Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) [X] Unmodified **(2)** [ ] Qualified **(3)** [ ] Disclaimer **(4)** [ ] Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) [X] DOL Regulation 2520.103-8 **(2)** [ ] DOL Regulation 2520.103-12(d) **(3)** [ ] neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: BDO USA, P.C. **(2)** EIN: 13-5381590

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) [ ] This form is filed for a CCT, PSA, DCG or MTIA. **(2)** [ ] It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

		Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	4a		X	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)	4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)	4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)	4d		X	
e Was this plan covered by a fidelity bond?	4e	X		2000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?	4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?	4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?	4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?	4k		X	
l Has the plan failed to provide any benefit when due under the plan?	4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	4m		X	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	4n			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? [ ] Yes [X] No

If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Independent Auditor's Report

The Plan Administrator
Noodles & Company 401(k) Plan
Broomfield, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Noodles & Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2026, December 31, 2025 and December 31, 2024, and the related statements of changes in net assets available for benefits for the period from January 1, 2026 through June 30, 2026 and year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of June 30, 2026, December 31, 2025 and December 31, 2024, and for the period from January 1, 2026 through June 30, 2026 and year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

BDO USA, P.C., a Virginia professional corporation, is the U.S. member of BDO International Limited, a UK company limited by guarantee, and forms part of the international BDO network of independent member firms.

BDO is the brand name for the BDO network and for each of the BDO Member Firms.

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Merger

As discussed in Note 1 to the financial statements, the Plan merged into the Your 401(k) Retirement Plan, a pooled employer plan, effective June 30, 2026. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The ERISA-required Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Plan Description

The following brief description of the Noodles & Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established October 1, 2003 and amended and restated effective January 1, 2022, covering substantially all employees of Noodles & Company (the Company) that have reached the age of 21 and completed 30 days of service. Participants can enter the Plan immediately upon meeting the eligibility requirements. Independent contractors, residents of Puerto Rico, and tour guides are not eligible to participate in the Plan.

Effective June 30, 2026, all eligible employees of the Company started participating in the Your 401(k) Retirement Plan, a pooled employer plan (the PEP). During 2026, all plan assets and outstanding loan balances of approximately $29.1 million was merged into the PEP.

The Plan is subject to the provisions of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and its amendments.

Trustee, Issuer, and Administration of the Plan

The Standard Insurance Company (The Standard) is the trustee of the Plan. During 2024, The Standard took over all of the Minnesota Life Insurance Company's (MLIC or Issuer) insurance products held in the Plan as part of an acquisition of Securian Financials' retirement plan business.

The Standard held all assets of the Plan in accordance with the provisions of the insurance contract with the Company. The Company and the Plan's Investment Advisor (the Advisor) determined the Plan's investment offerings and monitored investment performance.

Participant Contributions

Eligible participants could contribute on a pre-tax or after-tax Roth basis up to 100% of their qualifying annual compensation, in 1% increments, as elected in their salary deferral agreements. Salary deferral agreements could be made, terminated, or changed according to procedures and limitations set up by the Plan administrator and the Plan Document. Participants could change their contribution percentages at any time. A participant could cease making pre-tax and after-tax Roth contributions at any time.

Deferral contributions (pre-tax and after-tax Roth) could not exceed certain limits as set forth by the Internal Revenue Code (IRC). In addition, those participants age 50 or older were allowed additional catch-up contributions based on IRC limitations.

Rollover Contributions

Rollover contributions transferred from other qualified retirement plans or from Individual Retirement Accounts (IRA) were allowed as permitted by the Plan Document.

Employer Contributions

The Company could make a discretionary matching contribution in the amount determined by the Company. The discretionary matching contribution, if any, could be made based on a tiered formula as determined by the Company or limited to a specified percentage of compensation. For the year ended December 31, 2025 and for the period from January 1, 2026 through June 30, 2026, the Company made a discretionary matching contribution of 25% of participant deferrals up to 4% of eligible compensation on a pay period basis. The discretionary matching contribution was invested in the same manner as the participants' contributions. Additional qualified non-elective contributions could also be made to all participants that were active as of the last day of the Plan year. The Company did not make a qualified non-elective contribution for the year ended December 31, 2025 nor for the period from January 1, 2026 through June 30, 2026.

