Independent Auditor's Report

October 1, 2026

To the Trustees, Plan Administrator and Participants of
The Burdick Companies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Burdick Companies 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the **Auditor's Responsibilities for the Audits of the Financial Statements** section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the **Auditor's Responsibilities for the Audits of the Financial Statements** section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit** section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of The Burdick Companies 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code and has a Section 401(k) salary deferral arrangement. The Plan covers all employees of Driver's Village, Inc. and RLB Development, LLC (collectively the "Company") who have one year of service and are age twenty-one or older. All assets acquired under the Plan are the result of employee and employer contributions thereto and all income and other additions thereto are administered, distributed, forfeited or otherwise governed by the provisions of the Plan and ERISA.

Plan provisions - The Plan implemented the required provisions and other optional provisions of Setting Every Community Up for Retirement Enhancement Act 2.0 of 2022 (the SECURE 2.0 Act) and the Setting Every Community Up for Retirement Enhancement Act 2.0 of 2019 (the SECURE Act). Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and Internal Revenue Service guidance.

Contributions - Participants are allowed to make elective 401(k) salary deferrals up to the maximum amount allowed by the Internal Revenue Code. Once a participant is eligible for the Plan, they are automatically enrolled in the Plan with an initial deferral rate of 6% of their annual compensation, which is increased automatically by 1% each year, up to a maximum of 10% unless the participant elects a different percentage or expressly elects not to participate in the Plan. Participants are also allowed to make rollover contributions to the Plan.

Each year the Company may contribute discretionary matching contributions for each participant. The Company's discretionary matching contributions are equal to 50% of the participant's elective contributions, up to a maximum of 2% of each participant's compensation annually for the years ended December 31, 2025 and 2024. Discretionary matching contributions amounted to $432,937 and $406,767, of which the Company paid $407,172 and $377,863 and used forfeited accounts for the remainder, as explained below, for the years ended December 31, 2025 and 2024, respectively. The Company may also elect to make discretionary profit-sharing contributions. The amount and timing of such payments is at the option of the Company. There were no discretionary profit-sharing contributions made for the years ended December 31, 2025 and 2024.

Participant accounts - Each participant's account is credited with the participant's elective deferral contribution, the Company's discretionary matching contributions, and allocations of account balances, as defined by the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants can access their account information via Principal's website, where they have the ability to change their elective deferrals and investment options, apply for participant notes receivable, and request distributions.

Investment options - Participants may direct contributions to the Plan in any of the investment options offered by the Plan. Participants may change their investment options once a month through online media with the Plan's investment trustees.

Vesting - Participants are immediately vested in their elective salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their account balance is based on years of continuous service. A participant is 100% vested after six years of credited service.

Forfeited non-vested accounts - These accounts can be used to reduce future employer contributions, pay administrative expenses or be allocated to participants, which is at the discretion of the Trustees. The Company used forfeited non-vested accounts of $25,765 and $28,904 to reduce employer contributions for the years ended December 31, 2025 and 2024, respectively. There were $829 and $427 available forfeited non-vested accounts as of December 31, 2025 and 2024, respectively.

Payment of benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the vested value of the participant's account, annual installments over a period selected by the participant or monthly annuity payments, any of which may not exceed the participant's life expectancy. For termination of service due to other reasons, a participant may receive the value of the vested-interest in his or her account as a lump-sum distribution.

Hardship withdrawals - A participant may apply for a hardship withdrawal to assist in the payment of several types of personal hardships, as defined by the plan document. Any hardship distribution is limited to the amount necessary to meet the financial need.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes bear a reasonable fixed rate of interest to be determined by the plan administrator, similar to that which a bank or other professional lender would charge for making a similar loan. Interest rates range from 3.25% to 8.50%. The notes are repaid through weekly payroll deductions. The repayment period cannot exceed five years; however, if the loan is used to acquire a residence, the repayment period may be extended beyond five years. Participants are allowed only one note outstanding at a time. The notes are secured by the vested balance in the participant's account. According to the requirements of the participant note program, the plan administrator will treat a note as in default if any scheduled payment remains unpaid beyond ninety days.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants who are actively participating in the Plan and have not continued to make payments on the outstanding notes as required under the program. There were no deemed distributions for the years ended December 31, 2025 and 2024.

Plan termination - Although it has not expressed any intent to do so, the Company has the right, under the Plan document, to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of plan income and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Risks and uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market risk. Market risks include domestic and global events which could impact the value of investment securities, such as economic concerns. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Economic dependency and concentration of credit risk - All of the Plan's investments are held and administered by Principal Life Insurance Company, Principal Global Investors Trust Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company. Accordingly, the Plan is dependent upon the financial condition of these companies.

