Agriland Farming Company, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Agriland Farming Company, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Agriland Farming Company, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Agriland Farming Company, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Agriland Farming Company, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial

likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Agriland Farming Company, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Agriland Farming Company, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such

information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

AGRILAND FARMING COMPANY, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2025 AND 2024

NOTE 1: DESCRIPTION OF PLAN

The following brief description of the Agriland Farming Company, Inc. 401(k) Plan (the Plan) provides only general information. The Plan has been adopted by the following employers: Agri Systems, Inc., Agriland Nursery, Inc., Pistachio Harvesting, Inc., and Sequoia Transport, Inc. (the Company). Participants should refer to the plan document for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering substantially all eligible employees of the Company. It is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility – Employees of the Company are eligible to make salary deferrals on the first day of the plan quarter coincident with or next following their date of hire and attainment of age 18. Employees will participate in the Employer's contributions after completing one year of service with the Company and attaining age 18.

Administration – The Plan is sponsored and administered by the Company. Costs of administering the Plan that are not paid by the Plan are paid by the Company.

Employee Contributions – An employee will be eligible to make a pre-tax salary deferral upon completion of the age and service requirements. Eligible employees may also elect to make Roth salary deferrals. Plan participants may contribute up to 100% of their pre-tax annual compensation subject to certain Internal Revenue Code limitations ($23,500 and $23,000 in 2025 and 2024, respectively). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions ($7,500 in 2025 and 2024). Participants may also contribute amounts representing distributions from other qualified plans or IRA's.

Employer Contributions – The Company may elect to make discretionary profit sharing contributions to the Plan. Profit sharing contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all participants' compensation. There were no discretionary profit sharing contributions for the year ended December 31,2025.

The Company may also make discretionary matching contributions. For the year ended December 31, 2025, the Company had a tiered match as follows: the Company matched 100% of employee contributions, up to $250; the 50% of employee contributions up to 7% of eligible compensation deferred to the Plan; and then 10% of employee contributions above 7% of eligible compensation deferred to the Plan. The discretionary matching contribution for the year ended December 31, 2025, was $182,732, net of excess contributions.

Participant Accounts – Individual accounts are maintained for each plan participant. Each participant's account is credited with the participant's contribution, the Company's matching contribution and investment earnings, and charged with withdrawals and an allocation of fees. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Vesting – Participants are vested immediately in their salary deferral and rollover contributions plus actual earnings thereon. As of January 1, 2024, employer matching and discretionary profit sharing contributions are 100% vested after completion of two (2) years of service. Participants that terminated employment prior to January 1, 2024, remain on a six-year, graduated schedule for the portion of their accounts related to employer contributions. In the event of death, disability or retirement, a participant's interest in employer contributions becomes fully vested.

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear an interest rate based on the prime rate of interest published by the Federal Reserve as of the date the loan is established plus one (1) percent. Principal and interest is paid through bi-weekly payroll deductions.

Forfeitures – Forfeitures (participants' allocated interest in plan assets which are not vested because employment is terminated before the vesting period is complete) remain subject to being restored for five years after a participant terminates employment. Forfeited nonvested accounts totaled $3 and $7 for the years ended December 31, 2025 and 2024, respectively. The forfeitures may be used to offset future contributions or to pay plan administrative expenses.

Payment of Benefits – In the event of termination of service, death, disability or retirement, a participant's vested interest in the Plan is distributed as a lump sum, as soon as administratively feasible.

Investment – Participants are allowed to direct their contributions and the related matching employer contributions by the Company into any of the various investment options offered by the Plan.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual basis of accounting.

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (Continued)

The Plan's custodians, Empower Annuity Insurance Company of America (Empower Retirement), certified the value of the investments. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation or depreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Excess contributions payable – Excess contributions payable represent amounts refunded to participants after year end to comply with regulatory contribution limitations with a corresponding reduction to contributions.

Administrative expenses – The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions from the accompanying statement of changes in net assets available for benefits. Fees related to the processing of distributions to participants are charged directly to the participant's account and are included in administrative expenses. In addition, certain investment related expenses are included in net appreciation or depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Payment of Benefits – Benefits are recorded when paid.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;

NOTE 3: FAIR VALUE MEASUREMENTS (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies (mutual funds). Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission.

Pooled Separated Accounts (PSAs): PSAs are investment options that invest solely in shares of underlying mutual funds. Each PSA is valued at net asset value of assets comprising the accounts. The net asset value is used as a practical expedient to estimate the fair value.

	Assets at Fair Value as of December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 4,366,389	$ 0	$ 0	$ 4,366,389
Investments measured at net asset value (a):				0
Investments at fair value				**$ 4,366,389**

NOTE 3: FAIR VALUE MEASUREMENTS (Continued)

	Assets at Fair Value as of December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 0	$ 0	$ 0	$ 0
Investments measured at net asset value (a):				
Pooled Separate Accounts				3,505,583
Investments at fair value				**$ 3,505,583**

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Transfers between Levels - For years ended December 31, 2025 and 2024, there were no significant transfers between Levels 1 and 2 and no transfers in or out of Level 3.

Investments Measured Using the Net Asset Value per Share Practical Expedient – The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively. There are no participant redemption restrictions for these investments; redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	**$ 0**	n/a	Daily	12 months

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Pooled separate accounts	**$ 3,505,583**	n/a	Daily	12 months

NOTE 4: RELATED-PARTY TRANSACTIONS

The plan's investments are shares of pooled separate accounts managed by Empower Annuity Insurance Company of America (Empower Retirement). Empower Retirement is the custodian as defined by the Plan and, therefore, qualifies as a party-in-interest to the Plan.

NOTE 5: PLAN TERMINATION

Although termination of the Plan is not presently contemplated, the Company does have the right to terminate the Plan at any time, subject to the provision set forth in ERISA. In the event of termination, participants become 100% vested in their matching employer contributions.

NOTE 6: INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Accordingly, Empower Retirement the custodian of significantly all assets, has certified to the completeness and accuracy of:

1. Investments and notes receivable from participants as of December 31, 2025 and 2024, included on the accompanying statements of net assets available for benefits.
2. Dividends and interest, net appreciation in fair value of investments, interest income on notes receivable from participants, benefits paid to participants and administrative expenses, included on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.
3. Investments reflected on the supplemental schedule of assets (held at end of year).

NOTE 7: FEDERAL INCOME TAX STATUS

The IRS ruled on June 30, 2020, that the pre-approved plan document adopted by the Company is qualified, in form, under Section 401(a) of the Internal Revenue Code (the "Code") and the underlying trust is, therefore, exempt from federal income tax under Section 501(a) of the Code. The Plan itself has not received a determination letter from the IRS on the current plan document. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and therefore believes that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the U.S Federal jurisdiction. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

NOTE 8: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9: RECONCILIATION TO FORM 5500

The following is a reconciliation of the net assets available for benefits reported in the financial statements and the net assets reported on the Form 5500 as of December 31, 2025 and 2024.

	2025	2024
Net assets available for benefits, per the financial statements	$ 4,409,495	$ 3,578,146
Add amounts accrued for excess contribution payable	63,437	30,628
Net assets per the Form 5500	**$ 4,472,932**	**$ 3,608,774**

The following is a reconciliation of the change in net assets available for benefits reported in the financial statements and the net income reported on the Form 5500 for the year ended December 31, 2025:

Change in net assets available for benefits, per the financial statements	$ 831,349
Less amounts accrued for excess contribution payable in prior year	(30,628)
Plus excess contributions that reduced current year contributions	63,437
Net income (loss), per Form 5500	**$ 864,158**
