Independent Auditors' Report

To the Plan Administrator of the
Savings Plan for Employees of Aquarion Water Company
Bridgeport, Connecticut

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Savings Plan for Employees of Aquarion Water Company (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Savings Plan for Employees of Aquarion Water Company

Notes to Financial Statements

December 31, 2025 and 2024

1. Description of Plan

The following description of the Savings Plan for Employees of Aquarion Water Company (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

Effective April 25, 2002, Aquarion Company (the Company) completed the acquisition of three American Water Works subsidiaries (AWW) in Massachusetts, New York and New Hampshire, and Aquarion Water Company of Connecticut and completed the acquisition of Connecticut-American Water Company (CAWC) (collectively, the Participating Companies). In connection with these acquisitions, the Plan was established for former employees of AWW and CAWC who had completed at least three months of service. Currently, all Company employees are eligible to participate in the Plan after completing three months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Employee Savings and Investment Plan Committee, which serves without compensation, is appointed by the Company and is responsible for the general administration of the Plan and makes the final determination on all questions arising in connection with the interpretation, application and administration of the Plan.

The Plan was amended effective May 16, 2019 to add Eversource Company stock as a Plan investment option. The Plan suspended participant contributions to Eversource common shares effective January 31, 2020.

Effective December 1, 2021, the Plan was amended to allow legacy New England Service Company employees to participate and have their previous service recognized.

Effective October 3, 2022, the Plan was amended to allow legacy Torrington Water Company employees to participate and have their previous service recognized.

Effective July 1, 2024 the Company sold one of its subsidiaries, Homeowner Safety Valve Company.

1. Description of Plan (continued)

Contributions

Each year, participants may contribute up to 100% of annual compensation, as defined in the Plan, as either pre-tax, Roth 401(k) or after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollovers). The Plan includes an auto-enrollment provision whereby all newly eligible employees hired on or after January 1, 2011 are automatically enrolled in the Plan upon being eligible at a deferral rate of 6% of eligible compensation unless they affirmatively elect otherwise and their contributions are invested in a designated fund until changed by the participant.

Effective January 1, 2011, union participants hired after January 1, 2011 receive a matching contribution of 100% of the amount contributed by the participant up to 6% of the employee's compensation for the Plan year. Effective June 1, 2011, nonunion participants hired after October 1, 2009 receive a matching contribution of 100% of the amount contributed by the participant up to 6% of the employee's compensation for the Plan year. Union participants hired before January 1, 2011 and nonunion participants hired before October 1, 2009 received a matching contribution of 75% of the amount contributed by the participant up to 6% of the employee's compensation for the Plan year. Employees of Homeowner Safety Valve Company received a matching contribution of 67% of the amount contributed by the participant up to 6% of the employee's compensation (Homeowner Safety Valve Company was sold effective July 1, 2024). Employees of New Hartford Wastewater Systems Operations receive a matching contribution of 50% of the amount contributed by the participant up to 6% of the employee's salary reduction and voluntary contributions for the Plan year. In addition, the Company may make additional discretionary contributions at the discretion of the Board of Directors. No additional discretionary contributions were made to the Plan by the Company for the 2025 and 2024 Plan years.

All contributions are subject to certain limitations imposed by the Plan and the Internal Revenue Code (the Code).

Participant Accounts

Each participant's account is credited with the participant's contributions, Company contributions, and allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations of Company contributions, investment income and administrative expenses are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested accounts.

1. Description of Plan (continued)

Investment Options

Participants may direct their contributions into any of the funds offered by the Plan, which are held at T. Rowe Price Trust Company (T. Rowe Price). These funds include a variety of investment options with various objectives and degrees of financial risk.

Vesting

Participants are immediately vested in their deferral and rollover contributions, including the earnings on those amounts. Vesting in the Company contributions portion of their accounts is based on years of continuous service. Employees hired prior to January 1, 2007 are immediately vested in employer contributions. Employees hired on or after January 1, 2007 are fully vested in employer contributions upon the completion of five years of service. Participants are also fully vested upon reaching normal retirement age, death or total disability.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or one-half of their vested account balance. Loan terms range from 1 to 5 years, except for loans to purchase a primary residence, which may be offered over a term of up to 15 years. The loans are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local prevailing rates, as determined by the Plan Administrator. The notes currently bear interest from 4.25% to 10.50%. Participants may only have two loans outstanding at any given time. Generally, principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon retirement, disability, death or termination of employment, the participant shall become entitled to the total value of his or her vested account. Distributions will be paid in a lump sum or in installments over a number of years, based upon election of the participant or as defined in the Plan or the Code. If a participant terminates employment for any reason and his or her vested account balance does not exceed $1,000, the Plan Administrator will automatically distribute such amount in a lump-sum payment to the participant without consent of the participant. If the participant's balance is between $1,000 and $5,000, the Plan Administrator may roll the amount into an individual retirement account on behalf of the participant without the consent of the participant.

1. Description of Plan (continued)

Payment of Benefits (continued)

The Plan also provides for in-service withdrawals by participants who have attained the age of 59½. Upon financial hardship, a participant is entitled to the value of his or her deferral accounts, but not the earnings thereon, which is payable immediately in a lump-sum distribution.