Valuation of investments and income recognition - Investments held by the Plan are stated at fair value (see Note 4) with the exception of pooled separate accounts and collective investment trusts, which are valued at the net asset value as a practical expedient as reported by the sponsor of the fund (see below). The Plan invests in flexible investment annuity contracts that are not considered benefit-responsive and are valued at fair value (see Note 4). The crediting interest rate is based on an agreed-upon formula with the issuer but cannot be less than zero. All investment values have been determined and certified by Principal Life Insurance Company, Principal Global Investors Trust Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Custodians of the Plan (see Note 3). Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and

losses on investments bought and sold, as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Pooled separate accounts and collective investment trusts invest primarily in equities, bonds and mutual funds, which are mainly publicly traded securities. Pooled separate accounts and collective investment trusts are valued at net asset value (NAV) per share, which serves as a practical expedient to estimate fair value. The practical expedient would not be used if it were determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The NAV of each pooled separate account and collective investment trust is not publicly quoted in the active markets. Each pooled separate account and collective investment trust can be redeemed at NAV as of the measurement date and can be redeemed on a daily basis. There were no unfunded commitments or redemption restrictions on these investments as of December 31, 2025 and 2024. Investments measured at NAV per share used as a practical expedient are not required to be classified in the fair value hierarchy.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed forty-five days from the date of the most recent payment and based on the assessment of credit worthiness, estimates the portion, if any, of the balances that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance if and when potentially uncollectible participant notes receivable become material. If a participant defaults on a note receivable and a distribution from the participant's account has been made during the plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the receivable balance.

Payment of benefits - Benefits are recorded when paid.

Administrative costs - Administrative costs, including maintaining participant accounts, legal costs, and accounting costs, are the obligation of the Plan; however, the plan sponsor may pay or reimburse the Plan for such expenses (see Note 5).

Subsequent events - Management has evaluated subsequent events through October 1, 2026, the date that the financial statements were available for issue.

Note 3 - Information certified by the Custodians of the Plan

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, as of December 31, 2025 and 2024, and net appreciation in fair value of investments and interest and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company, Principal Global Investors Trust Company and Delaware Charter Guarantee and Trust Company,

d/b/a Principal Trust Company, the Custodians of the Plan. Furthermore, the Plan's independent auditors did not perform auditing procedures with respect to the information except to compare such information to the related information included in the financial statements and ERISA-required supplemental schedule.

Note 4 - Fair value measurements

The Financial Accounting Standards Board has published authoritative guidance on fair value measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative guidance are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies (i.e., Mutual Funds) - Valued at the quoted closing price reported on the active market on which the individual security is traded (Level 1).

Flexible Investment Annuity Contracts - Flexible investment annuity contracts issued by Principal Life Insurance Company are backed by their general account. These flexible investment annuity contracts are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer (Level 3).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the valuation methodologies used as of December 31, 2025 and 2024.

The following table sets forth by Level within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2025			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 5,449,748	$ -	$ -	$ 5,449,748
Flexible investment annuity contracts	-	-	63,821	63,821
Total assets at fair value	$ 5,449,748	$ -	$ 63,821	$ 5,513,569

	December 31, 2024			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 4,360,150	$ -	$ -	$ 4,360,150
Flexible investment annuity contracts	-	-	143,476	143,476
Total assets at fair value	$ 4,360,150	$ -	$ 143,476	$ 4,503,626

The following table sets forth a summary of purchases and issuances of the guaranteed interest accounts, the Plan's Level 3 assets:

	Year ended December 31,	
	2025	2024
Purchases	$ -	$ -
Issuances/Sales	83,327	62,761
Transfers in	-	-
Transfers out	-	-

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges for those inputs:

December 31, 2025

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
Flexible investment annuity contracts	$ 63,821	Assumed Proceeds at Discontinuation	Composite Guaranteed Rate	3.98%
			Current Rate on December 31, 2025	0.13% - 0.14%

December 31, 2024

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
Flexible investment annuity contracts	$ 143,476	Assumed Proceeds at Discontinuation	Composite Guaranteed Rate	4.65%
			Current Rate on December 31, 2024	0.12% - 0.77%

Note 5 - Related party transactions

The Plan's investments are managed by various affiliated companies of the Principal Financial Group, which includes Principal Life Insurance Company, Principal Global Investors Trust Company and Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company. Fees paid for these services qualify as party-in-interest transactions and are included in the net appreciation in investments on the accompanying statements of changes in net assets available for benefits.

The Plan pays certain expenses related to plan operations to Principal Life Insurance Company, which are party-in-interest transactions under ERISA and are included in administrative expenses on the accompanying statements of changes in net assets available for benefits. The Plan contracts with Principal Life Insurance Company to provide plan administration and recordkeeping services. The fees paid by the Plan for these services amounted to $77,580 and $67,566 for the years ended December 31, 2025 and 2024, respectively. The Plan contracts with Dannible & McKee, LLP to provide auditing services, which qualifies as a party-in-interest transaction. Fees for these services were paid by the Company for the years ended December 31, 2025 and 2024.

Note 6 - Tax status of the Plan

The Plan has adopted the Principal Financial Group Prototype for Basic Savings Plans, Basic Plan No. 2. The Internal Revenue Service has ruled that the non-standardized prototype plan of the Principal Financial Group is acceptable under Section 401 of the Internal Revenue Code. Accordingly, the Plan has been accounted for as tax exempt. The Plan has been amended since receiving the determination letter. The management of the Company and the plan administrator are not aware of any matters that would disqualify the Plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2025 and 2024. The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2022.

Note 7 - Reconciliation of the financial statements to Form 5500

Form 5500 has certain investments balances, income and expense items that differ from amounts shown on the accompanying financial statements. These differences relate to classification and rounding only and have no effect on the net assets available for benefits as of December 31, 2025 and 2024, nor changes in net assets available for benefits for the years then ended.
