report of Independent Auditors

To the Administrator of Glen Raven, Inc. Employees' 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Glen Raven, Inc. Employees' 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year then ended, including the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Other Matter - 2024 Financial Statements

Other auditors performed an audit of the 2024 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 10, 2025 indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agreed to, or were derived from, in all material respects, the information prepared and certified by an institution management determined meets the requirements of ERISA Section 103(a)(3)(C) and (c) included an "Other Matter - Supplemental Schedule Required by ERISA" paragraph. Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or was derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 ("supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the

financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Glen Raven, Inc. Employees' 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a contributory, profit sharing retirement plan covering employees of Glen Raven, Inc. and subsidiaries (the Employer) who have completed 60 days of service. The Plan contains no minimum age eligibility requirement. The Benefits Administrative Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance. Delaware Charter Guarantee & Trust Company (the "Trustee") d/b/a Principal Trust Company (Principal) serves as trustee of the Plan. The Plan, which is designed to conform with the provisions of Section 401(a) of the Internal Revenue Code (IRC), is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute to the Plan up to 50% of annual compensation, as defined in the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Effective January 1, 2025, automatically enrolled participants have their deferral rate set at 5% of eligible compensation, with planned automatic increases of 1% annually beginning January 1, 2026, up to a maximum deferral rate of 12%. Contributions are invested in a designated balanced fund until changed by the participant. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Employer's matching contributions are discretionary and, if made, are generally amounts equal to a specified percentage of the participants' deferral contribution. The Employer's discretionary matching percentage was 20% for 2025. The Employer may also make discretionary profit-sharing contributions to the Plan. There were no profit-sharing contributions for the year ended December 31, 2025. Contributions are subject to certain IRS limitations.

Investment Options

Participants may direct contributions to selected investments as made available and determined by the Plan Administrator. Participants may change their investment options daily via direct phone or Internet access.

Participant Accounts and Balances

Each participant's account is credited with the participant's contributions and Employer's discretionary matching contribution as well as allocations of: (a) the Employer's discretionary profit-sharing contributions and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on investment options selected by the Plan participants. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested with respect to the value of their accounts at all times.

Payment of Benefits
A participant may withdraw any part of his or her vested elective deferral contributions (and earnings thereon accrued as of December 31,1988), as defined in the Plan agreement, in the event of immediate and significant financial need that cannot be satisfied by other resources available to the participant (referred to in the Plan as a hardship distribution). Loans to participants are not permitted by the Plan. The normal retirement age specified in the Plan is 65, and the Plan does not permit early retirement. Unless a qualified election of an optional form of benefit has been made in accordance with the provisions of the Plan, the Plan provides for retirement benefits to be paid to participants in the form of a lump sum.

Plan Termination
The Employer anticipates and believes that the Plan will continue without interruption but reserves the right to discontinue the Plan at its discretion subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts and the net assets of the Plan will be distributed by the Trustee in accordance with the trust agreement in a uniform and nondiscriminatory manner.

Service Providers
The Employer has outsourced the Plan administration functions of recordkeeping and asset custodianship. The Trustee serves as the Plan recordkeeper and the asset trustee.

Accounting Records
The accounting records with respect to financial transactions are maintained by the Employer and the Trustee. Financial information related to the Plan's investment assets is provided by the Trustee to the Employer for the purpose of preparing the Plan's financial statements.

2. Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates
The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Benefits Administrative Committee determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes capital gain distributions and the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Contributions
Contributions from Plan participants and the Employer's discretionary matching contributions are recorded in the year in which the participant contributions are withheld from amounts paid. All participant and Employer's contributions are participant directed. Participant contributions in excess of amount allowed by regulation are recorded as a liability with a corresponding reduction in contributions.

Payment of Benefits
Benefit payments are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Administrative expenses include certain recordkeeping fees paid by the Plan and are recorded as deductions in the accompanying statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation in fair value of investments in the accompanying statement of changes in net assets available for benefits.

4. Fair Value Measurements

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820-10, Fair Value Measurement, establishes a framework for measuring fair value which emphasizes that fair value is a market-based measurement, and requires expanded disclosures about fair value measurements. To increase consistency and comparability in fair value measurements and related disclosures, the Plan utilizes the fair value hierarchy required by FASB ASC 820-10, which gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Prices determined using significant unobservable inputs. Unobservable inputs reflect the Plan's own assumptions about the factors that other market participants would use in pricing an investment that would be based on the best information available in the circumstances.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered Investment Companies (Mutual Funds)
Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Fund, Stable Value Fund
The Plan's investments in collective investment funds are valued based on the Plan's interest in the net assets of the underlying funds, as determined by the number of units held by the Plan. The unit values of the collective investment funds are determined based on the total value of assets held by each fund, less liabilities (including fees payable to the investment manager), divided by the total number of units outstanding. The resulting net asset value ("NAV") per unit is used as a practical expedient to estimate fair value.

A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the NAV of units of the collective trust. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Pooled Separate Accounts
Pooled separate accounts are valued at net asset value per unit based on the market value of underlying investments. The net asset value, as provided by the insurance carrier, is used as a practical expedient to estimate fair value.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Investments at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total

Investments measured at net asset value (1)				79,991,726
Total investments, at fair value				$ 110,101,452

(1) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

At December 31, 2025, approximately 54% of the Plan's net assets are invested in T. Rowe Price target date retirement collective investment trusts.

The Plan's investments in collective investment funds and pooled separate accounts measured using net asset value ("NAV") as a practical expedient are held in funds that file Form 5500 as direct filing entities. Accordingly, significant investment strategies have not been separately disclosed for these investments pursuant to ASC 962-325-50-9.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) practical expedient as of December 31, 2025 and 2024:

Transfers and payments from the Plan's pooled separate accounts are subject to certain contractual limitations. For most pooled separate accounts, if aggregate transfers and payments from a particular separate account reach $20,000,000 over the applicable 36-month period, the insurance carrier reserves the right to make payments exceeding this threshold in substantially equal monthly installments over a period not to exceed 36 months.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

5. Related-Party and Party-in-Interest Transactions

Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company is the Trustee of the Plan; therefore, transactions with the Trustee qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee totaled $179,530 for the year ended December 31, 2025. The Employer also paid certain administrative expenses of the Plan.

6. Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the net assets per Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 125,771,307	$ 110,101,452

The following is a reconciliation of Changes in Net Assets Available for Benefits per the financial statements to Form 5500 for the year ended December 31:

Differences in employer contributions	(8,250)
Net income per the Form 5500	$ 15,661,605

8. Subsequent Events

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued. None requiring subsequent recognition or disclosure were noted.