Participant Accounts and Investment Options

Each participant's account was credited with the allocation of: (a) participant's contributions, including rollovers, (b) Company matching contributions, (c) Company discretionary matching, additional qualified non-elective, and discretionary contributions, if any, and (d) an allocation of net Plan earnings or losses and charged with an allocation of expenses paid by the Plan. The investment earnings or losses were allocated to each participant's account in the proportion that the balance of each participant's account bore to the total balance of all participants in each investment option.

Participants could direct the investment of their account balances into various investment options offered by the Plan. Participants could make investment option changes at any time. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account balance.

Participant Notes Receivable

Participants were permitted to borrow from their accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested interest in the Plan. A participant could have two loans outstanding at any given time. Notes bore a reasonable rate of interest, which was fixed through the term of the note. The maximum note term was five years. The notes were subject to certain restrictions, as defined by the Plan Document, and applicable restrictions under the IRC. Notes were considered delinquent 90 days after due.

Vesting

Participants were immediately 100% vested in their pre-tax deferral, Roth, catch-up and rollover contributions, qualified non-elective contributions, and the allocated earnings thereon. Company discretionary matching contributions and other discretionary contributions vested at 25% each year after one year of service becoming fully vested after four years. Upon death, total disability, reaching normal retirement age (age 59½), or termination of the Plan, a participant's account became fully vested.

Forfeitures

Forfeitures arising from non-vested contributions were used to offset future discretionary matching contributions or to pay Plan expenses. As of December 31, 2025 and 2024, there was a balance of

$33,638 and $43,417, respectively, in the forfeiture accounts. During 2025, $52,875 of forfeitures were used to reduce the discretionary matching contributions and $24,561 were used to pay Plan expenses. During the period from January 1, 2026 through June 30, 2026, $5,581 of forfeitures were used to pay Plan expenses. On June 30, 2026, the outstanding forfeiture balance of $13,300 was transferred to the PEP.

Benefit Payments

A participant's vested interest in the Plan was payable upon death, attainment of normal retirement age (59½), becoming disabled, as defined, or termination of service. Upon termination of service, a participant could elect to receive either a lump-sum amount, leave the account in the Plan, or roll over the vested balance to another qualified plan or IRA. All terminated participants with an account balance of $7,000 or less were rolled over into an IRA in the name of the participant if they do not elect another form of distribution.

In-service and hardship withdrawals were also allowed by the Plan if certain criteria was met.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments were stated at fair value (as further described in Note 4), except for the fully benefit-responsive investment contract which was valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determined the Plan's valuation policies utilizing information provided by the investment advisors and the Issuer.

The Plan entered into the Guaranteed Return Account (the Fund) issued by MLIC, which was a fixed-rate group annuity contract. The Fund met the fully benefit-responsive investment contract criteria and, therefore, was reported at contract value. Contract value was the relevant measure for fully benefit-responsive investment contracts because this was the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. The Fund was a general account product and was credited with participant and employer contributions and earnings on the fund and charged for participant withdrawals and administrative expenses. The investment contract issuer was contractually obligated to pay the principal and specified interest rates guaranteed. The effective annual interest rate could never be less than 0.25% and interest earned was compounded daily to the effective annual interest rate. The interest crediting rate was reset quarterly. The method for calculating the interest crediting rate was based on earnings of the

underlying assets in the entire medium long-term portfolio compared to the minimum crediting rate, as stated in the contract, and prevailing market conditions.

Certain events could limit the ability of the Plan to transact at contract value, including but not limited to, premature termination of the contract by the Plan, plant closings, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. This would cause a one-time adjustment to the aggregate contract value, resulting in a fair value different from the contract value. This fund was transferred to the PEP at contract value during 2026.

Interest income was recorded as earned on the accrual basis. Purchases and sales were recorded on a trade-date basis. The net appreciation in the fair value of investments represented the realized and unrealized gains and losses on the investments.

Contributions

Employee contributions and related Company discretionary matching contributions were recorded in the period payroll deductions are made. Amounts payable to participants in excess of amounts allowed by the Internal Revenue Service (IRS) were recorded as a liability with a corresponding reduction to contributions.

