Independent Auditors' Report

To the Participants and Plan Administrator of
Geisinger Medical Management Corporation 401(k) Safe Harbor Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Geisinger Medical Management Corporation 401(k) Safe Harbor Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, 2024 (restated), 2023 (restated), 2022 (restated) and 2021 (restated) and the related statements of changes in net assets available for benefits for the years ended December 31, 2025, 2024 (restated), 2023 (restated), 2022 (restated) and 2021 (restated), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025, 2024, 2023, 2022 and 2021 and for the years ended December 31, 2025, 2024, 2023, 2022 and 2021, stating that the certified investment information, as described in Note 11 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter- Correction of an Error

As discussed in Note 3 to the financial statements, the accompanying financial statements have been restated to correct the presentation of the Plan's investments and investment activity related to the Plan's participation in a master trust and to include the disclosures required by accounting principles generally accepted in the United States of America for a plan participating in a master trust. The restatement affects the financial statements as of December 31, 2024, 2023, 2022 and 2021 and for the years ended December 31, 2024, 2023, 2022 and 2021. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedules H, Line 4(i) - Schedules of Assets (Held at End of Year) as of December 31, 2025, 2024 (restated), 2023 (restated), 2022 (restated) and 2021 (restated) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

The following description of the Geisinger Medical Management Corporation 401(k) Safe Harbor Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of ISS Solutions, Inc. (the Company or Plan Sponsor) who have attained age eighteen, including long-term, part-time employees who meet eligibility requirements under the Setting Every Community Up for Retirement Enhancement Act of 2022 (SECURE 2.0). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On March 31, 2024, Risant Health, Inc. became the sole corporate member of Geisinger Health through a member substitution pursuant to the terms of a Health System Agreement dated April 26, 2023 between Kaiser Foundation Hospitals (KFH), Risant Health, Inc. (Risant) and Geisinger Health. Risant is a nonprofit organization, created by KFH, to expand and accelerate the adoption of value-based care in diverse, multi-payer, multi-provider, and community-based health system environments.

The Geisinger Health Board of Directors (Board of Directors) is responsible for oversight of the Plan and has delegated this oversight to the Family Committee. Prior to the Risant transaction, the Defined Contribution Investment Committee (DCIC) served as the investment fiduciary for the Plan, determining the appropriateness of the Plan's investment offerings, monitoring investment performance and reporting to the Board of Directors. Subsequent to the Risant transaction, the investment fiduciary role was transferred to the Risant Health, Inc. Employee Benefit Investment Committee.

Master Trust

Some of the Plan's investments are held in the Geisinger System Services 401(k) Plan Master Trust (the Master Trust), which was established for the investment of assets of the Plan and several other Geisinger System Services affiliated retirement plans. Each participating retirement plan has a divided interest in the Master Trust. The assets of the Master Trust are held by Fidelity Management Trust Company (Trustee).

Contributions

Each year participants may contribute from 1% up to 100% of pre-tax annual compensation as defined in the plan document up to the maximum limits of the Internal Revenue Code (IRC). Participants may also designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers).

The Plan also includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and increased by 1% each year up to 10% unless the participant affirmatively elects otherwise and their contributions invested in a designated balanced fund until changed by the participant.

The Company contributes 100% of the first 4% and 50% of the next 2% of eligible compensation that a participant contributes to the Plan. The Plan also permits the Company to, at its discretion, make an additional contribution equal to a specified percentage of each eligible participant's compensation for the plan year. There were no discretionary contributions for the year ended December 31, 2025.

Participants direct the investment of all contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's contributions, as well as allocations of the Plan's earnings. Participants are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of credited service. Participants are 100% vested after two years of credited service. Participants become 100% vested upon death, disability or reaching normal retirement age.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance (excluding Roth elective deferrals). The notes are secured by the balance in the participant's account and bear interest at rates that range from 3.25% to 8.50% at December 31, 2025, 3.25% to 8.50% at December 31, 2024, 3.25% to 8.50% at December 31, 2023, 3.25% to 6.25% at December 31, 2022 and 3.25% to 5.50% at December 31, 2021, which are commensurate with prevailing rates at inception of the note as determined quarterly by the plan administrator. Principal and interest are paid ratably. Terms range from one to five years or greater for the purchase of a primary residence.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may receive a lump sum distribution or installment payments equal to the value of the participant's vested interest in their account. In addition, the Plan allows for hardship distributions if certain criteria are met.

Penalty-Free Withdrawal From Retirement Plans for Individual Case of Domestic Abuse

The Plan adopted provisions under the SECURE 2.0 permitting distributions to participants who are victims of domestic abuse. Under these provisions, eligible participants may take a distribution of up to the lesser of $10,000 (as adjusted for inflation) or 50% of the participant's vested account balance.

