To the Trustees
Cascade Eye & Skin Centers P.C.
Cash Balance Plan
University Place, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cascade Eye & Skin Centers, P.C. Cash Balance Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024 in liquidation, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2025 in liquidation, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the governing body of Cascade Eye & Skin Centers, P.C. Cash Balance Plan approved a plan of liquidation on December 31, 2024, and management determined liquidation is imminent. As a result, the Plan's basis of accounting for the years ending December 31, 2025 and 2024 were under the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cascade Eye & Skin Centers, P.C. Cash Balance Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules as noted in the Table of Contents are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its' form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. Description of the Plan

The following description of the Cascade Eye & Skin Centers P.C. Cash Balance Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

General:

The Plan is a non contributory defined benefit plan established January 1, 2019. The Plan was established to provide retirement benefits to the certain employees of Cascade Eye & Skin Centers, P.C. (the Sponsor). In December 2024, the Plan was frozen by the Plan Trustees, with an effective date of December 31, 2024.

On December 29, 2022, the SECURE 2.0 Act of 2022 was signed into law, which provides both required and optional future enhancements to tax qualified retirement plans and their participants. The provisions of the SECURE 2.0 Act may be effective and operationalized prior to formally amending the Plan document. The Plan formally amended their Plan documents on October 24, 2024 for any required provisions as well as any optional provisions that the Plan elected to add.

Plan Termination:

In October 2024, the Plan Sponsor resolved to terminate the Plan and notice was provided to the participants of the intent to terminate the Plan with a termination date of December 31, 2024. Plan participants became fully vested. Since the termination of the Plan was imminent at December 31, 2024, the Plan used the liquidation basis of accounting in presenting the 2024 and 2025 financial statements. The Plan executed all required termination filings and procedures and has distributed all accrued benefits out to participants in accordance with applicable rules and regulations. The Plan filed a Post-Distribution Certification with the Pension Benefit Guaranty Corporation (PBGC) on December 22, 2025 to indicate all assets have been properly distributed out to participants. The Plan received acknowledgment from PBGC regarding this Certification on January 14, 2026.

Eligibility and Participant Accounts:

To be eligible to the Plan, an employee must be twenty one years of age and have completed one year of service. All employees covered by a collective bargaining agreement or are leased employees are not eligible to participate in the Plan. Eligible employees may enter the Plan on January 1 or July 1 following meeting the eligibility requirements.

NOTE 1. (Continued)

The Plan has established for each participant, a hypothetical account that is the sum of:

- Pay credits: A contribution level established for each participant based on an assigned group as defined by the Plan. There are nine total contribution levels, ranging from $-0- to $120,000 per participant. Contributions may be based on compensation, or a set amount. However, the Plan was frozen in 2024 and there were no pay credits contribution in 2025.

- Interest credits: Interest crediting rates are six percent or the actual rate of return for highly compensated employees, and for the remainder of employees the interest crediting rates are the greater of four percent or the actual rate of return.

Investments:

Employer contributions are deposited into accounts held at Charles Schwab Trust Bank. The Plan Sponsor is responsible for oversight of the Plan's investment decisions.

Funding:

The Plan Sponsor makes annual contributions to the Plan in amounts that are in between the minimum funding requirement and the maximum tax-deductible amount allowed by the Internal Revenue Service as calculated by the Plan's independent actuary. The Plan's minimum funding requirement was $-0- for 2025.

Vesting:

Participants become fully vested upon reaching normal retirement age of 65 or completing three years of vesting service, upon death or disability, or upon Plan termination. Participants who terminate prior to these events receive no vested benefits. Participants became fully vested upon Plan termination.

Payment of Benefits:

At termination of service due to death, disability, or retirement, participants are entitled to vested benefits from their hypothetical account. In-service withdrawal of benefits are only allowed for participants who are still employed after the normal retirement age. Participants may choose from an annuity, installment payments, or a lump sum payment as defined by the Plan document. Participants eligible for benefits with a vested account balance less than $7,000 will automatically be paid as a single, lump sum cash payment. Payment of benefits as a result of Plan termination were made in accordance with all applicable rules and regulations.