Participant Notes Receivable

Participant notes receivable were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest was recorded on an accrual basis. Related fees were recorded as administrative expenses and were expensed as incurred. If a participant ceased to make loan repayments and the Plan administrator deemed the participant loan balance to be in default, the participant loan balance was reduced and a benefit payment is recorded.

Benefit Payments

Benefits were recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan were paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distribution fees were charged directly to the participant’s account and are included in administrative expenses. Additional recordkeeper and investor advisor fees were allocated to participant’s accounts in the proportion that the balance of each participant’s account bore to the total balance of all record-keeper and investor advisor fees. Certain additional fees could also be netted with investment earnings or losses.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, The Standard, a qualified institution, has certified the following information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and participant notes receivable as reported in the statements of net assets available for benefits as of June 30, 2026, December 31, 2025, and 2024.
- Net appreciation in fair value of investments, interest income, and interest earned on participant notes receivable as reported in the statements of changes in net assets available for benefits for the period from January 1, 2026 through June 30, 2026 and year ended December 31, 2025.
- Investment amounts included in the notes to financial statements.
- All investment information included in supplemental Schedule H (Form 5500), Line 4i -Schedule of Assets (Held at End of Year) as of December 31, 2025.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value Measurements and Disclosures

Accounting Standards Codification (ASC) 820, provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2025 and 2024:

Insurance Company Pooled Separate Accounts – These accounts are valued based on the redemption price of units held by the Plan, which is based on the fair value of the separate account's underlying assets. Unit values are determined daily by the Issuer by applying the net asset value (NAV) of the underlying fund less a management fee. These funds are direct filing entities.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis:

December 31, 2025

	Level 1	Level 2	Level 3	Total
Total Assets, in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments, measured at NAV[(a)]				26,716,970
Total Investments, at fair value				$ 26,716,970

December 31, 2024

	Level 1	Level 2	Level 3	Total
Total Assets, in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments, measured at NAV[(a)]				24,402,294
Total Investments, at fair value				$ 24,402,294

[(a)] In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following tables summarize investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2025 and 2024. There were no participant redemption restrictions for these investments; the redemption notice period was applicable only to the Plan.

December 31, 2025

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Investment type:				
Pooled separate accounts	$ 26,716,970	None	Daily	Up to 60 days

December 31, 2024

	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Investment type:				
Pooled separate accounts	$ 24,402,294	None	Daily	Up to 60 days

5. Income Tax Status

The Plan adopted a non-standardized pre-approved profit-sharing plan document. The IRS has determined and informed the pre-approved profit-sharing plan document, by an opinion letter dated June 30, 2020, that the pre-approved profit-sharing plan document qualifies under IRC Section 401. The Plan administrator believes that the Plan, as amended, was designed and operated in compliance with the applicable sections of the IRC. Accordingly, no federal or state income taxes have been accrued in the accompanying financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Related Party and Party-in-Interest Transactions

The Plan invested in pooled separate accounts and a guaranteed interest fund held in a group annuity contract issued by MLIC. Administrative fees were paid from the Plan to The Standard and its affiliates. Investor advisor fees were paid to the Advisor. The Plan also issued loans to participants which were secured by the vested balance of the participants' accounts. The above transactions qualified as party-in-interest transactions, which were exempt from the prohibited transaction rules.

7. Plan Termination

Although the Company has not expressed any intent to discontinue the Plan, it may do so at any time. In the event of termination of the Plan, participants become fully vested in all accounts and the assets of the Plan and shall be distributed to the participants in proportion to their respective account balances. See Note 1 for plan merger disclosures.

8. Concentrations, Risks, and Uncertainties

The Plan provided for various investments in pooled separate accounts and a guaranteed interest fund. Investments, in general, were exposed to various risks, such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity and related income of the investments was sensitive to changes in economic conditions, and could be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investments and the level of uncertainty related to the changes in the value of investments, it is at least reasonably possible that changes in the values of investments could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2025 and 2024, there were three investments, respectively, which individually represented more than 10% of investments held. Refer to the supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held as of December 31, 2025.

9. Reconciliation of Financial Statements to Form 5500

Excess contributions refunded are reported net with participant contributions on the accompanying financial statements as required by current authoritative guidance; however, for Form 5500 purposes, they are shown as distributions.

10. Subsequent Events

The Company has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.
