Independent Auditors' Report

To the Plan Administrator
HPUL Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of HPUL Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of delinquent contributions as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the HPUL Savings Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

The HPUL Savings Plan (the "Plan") is a defined contribution plan sponsored by Habemco, LLC (the "Company"). The Plan was originally established on November 15, 2013, and was amended and restated effective October 1, 2025. The Plan covers eligible employees of participating employers who have attained age 18 and completed six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participating Companies

The following companies, which are related parties, are participating employers in the Plan:

Habemco, LLC
Upper Lake Processing Services, Inc.
Habematolel Pomo of Upper Lake
Running Creek Casino

Eligibility and Entry Date

Eligible employees become participants on the first day of the month coinciding with or following satisfaction of the age and service requirements. Employees must attain age 18 and complete six months of service to participate in the Plan. Certain non-resident aliens and residents of Puerto Rico are excluded from participation.

Contributions

Participants may elect to contribute pre-tax and Roth deferrals up to applicable Internal Revenue Service ("IRS") limits. Participants who have attained age 50 before the end of the Plan Year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans.

During 2025, the Plan was amended to include an automatic enrollment feature. Eligible employees who do not affirmatively elect otherwise are automatically enrolled at a deferral rate of 2% of compensation. The automatic deferral percentage increases annually by 1% until reaching a maximum of 4% of compensation. Existing participants as of the implementation date were excluded from the automatic enrollment provisions.

The Plan provides for a safe harbor matching contribution equal to 100% of participant deferrals up to 4% of eligible compensation. Safe harbor matching contributions are calculated each payroll period and are immediately vested.

The Plan also permits discretionary profit-sharing contributions. Profit-sharing contributions, if declared, are allocated in accordance with Plan provisions. To be eligible, participants generally must complete one year of service and be employed on the last day of the Plan Year unless otherwise provided under the Plan.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Forfeitures

Forfeitures of nonvested employer nonelective contribution accounts may first be used to pay Plan expenses, with any remaining forfeitures used to offset employer contributions for the following Plan Year. For 2025, no forfeitures were used to reduce employer contributions. Forfeitures available for future use were approximately $7,700 and $210 as of December 31, 2025 and 2024, respectively.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contributions and (b) Plan earnings. Allocations are based upon participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants' contributions, the Company safe-harbor match and matching contributions made prior to September 14, 2014, are immediately vested. The employer discretionary contributions vest in 20% increments, with 20% vested after the second year, 40% vested after the third year and increasing in 20% increments. After six years of service, Company discretionary contributions become fully vested. In the event of permanent disability, death, reaching normal retirement age, or termination of the Plan, the Company discretionary contributions will become fully vested.

Participant Loans

Participants may borrow from their accounts subject to limitations established by the Plan and Internal Revenue Code. Loans generally may not exceed the lesser of $50,000 or 50% of the participant's vested account balance. The minimum loan amount is $500. General-purpose loans must generally be repaid within five years, while loans used to purchase a primary residence may be repaid over a period of up to thirty years. A participant may have only one outstanding loan at a time. Loans are secured by the participant's vested account balance and bear interest at rates determined under the Plan's loan policy.

Benefit Payments

Upon termination of employment, a participant may elect distribution of vested account balances in a lump sum, partial distribution, or installment payments in accordance with Plan provisions. In-service distributions are generally available upon attainment of age 59½. Hardship distributions are permitted under certain circumstances defined by the Plan.

Plan Termination

Although the Company has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value of shares held by the Plan at year end.

The Transamerica Stable Value Ascend Option, which is a fully benefit-responsive investment contract, is valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Fair Value Measurements

Accounting Standards Codification (ASC) 820 defines fair value, establishes a framework for measuring fair value and enhances disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (or exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Company.

Unobservable inputs are inputs that reflect the Plan's assumptions about the inputs that market participants would use in pricing the asset or liability and are developed based on the best information available in the circumstances.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements

The fair value hierarchy input levels are as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

During 2025, the Plan transferred recordkeeping and trust services from Lincoln Financial Group Trust Company to Transamerica Trust Company effective October 1, 2025. Accordingly, certified investment information included in the accompanying financial statements was provided by two qualified institutions during the Plan year.