NOTE 1. (Continued)

Date Through Which Subsequent Events Evaluated:

The date to which events occurring after December 31, 2025, the date of the most recent statement of net assets available for benefits, have been evaluated for possible adjustments to the financial statements or disclosure is October 7, 2026, which is the date on which the financial statements were available to be issued.

NOTE 2. Summary of Significant Accounting Policies

Basis of Presentation:

Due to the Plan termination (discussed in Note 1), the accompanying financial statements have been prepared on the liquidation basis of accounting and present the net assets available for Plan benefits and the changes in those net assets. Liquidation basis requires the Plan to accrue all future amounts related to contributions, income, and expenses at the time the amount is known or has a reasonable basis for estimation.

Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, changes to net assets available for benefits, disclosures of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results may differ from those estimates.

Investment Valuation and Income Recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits:

Benefits are recorded when paid.

NOTE 2. (Continued)

Administrative and Investment Management Expenses:

The Plan's expenses are paid either by the Plan or Plan Sponsor, as determined by the trustees, plan document, or service provider agreements. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements and are not intended to be reimbursed by the Plan. Certain expenses incurred in connection with the general administration and investment management expenses of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits in liquidation. In addition, certain investment related expenses are included in net appreciation or depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits in liquidation.

NOTE 3. Risks and Uncertainties

The Plan is exposed to market and credit risk due to the various foreign and domestic investment securities that may be selected by the Plan in any combination. Investment securities are exposed to various risks such as foreign currency exchange rate, interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits in liquidation and the statement of changes in net assets available for benefits in liquidation.

Contributions to the Plan and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, employee compensation, and demographics. Due to the changing nature of these assumptions and the uncertainty inherent in setting assumptions, it is at least reasonably possible that changes in these assumptions will occur in the near term. These changes could be material to the financial statements.

NOTE 4. Information Certified by the Custodian

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, was obtained by management and agreed to or derived from information certified as complete and accurate as of December 31, 2025 and 2024, and for the year ended December 31, 2025, by Charles Schwab Trust Bank as follows:

- Investments and non interest bearing cash reflected on the accompanying Statements of Net Assets Available for Benefits in Liquidation as of December 31, 2025 and 2024.

NOTE 4. (Continued)

- Net appreciation or depreciation in fair value of investments and interest and dividends on the accompanying Statement of Changes in Net Assets Available for Benefits in Liquidation for the year ended December 31, 2025.

- Investments reflected on the supplementary Schedule of Assets (Held at End of Year) at December 31, 2025.

- Reportable transactions reflected on the supplementary Schedule of Reportable Transactions at December 31, 2025.

NOTE 5. Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that are accessible at the measurement date for identical assets or liabilities that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology other than level 1 inputs that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of assets or liabilities.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024:

NOTE 5. (Continued)

Mutual Funds (Registered Investment Companies): The number of shares held by the Plan at year end, are valued at the closing quoted prices reported on the active market on which the individual funds or stocks are traded.

U.S. Treasury Securities : Valued at cost plus accrued interest, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation techniques and inputs is appropriate and consistent with other market participants, the use of different techniques and inputs or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 15,813	$ ---	$ ---	$ 15,813
TOTAL ASSETS AT FAIR VALUE	$ 15,813	$ ---	$ ---	$ 15,813

	Assets at Fair value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
U.S. Treasury Securities	$ ---	$ 211,704	$ ---	$ 211,704
TOTAL ASSETS AT FAIR VALUE	$ ---	$ 211,704	$ ---	$ 211,704

NOTE 6. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions, which are attributable to services participants have rendered. They include payments expected to be made to participants or their beneficiaries according to Plan provisions.

The actuarial assumptions are typically based on the presumption that the Plan will continue. The assumptions used as of December 31, 2024 took into consideration the liquidation basis of accounting and Plan termination (Note 1). The computations of the actuarial present value of accumulated plan benefits were made as of December 31, 2024.