These distributions are exempt from the 10% additional tax on early distributions that may otherwise apply under the Internal Revenue Code. Such distributions are generally includible in the participant's taxable income in the year received. Participants may elect to repay all or a portion of the distribution to the Plan or another eligible retirement plan within three years of the date of receipt. Repayments are treated as rollover contributions and are not subject to otherwise applicable contribution limits. To the extent a participant timely repays a distribution, the participant may reduce or recover the federal income taxes attributable to the repaid amount in accordance with applicable IRS guidance.

Special Rules for use of Retirement Funds in Connection With Qualified Federally Declared Disasters

The Plan adopted provisions under SECURE 2.0 permitting special distribution and loan relief for participants affected by qualified federally declared disasters.

Under these provisions, eligible participants may take disaster-related distributions of up to $22,000 per federally declared disaster, subject to applicable eligibility and timing requirements. Such distributions are exempt from the 10% early withdrawal penalty tax and may be included in taxable income ratably over a three-year period, unless the participant elects otherwise.

Participants may repay all or a portion of a qualified disaster distribution to the Plan within a three-year period from the date of distribution. Repayments are treated as rollover contributions and are not subject to otherwise applicable contribution limits.

In addition, the Plan may permit increased loan limits and extended repayment terms for participants impacted by qualified disasters, in accordance with applicable regulatory requirements.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $8,530 and $20,987, respectively. At December 31, 2023 and 2022, forfeited nonvested accounts totaled $19,313 and $20,030, respectively. At December 31, 2021, forfeited nonvested accounts totaled $20,896. These accounts will be used to reduce future Company contributions or to pay plan administrative expenses. In 2025, the Company's contributions were reduced by $35,543 from forfeited nonvested accounts and forfeited nonvested accounts of $4,200 were used to pay plan administrative expenses. In 2024, the Company's contributions were reduced by $13,982 from forfeited nonvested accounts and forfeited nonvested accounts of $2,250 were used to pay plan administrative expenses. In 2023, the Company's contributions were reduced by $21,278 from forfeited nonvested accounts and forfeited nonvested accounts of $9,622 were used to pay plan administrative expenses. In 2022, the Company's contributions were reduced by $14,877 from forfeited nonvested accounts. In 2021, the Company's contributions were reduced by $19,267 from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held directly by the Plan are reported at fair value. The Plan's interest in the Master Trust relates to fully benefit-responsive investment contracts, which are stated at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Until the Risant transaction discussed in Note 1, the DCIC determined the Plan's valuation policies utilizing information provided by the investment advisor and trustee. Subsequent to the Risant transaction, the Risant Health, Inc. Employee Benefit Investment Committee determines the Plan's valuation policies. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the gains and losses on investments bought and sold as well as held during the year. The Plan's interest in the net investment income of the Master Trust consists of its allocated share of earnings credited by the fully benefit-responsive investment contract held in the Master Trust.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025, 2024, 2023, 2022 and 2021.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Payment of Benefits

Benefits are recorded when paid.

Recent Regulatory Update

SECURE 2.0 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans becoming effective in 2023 and beyond. Plan management adopted mandatory provisions effective for the years ended December 31, 2025, 2024 and 2023, and continues to evaluate the impact of the adoption and implementation of this legislation on the Plan. The application of SECURE 2.0 did not have a material effect on the Plan's financial statements.

Subsequent Events

The Plan has evaluated subsequent events for recognition or disclosure through October 13, 2026, the date the financial statements were available to be issued.

3. Restatement of Previously Issued Financial Statements

Nature of the Restatement

At original issuance, the Plan’s investments and investment activity were reported as though the investments were held directly by the Plan. The accompanying restated financial statements appropriately reflect the financial statement presentation and disclosures for the Plan’s participation in a master trust administered by Fidelity Management Trust Company, as required under accounting principles generally accepted in the United States of America.

Additionally, the supplemental schedules required by the Department of Labor have been revised to remove investments held by the master trust and to reflect the appropriate presentation for the Plan’s participation in the master trust.

The correction of this error had no effect on net assets available for benefits, contributions to participants, benefits paid to participants, participant account balances, or the change in net assets available for benefits previously reported by the Plan. The restatement affected only the presentation of investments, investment activity, the related disclosures, and certain supplemental schedules.

The Plan participated in the master trust during 2021, 2022, 2023, and 2024. Accordingly, the accompanying comparative financial statements have been revised to reflect the Plan's participation in the master trust for all years presented.

4. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025, 2024, 2023, 2022 and 2021.

- Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- The collective trust funds are valued based upon quoted market prices in active markets obtained from exchange or dealer markets for identical assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025, 2024, 2023, 2022, and 2021:

5. Interest in Master Trust

The value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. At December 31, 2025, 2024, 2023, 2022 and 2021, the Plan's interest in the net assets of the Master Trust was less than 1%. Total investment income of the Master Trust are allocated to the individual plans based upon the amount of time the Plan's assets were invested in the Master Trust.

At December 31, 2025 and 2024, Master Trust net assets were comprised of the following:

	Master Trust Balance 2025	**Plan's Interest in Master Trust Balance 2025**	**Master Trust Balance 2024**	**Plan's Interest in Master Trust Balance 2024**
Mutual funds	$ 147,631,511	$ -	$ 567,457,191	$ -
Collective trust funds	3,350,550,127	-	2,419,413,326	-

The Plan's share of the net investment income of the Master Trust for the year ended December 31, 2021 was as follows:

Interest and dividend income	$ 58,967
Net investment income in Master Trust	$ 58,967

6. Fully Benefit-Responsive Investment Contracts

The Master Trust invests in the Fidelity 401(k) Fixed Interest Fund (401(k) Fund), which consists primarily of synthetic investment contracts. Synthetic investment contracts include wrapper agreements issued by insurance companies and financial institutions and fixed income investments owned by the Master Trust. These contracts are designed to provide principal preservation and a reasonable rate of return while maintaining liquidity for participant-directed transactions.

Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses.

The synthetic investment contracts held by the Master Trust provide for periodic adjustments to the crediting rate based on the relationship between the contract value and fair value of the underlying investments. The crediting rate is generally guaranteed not to be less than zero percent.

The Master Trust's ability to receive amounts due under the investment contracts is dependent upon the ability of the contract issuers to meet their contractual obligations. The issuers' ability to meet such obligations may be affected by future economic and regulatory developments.

Certain events could limit the ability of the Master Trust to transact at contract value with the contract issuers. Such events vary by contract but may include plan qualification failures, plan termination, material amendments to the investment arrangements, breaches of contractual obligations, or other events specified in the contracts. Management is not aware of any events that are probable of occurring that would limit the Master Trust's ability to transact at contract value.

At December 31, 2025, 2024, 2023, 2022 and 2021, the contract value of the fully benefit-responsive investment contracts held by the Master Trust is disclosed in Note 5.

7. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by the trustee, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment manager services are included in net appreciation (depreciation) in the fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their Company contributions.

9. Tax Status

The IRS has determined and informed the Company by a letter dated August 1, 2014, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of the investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

As of December 31, 2025 and 2024, the Plan had investments of $28,782,758 and $24,161,280, respectively, that were concentrated in three funds and four funds, respectively. As of December 31, 2023 and 2022, the Plan had investments of $11,818,232 and $5,531,337, respectively, that were concentrated in two funds and one fund, respectively. As of December 31, 2021, the Plan had investments of $6,244,186 that were concentrated in one fund.

11. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2025, 2024, 2023, 2022 and 2021. Accordingly, Fidelity Management Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025, 2024, 2023, 2022 and 2021 and the supplemental Schedule H, Line 4(i) - Schedules of Assets (Held at End of Year) as of December 31, 2025, 2024, 2023, 2022 and 2021, and the related investment activity and interest income on notes receivable from participants reported in the Statements of Changes in Net Assets Available for Benefits for the years then ended. Such information was obtained by management and agreed to or derived from information certified as complete and accurate by a qualified institution.

Independent Auditors' Report

To the Participants and Plan Administrator of
Geisinger Medical Management Corporation 401(k) Safe Harbor Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Geisinger Medical Management Corporation 401(k) Safe Harbor Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, 2024 (restated), 2023 (restated), 2022 (restated) and 2021 (restated) and the related statements of changes in net assets available for benefits for the years ended December 31, 2025, 2024 (restated), 2023 (restated), 2022 (restated) and 2021 (restated), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025, 2024, 2023, 2022 and 2021 and for the years ended December 31, 2025, 2024, 2023, 2022 and 2021, stating that the certified investment information, as described in Note 11 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter- Correction of an Error

As discussed in Note 3 to the financial statements, the accompanying financial statements have been restated to correct the presentation of the Plan's investments and investment activity related to the Plan's participation in a master trust and to include the disclosures required by accounting principles generally accepted in the United States of America for a plan participating in a master trust. The restatement affects the financial statements as of December 31, 2024, 2023, 2022 and 2021 and for the years ended December 31, 2024, 2023, 2022 and 2021. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedules H, Line 4(i) - Schedules of Assets (Held at End of Year) as of December 31, 2025, 2024 (restated), 2023 (restated), 2022 (restated) and 2021 (restated) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).