Lincoln Financial Group Trust Company, Inc. certified the completeness and accuracy of investment information for the period January 1, 2024 through September 30, 2025 and as of December 31, 2024. Transamerica Trust Company certified the completeness and accuracy of investment information for the period October 1, 2025 through December 31, 2025 and as of December 31, 2025.

NOTE 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (CONTINUED)

The certified information includes:

- Investments at fair value
- Investments at contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4 - PARTICIPANT DIRECTED INVESTMENTS

Participant contributions held in the Plan are participant-directed accounts. That is, individual participants decide how funds held in trust for them are allocated among various investment options.

NOTE 5 - TAX STATUS

The Company has adopted a pre-approved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believes that the Plan is qualified.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

The Plan has a number of service providers, and such providers are parties in interest under ERISA. These transactions qualify as party-in-interest. Notes receivable to participants are party-in-interest transactions. The company also holds certain investment products of Transamerica Trust Company and any Transamerica affiliated investment products.

NOTE 7 - ADMINISTRATIVE EXPENSES

The Plan Sponsor or the Plan may pay the professional service fees of the Plan. All other expenses are paid by the Plan.

NOTE 8 - FAIR VALUE MEASUREMENTS

An asset's or liability's classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methods used for assets measured at fair value. There have been no changes in valuation methodologies at December 31, 2025.

Mutual Funds: Valued at the net asset value (NAV) of shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Investments at Fair Value as of December 31, 2025

	Level 1	Total
Mutual funds	$ 8,942,475	$ 8,942,475
	$ 8,942,475	8,942,475

Investments at Fair Value as of December 31, 2024

	Level 1	Total
Mutual funds	$ 6,947,292	$ 6,947,292
	$ 6,947,292	6,947,292

NOTE 9 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

During 2025, the Plan transitioned from Lincoln Financial Group Trust Company to Transamerica Trust Company. As part of the transition, assets invested in the Lincoln Stable Value option were mapped to the Transamerica Stable Value Ascend Option in accordance with the investment mapping instructions approved by the Plan fiduciary.

At December 31, 2025, the Plan held a fully benefit-responsive investment contract through the Transamerica Stable Value Ascend Option. Contributions are maintained within the insurer's general account and are credited with earnings and charged for participant withdrawals and applicable administrative expenses. The contract issuer is obligated to repay principal and accrued earnings to the Plan.

NOTE 9 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (CONTINUED)

Because the investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for financial statement reporting. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants ordinarily may direct the withdrawal or transfer of all or a portion of their investment at contract value.

At December 31, 2025, the contract value of the fully benefit-responsive investment contract was approximately $231,729.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include amendments to the Plan, complete or partial plan termination, mergers with another plan, significant employer actions affecting Plan participation, or the failure of the trust to qualify for exemption from federal income taxes. The Plan Administrator does not believe the occurrence of any such event is probable.

There are no reserves against contract value for credit risk of the contract issuer or otherwise.

NOTE 10 - RISKS, UNCERTAINTIES AND CONCENTRATIONS

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

At December 31, 2025 and 2024, approximately 20% and 22% of the Plan’s investments were invested in BlackRock LifePath Dynamic 2035 Class K Shares, respectively.

NOTE 11 - NON-EXEMPT TRANSACTIONS

Defined contribution plans are required to remit employee contributions to the Plan as soon as they can be reasonably segregated from the employer's general assets, but no later than the 15th business day of the month following the month in which the participant contributions were withheld.

Contributions and loan repayments amounting to $492,347 collectively were not remitted timely to the Plan during the years ended December 31, 2023, 2022, and 2021. In August of 2024, the Plan Sponsor utilized the Voluntary Fiduciary Correction Program to correct all late contributions.

NOTE 12 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 13, 2026, the date on which the financial statements were available to be issued.