NOTE 6. (Continued)

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount resulting from applying actuarial assumptions to compute the value of the plan benefits accumulated by participants as of the valuation date. The actuarial assumptions used to compute the accumulated plan benefits reflect the expected rate of return on the Plan's investments in the future and the probability of benefit payments subsequent to the valuation date based on anticipated mortality, termination, form of pay-out of benefits, and retirement rates.

The actuarial present value of accumulated plan benefits as of December 31 is as follows:

	2025	2024
Vested benefits:		
Active participants	$ ---	$ 3,715,297
Deferred vested participants	---	248,259
Nonvested benefits	---	---
TOTAL ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS	$ ---	$ 3,963,556

The change in the actuarial present value of accumulated plan benefits for the year ended December 31, 2025 is attributable to the following factors:

Actuarial present value of accumulated plan benefits as of December 31, 2024 in liquidation	$ 3,963,556
Benefits accumulated	44,397
Change in discount period	76,912
Benefits paid	(4,081,513)
Transfer to PBGC	(3,352)
Actuarial present value of accumulated plan benefits at December 31, 2025 in liquidation	$ ---

The accumulated Plan benefits were determined based upon actuarial assumptions that among others include the following:

Average retirement age:	Age 70
Form of payment:	Lump sum
Discount rate:	4.0 for the years ended December 31, 2025 and 2024.
Rate of return on plan assets:	4.0 for the years ended December 31, 2025 and 2024.

NOTE 6. (Continued)

Since the prior valuation date of December 31, 2023 the Plan updated the mortality table as published by IRS Notice 2024-42 and changes for the Plan freeze and Plan termination that was effective on December 31, 2024.

NOTE 7. Party-in-Interest Transactions and Administration of Plan Assets

A party-in-interest is defined as a fiduciary or employee of the plan, any person who provides service to the plan, an employer whose employees are covered by the plan, an employee organization whose members are covered by the plan, a person who owns 50 percent or more of such an employer or employee organization, or a relative of such persons mentioned.

The Plan's investment options were held in nonparticipant directed accounts at Charles Schwab Trust Bank. Therefore, any transaction executed with Charles Schwab Trust Bank qualifies as a party-in-interest transaction.

As described in Note 2, the Plan may pay certain expenses related to plan operations and investment activities to various service providers. These transactions are party-in-interest transactions.

The Plan Sponsor is a party-in-interest. Certain administrative functions are performed by employees of the Sponsor. No such employee receives compensation from the Plan. The Sponsor has the discretion to appoint or remove any trustee or agent of the Plan. The Trustees have the full power to administer the Plan and apply all of its provisions on behalf of the Sponsor.

NOTE 8. Tax Status

The Sponsor adopted a Volume Submitter Defined Benefit Plan sponsored by CCH Incorporated DBA FTWilliams, which received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 30, 2018. The Plan has not received an opinion letter specific to the Plan itself; however, the Plan administrator and the Plan’s tax counsel believe that the Plan was designed and is being operated in compliance with applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

Management evaluated the Plan’s tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no material uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

NOTE 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for Plan benefits per the financial statements to the Form 5500:

	December 31, 2025	2024
Net assets available for benefits per the financial statements	$ ---	$ 4,145,474
Accrued investment income expected to be earned in liquidation	---	(93,340)
Accrued expenses expected to be incurred in liquidation	---	38,512
NET ASSETS AVAILABLE FOR BENEFITS PER THE FORM 5500	$ ---	$ 4,090,646

For the period ended December 31, 2025:	
Net decrease in net assets available for benefits in liquidation per the financial statements	$ (4,145,474)
Accrued investment income expected to be earned in liquidation	93,340
Prior year accrued expenses expected to be incurred in liquidation	(38,512)
NET LOSS PER THE FORM 5500	$ 4,090,646
Net assets transferred to PBGC	(3,352)
NET DECREASE IN NET ASSETS AVAILABLE FOR BENEFITS PER THE FORM 5500	$ 4,087,294