Forfeitures

Forfeitures of employer nonvested contributions are used to reduce the Company's future matching contributions. Forfeitures and earnings thereon for the years ended December 31, 2025 and 2024 were $70,075 and $48,111, respectively. The Company used $333,764 and $4,536 in forfeitures to reduce employer contributions for the years ended December 31, 2025 and 2024. Unallocated forfeitures at December 31, 2025 and 2024 were $42,842 and $306,531, respectively.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

The Plan's investment in common and collective trusts is measured using the net asset value (NAV) per share of the investment as a practical expedient as permitted by Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosures* (ASC 820) and ASC 946, *Financial Services – Investment Companies.*

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded on the accrual basis. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits to participants are recorded when paid.

Plan Expenses

Investment-related expenses are included in net appreciation (depreciation) in fair value of investments. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Certain expenses of maintaining the Plan are paid directly by the Company.

The Company, at its discretion, may choose to utilize available forfeiture and/or revenue credits (based on a revenue sharing agreement between the Company and T. Rowe Price) to pay for eligible expenses related to the administration of the Plan, including audit and legal fees. Credits received under this revenue sharing agreement are recognized as other income on the statements of changes in net assets available for benefits and may be used to pay certain eligible Plan expenses, or may be allocated to participant accounts at the discretion of the Plan Administrator or the Plan fiduciaries. During 2025 and 2024, $41,356 and $37,930 in revenue credits were reallocated back to eligible participant accounts, respectively.

2. Summary of Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and those changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

3. Certification by the Investment Trustee

Information presented in the accompanying statements as of and for the years ended December 31, 2025 and 2024 for investments and notes receivable from participants, and investment income including net (depreciation) appreciation and interest income on notes receivable from participants was derived, without audit, from information certified to be complete and accurate by T. Rowe Price, the trustee, as permitted by the election made by the Plan Administrator under 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements

GAAP established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

4. Fair Value Measurements (continued)

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Assets valued using the net asset value practical expedient are not required to be reported within the hierarchy.

The following is a description of the valuation methodology used for assets measured at fair value:

Mutual Funds and Common Stock

Mutual funds and common stock are valued at the value of such shares as of the close of business at the end of the year based on quoted active market prices of the underlying investments, and as such, are classified as Level 1 investments.

Common and Collective Trusts

The common and collective trust is valued at the net asset value of the units held of the collective trust. The net asset value is used as a practical expedient to estimate fair value.

There have been no changes in the methodologies used at December 31, 2025 and 2024.

4. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Description	Level 1	Level 2	Level 3	Total
2025				
Investments:				
Mutual funds	**$101,214,710**	-	**-**	**$101,214,710**
Eversource common stock	**163,607**	**-**	**-**	**163,607**
	101,378,317			**101,378,317**
Common and collective trusts*				**12,498,459**
Total investments at fair value				**$113,876,776**
2024				
Investments:				
Mutual funds	$90,963,595	-	-	$90,963,595
Eversource common stock	133,471	-	-	133,471
	91,097,066			91,097,066
Common and collective trusts*				15,521,283
Total investments at fair value				$106,618,349

* Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

There were no transfers between levels of investments during the years ended December 31, 2025 and 2024. Investments in common and collective trusts provide for daily liquidity and have no redemption features or other restrictions.

5. Party-in-Interest and Related Party Transactions

Certain Plan investments are shares of mutual funds managed by T. Rowe Price or its affiliates. T. Rowe Price is a trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Other parties-in-interest include professional service firms who provide services to the Plan. Certain employees of the Company who participate in the Plan perform administrative services to the Plan at no cost to the Plan. Notes receivable from participants and related interest are also party-in-interest transactions.

During early 2020, the Plan offered Eversource common shares (Shares) as an investment alternative for participants. The Company is a wholly owned subsidiary of Eversource Energy. The Plan trustee purchased Shares in the open market and allocated the Shares to participants' Plan accounts at the election of participants. As of December 31, 2025 and 2024, the Plan had investments in 2,430 and 2,324 common shares of Eversource, respectively, with a cost basis of $140,451 and $133,471, respectively. For the years ended December 31, 2025 and 2024, 108 Shares and 110 Shares, respectively, were acquired via reinvested dividends and held by the Plan, and the Plan sold 2 Shares and 79 Shares for $136 and $4,847, respectively. For the years ended December 31, 2025 and 2024, the Plan recorded dividend income on common shares of Eversource of $7,115, and $6,615, respectively. The Plan suspended participant contributions to Eversource common shares effective January 31, 2020.

6. Income Tax Status

The Plan obtained its latest determination letter on December 12, 2012 in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, the Plan Administrator believes the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for year prior to 2022.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

8. Subsequent Events

On June 30, 2026, the Company's Parent, Eversource Energy, completed the sale of the Company to a third party. As a result of the sale, on August 10, 2026, the Plan's assets were transferred to a 457(b) Plan with a new Trustee, Empower Retirement, named the 457(b) Savings Plan for Employees of Aquarion Water Authority.

Subsequent events were evaluated from December 31, 2025 through October 14, 2026, the date the financial statements were available to be issued.
